

1                   A bill to be entitled  
2       An act relating to energy; amending s. 163.08, F.S.;  
3       revising the definition of the term "local  
4       government"; amending s. 186.801, F.S.; adding factors  
5       for the Public Service Commission to consider in  
6       reviewing the 10-year site plans submitted to the  
7       commission by electric utilities; amending s. 212.055,  
8       F.S.; providing for a portion of the proceeds of the  
9       local government infrastructure surtax to be used for  
10      financial assistance to residential and commercial  
11      property owners who make energy efficiency  
12      improvements or install renewable energy devices;  
13      defining the term "energy efficiency improvement";  
14      amending s. 212.08, F.S.; providing definitions for  
15      the terms "biodiesel," "ethanol," and "renewable  
16      fuel"; providing for tax exemptions in the form of a  
17      rebate for the sale or use of certain equipment,  
18      machinery, and other materials for renewable energy  
19      technologies; providing eligibility requirements and  
20      tax credit limits; authorizing the Department of  
21      Revenue and the Department of Agriculture and Consumer  
22      Services to adopt rules; directing the Department of  
23      Agriculture and Consumer Services to determine and  
24      publish certain information relating to exemptions;  
25      providing for expiration of the exemption; amending s.  
26      213.053, F.S.; expanding the authority of the  
27      Department of Revenue to disclose certain information;  
28      amending s. 220.192, F.S.; providing definitions;

29 reestablishing a corporate tax credit for certain  
30 costs related to renewable energy technologies;  
31 providing eligibility requirements and credit limits;  
32 providing for use of authorized but unallocated credit  
33 amounts; providing rulemaking authority to the  
34 Department of Revenue and the Department of  
35 Agriculture and Consumer Services; directing the  
36 Department of Agriculture and Consumer Services to  
37 determine and publish certain information; providing  
38 for expiration of the tax credit; amending s. 220.193,  
39 F.S.; reestablishing a corporate tax credit for  
40 renewable energy production; providing definitions;  
41 providing a tax credit for the production and sale of  
42 renewable energy; providing requirements relating to  
43 the priority and proration of such tax credits under  
44 certain circumstances; providing for the use and  
45 transfer of the tax credit; limiting the amount of tax  
46 credits that may be granted to an individual taxpayer  
47 per state fiscal year and for all taxpayers per state  
48 fiscal year; increasing the cap for all taxpayers  
49 during a specified period; providing for use of  
50 authorized but unallocated credit amounts; providing  
51 rulemaking authority to the Department of Revenue and  
52 the Department of Agriculture and Consumer Services;  
53 directing the Department of Agriculture and Consumer  
54 Services to provide certain information on its  
55 website; providing for expiration of the tax credit;  
56 amending s. 255.257, F.S.; directing the Department of

57 Management Services, in coordination with the  
58 Department of Agriculture and Consumer Services, to  
59 further develop the state energy management plan;  
60 amending s. 288.106, F.S.; redefining the term "target  
61 industry business," for purposes of a tax refund  
62 program, to exclude certain electrical utilities;  
63 amending s. 366.92, F.S.; deleting an obsolete  
64 directive to the Public Service Commission to adopt  
65 rules for a renewable portfolio standard; deleting  
66 related definitions; removing a provision that allowed  
67 full cost recovery for certain renewable energy  
68 projects; creating s. 366.94, F.S.; providing that the  
69 provision of electric vehicle charging to the public  
70 by a nonutility is not the retail sale of electricity;  
71 providing that the rates, terms, and conditions of  
72 electric vehicle charging services by a nonutility are  
73 not subject to regulation under ch. 366, F.S.;

74 requiring the Department of Agriculture and Consumer  
75 Services to develop rules for sales at electric  
76 vehicle charging stations; prohibiting the obstruction  
77 of a parking space at an electric vehicle charging  
78 station; providing a penalty; requiring that the  
79 Public Service Commission study the effects of  
80 charging stations on energy consumption in the state  
81 and the effects on the grid and report the results to  
82 the President of the Senate, the Speaker of the House  
83 of Representatives, and the Executive Office of the  
84 Governor; amending s. 377.703, F.S.; requiring the

85 Department of Agriculture and Consumer Services to  
86 annually prepare an assessment of the use of specified  
87 energy-related tax credits; requiring specified  
88 information to be included in such assessment;  
89 amending s. 526.203, F.S.; revising the definitions of  
90 the terms "blended gasoline" and "unblended gasoline";  
91 defining the term "alternative fuel"; directing the  
92 Department of Agriculture and Consumer Services to  
93 compile a list of retail fuel stations that sell or  
94 offer to sell unblended gasoline and provide that  
95 information on the department's website; amending s.  
96 581.083, F.S.; prohibiting the cultivation of certain  
97 algae in plantings greater in size than 2 contiguous  
98 acres; providing exceptions; providing for exemption  
99 from special permitting requirements by rule; revising  
100 certain bonding requirements; requiring the Department  
101 of Agriculture and Consumer Services to conduct a  
102 statewide forest inventory; requiring the Department  
103 of Agriculture and Consumer Services to work with  
104 other specified entities to develop information on  
105 cost savings for energy efficiency and conservation  
106 measures and post it on the department's website;  
107 providing an appropriation from the Florida Public  
108 Service Regulatory Trust Fund for the purpose of the  
109 Public Service Commission, in consultation with the  
110 Department of Agriculture and Consumer Services, to  
111 contract for an independent evaluation of the Florida  
112 Energy Efficiency and Conservation Act; requiring

113 reports to the Legislature and the Executive Office of  
 114 the Governor; providing an effective date.

115

116 Be It Enacted by the Legislature of the State of Florida:

117

118 Section 1. Paragraph (a) of subsection (2) of section  
 119 163.08, Florida Statutes, is amended to read:

120 163.08 Supplemental authority for improvements to real  
 121 property.—

122 (2) As used in this section, the term:

123 (a) "Local government" means a county, a municipality, ~~or~~  
 124 a dependent special district as defined in s. 189.403, or a  
 125 separate legal entity created pursuant to s. 163.01(7).

126 Section 2. Subsection (2) of section 186.801, Florida  
 127 Statutes, is amended to read:

128 186.801 Ten-year site plans.—

129 (2) Within 9 months after the receipt of the proposed  
 130 plan, the commission shall make a preliminary study of such plan  
 131 and classify it as "suitable" or "unsuitable." The commission  
 132 may suggest alternatives to the plan. All findings of the  
 133 commission shall be made available to the Department of  
 134 Environmental Protection for its consideration at any subsequent  
 135 electrical power plant site certification proceedings. It is  
 136 recognized that 10-year site plans submitted by an electric  
 137 utility are tentative information for planning purposes only and  
 138 may be amended at any time at the discretion of the utility upon  
 139 written notification to the commission. A complete application  
 140 for certification of an electrical power plant site under

141 chapter 403, when such site is not designated in the current 10-  
 142 year site plan of the applicant, shall constitute an amendment  
 143 to the 10-year site plan. In its preliminary study of each 10-  
 144 year site plan, the commission shall consider such plan as a  
 145 planning document and shall review:

146 (a) The need, including the need as determined by the  
 147 commission, for electrical power in the area to be served.

148 (b) The effect on fuel diversity within the state.

149 (c) The anticipated environmental impact of each proposed  
 150 electrical power plant site.

151 (d) Possible alternatives to the proposed plan.

152 (e) The views of appropriate local, state, and federal  
 153 agencies, including the views of the appropriate water  
 154 management district as to the availability of water and its  
 155 recommendation as to the use by the proposed plant of salt water  
 156 or fresh water for cooling purposes.

157 (f) The extent to which the plan is consistent with the  
 158 state comprehensive plan.

159 (g) The plan with respect to the information of the state  
 160 on energy availability and consumption.

161 (h) The amount of renewable energy resources the utility  
 162 produces or purchases.

163 (i) The amount of renewable energy resources the utility  
 164 plans to produce or purchase over the 10-year planning horizon  
 165 and the means by which the production or purchases will be  
 166 achieved.

167 (j) A statement describing how the production and purchase  
 168 of renewable energy resources impact the utility's present and

169 future capacity and energy needs.

170 Section 3. Paragraph (d) of subsection (2) of section  
 171 212.055, Florida Statutes, is amended to read:

172 212.055 Discretionary sales surtaxes; legislative intent;  
 173 authorization and use of proceeds.—It is the legislative intent  
 174 that any authorization for imposition of a discretionary sales  
 175 surtax shall be published in the Florida Statutes as a  
 176 subsection of this section, irrespective of the duration of the  
 177 levy. Each enactment shall specify the types of counties  
 178 authorized to levy; the rate or rates which may be imposed; the  
 179 maximum length of time the surtax may be imposed, if any; the  
 180 procedure which must be followed to secure voter approval, if  
 181 required; the purpose for which the proceeds may be expended;  
 182 and such other requirements as the Legislature may provide.  
 183 Taxable transactions and administrative procedures shall be as  
 184 provided in s. 212.054.

185 (2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

186 (d) The proceeds of the surtax authorized by this  
 187 subsection and any accrued interest shall be expended by the  
 188 school district, within the county and municipalities within the  
 189 county, or, in the case of a negotiated joint county agreement,  
 190 within another county, to finance, plan, and construct  
 191 infrastructure; to acquire land for public recreation,  
 192 conservation, or protection of natural resources; to provide  
 193 loans, grants, or rebates to residential or commercial property  
 194 owners who make energy efficiency improvements to their  
 195 residential or commercial property, if a local government  
 196 ordinance authorizing such use is approved by referendum; or to

197 finance the closure of county-owned or municipally owned solid  
198 waste landfills that have been closed or are required to be  
199 closed by order of the Department of Environmental Protection.  
200 Any use of the proceeds or interest for purposes of landfill  
201 closure before July 1, 1993, is ratified. The proceeds and any  
202 interest may not be used for the operational expenses of  
203 infrastructure, except that a county that has a population of  
204 fewer than 75,000 and that is required to close a landfill may  
205 use the proceeds or interest for long-term maintenance costs  
206 associated with landfill closure. Counties, as defined in s.  
207 125.011, and charter counties may, in addition, use the proceeds  
208 or interest to retire or service indebtedness incurred for bonds  
209 issued before July 1, 1987, for infrastructure purposes, and for  
210 bonds subsequently issued to refund such bonds. Any use of the  
211 proceeds or interest for purposes of retiring or servicing  
212 indebtedness incurred for refunding bonds before July 1, 1999,  
213 is ratified.

214 1. For the purposes of this paragraph, the term  
215 "infrastructure" means:

216 a. Any fixed capital expenditure or fixed capital outlay  
217 associated with the construction, reconstruction, or improvement  
218 of public facilities that have a life expectancy of 5 or more  
219 years and any related land acquisition, land improvement,  
220 design, and engineering costs.

221 b. A fire department vehicle, an emergency medical service  
222 vehicle, a sheriff's office vehicle, a police department  
223 vehicle, or any other vehicle, and the equipment necessary to  
224 outfit the vehicle for its official use or equipment that has a

225 life expectancy of at least 5 years.

226 c. Any expenditure for the construction, lease, or  
227 maintenance of, or provision of utilities or security for,  
228 facilities, as defined in s. 29.008.

229 d. Any fixed capital expenditure or fixed capital outlay  
230 associated with the improvement of private facilities that have  
231 a life expectancy of 5 or more years and that the owner agrees  
232 to make available for use on a temporary basis as needed by a  
233 local government as a public emergency shelter or a staging area  
234 for emergency response equipment during an emergency officially  
235 declared by the state or by the local government under s.  
236 252.38. Such improvements are limited to those necessary to  
237 comply with current standards for public emergency evacuation  
238 shelters. The owner must enter into a written contract with the  
239 local government providing the improvement funding to make the  
240 private facility available to the public for purposes of  
241 emergency shelter at no cost to the local government for a  
242 minimum of 10 years after completion of the improvement, with  
243 the provision that the obligation will transfer to any  
244 subsequent owner until the end of the minimum period.

245 e. Any land acquisition expenditure for a residential  
246 housing project in which at least 30 percent of the units are  
247 affordable to individuals or families whose total annual  
248 household income does not exceed 120 percent of the area median  
249 income adjusted for household size, if the land is owned by a  
250 local government or by a special district that enters into a  
251 written agreement with the local government to provide such  
252 housing. The local government or special district may enter into

253 a ground lease with a public or private person or entity for  
 254 nominal or other consideration for the construction of the  
 255 residential housing project on land acquired pursuant to this  
 256 sub-subparagraph.

257 2. For the purposes of this paragraph, the term "energy  
 258 efficiency improvement" means any energy conservation and  
 259 efficiency improvement that reduces consumption through  
 260 conservation or a more efficient use of electricity, natural  
 261 gas, propane, or other forms of energy on the property,  
 262 including, but not limited to, air sealing; installation of  
 263 insulation; installation of energy-efficient heating, cooling,  
 264 or ventilation systems; installation of solar panels; building  
 265 modifications to increase the use of daylight or shade;  
 266 replacement of windows; installation of energy controls or  
 267 energy recovery systems; installation of electric vehicle  
 268 charging equipment; and installation of efficient lighting  
 269 equipment.

270 ~~3.2.~~ Notwithstanding any other provision of this  
 271 subsection, a local government infrastructure surtax imposed or  
 272 extended after July 1, 1998, may allocate up to 15 percent of  
 273 the surtax proceeds for deposit in a trust fund within the  
 274 county's accounts created for the purpose of funding economic  
 275 development projects having a general public purpose of  
 276 improving local economies, including the funding of operational  
 277 costs and incentives related to economic development. The ballot  
 278 statement must indicate the intention to make an allocation  
 279 under the authority of this subparagraph.

280 Section 4. Paragraph (hhh) is added to subsection (7) of

281 section 212.08, Florida Statutes, to read:

282 212.08 Sales, rental, use, consumption, distribution, and  
283 storage tax; specified exemptions.—The sale at retail, the  
284 rental, the use, the consumption, the distribution, and the  
285 storage to be used or consumed in this state of the following  
286 are hereby specifically exempt from the tax imposed by this  
287 chapter.

288 (7) MISCELLANEOUS EXEMPTIONS.—Exemptions provided to any  
289 entity by this chapter do not inure to any transaction that is  
290 otherwise taxable under this chapter when payment is made by a  
291 representative or employee of the entity by any means,  
292 including, but not limited to, cash, check, or credit card, even  
293 when that representative or employee is subsequently reimbursed  
294 by the entity. In addition, exemptions provided to any entity by  
295 this subsection do not inure to any transaction that is  
296 otherwise taxable under this chapter unless the entity has  
297 obtained a sales tax exemption certificate from the department  
298 or the entity obtains or provides other documentation as  
299 required by the department. Eligible purchases or leases made  
300 with such a certificate must be in strict compliance with this  
301 subsection and departmental rules, and any person who makes an  
302 exempt purchase with a certificate that is not in strict  
303 compliance with this subsection and the rules is liable for and  
304 shall pay the tax. The department may adopt rules to administer  
305 this subsection.

306 (hhh) Equipment, machinery, and other materials for  
307 renewable energy technologies.—

308 1. As used in this paragraph, the term:

309 a. "Biodiesel" means the mono-alkyl esters of long-chain  
310 fatty acids derived from plant or animal matter for use as a  
311 source of energy and meeting the specifications for biodiesel  
312 and biodiesel blends with petroleum products as adopted by rule  
313 of the Department of Agriculture and Consumer Services.

314 "Biodiesel" may refer to biodiesel blends designated BXX, where  
315 XX represents the volume percentage of biodiesel fuel in the  
316 blend.

317 b. "Ethanol" means an anhydrous denatured alcohol produced  
318 by the conversion of carbohydrates meeting the specifications  
319 for fuel ethanol and fuel ethanol blends with petroleum products  
320 as adopted by rule of the Department of Agriculture and Consumer  
321 Services. "Ethanol" may refer to fuel ethanol blends designated  
322 EXX, where XX represents the volume percentage of fuel ethanol  
323 in the blend.

324 c. "Renewable fuel" means a fuel produced from biomass  
325 that is used to replace or reduce the quantity of fossil fuel  
326 present in motor fuel or diesel fuel. "Biomass" means biomass as  
327 defined in s. 366.91, "motor fuel" means motor fuel as defined  
328 in s. 206.01, and "diesel fuel" means diesel fuel as defined in  
329 s. 206.86.

330 2. The sale or use in the state of the following is exempt  
331 from the tax imposed by this chapter. Materials used in the  
332 distribution of biodiesel (B10-B100), ethanol (E10-E100), and  
333 other renewable fuels, including fueling infrastructure,  
334 transportation, and storage, up to a limit of \$1 million in tax  
335 each state fiscal year for all taxpayers. Gasoline fueling  
336 station pump retrofits for biodiesel (B10-B100), ethanol (E10-

337 E100), and other renewable fuel distribution qualify for the  
338 exemption provided in this paragraph.

339 3. The Department of Agriculture and Consumer Services  
340 shall provide to the department a list of items eligible for the  
341 exemption provided in this paragraph.

342 4.a. The exemption provided in this paragraph shall be  
343 available to a purchaser only through a refund of previously  
344 paid taxes. An eligible item is subject to refund one time. A  
345 person who has received a refund on an eligible item shall  
346 notify the next purchaser of the item that the item is no longer  
347 eligible for a refund of paid taxes. The notification shall be  
348 provided to each subsequent purchaser on the sales invoice or  
349 other proof of purchase.

350 b. To be eligible to receive the exemption provided in  
351 this paragraph, a purchaser shall file an application with the  
352 Department of Agriculture and Consumer Services. The application  
353 shall be developed by the Department of Agriculture and Consumer  
354 Services, in consultation with the department, and shall  
355 require:

356 (I) The name and address of the person claiming the  
357 refund.

358 (II) A specific description of the purchase for which a  
359 refund is sought, including, when applicable, a serial number or  
360 other permanent identification number.

361 (III) The sales invoice or other proof of purchase showing  
362 the amount of sales tax paid, the date of purchase, and the name  
363 and address of the sales tax dealer from whom the property was  
364 purchased.

365 (IV) A sworn statement that the information provided is  
366 accurate and that the requirements of this paragraph have been  
367 met.

368 c. Within 30 days after receipt of an application, the  
369 Department of Agriculture and Consumer Services shall review the  
370 application and notify the applicant of any deficiencies. Upon  
371 receipt of a completed application, the Department of  
372 Agriculture and Consumer Services shall evaluate the application  
373 for the exemption and issue a written certification that the  
374 applicant is eligible for a refund or issue a written denial of  
375 such certification. The Department of Agriculture and Consumer  
376 Services shall provide the department a copy of each  
377 certification issued upon approval of an application.

378 d. Each certified applicant is responsible for applying  
379 for the refund and forwarding the certification that the  
380 applicant is eligible to the department within 6 months after  
381 certification by the Department of Agriculture and Consumer  
382 Services.

383 e. A refund approved pursuant to this paragraph shall be  
384 made within 30 days after formal approval by the department.

385 f. The Department of Agriculture and Consumer Services may  
386 adopt by rule the form for the application for a certificate,  
387 requirements for the content and format of information submitted  
388 to the Department of Agriculture and Consumer Services in  
389 support of the application, other procedural requirements, and  
390 criteria by which the application will be determined. The  
391 Department of Agriculture and Consumer Services may adopt other  
392 rules pursuant to ss. 120.536(1) and 120.54 to administer this

393 paragraph, including rules establishing additional forms and  
 394 procedures for claiming the exemption.

395 g. The Department of Agriculture and Consumer Services  
 396 shall be responsible for ensuring that the total amount of the  
 397 exemptions authorized do not exceed the limits specified in  
 398 subparagraph 2.

399 5. Approval of the exemptions under this paragraph is on a  
 400 first-come, first-served basis, based upon the date complete  
 401 applications are received by the Department of Agriculture and  
 402 Consumer Services. Incomplete placeholder applications shall not  
 403 be accepted and shall not secure a place in the first-come,  
 404 first-served application line. The Department of Agriculture and  
 405 Consumer Services shall determine and publish on its website on  
 406 a regular basis the amount of sales tax funds remaining in each  
 407 fiscal year.

408 6. This paragraph expires July 1, 2016.

409 Section 5. Paragraph (w) of subsection (8) of section  
 410 213.053, Florida Statutes, is amended to read:

411 213.053 Confidentiality and information sharing.—

412 (8) Notwithstanding any other provision of this section,  
 413 the department may provide:

414 (w) Information relative to ss. 212.08(7) (hhh), 220.192,  
 415 and 220.193 ~~s. 220.192~~ to the Department of Agriculture and  
 416 Consumer Services for use in the conduct of its official  
 417 business.

418  
 419 Disclosure of information under this subsection shall be  
 420 pursuant to a written agreement between the executive director

421 and the agency. Such agencies, governmental or nongovernmental,  
 422 shall be bound by the same requirements of confidentiality as  
 423 the Department of Revenue. Breach of confidentiality is a  
 424 misdemeanor of the first degree, punishable as provided by s.  
 425 775.082 or s. 775.083.

426 Section 6. Subsections (1), (2), (4), (6), (7), and (8) of  
 427 section 220.192, Florida Statutes, are amended to read:

428 220.192 Renewable energy technologies investment tax  
 429 credit.—

430 (1) DEFINITIONS.—For purposes of this section, the term:

431 (a) "Biodiesel" means biodiesel as defined in s.  
 432 212.08(7)(hhh) ~~former s. 212.08(7)(ccc)~~.

433 (b) "Corporation" includes a general partnership, limited  
 434 partnership, limited liability company, unincorporated business,  
 435 or other business entity, including entities taxed as  
 436 partnerships for federal income tax purposes.

437 (c) "Eligible costs" means:

438 ~~1. Seventy-five percent of all capital costs, operation~~  
 439 ~~and maintenance costs, and research and development costs~~  
 440 ~~incurred between July 1, 2006, and June 30, 2010, up to a limit~~  
 441 ~~of \$3 million per state fiscal year for all taxpayers, in~~  
 442 ~~connection with an investment in hydrogen-powered vehicles and~~  
 443 ~~hydrogen vehicle fueling stations in the state, including, but~~  
 444 ~~not limited to, the costs of constructing, installing, and~~  
 445 ~~equipping such technologies in the state.~~

446 ~~2. Seventy-five percent of all capital costs, operation~~  
 447 ~~and maintenance costs, and research and development costs~~  
 448 ~~incurred between July 1, 2006, and June 30, 2010, up to a limit~~

449 ~~of \$1.5 million per state fiscal year for all taxpayers, and~~  
 450 ~~limited to a maximum of \$12,000 per fuel cell, in connection~~  
 451 ~~with an investment in commercial stationary hydrogen fuel cells~~  
 452 ~~in the state, including, but not limited to, the costs of~~  
 453 ~~constructing, installing, and equipping such technologies in the~~  
 454 ~~state.~~

455 3. 75 ~~Seventy-five~~ percent of all capital costs, operation  
 456 and maintenance costs, and research and development costs  
 457 incurred between July 1, 2012 ~~2006~~, and June 30, 2016 ~~2010~~, not  
 458 to exceed \$1 million per state fiscal year for each taxpayer and  
 459 up to a limit of \$10 ~~\$6.5~~ million per state fiscal year for all  
 460 taxpayers, in connection with an investment in the production,  
 461 storage, and distribution of biodiesel (B10-B100), ~~and~~ ethanol  
 462 (E10-E100), and other renewable fuel in the state, including the  
 463 costs of constructing, installing, and equipping such  
 464 technologies in the state. Gasoline fueling station pump  
 465 retrofits for biodiesel (B10-B100), ethanol (E10-E100), and  
 466 other renewable fuel distribution qualify as an eligible cost  
 467 under this section ~~subparagraph~~.

468 (d) "Ethanol" means ethanol as defined in s.  
 469 212.08(7)(hhh) ~~former s. 212.08(7)(ccc)~~.

470 (e) "Renewable fuel" means a fuel produced from biomass  
 471 that is used to replace or reduce the quantity of fossil fuel  
 472 present in motor fuel or diesel fuel. "Biomass" means biomass as  
 473 defined in s. 366.91, "motor fuel" means motor fuel as defined  
 474 in s. 206.01, and "diesel fuel" means diesel fuel as defined in  
 475 s. 206.86.

476 ~~(e) "Hydrogen fuel cell" means hydrogen fuel cell as~~

477 ~~defined in former s. 212.08(7)(ccc).~~

478 (f) "Taxpayer" includes a corporation as defined in  
 479 paragraph (b) or s. 220.03.

480 (2) TAX CREDIT.—For tax years beginning on or after  
 481 January 1, 2013 ~~2007~~, a credit against the tax imposed by this  
 482 chapter shall be granted in an amount equal to the eligible  
 483 costs. Credits may be used in tax years beginning January 1,  
 484 2013 ~~2007~~, and ending December 31, 2016 ~~2010~~, after which the  
 485 credit shall expire. If the credit is not fully used in any one  
 486 tax year because of insufficient tax liability on the part of  
 487 the corporation, the unused amount may be carried forward and  
 488 used in tax years beginning January 1, 2013 ~~2007~~, and ending  
 489 December 31, 2018 ~~2012~~, after which the credit carryover expires  
 490 and may not be used. A taxpayer that files a consolidated return  
 491 in this state as a member of an affiliated group under s.  
 492 220.131(1) may be allowed the credit on a consolidated return  
 493 basis up to the amount of tax imposed upon the consolidated  
 494 group. Any eligible cost for which a credit is claimed and which  
 495 is deducted or otherwise reduces federal taxable income shall be  
 496 added back in computing adjusted federal income under s. 220.13.

497 (4) TAXPAYER APPLICATION PROCESS.—To claim a credit under  
 498 this section, each taxpayer must apply to the Department of  
 499 Agriculture and Consumer Services for an allocation of each type  
 500 of annual credit by the date established by the Department of  
 501 Agriculture and Consumer Services. The application form adopted  
 502 by rule of the Department of Agriculture and Consumer Services  
 503 must include an affidavit from each taxpayer certifying that all  
 504 information contained in the application, including all records

505 of eligible costs claimed as the basis for the tax credit, are  
506 true and correct. Approval of the credits under this section is  
507 on a first-come, first-served basis, based upon the date  
508 complete applications are received by the Department of  
509 Agriculture and Consumer Services. A taxpayer must submit only  
510 one complete application based upon eligible costs incurred  
511 within a particular state fiscal year. Incomplete placeholder  
512 applications will not be accepted and will not secure a place in  
513 the first-come, first-served application line. If a taxpayer  
514 does not receive a tax credit allocation due to the exhaustion  
515 of the annual tax credit authorizations, then such taxpayer may  
516 reapply in the following year for those eligible costs and will  
517 have priority over other applicants for the allocation of  
518 credits. If the annual tax credit authorization amount is not  
519 exhausted by allocations of credits within that particular state  
520 fiscal year, any authorized but unallocated credit amounts may  
521 be used to grant credits that were earned pursuant to s. 220.193  
522 but unallocated due to a lack of authorized funds.

523 (6) TRANSFERABILITY OF CREDIT.—

524 (a) For tax years beginning on or after January 1, 2014  
525 ~~2009~~, any corporation or subsequent transferee allowed a tax  
526 credit under this section may transfer the credit, in whole or  
527 in part, to any taxpayer by written agreement without  
528 transferring any ownership interest in the property generating  
529 the credit or any interest in the entity owning such property.  
530 The transferee is entitled to apply the credits against the tax  
531 with the same effect as if the transferee had incurred the  
532 eligible costs.

533 (b) To perfect the transfer, the transferor shall provide  
534 the Department of Revenue with a written transfer statement  
535 notifying the Department of Revenue of the transferor's intent  
536 to transfer the tax credits to the transferee; the date the  
537 transfer is effective; the transferee's name, address, and  
538 federal taxpayer identification number; the tax period; and the  
539 amount of tax credits to be transferred. The Department of  
540 Revenue shall, upon receipt of a transfer statement conforming  
541 to the requirements of this section, provide the transferee with  
542 a certificate reflecting the tax credit amounts transferred. A  
543 copy of the certificate must be attached to each tax return for  
544 which the transferee seeks to apply such tax credits.

545 (c) A tax credit authorized under this section that is  
546 held by a corporation and not transferred under this subsection  
547 shall be passed through to the taxpayers designated as partners,  
548 members, or owners, respectively, in the manner agreed to by  
549 such persons regardless of whether such partners, members, or  
550 owners are allocated or allowed any portion of the federal  
551 energy tax credit for the eligible costs. A corporation that  
552 passes the credit through to a partner, member, or owner must  
553 comply with the notification requirements described in paragraph  
554 (b). The partner, member, or owner must attach a copy of the  
555 certificate to each tax return on which the partner, member, or  
556 owner claims any portion of the credit.

557 (7) RULES.—The Department of Revenue and the Department of  
558 Agriculture and Consumer Services shall have the authority to  
559 adopt rules pursuant to ss. 120.536(1) and 120.54 to administer  
560 this section, including rules relating to:

561 (a) The forms required to claim a tax credit under this  
562 section, the requirements and basis for establishing an  
563 entitlement to a credit, and the examination and audit  
564 procedures required to administer this section.

565 (b) The implementation and administration of the  
566 provisions allowing a transfer of a tax credit, including rules  
567 prescribing forms, reporting requirements, and specific  
568 procedures, guidelines, and requirements necessary to transfer a  
569 tax credit.

570 (8) PUBLICATION.—The Department of Agriculture and  
571 Consumer Services shall determine and publish on its website on  
572 a regular basis the amount of available tax credits remaining in  
573 each fiscal year.

574 Section 7. Section 220.193, Florida Statutes, is amended  
575 to read:

576 220.193 Florida renewable energy production credit.—

577 (1) The purpose of this section is to encourage the  
578 development and expansion of facilities that produce renewable  
579 energy in Florida.

580 (2) As used in this section, the term:

581 (a) "Commission" means ~~shall mean~~ the Public Service  
582 Commission.

583 (b) "Department" means ~~shall mean~~ the Department of  
584 Revenue.

585 (c) "Expanded facility" means ~~shall mean~~ a Florida  
586 renewable energy facility that increases its electrical  
587 production and sale by more than 5 percent above the facility's  
588 electrical production and sale during the 2011 ~~2005~~ calendar

589 year.

590 (d) "Florida renewable energy facility" means ~~shall mean~~ a  
 591 facility in the state that produces electricity for sale from  
 592 renewable energy, as defined in s. 377.803.

593 (e) "New facility" means ~~shall mean~~ a Florida renewable  
 594 energy facility that is operationally placed in service after  
 595 May 1, 2006. The term includes a Florida renewable energy  
 596 facility that has had an expansion operationally placed in  
 597 service after May 1, 2006, and whose cost exceeded 50 percent of  
 598 the assessed value of the facility immediately before the  
 599 expansion.

600 (f) "Sale" or "sold" includes the use of electricity by  
 601 the producer of such electricity which decreases the amount of  
 602 electricity that the producer would otherwise have to purchase.

603 (g) "Taxpayer" includes a general partnership, limited  
 604 partnership, limited liability company, trust, or other  
 605 artificial entity in which a corporation, as defined in s.  
 606 220.03(1)(e), owns an interest and is taxed as a partnership or  
 607 is disregarded as a separate entity from the corporation under  
 608 this chapter.

609 (3) An annual credit against the tax imposed by this  
 610 section shall be allowed to a taxpayer, based on the taxpayer's  
 611 production and sale of electricity from a new or expanded  
 612 Florida renewable energy facility. For a new facility, the  
 613 credit shall be based on the taxpayer's sale of the facility's  
 614 entire electrical production. For an expanded facility, the  
 615 credit shall be based on the increases in the facility's  
 616 electrical production that are achieved after May 1, 2012 ~~2006~~.

617 (a) The credit shall be \$0.01 for each kilowatt-hour of  
 618 electricity produced and sold by the taxpayer to an unrelated  
 619 party during a given tax year.

620 (b) The credit may be claimed for electricity produced and  
 621 sold on or after January 1, 2013 ~~2007~~. Beginning in 2014 ~~2008~~  
 622 and continuing until 2017 ~~2011~~, each taxpayer claiming a credit  
 623 under this section must ~~first~~ apply to the Department of  
 624 Agriculture and Consumer Services by the date established by the  
 625 Department of Agriculture and Consumer Services by February 1 of  
 626 each year for an allocation of available credits for that year  
 627 ~~credit~~. The application form shall be adopted by rule of the  
 628 Department of Agriculture and Consumer Services in consultation  
 629 with the commission. ~~The department, in consultation with the~~  
 630 ~~commission, shall develop an application form~~. The application  
 631 form shall, at a minimum, require a sworn affidavit from each  
 632 taxpayer certifying the increase in production and sales that  
 633 form the basis of the application and certifying that all  
 634 information contained in the application is true and correct.

635 (c) If the amount of credits applied for each year exceeds  
 636 the amount authorized in paragraph (g) \$5 million, the  
 637 Department of Agriculture and Consumer Services shall allocate  
 638 credits to qualified applicants based on the following priority:  
 639 ~~shall award to each applicant a prorated amount based on each~~  
 640 ~~applicant's increased production and sales and the increased~~  
 641 ~~production and sales of all applicants.~~

642 1. An applicant who places a new facility in operation  
 643 after May 1, 2012, shall be allocated credits first, up to a  
 644 maximum of \$250,000 each, with any remaining credits to be

645 granted pursuant to subparagraph 3., but if the claims for  
646 credits under this subparagraph exceed the state fiscal year cap  
647 in paragraph (g), credits shall be allocated pursuant to this  
648 subparagraph on a prorated basis based upon each applicant's  
649 qualified production and sales as a percentage of total  
650 production and sales for all applicants in this category for the  
651 fiscal year.

652 2. An applicant who does not qualify under subparagraph 1.  
653 but who claims a credit of \$50,000 or less shall be allocated  
654 credits next, but if the claims for credits under this  
655 subparagraph, combined with credits allocated in subparagraph 1.  
656 exceed the state fiscal year cap in paragraph (g), credits shall  
657 be allocated pursuant to this subparagraph on a prorated basis  
658 based upon each applicant's qualified production and sales as a  
659 percentage of total qualified production and sales for all  
660 applicants in this category for the fiscal year.

661 3. An applicant who does not qualify under subparagraph 1.  
662 or subparagraph 2. and an applicant whose credits have not been  
663 fully allocated under subparagraph 1., shall be allocated  
664 credits next. If there is insufficient capacity within the  
665 amount authorized for the state fiscal year in paragraph (g),  
666 and after allocations pursuant to subparagraphs 1. and 2., the  
667 credits allocated under this subparagraph shall be prorated  
668 based upon each applicant's unallocated claims for qualified  
669 production and sales as a percentage of total unallocated claims  
670 for qualified production and sales of all applicants in this  
671 category, up to a maximum of \$1 million per taxpayer per state  
672 fiscal year. If, after application of this \$1 million cap, there

673 is excess capacity under the state fiscal year cap in paragraph  
674 (g) in any state fiscal year, that remaining capacity shall be  
675 used to allocate additional credits with priority given in the  
676 order set forth in this subparagraph and without regard to the  
677 \$1 million per taxpayer cap.

678 (d) If the credit granted pursuant to this section is not  
679 fully used in one year because of insufficient tax liability on  
680 the part of the taxpayer, the unused amount may be carried  
681 forward for a period not to exceed 5 years. The carryover credit  
682 may be used in a subsequent year when the tax imposed by this  
683 chapter for such year exceeds the credit for such year, after  
684 applying the other credits and unused credit carryovers in the  
685 order provided in s. 220.02(8).

686 (e) A taxpayer that files a consolidated return in this  
687 state as a member of an affiliated group under s. 220.131(1) may  
688 be allowed the credit on a consolidated return basis up to the  
689 amount of tax imposed upon the consolidated group.

690 (f)1. Tax credits that may be available under this section  
691 to an entity eligible under this section may be transferred  
692 after a merger or acquisition to the surviving or acquiring  
693 entity and used in the same manner with the same limitations.

694 2. The entity or its surviving or acquiring entity as  
695 described in subparagraph 1. may transfer any unused credit in  
696 whole or in units of no less than 25 percent of the remaining  
697 credit. The entity acquiring such credit may use it in the same  
698 manner and with the same limitations under this section. Such  
699 transferred credits may not be transferred again although they  
700 may succeed to a surviving or acquiring entity subject to the

701 same conditions and limitations as described in this section.

702 3. In the event the credit provided for under this section  
703 is reduced as a result of an examination or audit by the  
704 department, such tax deficiency shall be recovered from the  
705 first entity or the surviving or acquiring entity to have  
706 claimed such credit up to the amount of credit taken. Any  
707 subsequent deficiencies shall be assessed against any entity  
708 acquiring and claiming such credit, or in the case of multiple  
709 succeeding entities in the order of credit succession.

710 (g) Notwithstanding any other provision of this section,  
711 credits for the production and sale of electricity from a new or  
712 expanded Florida renewable energy facility may be earned between  
713 January 1, 2013 ~~2007~~, and June 30, 2016 ~~2010~~. The combined total  
714 amount of tax credits which may be granted for all taxpayers  
715 under this section is limited to \$5 million in state fiscal year  
716 2012-2013 and \$10 million per state fiscal year in state fiscal  
717 years 2013-2014 through 2016-2017. If the annual tax credit  
718 authorization amount is not exhausted by allocations of credits  
719 within that particular state fiscal year, any authorized but  
720 unallocated credit amounts may be used to grant credits that  
721 were earned pursuant to s. 220.192 but unallocated due to a lack  
722 of authorized funds.

723 (h) A taxpayer claiming a credit under this section shall  
724 be required to add back to net income that portion of its  
725 business deductions claimed on its federal return paid or  
726 incurred for the taxable year which is equal to the amount of  
727 the credit allowable for the taxable year under this section.

728 (i) A taxpayer claiming credit under this section may not

729 claim a credit under s. 220.192. A taxpayer claiming credit  
730 under s. 220.192 may not claim a credit under this section.

731 (j) When an entity treated as a partnership or a  
732 disregarded entity under this chapter produces and sells  
733 electricity from a new or expanded renewable energy facility,  
734 the credit earned by such entity shall pass through in the same  
735 manner as items of income and expense pass through for federal  
736 income tax purposes. When an entity applies for the credit and  
737 the entity has received the credit by a pass-through, the  
738 application must identify the taxpayer that passed the credit  
739 through, all taxpayers that received the credit, and the  
740 percentage of the credit that passes through to each recipient  
741 and must provide other information that the Department of  
742 Agriculture and Consumer Services ~~department~~ requires.

743 (k) A taxpayer's use of the credit granted pursuant to  
744 this section does not reduce the amount of any credit available  
745 to such taxpayer under s. 220.186.

746 (4) The Department of Agriculture and Consumer Services  
747 shall make a determination on the eligibility of the applicant  
748 for the credits sought and certify the determination to the  
749 applicant and the Department of Revenue. The corporation must  
750 attach the Department of Agriculture and Consumer Services'  
751 certification to the tax return on which the credit is claimed.  
752 The Department of Agriculture and Consumer Services is  
753 responsible for ensuring that the corporate income tax credits  
754 granted in each fiscal year do not exceed the limits provided  
755 for in this section.

756 (5) (a) In addition to its existing audit and investigation

757 authority, the Department of Revenue may perform any additional  
758 financial and technical audits and investigations, including  
759 examining the accounts, books, and records of the tax credit  
760 applicant, which are necessary to verify the information  
761 included in the tax credit return and to ensure compliance with  
762 this section. The Department of Agriculture and Consumer  
763 Services shall provide technical assistance when requested by  
764 the Department of Revenue on any technical audits or  
765 examinations performed pursuant to this section.

766 (b) It is grounds for forfeiture of previously claimed and  
767 received tax credits if the Department of Revenue determines, as  
768 a result of an audit or examination or from information received  
769 from the Department of Agriculture and Consumer Services, that a  
770 taxpayer received tax credits pursuant to this section to which  
771 the taxpayer was not entitled. The taxpayer is responsible for  
772 returning forfeited tax credits to the Department of Revenue,  
773 and such funds shall be paid into the General Revenue Fund of  
774 the state.

775 (c) The Department of Agriculture and Consumer Services  
776 may revoke or modify any written decision granting eligibility  
777 for tax credits under this section if it is discovered that the  
778 tax credit applicant submitted any false statement,  
779 representation, or certification in any application, record,  
780 report, plan, or other document filed in an attempt to receive  
781 tax credits under this section. The Department of Agriculture  
782 and Consumer Services shall immediately notify the Department of  
783 Revenue of any revoked or modified orders affecting previously  
784 granted tax credits. Additionally, the taxpayer must notify the

785 Department of Revenue of any change in its tax credit claimed.

786 (d) The taxpayer shall file with the Department of Revenue  
 787 an amended return or such other report as the Department of  
 788 Revenue prescribes by rule and shall pay any required tax and  
 789 interest within 60 days after the taxpayer receives notification  
 790 from the Department of Agriculture and Consumer Services that  
 791 previously approved tax credits have been revoked or modified.  
 792 If the revocation or modification order is contested, the  
 793 taxpayer shall file an amended return or other report as  
 794 provided in this paragraph within 60 days after a final order is  
 795 issued after proceedings.

796 (e) A notice of deficiency may be issued by the Department  
 797 of Revenue at any time within 3 years after the taxpayer  
 798 receives formal notification from the Department of Agriculture  
 799 and Consumer Services that previously approved tax credits have  
 800 been revoked or modified. If a taxpayer fails to notify the  
 801 Department of Revenue of any changes to its tax credit claimed,  
 802 a notice of deficiency may be issued at any time.

803 (6)-(4) The Department of Revenue and the Department of  
 804 Agriculture and Consumer Services ~~department~~ may adopt rules to  
 805 implement and administer this section, including rules  
 806 prescribing forms, the documentation needed to substantiate a  
 807 claim for the tax credit, and the specific procedures and  
 808 guidelines for claiming the credit.

809 (7) The Department of Agriculture and Consumer Services  
 810 shall determine and publish on its website on a regular basis  
 811 the amount of available tax credits remaining in each fiscal  
 812 year.

813           ~~(8)~~<sup>(5)</sup> This section shall take effect upon becoming law  
 814 and shall apply to tax years beginning on and after January 1,  
 815 2013 ~~2007~~.

816           Section 8. Subsection (3) of section 255.257, Florida  
 817 Statutes, is amended to read:

818           255.257 Energy management; buildings occupied by state  
 819 agencies.—

820           (3) CONTENTS OF THE STATE ENERGY MANAGEMENT PLAN.—The  
 821 Department of Management Services, in coordination with the  
 822 Department of Agriculture and Consumer Services, shall further  
 823 develop the a state energy management plan consisting of, but  
 824 not limited to, the following elements:

- 825           (a) Data-gathering requirements;
- 826           (b) Building energy audit procedures;
- 827           (c) Uniform data analysis and reporting procedures;
- 828           (d) Employee energy education program measures;
- 829           (e) Energy consumption reduction techniques;
- 830           (f) Training program for state agency energy management  
 831 coordinators; and
- 832           (g) Guidelines for building managers.

833  
 834 The plan shall include a description of actions that state  
 835 agencies shall take to reduce consumption of electricity and  
 836 nonrenewable energy sources used for space heating and cooling,  
 837 ventilation, lighting, water heating, and transportation.

838           Section 9. Paragraph (q) of subsection (2) of section  
 839 288.106, Florida Statutes, is amended to read:

840           288.106 Tax refund program for qualified target industry

841 businesses.—

842 (2) DEFINITIONS.—As used in this section:

843 (q) "Target industry business" means a corporate  
844 headquarters business or any business that is engaged in one of  
845 the target industries identified pursuant to the following  
846 criteria developed by the department in consultation with  
847 Enterprise Florida, Inc.:

848 1. Future growth.—Industry forecasts should indicate  
849 strong expectation for future growth in both employment and  
850 output, according to the most recent available data. Special  
851 consideration should be given to businesses that export goods  
852 to, or provide services in, international markets and businesses  
853 that replace domestic and international imports of goods or  
854 services.

855 2. Stability.—The industry should not be subject to  
856 periodic layoffs, whether due to seasonality or sensitivity to  
857 volatile economic variables such as weather. The industry should  
858 also be relatively resistant to recession, so that the demand  
859 for products of this industry is not typically subject to  
860 decline during an economic downturn.

861 3. High wage.—The industry should pay relatively high  
862 wages compared to statewide or area averages.

863 4. Market and resource independent.—The location of  
864 industry businesses should not be dependent on Florida markets  
865 or resources as indicated by industry analysis, except for  
866 businesses in the renewable energy industry.

867 5. Industrial base diversification and strengthening.—The  
868 industry should contribute toward expanding or diversifying the

869 state's or area's economic base, as indicated by analysis of  
870 employment and output shares compared to national and regional  
871 trends. Special consideration should be given to industries that  
872 strengthen regional economies by adding value to basic products  
873 or building regional industrial clusters as indicated by  
874 industry analysis. Special consideration should also be given to  
875 the development of strong industrial clusters that include  
876 defense and homeland security businesses.

877 6. Positive economic impact.—The industry is expected to  
878 have strong positive economic impacts on or benefits to the  
879 state or regional economies. Special consideration should be  
880 given to industries that facilitate the development of the state  
881 as a hub for domestic and global trade and logistics.

882  
883 The term does not include any business engaged in retail  
884 industry activities; any electrical utility company as defined  
885 in s. 366.02(2); any phosphate or other solid minerals  
886 severance, mining, or processing operation; any oil or gas  
887 exploration or production operation; or any business subject to  
888 regulation by the Division of Hotels and Restaurants of the  
889 Department of Business and Professional Regulation. Any business  
890 within NAICS code 5611 or 5614, office administrative services  
891 and business support services, respectively, may be considered a  
892 target industry business only after the local governing body and  
893 Enterprise Florida, Inc., make a determination that the  
894 community where the business may locate has conditions affecting  
895 the fiscal and economic viability of the local community or  
896 area, including but not limited to, factors such as low per

897 | capita income, high unemployment, high underemployment, and a  
 898 | lack of year-round stable employment opportunities, and such  
 899 | conditions may be improved by the location of such a business to  
 900 | the community. By January 1 of every 3rd year, beginning January  
 901 | 1, 2011, the department, in consultation with Enterprise  
 902 | Florida, Inc., economic development organizations, the State  
 903 | University System, local governments, employee and employer  
 904 | organizations, market analysts, and economists, shall review  
 905 | and, as appropriate, revise the list of such target industries  
 906 | and submit the list to the Governor, the President of the  
 907 | Senate, and the Speaker of the House of Representatives.

908 |       Section 10. Section 366.92, Florida Statutes, is amended  
 909 | to read:

910 |             366.92 Florida renewable energy policy.—

911 |       (1) It is the intent of the Legislature to promote the  
 912 | development of renewable energy; protect the economic viability  
 913 | of Florida's existing renewable energy facilities; diversify the  
 914 | types of fuel used to generate electricity in Florida; lessen  
 915 | Florida's dependence on natural gas and fuel oil for the  
 916 | production of electricity; minimize the volatility of fuel  
 917 | costs; encourage investment within the state; improve  
 918 | environmental conditions; and, at the same time, minimize the  
 919 | costs of power supply to electric utilities and their customers.

920 |       (2) As used in this section, the term:

921 |       ~~(a) "Florida renewable energy resources" means renewable~~  
 922 | ~~energy, as defined in s. 377.803, that is produced in Florida.~~

923 |       (a) ~~(b)~~ "Provider" means a "utility" as defined in s.  
 924 | 366.8255(1)(a).

925        (b) ~~(e)~~ "Renewable energy" means renewable energy as  
 926 defined in s. 366.91(2)(d).

927        ~~(d) "Renewable energy credit" or "REC" means a product~~  
 928 ~~that represents the unbundled, separable, renewable attribute of~~  
 929 ~~renewable energy produced in Florida and is equivalent to 1~~  
 930 ~~megawatt-hour of electricity generated by a source of renewable~~  
 931 ~~energy located in Florida.~~

932        ~~(c) "Renewable portfolio standard" or "RPS" means the~~  
 933 ~~minimum percentage of total annual retail electricity sales by a~~  
 934 ~~provider to consumers in Florida that shall be supplied by~~  
 935 ~~renewable energy produced in Florida.~~

936        ~~(3) The commission shall adopt rules for a renewable~~  
 937 ~~portfolio standard requiring each provider to supply renewable~~  
 938 ~~energy to its customers directly, by procuring, or through~~  
 939 ~~renewable energy credits. In developing the RPS rule, the~~  
 940 ~~commission shall consult the Department of Environmental~~  
 941 ~~Protection and the Department of Agriculture and Consumer~~  
 942 ~~Services. The rule shall not be implemented until ratified by~~  
 943 ~~the Legislature. The commission shall present a draft rule for~~  
 944 ~~legislative consideration by February 1, 2009.~~

945        ~~(a) In developing the rule, the commission shall evaluate~~  
 946 ~~the current and forecasted levelized cost in cents per kilowatt~~  
 947 ~~hour through 2020 and current and forecasted installed capacity~~  
 948 ~~in kilowatts for each renewable energy generation method through~~  
 949 ~~2020.~~

950        ~~(b) The commission's rule:~~

951        ~~1. Shall include methods of managing the cost of~~  
 952 ~~compliance with the renewable portfolio standard, whether~~

953 ~~through direct supply or procurement of renewable power or~~  
954 ~~through the purchase of renewable energy credits. The commission~~  
955 ~~shall have rulemaking authority for providing annual cost~~  
956 ~~recovery and incentive-based adjustments to authorized rates of~~  
957 ~~return on common equity to providers to incentivize renewable~~  
958 ~~energy. Notwithstanding s. 366.91(3) and (4), upon the~~  
959 ~~ratification of the rules developed pursuant to this subsection,~~  
960 ~~the commission may approve projects and power sales agreements~~  
961 ~~with renewable power producers and the sale of renewable energy~~  
962 ~~credits needed to comply with the renewable portfolio standard.~~  
963 ~~In the event of any conflict, this subparagraph shall supersede~~  
964 ~~s. 366.91(3) and (4). However, nothing in this section shall~~  
965 ~~alter the obligation of each public utility to continuously~~  
966 ~~offer a purchase contract to producers of renewable energy.~~

967 ~~2. Shall provide for appropriate compliance measures and~~  
968 ~~the conditions under which noncompliance shall be excused due to~~  
969 ~~a determination by the commission that the supply of renewable~~  
970 ~~energy or renewable energy credits was not adequate to satisfy~~  
971 ~~the demand for such energy or that the cost of securing~~  
972 ~~renewable energy or renewable energy credits was cost~~  
973 ~~prohibitive.~~

974 ~~3. May provide added weight to energy provided by wind and~~  
975 ~~solar photovoltaic over other forms of renewable energy, whether~~  
976 ~~directly supplied or procured or indirectly obtained through the~~  
977 ~~purchase of renewable energy credits.~~

978 ~~4. Shall determine an appropriate period of time for which~~  
979 ~~renewable energy credits may be used for purposes of compliance~~  
980 ~~with the renewable portfolio standard.~~

981           ~~5. Shall provide for monitoring of compliance with and~~  
 982 ~~enforcement of the requirements of this section.~~

983           ~~6. Shall ensure that energy credited toward compliance~~  
 984 ~~with the requirements of this section is not credited toward any~~  
 985 ~~other purpose.~~

986           ~~7. Shall include procedures to track and account for~~  
 987 ~~renewable energy credits, including ownership of renewable~~  
 988 ~~energy credits that are derived from a customer-owned renewable~~  
 989 ~~energy facility as a result of any action by a customer of an~~  
 990 ~~electric power supplier that is independent of a program~~  
 991 ~~sponsored by the electric power supplier.~~

992           ~~8. Shall provide for the conditions and options for the~~  
 993 ~~repeal or alteration of the rule in the event that new~~  
 994 ~~provisions of federal law supplant or conflict with the rule.~~

995           ~~(c) Beginning on April 1 of the year following final~~  
 996 ~~adoption of the commission's renewable portfolio standard rule,~~  
 997 ~~each provider shall submit a report to the commission describing~~  
 998 ~~the steps that have been taken in the previous year and the~~  
 999 ~~steps that will be taken in the future to add renewable energy~~  
 1000 ~~to the provider's energy supply portfolio. The report shall~~  
 1001 ~~state whether the provider was in compliance with the renewable~~  
 1002 ~~portfolio standard during the previous year and how it will~~  
 1003 ~~comply with the renewable portfolio standard in the upcoming~~  
 1004 ~~year.~~

1005           ~~(4) In order to demonstrate the feasibility and viability~~  
 1006 ~~of clean energy systems, the commission shall provide for full~~  
 1007 ~~cost recovery under the environmental cost-recovery clause of~~  
 1008 ~~all reasonable and prudent costs incurred by a provider for~~

1009 ~~renewable energy projects that are zero greenhouse gas emitting~~  
 1010 ~~at the point of generation, up to a total of 110 megawatts~~  
 1011 ~~statewide, and for which the provider has secured necessary~~  
 1012 ~~land, zoning permits, and transmission rights within the state.~~  
 1013 ~~Such costs shall be deemed reasonable and prudent for purposes~~  
 1014 ~~of cost recovery so long as the provider has used reasonable and~~  
 1015 ~~customary industry practices in the design, procurement, and~~  
 1016 ~~construction of the project in a cost-effective manner~~  
 1017 ~~appropriate to the location of the facility. The provider shall~~  
 1018 ~~report to the commission as part of the cost recovery~~  
 1019 ~~proceedings the construction costs, in-service costs, operating~~  
 1020 ~~and maintenance costs, hourly energy production of the renewable~~  
 1021 ~~energy project, and any other information deemed relevant by the~~  
 1022 ~~commission. Any provider constructing a clean energy facility~~  
 1023 ~~pursuant to this section shall file for cost recovery no later~~  
 1024 ~~than July 1, 2009.~~

1025 (3)~~(5)~~ Each municipal electric utility and rural electric  
 1026 cooperative shall develop standards for the promotion,  
 1027 encouragement, and expansion of the use of renewable energy  
 1028 resources and energy conservation and efficiency measures. On or  
 1029 before April 1, 2009, and annually thereafter, each municipal  
 1030 electric utility and electric cooperative shall submit to the  
 1031 commission a report that identifies such standards.

1032 (4)~~(6)~~ Nothing in this section shall be construed to  
 1033 impede or impair terms and conditions of existing contracts.

1034 (5)~~(7)~~ The commission may adopt rules to administer and  
 1035 implement the provisions of this section.

1036 Section 11. Section 366.94, Florida Statutes, is created

1037 to read:

1038 366.94 Electric vehicle charging stations.—

1039 (1) The provision of electric vehicle charging to the  
1040 public by a nonutility is not the retail sale of electricity for  
1041 the purposes of this chapter. The rates, terms, and conditions  
1042 of electric vehicle charging services by a nonutility are not  
1043 subject to regulation under this chapter. This section does not  
1044 affect the ability of individuals, businesses, or governmental  
1045 entities to acquire, install, or use an electric vehicle charger  
1046 for their own vehicles.

1047 (2) The Department of Agriculture and Consumer Services  
1048 shall adopt rules to provide definitions, methods of sale,  
1049 labeling requirements, and price-posting requirements for  
1050 electric vehicle charging stations to allow for consistency for  
1051 consumers and the industry.

1052 (3) (a) It is unlawful for a person to stop, stand, or park  
1053 a vehicle that is not capable of using an electrical recharging  
1054 station within any parking space specifically designated for  
1055 charging an electric vehicle.

1056 (b) If a law enforcement officer finds a motor vehicle in  
1057 violation of this subsection, the officer or specialist shall  
1058 charge the operator or other person in charge of the vehicle in  
1059 violation with a noncriminal traffic infraction, punishable as  
1060 provided in s. 316.008(4) or s. 318.18.

1061 (4) The Public Service Commission is directed to conduct a  
1062 study of the potential effects of public charging stations and  
1063 privately owned electric vehicle charging on both energy  
1064 consumption and the impact on the electric grid in the state.

1065 The Public Service Commission shall also investigate the  
 1066 feasibility of using off-grid solar photovoltaic power as a  
 1067 source of electricity for the electric vehicle charging  
 1068 stations. The commission shall submit the results of the study  
 1069 to the President of the Senate, the Speaker of the House of  
 1070 Representatives, and the Executive Office of the Governor by  
 1071 December 31, 2012.

1072 Section 12. Paragraph (n) is added to subsection (2) of  
 1073 section 377.703, Florida Statutes, to read:

1074 377.703 Additional functions of the Department of  
 1075 Agriculture and Consumer Services.—

1076 (2) DUTIES.—The department shall perform the following  
 1077 functions, unless as otherwise provided, consistent with the  
 1078 development of a state energy policy:

1079 (n) On an annual basis, the department shall prepare an  
 1080 assessment of the utilization of the tax exemption authorized in  
 1081 s. 212.08(7) (hhh), the renewable energy technologies investment  
 1082 tax credit authorized in s. 220.192, and the renewable energy  
 1083 production credit authorized in s. 220.193, which the department  
 1084 shall submit to the President of the Senate, the Speaker of the  
 1085 House of Representatives, and the Executive Office of the  
 1086 Governor by February 1 of each year. The assessment shall  
 1087 include, at a minimum, the following information:

1088 1. For the tax exemption authorized in s. 212.08(7) (hhh):

1089 a. The name of each taxpayer receiving an exemption under  
 1090 this section;

1091 b. The amount of the exemption received by each taxpayer;

1092 and

1093        c. The type and description of each eligible item for  
 1094 which each taxpayer is applying.

1095        2. For the renewable energy technologies investment tax  
 1096 credit authorized in s. 220.192:

1097        a. The name of each taxpayer receiving an allocation under  
 1098 this section;

1099        b. The amount of the credits allocated for that fiscal  
 1100 year for each taxpayer; and

1101        c. The type of technology and a description of each  
 1102 investment for which each taxpayer receives an allocation.

1103        3. For the renewable energy production credit authorized  
 1104 in s. 220.193:

1105        a. The name of each taxpayer receiving an allocation under  
 1106 this section;

1107        b. The amount of credits allocated for that fiscal year  
 1108 for each taxpayer;

1109        c. The type and amount of renewable energy produced and  
 1110 sold, whether the facility producing that energy is a new or  
 1111 expanded facility, and the approximate date on which production  
 1112 began; and

1113        d. The aggregate amount of credits allocated for all  
 1114 taxpayers claiming credits under this section for the fiscal  
 1115 year.

1116        Section 13. Subsection (1) of section 526.203, Florida  
 1117 Statutes, is amended, and subsection (5) is added to that  
 1118 section, to read:

1119        526.203 Renewable fuel standard.—

1120        (1) DEFINITIONS.—As used in this act, the term:

1121 (a) "Alternative fuel" means a fuel produced from biomass,  
 1122 as defined in s. 366.91, which is used to replace or reduce the  
 1123 quantity of fossil fuel present in a petroleum fuel that meets  
 1124 the specifications as adopted by the department.

1125 (b)-(a) "Blender," "importer," "terminal supplier," and  
 1126 "wholesaler" are defined as provided in s. 206.01.

1127 (c)-(b) "Blended gasoline" means a mixture of 90 to 91  
 1128 percent gasoline and 9 to 10 percent fuel ethanol or other  
 1129 alternative fuel, by volume, which ~~that~~ meets the specifications  
 1130 as adopted by the department. The fuel ethanol or other  
 1131 alternative fuel portion may be derived from any agricultural  
 1132 source.

1133 (d)-(e) "Fuel ethanol" means an anhydrous denatured alcohol  
 1134 produced by the conversion of carbohydrates which ~~that~~ meets the  
 1135 specifications as adopted by the department.

1136 (e)-(d) "Unblended gasoline" means gasoline that has not  
 1137 been blended with fuel ethanol or other alternative fuel and  
 1138 that meets the specifications as adopted by the department.

1139 (5) This section does not prohibit a retail dealer, as  
 1140 defined in s. 206.01, from selling or offering to sell unblended  
 1141 gasoline. The Department of Agriculture and Consumer Services  
 1142 shall compile a list of retail fuel stations that sell or offer  
 1143 to sell unblended gasoline. This information shall be compiled  
 1144 by the department as part of its routine retail fuel station  
 1145 inspections, authorized under s. 525.07, and from information  
 1146 provided voluntarily by retail dealers. The Department of  
 1147 Agriculture and Consumer Services shall provide this information  
 1148 on its website to inform consumers of the options available for

1149 unblended gasoline.

1150 Section 14. Subsection (4) of section 581.083, Florida  
 1151 Statutes, is amended to read:

1152 581.083 Introduction or release of plant pests, noxious  
 1153 weeds, or organisms affecting plant life; cultivation of  
 1154 nonnative plants; special permit and security required.-

1155 (4) A person may not cultivate a nonnative plant, algae,  
 1156 or blue-green algae, including a genetically engineered plant,  
 1157 algae, or blue-green algae ~~or a plant that has been introduced,~~  
 1158 ~~for purposes of fuel production or purposes other than~~  
 1159 ~~agriculture~~ in plantings greater in size than 2 contiguous  
 1160 acres, except under a special permit issued by the department  
 1161 through the division, which is the sole agency responsible for  
 1162 issuing such special permits. A permit is not required to  
 1163 cultivate any plant or group of plants that, based on experience  
 1164 or research data, does not pose a threat of becoming an invasive  
 1165 species and is commonly grown in this state for the purpose of  
 1166 human food consumption, commercial feed, feedstuff, forage for  
 1167 livestock, nursery stock, or silviculture. The department is  
 1168 authorized to adopt additional exemptions to the permitting  
 1169 requirements of this section if the department determines, after  
 1170 consulting with the Institute of Food and Agricultural Sciences  
 1171 at the University of Florida, that based on experience or  
 1172 research data, the nonnative plant, algae, or blue-green algae  
 1173 does not pose a threat of becoming an invasive species or a pest  
 1174 of plants or native fauna under conditions in this state and  
 1175 subsequently exempts the plant or group of plants by rule ~~Such a~~  
 1176 ~~permit shall not be required if the department determines, in~~

1177 ~~in~~ conjunction with the Institute of Food and Agricultural Sciences  
 1178 at the University of Florida, that the plant is not invasive and  
 1179 subsequently exempts the plant by rule.

1180 (a)1. Each application for a special permit must be  
 1181 accompanied by a fee as described in subsection (2) and proof  
 1182 that the applicant has obtained, on a form approved by the  
 1183 department, a bond ~~in the form approved by the department and~~  
 1184 issued by a surety company admitted to do business in this state  
 1185 or a certificate of deposit, or other type of security adopted  
 1186 by rule of the department, which provides a financial assurance  
 1187 of cost recovery for the removal of a planting. The application  
 1188 must include, on a form provided by the department, the name of  
 1189 the applicant and the applicant's address or the address of the  
 1190 applicant's principal place of business; a statement completely  
 1191 identifying the nonnative plant to be cultivated; and a  
 1192 statement of the estimated cost of removing and destroying the  
 1193 plant that is the subject of the special permit and the basis  
 1194 for calculating or determining that estimate. If the applicant  
 1195 is a corporation, partnership, or other business entity, the  
 1196 applicant must also provide in the application the name and  
 1197 address of each officer, partner, or managing agent. The  
 1198 applicant shall notify the department within 10 business days of  
 1199 any change of address or change in the principal place of  
 1200 business. The department shall mail all notices to the  
 1201 applicant's last known address.

1202 2. As used in this subsection, the term "certificate of  
 1203 deposit" means a certificate of deposit at any recognized  
 1204 financial institution doing business in the United States. The

1205 department may not accept a certificate of deposit in connection  
1206 with the issuance of a special permit unless the issuing  
1207 institution is properly insured by the Federal Deposit Insurance  
1208 Corporation or the Federal Savings and Loan Insurance  
1209 Corporation.

1210 (b) Upon obtaining a permit, the permitholder may annually  
1211 cultivate and maintain the nonnative plants as authorized by the  
1212 special permit. If the permitholder ceases to maintain or  
1213 cultivate the plants authorized by the special permit, if the  
1214 permit expires, or if the permitholder ceases to abide by the  
1215 conditions of the special permit, the permitholder shall  
1216 immediately remove and destroy the plants that are subject to  
1217 the permit, if any remain. The permitholder shall notify the  
1218 department of the removal and destruction of the plants within  
1219 10 days after such event.

1220 (c) If the department:

1221 1. Determines that the permitholder is no longer  
1222 maintaining or cultivating the plants subject to the special  
1223 permit and has not removed and destroyed the plants authorized  
1224 by the special permit;

1225 2. Determines that the continued maintenance or  
1226 cultivation of the plants presents an imminent danger to public  
1227 health, safety, or welfare;

1228 3. Determines that the permitholder has exceeded the  
1229 conditions of the authorized special permit; or

1230 4. Receives a notice of cancellation of the surety bond,

1231  
1232 the department may issue an immediate final order, which shall

1233 be immediately appealable or enjoicable as provided by chapter  
1234 120, directing the permitholder to immediately remove and  
1235 destroy the plants authorized to be cultivated under the special  
1236 permit. A copy of the immediate final order must ~~shall~~ be mailed  
1237 to the permitholder and to the surety company or financial  
1238 institution that has provided security for the special permit,  
1239 if applicable.

1240 (d) If, upon issuance by the department of an immediate  
1241 final order to the permitholder, the permitholder fails to  
1242 remove and destroy the plants subject to the special permit  
1243 within 60 days after issuance of the order, or such shorter  
1244 period as is designated in the order as public health, safety,  
1245 or welfare requires, the department may enter the cultivated  
1246 acreage and remove and destroy the plants that are the subject  
1247 of the special permit. If the permitholder makes a written  
1248 request to the department for an extension of time to remove and  
1249 destroy the plants that demonstrates specific facts showing why  
1250 the plants could not reasonably be removed and destroyed in the  
1251 applicable timeframe, the department may extend the time for  
1252 removing and destroying plants subject to a special permit. The  
1253 reasonable costs and expenses incurred by the department for  
1254 removing and destroying plants subject to a special permit shall  
1255 be reimbursed to the department by the permitholder within 21  
1256 days after the date the permitholder and the surety company or  
1257 financial institution are served a copy of the department's  
1258 invoice for the costs and expenses incurred by the department to  
1259 remove and destroy the cultivated plants, along with a notice of  
1260 administrative rights, unless the permitholder or the surety

1261 company or financial institution object to the reasonableness of  
 1262 the invoice. In the event of an objection, the permitholder or  
 1263 surety company or financial institution is entitled to an  
 1264 administrative proceeding as provided by chapter 120. Upon entry  
 1265 of a final order determining the reasonableness of the incurred  
 1266 costs and expenses, the permitholder has ~~shall have~~ 15 days  
 1267 after ~~following~~ service of the final order to reimburse the  
 1268 department. Failure of the permitholder to timely reimburse the  
 1269 department for the incurred costs and expenses entitles the  
 1270 department to reimbursement from the applicable bond or  
 1271 certificate of deposit.

1272 (e) Each permitholder shall maintain for each separate  
 1273 growing location a bond or a certificate of deposit in an amount  
 1274 determined by the department, but not more ~~less~~ than 150 percent  
 1275 of the estimated cost of removing and destroying the cultivated  
 1276 plants. The bond or certificate of deposit may not exceed \$5,000  
 1277 per acre, unless a higher amount is determined by the department  
 1278 to be necessary to protect the public health, safety, and  
 1279 welfare or unless an exemption is granted by the department  
 1280 based on conditions specified in the application which would  
 1281 preclude the department from incurring the cost of removing and  
 1282 destroying the cultivated plants and would prevent injury to the  
 1283 public health, safety, and welfare. The aggregate liability of  
 1284 the surety company or financial institution to all persons for  
 1285 all breaches of the conditions of the bond or certificate of  
 1286 deposit may not exceed the amount of the bond or certificate of  
 1287 deposit. The original bond or certificate of deposit required by  
 1288 this subsection shall be filed with the department. A surety

1289 | company shall give the department 30 days' written notice of  
1290 | cancellation, by certified mail, in order to cancel a bond.  
1291 | Cancellation of a bond does not relieve a surety company of  
1292 | liability for paying to the department all costs and expenses  
1293 | incurred or to be incurred for removing and destroying the  
1294 | permitted plants covered by an immediate final order authorized  
1295 | under paragraph (c). A bond or certificate of deposit must be  
1296 | provided or assigned in the exact name in which an applicant  
1297 | applies for a special permit. The penal sum of the bond or  
1298 | certificate of deposit to be furnished to the department by a  
1299 | permitholder in the amount specified in this paragraph must  
1300 | guarantee payment of the costs and expenses incurred or to be  
1301 | incurred by the department for removing and destroying the  
1302 | plants cultivated under the issued special permit. The bond or  
1303 | certificate of deposit assignment or agreement must be upon a  
1304 | form prescribed or approved by the department and must be  
1305 | conditioned to secure the faithful accounting for and payment of  
1306 | all costs and expenses incurred by the department for removing  
1307 | and destroying all plants cultivated under the special permit.  
1308 | The bond or certificate of deposit assignment or agreement must  
1309 | include terms binding the instrument to the Commissioner of  
1310 | Agriculture. Such certificate of deposit shall be presented with  
1311 | an assignment of the permitholder's rights in the certificate in  
1312 | favor of the Commissioner of Agriculture on a form prescribed by  
1313 | the department and with a letter from the issuing institution  
1314 | acknowledging that the assignment has been properly recorded on  
1315 | the books of the issuing institution and will be honored by the  
1316 | issuing institution. Such assignment is irrevocable while a

1317 special permit is in effect and for an additional period of 6  
 1318 months after termination of the special permit if operations to  
 1319 remove and destroy the permitted plants are not continuing and  
 1320 if the department's invoice remains unpaid by the permitholder  
 1321 under the issued immediate final order. If operations to remove  
 1322 and destroy the plants are pending, the assignment remains in  
 1323 effect until all plants are removed and destroyed and the  
 1324 department's invoice has been paid. The bond or certificate of  
 1325 deposit may be released by the assignee of the surety company or  
 1326 financial institution to the permitholder, or to the  
 1327 permitholder's successors, assignee, or heirs, if operations to  
 1328 remove and destroy the permitted plants are not pending and no  
 1329 invoice remains unpaid at the conclusion of 6 months after the  
 1330 last effective date of the special permit. The department may  
 1331 not accept a certificate of deposit that contains any provision  
 1332 that would give to any person any prior rights or claim on the  
 1333 proceeds or principal of such certificate of deposit. The  
 1334 department shall determine by rule whether an annual bond or  
 1335 certificate of deposit will be required. The amount of such bond  
 1336 or certificate of deposit shall be increased, upon order of the  
 1337 department, at any time if the department finds such increase to  
 1338 be warranted by the cultivating operations of the permitholder.  
 1339 In the same manner, the amount of such bond or certificate of  
 1340 deposit may be adjusted downward or removed ~~decreased~~ when a  
 1341 decrease in the cultivating operations of the permitholder  
 1342 occurs or when research or practical field knowledge and  
 1343 observations indicate a low risk of invasiveness by the  
 1344 nonnative species ~~warrants such decrease.~~ Factors that may be

1345 considered for change include multiple years or cycles of  
 1346 successful large-scale contained cultivation; no observation of  
 1347 plant, algae, or blue-green algae escape from managed areas; or  
 1348 science-based evidence that established or approved adjusted  
 1349 cultivation practices provide a similar level of containment of  
 1350 the nonnative plant, algae, or blue-green algae. This paragraph  
 1351 applies to any bond or certificate of deposit, regardless of the  
 1352 anniversary date of its issuance, expiration, or renewal.

1353 (f) In order to carry out the purposes of this subsection,  
 1354 the department or its agents may require from any permitholder  
 1355 verified statements of the cultivated acreage subject to the  
 1356 special permit and may review the permitholder's business or  
 1357 cultivation records at her or his place of business during  
 1358 normal business hours in order to determine the acreage  
 1359 cultivated. The failure of a permitholder to furnish such  
 1360 statement, to make such records available, or to make and  
 1361 deliver a new or additional bond or certificate of deposit is  
 1362 cause for suspension of the special permit. If the department  
 1363 finds such failure to be willful, the special permit may be  
 1364 revoked.

1365 Section 15. The Department of Agriculture and Consumer  
 1366 Services shall conduct a comprehensive statewide forest  
 1367 inventory analysis and study, using a geographic information  
 1368 system, to identify where available biomass is located,  
 1369 determine the available biomass resources, and ensure forest  
 1370 sustainability within the state. The department shall submit the  
 1371 results of the study to the President of the Senate, the Speaker  
 1372 of the House of Representatives, and the Executive Office of the

1373 Governor by July 1, 2013.

1374       Section 16. The Office of Energy within the Department of  
1375 Agriculture and Consumer Services, in consultation with the  
1376 Public Service Commission, the Florida Building Commission, and  
1377 the Florida Energy Systems Consortium, shall develop a  
1378 clearinghouse of information regarding cost savings associated  
1379 with various energy efficiency and conservation measures. The  
1380 department shall post the information on its website by July 1,  
1381 2013.

1382       Section 17. For the 2012-2013 fiscal year, the  
1383 nonrecurring sum of \$250,000 is appropriated from the Florida  
1384 Public Service Regulatory Trust Fund for the purpose of the  
1385 Public Service Commission, in consultation with the Department  
1386 of Agriculture and Consumer Services, contracting for an  
1387 independent evaluation of the Florida Energy Efficiency and  
1388 Conservation Act to determine if the act remains in the public  
1389 interest. The evaluation must consider the costs to ratepayers,  
1390 the incentives and disincentives associated with the provisions  
1391 in the act, and if the programs create benefits without undue  
1392 burden on the customer. The models and methods used to determine  
1393 conservation goals must be specifically addressed in the report.  
1394 The commission shall submit the report to the President of the  
1395 Senate, the Speaker of the House of Representatives, and the  
1396 Executive Office of the Governor by January 31, 2013.

1397       Section 18. This act shall take effect July 1, 2012.
