SUMMARY ANALYSIS

Section 334.071, F.S., provides for legislative designations of transportation facilities for honorary or memorial purposes, or to distinguish a particular facility. The legislative designations do not “officially” change the current names of the facilities, nor does the statute require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings.

The bill provides the following road designations:

- “Kenneth H. ‘Buddy’ MacKay and Jim H. Williams Bridge” in Marion County.
- “Michael G. Rippe Parkway” in Lee County.
- “Doolittle Raiders Highway” in Okaloosa and Walton Counties.
- “The Beach Highway” in Walton County.
- “Seminole Way” in Seminole County.
- “Judge Perry Wells Highway” in Washington County.
- “Vernon Bridge” in Washington County.
- “Richard Raczkoski Memorial Highway” in Indian-River County.
- “Cpl Christopher Lee Poole, Jr. Memorial Highway” in Lake County.
- “SGT. Frederico G. Borjas Memorial Highway” in Lake County.
- “Johnny C. Treadwell Memorial Highway” in Lake County.
- “Army Sergeant Daniel L. McCall Memorial Highway” in Santa Rosa County.
- “Doctor Thomas Eliot ‘Doc Tommy’ Mc. Bride Road” in Orange County.
- “Herbert Lee Simon Avenue” in Miami-Dade County.
- “K. Earl Durden Highway” in Bay County.
- “Otis Beckford Memorial Highway” in Marion County.
- “Blue Star Memorial Highway” in Hillsborough County.

The bill requires DOT to erect suitable markers designating each of these road designations.

DOT estimates that the cost to erect 34 suitable road designating markers is approximately \$13,600; this assumes the placement of a marker at each end of each designated road segment. The expenditure is from the State Transportation Trust Fund and includes installation and maintenance costs.

The bill does not create any constitutional or other legal issues. It takes effect July 1, 2010.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Current Situation

Section 334.071, F.S., provides for legislative designations of transportation facilities for honorary or memorial purposes, or to distinguish a particular facility. The legislative designations do not "officially" change the current names of the facilities, nor does the statute require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings.

The statute requires the Department of Transportation (DOT) to place a marker at each termini or intersection of an identified road or bridge, and to erect other markers it deems appropriate for the transportation facility. The statute also provides that a city or county must pass a resolution in support of a particular designation before road markers are erected. Additionally, if the designated road segment extends through multiple cities or counties, a resolution must be passed by each affected local government.
