The Committee on Criminal Justice (Margolis) recommended the following:

Senate Amendment

Delete lines 594 - 605
and insert:

(6) A mixture, as defined in s. 893.02, containing any controlled substance described in this section includes, but is not limited to, a solution or a dosage unit, including but not limited to, a pill or tablet, containing a controlled substance. For the purpose of clarifying legislative intent regarding the weighing of a mixture containing a controlled substance described in this section, the weight of the controlled substance is the total weight of the mixture, including the

13 controlled substance and any other substance in the mixture.
14 However, if the mixture is a prescription drug as defined in s.
15 499.003(43) and the weight of the controlled substance can be
16 identified using the national drug code, the weight of the
17 controlled substance may not include any other substance in the
18 mixture. If there is more than one mixture containing the same
19 controlled substance, the weight of the controlled substance is
20 calculated by aggregating the total weight of each mixture.
