An act making appropriations; providing moneys for the annual period beginning July 1, 2010, and ending June 30, 2011, to pay salaries, and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of State government; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

The moneys contained herein are appropriated from the named funds for Fiscal Year 2010-2011 to the State agency indicated, as the amounts to be used to pay the salaries, other operational expenditures, and fixed capital outlay of the named agencies, and are in lieu of all moneys appropriated for these purposes in other sections of the Florida Statutes.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed Capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 603 through 781, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2011.

Funds in Specific Appropriations 603 through 781 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2010, and for which it has been determined by the Secretary of the department that there is no longer a need.

The Department of Corrections may, subject to all applicable provisions of chapter 216, Florida Statutes, transfer funds and positions and salary rate among budget entities and programs within Specific Appropriations 603 through 781 if necessary, to ensure public safety and avoid adversely affecting current employees due to the elimination of vacant positions and other approved reductions. It is the intent of the Legislature that priority shall be placed on preserving positions in correctional institutions and community corrections.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

Funds in Specific Appropriations 603 through 781 include reductions in full-time equivalent positions and associated salary and benefits. Those reductions in full-time equivalent positions must be from, to the maximum extent feasible, supervisory and managerial positions.

To minimize the impact of funding reductions within Specific Appropriations 603 through 781, the department shall identify vacant correctional work release and substance abuse programming capacity and has the discretion pursuant to the provisions of Chapter 216, Florida Statutes, to transfer funds to enable the filling of such additional capacity in accordance with the provisions of chapter 945, Florida Statutes.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 639, 651 and 663, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as Government State property back to the date the finance corporation or other state entity acquired the title thereto. These distributions shall be adjusted, with the respect to any facility, to reimburse the Department of Management Services, and

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

any predecessor agency, for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

From the funds in Specific Appropriations 639, 651, and 663, the Department of Management Services must ensure all future private prison contracts have explicit conditions that provide for the flexibility to adjust the percentages of special needs inmates to allow for changes in overall state populations of those inmates. Such percentages must be based on Department of Corrections' special needs inmate population forecasts, so that medical and mental healthcare costs are appropriately shared by both private and state prisons. All future private prison contracts must require each private prison vendor to report the same performance measures for inmate programs in private prisons as reported by the Department of Corrections for its comparable public institutions. As part of the private prisons contracting negotiations process, the Department of Corrections must consult with the Department of Management Services and each private prison vendor to establish high, reasonable, and achievable performance standards. All future private prison contracts must require each private prison vendor to develop inmate visitation policies and telephone rates for the private prisons that are consistent with those policies followed by the state's public prisons and encourage inmate family contact, as directed by Florida Statutes. Finally, the Department of Management Services must require all future private prison contracts to adhere to Department of Management Services' established criteria for awarding Privately Operated Institutions Inmate Welfare Trust Fund monies so that Department of Management Services' staff can verify such funds are being used appropriately.

From the funds in Specific Appropriations 639, 651, and 663, the Department of Management Services is directed to execute private prison contract amendments to each operations and management contract for each correctional facility currently under its supervision in order to provide the contractors the maximum flexibility to address recurring reductions in contract amounts. Such contract amendments shall expire on June 30, 2010. The Department of Management Services and the private prison contractors may amend the provisions of the private prison operating contracts limiting correctional officer overtime and part-time hours to be consistent with the overtime and part-time use as permitted by the Department of Corrections and the American Correctional Association standards. The contract amendments may also eliminate deductions for vacant positions as long as the services associated with the position are being provided through the use of overtime or part-time staff. The Department of Management Services may amend the private prison operating contracts to provide for the payment of costs associated with all inmate academic, vocational, behavioral and substance abuse programs from funds in the Privately Operated Institutions Inmate Welfare Trust Fund. Such contract amendments may not negatively affect the Department of Corrections.

The Department of Corrections may contract through a request for proposal for innovative and cost effective approaches to the financing, construction and operation of private correctional beds and services which can include any and all operations defined and requested by the department, including but not limited to financing, operations, housing, staffing, security, meals, medical care, transportation, education and substance abuse treatment services. The department may consult with other state agencies on the development of this request for proposal. Any resulting contract shall be funded through existing appropriations, and at a minimum provide for per diem costs at a cost of at least seven percent below what the department can incarcerate similar inmates. The department shall not implement this section in a manner that reduces participation in existing reentry programs.

From the funds provided in Specific Appropriations 629 through 721, the Department of Corrections by January 1, 2011 shall implement an electronic time and attendance system in all four regions through a contract resulting from a competitive solicitation process in accordance with Chapter 287, Florida Statutes, or through an approved competitively solicited state term contract or approved competitively solicited alternate contract source in accordance with s. 297.042(16), F.S.

ADULT MALE CUSTODY OPERATIONS

Criminal Justice Estimating Conference.

Funds and positions in Specific Appropriations 603 through 728 and 747 through 781, are sufficient to provide housing and security for 103,476 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 102,552 inmates.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1166 through 1188 , the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means, and the chair of the House Full Appropriations Council on General Government and Health Care prior to implementing any change.

From the funds in Specific Appropriations 1166 through 1188, for determining the most appropriate bed reductions in each level of residential commitments, the department may consider those residential commitment programs, if necessary, which have scored below 72 on the overall program score represented in the Comprehensive Accountability Report. The department may also consider programs that are underutilized, those that provide services for which there is a less critical need and other relevant performance measures in determining

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

which level of residential beds should be reduced. Prior to any change authorized herein, notification and justification must be provided to the Governor's Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means, and the chair of the House Full Appropriations Council on General Government and Health Care.
