A bill to be entitled

An act relating to pharmacy; amending s. 465.189, F.S.; revising the types of vaccines that pharmacists are authorized to administer; authorizing pharmacy interns to administer the vaccines under certain circumstances; authorizing pharmacists and pharmacy interns to administer an epinephrine autoinjection under certain circumstances; revising protocol requirements for vaccine administration and the duties of supervising physicians under such protocols; revising requirements for training programs, certifications, and patient records related to vaccine administration; amending s. 465.003, F.S.; revising terminology to conform to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 465.189, Florida Statutes, is amended to read:

465.189 Administration of <u>vaccines and epinephrine</u> autoinjection <u>influenza virus immunizations</u>.

(1) A pharmacist, and a pharmacy intern having proper certification and working under the pharmacist's supervision,

Pharmacists may administer, influenza virus immunizations to adults within the framework of an established protocol under a supervising supervisory practitioner who is a physician licensed under chapter 458 or chapter 459, the following:

(a) Influenza vaccine to an adult 18 years of age or

Page 1 of 6

29 <u>older.</u>

- (b) Varicella zoster vaccine to an adult 60 years of age or older.
- (c) Pneumococcal vaccine to an adult 65 years of age or older.
- (d) Epinephrine using an autoinjector delivery system to an adult 18 years of age or older who is suffering an anaphylactic reaction.

The Each protocol <u>must</u> shall contain specific procedures for addressing any unforeseen <u>adverse</u> allergic reaction to <u>the vaccine or epinephrine autoinjection</u> influenza virus immunizations.

(2) A pharmacist may not enter into a protocol unless he or she maintains at least \$200,000 of professional liability insurance and has completed training on the vaccines and epinephrine autoinjection in influenza virus immunizations as provided in this section.

(3) A pharmacist who administers, or whose pharmacy intern administers, a vaccine or epinephrine autoinjection must administering influenza virus immunizations shall maintain and make available patient records using the same standards for confidentiality and maintenance of such records as those that are imposed on health care practitioners under s. 456.057. These records must shall be maintained for a minimum of 5 years.

(4) The decision by a <u>supervising physician</u> supervisory practitioner to enter into a protocol under this section is a professional decision on the part of the <u>physician</u> practitioner,

Section 2. Subsection (13) of section 465.003, Florida Statutes, is amended to read:

465.003 Definitions.—As used in this chapter, the term:

(13) "Practice of the profession of pharmacy" includes compounding, dispensing, and consulting concerning contents, therapeutic values, and uses of any medicinal drug; consulting concerning therapeutic values and interactions of patent or proprietary preparations, whether pursuant to prescriptions or in the absence and entirely independent of such prescriptions or orders; and other pharmaceutical services. For purposes of this subsection, "other pharmaceutical services" means the monitoring of the patient's drug therapy and assisting the patient in the management of his or her drug therapy, and includes review of the patient's drug therapy and communication with the patient's prescribing health care provider as licensed under chapter 458, chapter 459, chapter 461, or chapter 466, or similar statutory provision in another jurisdiction, or such provider's agent or such other persons as specifically authorized by the patient, regarding the drug therapy. However, nothing in this subsection does not may be interpreted to permit an alteration of a prescriber's directions, the diagnosis or treatment of any disease, the initiation of any drug therapy, the practice of medicine, or the practice of osteopathic medicine, unless otherwise permitted by law. The term "practice of the profession of pharmacy" also includes any other act, service, operation, research, or transaction incidental to, or forming a part of, any of the foregoing acts, requiring, involving, or employing
