The Committee on Reapportionment (Altman) recommended the following:

Senate Amendment

Delete lines 5920 - 5924
and insert:

Section 2. Consistent with s. 16, Article III of the State Constitution, senatorial districts shall be numbered sequentially from north to south, measured from the northernmost point of each district. In the event two or more district northern boundaries are equal, the westernmost district shall have the lower number.
