2945 601.9910 Legislative findings of fact; strict enforcement 2946 of maturity standard in public interest.-

(1) FINDINGS.-

2947

2948 The Legislature finds and determines and so declares (C) 2949 that there is no better method of determining when such raw and 2950 immature flavor leaves Florida citrus than by the standards 2951 authorized by set forth in this chapter and set forth in 2952 department rule; and that experience has demonstrated over a 2953 period of many years, by the best available records and under 2954 various climatic conditions and various seasonal changes, that generally speaking, before prior to November 1 of each season, 2955 2956 oranges that which do not have a total soluble solids of 9 2957 percent with a minimum ratio of total soluble solids, as set

2958 forth in department rule s. 601.20, still have a raw, immature 2959 flavor; and that, beginning on or about November 1 of each 2960 season, such raw, immature fruit flavor gradually disappears 2961 from the orange, and by November 15 the same orange may have a 2962 still lower soluble solids percentage and not be immature; that and after November 15 the same orange can still have a further 2963 2964 lower soluble solids percentage without being immature; and that 2965 by December 1 nature has completed its process of removing the 2966 raw, immature flavor that which might have existed before prior 2967 to that time, provided such fruit meets the other minimum 2968 maturity requirements authorized by set forth in this chapter 2969 and set forth in department rule. On December 1 oranges meeting 2970 the requirements set forth in department rule of s. 601.19(4), 2971 while not being sufficiently mature to ship in fresh form, may 2972 be safely used in some processed products without the finished 2973 product having a raw, immature flavor. On December 1 grapefruit 2974 meeting the requirements set forth in department rule of s. 2975 601.16(4), while not being sufficiently mature to ship in fresh 2976 form, may be safely used in some processed products without the 2977 finished product having a raw, immature flavor.

2978 The Legislature finds and determines and so declares (d) 2979 that the enforcement of the maturity standards, authorized by as 2980 set forth in this chapter and set forth in department rule, will 2981 not result in preventing any grower from marketing her or his 2982 fruit at some time during the marketing season, whenever nature has removed the raw, immature flavor, \div and τ if there is a delay 2983 2984 in such marketing, it will result in higher prices for the 2985 entire season, bringing additional millions of dollars to the

2986 <u>state's</u> growers of Florida and resulting in benefit to all 2987 growers, including the grower or growers who were delayed a 2988 short time in the shipment of their fruit.

2989 DECLARATION.-Therefore, the Legislature declares that (2) 2990 the strict enforcement of the maturity standards authorized by τ 2991 as set forth in this chapter and set forth in department rule, 2992 is definitely in the public's interest and for the public's 2993 welfare, and that no citrus that should be shipped from Florida 2994 and sold in the consuming markets which has a raw, immature 2995 flavor_{τ} and that which could be classed by the consuming public 2996 as "Florida green fruit-" should be shipped from the state and 2997 sold in consuming markets.

(3) <u>RULES SETTING FORTH</u> <u>RECULATIONS REGARDING</u> MATURITY
 STANDARDS FOR HYBRIDS.—The Legislature finds and determines that
 <u>the</u> classifications of and maturity standards for citrus hybrids
 should be established by <u>rules adopted</u> regulations promulgated
 by the department of Citrus pursuant to this chapter.

3003 Section 73. Section 601.9911, Florida Statutes, is amended 3004 to read:
