The Committee on Budget (Margolis) recommended the following:

Senate Amendment

Delete lines 1444 - 1448
and insert:

2. For persons under 21 years of age who are fragile, the requirements include a minimum combined average of licensed nurses, respiratory therapists, respiratory care practitioners, and certified nursing assistants of 5 hours of direct care per resident per day for each nursing home facility. Up to 1.5 hours of certified nursing assistant care per resident per day may be counted in determining the minimum direct care hours required.
