39 staff members.

40 Section 2. Subsection (2) of section 394.741, Florida
41 Statutes, is amended to read:

42 394.741 Accreditation requirements for providers of
43 behavioral health care services.—

44 (2) Notwithstanding any provision of law to the contrary,
45 accreditation shall be accepted by the agency and department in

83 Section 3. Section 395.3038, Florida Statutes, is amended
 84 to read:

85 | 395.3038 State-listed primary stroke centers and
 86 | comprehensive stroke centers; notification of hospitals.—

87 | (1) The agency shall make available on its website and to
 88 | the department a list of the name and address of each hospital
 89 | that meets the criteria for a primary stroke center and the name
 90 | and address of each hospital that meets the criteria for a
 91 | comprehensive stroke center. The list of primary and
 92 | comprehensive stroke centers must ~~shall~~ include only those
 93 | hospitals that attest in an affidavit submitted to the agency
 94 | that the hospital meets the named criteria, or those hospitals
 95 | that attest in an affidavit submitted to the agency that the
 96 | hospital is certified as a primary or a comprehensive stroke
 97 | center by the Joint Commission or a national accrediting
 98 | organization that is approved by the Centers for Medicare and
 99 | Medicaid Services and whose standards incorporate comparable
 100 | licensure regulations required by the state ~~on Accreditation of~~

106 | (b)1. This subsection does not apply if the hospital is
 107 | unable to provide stroke treatment services for a period of time
 108 | not to exceed 2 months. The hospital shall immediately notify
 109 | all local emergency medical services providers when the
 110 | temporary unavailability of stroke treatment services begins and
 111 | when the services resume.

112 | 2. If stroke treatment services are unavailable for more

HB 1071

2013

113 than 2 months, the agency shall remove the hospital from the
114 list of primary or comprehensive stroke centers until the
115 hospital notifies the agency that stroke treatment services have
116 been resumed.

117 (3) The agency shall notify all hospitals in this state by
118 February 15, 2005, that the agency is compiling a list of
119 primary stroke centers and comprehensive stroke centers in this
120 state. The notice must ~~shall~~ include an explanation of the
121 criteria necessary for designation as a primary stroke center
122 and the criteria necessary for designation as a comprehensive
123 stroke center. The notice must ~~shall~~ also advise hospitals of
124 the process by which a hospital might be added to the list of
125 primary or comprehensive stroke centers.

126 (4) The agency shall adopt by rule criteria for a primary

130 approved by the Centers for Medicare and Medicaid Services and
131 whose standards incorporate comparable licensure regulations
132 required by the state ~~on Accreditation of Healthcare~~
133 ~~Organizations~~.

134 (5) The agency shall adopt by rule criteria for a

137 Centers for Medicare and Medicaid Services and whose standards
138 incorporate comparable licensure regulations required by the
139 state ~~on Accreditation of Healthcare Organizations~~ establishes
140 criteria for a comprehensive stroke center, the agency shall

HB 1071

2013

141 establish criteria for a comprehensive stroke center which are
 142 substantially similar to those criteria established by the Joint
 143 Commission or such national accrediting organization ~~or~~
 144 ~~Accreditation of Healthcare Organizations.~~

145 (6) This act is not a medical practice guideline and may
 146 not be used to restrict the authority of a hospital to provide
 147 services for which it is licensed ~~has received a license~~ under
 148 chapter 395. The Legislature intends that all patients be
 149 treated individually based on each patient's needs and
 150 circumstances.

151 Section 4. Subsection (3) of section 397.403, Florida
 152 Statutes, is amended to read:

153 397.403 License application.—

154 (3) The department shall accept proof of accreditation by
 155 CARF International, ~~the Commission on Accreditation of~~
 156 ~~Rehabilitation Facilities (CARF)~~ or the Joint Commission, a
 157 national accrediting organization that is approved by the
 158 Centers for Medicare and Medicaid Services and whose standards
 159 incorporate comparable licensure regulations required by the
 160 state, or through another ~~any other~~ nationally recognized
 161 certification process that is acceptable to the department and
 162 meets the minimum licensure requirements under this chapter, in
 163 lieu of requiring the applicant to submit the information
 164 required by paragraphs (1) (a) - (c).

165 Section 5. Subsection (1) of section 400.925, Florida
 166 Statutes, is amended to read:

167 400.925 Definitions.—As used in this part, the term:

168 (1) "Accrediting organizations" means the Joint

169 Commission, a national accrediting organization that is approved
 170 by the Centers for Medicare and Medicaid Services and whose
 171 standards incorporate comparable licensure regulations required
 172 by the state, ~~on Accreditation of Healthcare Organizations~~ or
 173 other national accrediting ~~accreditation~~ agencies whose
 174 standards for accreditation are comparable to those required by
 175 this part for licensure.

176 Section 6. Paragraph (g) of subsection (1) and subsection
 177 (7) of section 400.9935, Florida Statutes, are amended to read:
 178 400.9935 Clinic responsibilities.—

179 (1) Each clinic shall appoint a medical director or clinic
 180 director who shall agree in writing to accept legal
 181 responsibility for the following activities on behalf of the
 182 clinic. The medical director or the clinic director shall:

183 (g) Conduct systematic reviews of clinic billings to
 184 ensure that the billings are not fraudulent or unlawful. Upon
 185 discovery of an unlawful charge, the medical director or clinic
 186 director shall take immediate corrective action. If the clinic
 187 performs only the technical component of magnetic resonance
 188 imaging, static radiographs, computed tomography, or positron
 189 emission tomography, and provides the professional
 190 interpretation of such services, in a fixed facility that is
 191 accredited by the Joint Commission ~~on Accreditation of~~
 192 ~~Healthcare Organizations or,~~ the Accreditation Association for
 193 Ambulatory Health Care, Inc., a national accrediting
 194 organization that is approved by the Centers for Medicare and
 195 Medicaid Services and whose standards incorporate comparable
 196 licensure regulations required by the state, and the American

HB 1071

2013

197 College of Radiology; and if, in the preceding quarter, the
198 percentage of scans performed by that clinic which was billed to
199 all personal injury protection insurance carriers was less than
200 15 percent, the chief financial officer of the clinic may, in a
201 written acknowledgment provided to the agency, assume the
202 responsibility for the conduct of the systematic reviews of
203 clinic billings to ensure that the billings are not fraudulent
204 or unlawful.

205 (7) (a) Each clinic engaged in magnetic resonance imaging
206 services must be accredited by the Joint Commission, a national
207 accrediting organization that is approved by the Centers for
208 Medicare and Medicaid Services and whose standards incorporate
209 comparable licensure regulations required by the state, ~~on~~
210 ~~Accreditation of Healthcare Organizations~~, the American College
211 of Radiology, or the Accreditation Association for Ambulatory
212 Health Care, Inc., within 1 year after licensure. A clinic that
213 is accredited by the American College of Radiology or that is
214 within the original 1-year period after licensure and replaces
215 its core magnetic resonance imaging equipment shall be given 1
216 year after the date on which the equipment is replaced to attain
217 accreditation. However, a clinic may request a single, 6-month
218 extension if it provides evidence to the agency establishing
219 that, for good cause shown, such clinic cannot be accredited
220 within 1 year after licensure, and that such accreditation will
221 be completed within the 6-month extension. After obtaining
222 accreditation as required by this subsection, each such clinic
223 must maintain accreditation as a condition of renewal of its
224 license. A clinic that files a change of ownership application

HB 1071

2013

225 must comply with the original accreditation timeframe
226 requirements of the transferor. The agency shall deny a change
227 of ownership application if the clinic is not in compliance with
228 the accreditation requirements. When a clinic adds, replaces, or
229 modifies magnetic resonance imaging equipment and the
230 accrediting ~~accreditation~~ agency requires new accreditation, the
231 clinic must be accredited within 1 year after the date of the
232 addition, replacement, or modification but may request a single,
233 6-month extension if the clinic provides evidence of good cause
234 to the agency.

235 (b) The agency may deny the application or revoke the
236 license of an ~~any~~ entity formed for the purpose of avoiding
237 compliance with the accreditation provisions of this subsection
238 and whose principals were previously principals of an entity
239 that was unable to meet the accreditation requirements within
240 the specified timeframes. The agency may adopt rules as to the
241 accreditation of magnetic resonance imaging clinics.

242 Section 7. Subsections (1) and (2) of section 402.7306,
243 Florida Statutes, are amended to read:

244 402.7306 Administrative monitoring of child welfare
245 providers, and administrative, licensure, and programmatic
246 monitoring of mental health and substance abuse service
247 providers.—The Department of Children and Family Services, the
248 Department of Health, the Agency for Persons with Disabilities,
249 the Agency for Health Care Administration, community-based care
250 lead agencies, managing entities as defined in s. 394.9082, and
251 agencies who have contracted with monitoring agents shall
252 identify and implement changes that improve the efficiency of

253 administrative monitoring of child welfare services, and the
 254 administrative, licensure, and programmatic monitoring of mental
 255 health and substance abuse service providers. For the purpose of
 256 this section, the term "mental health and substance abuse
 257 service provider" means a provider who provides services to this
 258 state's priority population as defined in s. 394.674. To assist
 259 with that goal, each such agency shall adopt the following
 260 policies:

261 (1) Limit administrative monitoring to once every 3 years
 262 if the child welfare provider is accredited by the Joint
 263 Commission, a national accrediting organization that is approved
 264 by the Centers for Medicare and Medicaid Services and whose
 265 standards incorporate comparable licensure regulations required
 266 by the state, CARF International ~~the Commission on Accreditation~~
 267 ~~of Rehabilitation Facilities~~, or the Council on Accreditation.
 268 If the accrediting body does not require documentation that the
 269 state agency requires, that documentation shall be requested by
 270 the state agency and may be posted by the service provider on
 271 the data warehouse for the agency's review. Notwithstanding the
 272 survey or inspection of an accrediting organization specified in
 273 this subsection, an agency specified in and subject to this
 274 section may continue to monitor the service provider as
 275 necessary with respect to:

276 (a) Ensuring that services for which the agency is paying
 277 are being provided.

278 (b) Investigating complaints or suspected problems and
 279 monitoring the service provider's compliance with ~~any~~ resulting
 280 negotiated terms and conditions, including provisions relating

HB 1071

2013

281 to consent decrees that are unique to a specific service and are
282 not statements of general applicability.

283 (c) Ensuring compliance with federal and state laws,
284 federal regulations, or state rules if such monitoring does not
285 duplicate the accrediting organization's review pursuant to
286 accreditation standards.

287
288 Medicaid certification and precertification reviews are exempt
289 from this subsection to ensure Medicaid compliance.

290 (2) Limit administrative, licensure, and programmatic
291 monitoring to once every 3 years if the mental health or
292 substance abuse service provider is accredited by the Joint
293 Commission, a national accrediting organization that is approved
294 by the Centers for Medicare and Medicaid Services and whose
295 standards incorporate comparable licensure regulations required
296 by the state, CARF International ~~the Commission on Accreditation~~
297 ~~of Rehabilitation Facilities~~, or the Council on Accreditation.
298 If the services being monitored are not the services for which
299 the provider is accredited, the limitations of this subsection
300 do not apply. If the accrediting body does not require
301 documentation that the state agency requires, that
302 documentation, except documentation relating to licensure
303 applications and fees, must be requested by the state agency and
304 may be posted by the service provider on the data warehouse for
305 the agency's review. Notwithstanding the survey or inspection of
306 an accrediting organization specified in this subsection, an
307 agency specified in and subject to this section may continue to
308 monitor the service provider as necessary with respect to:

309 (a) Ensuring that services for which the agency is paying
 310 are being provided.

311 (b) Investigating complaints, identifying problems that
 312 would affect the safety or viability of the service provider,
 313 and monitoring the service provider's compliance with ~~any~~
 314 resulting negotiated terms and conditions, including provisions
 315 relating to consent decrees that are unique to a specific
 316 service and are not statements of general applicability.

317 (c) Ensuring compliance with federal and state laws,
 318 federal regulations, or state rules if such monitoring does not
 319 duplicate the accrediting organization's review pursuant to
 320 accreditation standards.

321
 322 Federal certification and precertification reviews are exempt
 323 from this subsection to ensure Medicaid compliance.

324 Section 8. Paragraph (k) of subsection (3) of section
 325 408.05, Florida Statutes, is amended to read:

326 408.05 Florida Center for Health Information and Policy
 327 Analysis.—

328 (3) COMPREHENSIVE HEALTH INFORMATION SYSTEM.—In order to
 329 produce comparable and uniform health information and statistics
 330 for the development of policy recommendations, the agency shall
 331 perform the following functions:

332 (k) Develop, in conjunction with the State Consumer Health
 333 Information and Policy Advisory Council, and implement a long-
 334 range plan for making available health care quality measures and
 335 financial data that will allow consumers to compare health care
 336 services. The health care quality measures and financial data

HB 1071

2013

337 the agency must make available includes ~~shall include~~, but is
338 not limited to, pharmaceuticals, physicians, health care
339 facilities, and health plans and managed care entities. The
340 agency shall update the plan and report on the status of its
341 implementation annually. The agency shall also make the plan and
342 status report available to the public on its Internet website.
343 As part of the plan, the agency shall identify the process and
344 timeframes for implementation, ~~any~~ barriers to implementation,
345 and recommendations of changes in the law that may be enacted by
346 the Legislature to eliminate the barriers. As preliminary
347 elements of the plan, the agency shall:

348 1. Make available patient-safety indicators, inpatient
349 quality indicators, and performance outcome and patient charge
350 data collected from health care facilities pursuant to s.
351 408.061(1)(a) and (2). The terms "patient-safety indicators" and
352 "inpatient quality indicators" have the same meaning as that
353 ascribed ~~shall be as defined~~ by the Centers for Medicare and
354 Medicaid Services, the National Quality Forum, the Joint
355 Commission ~~on Accreditation of Healthcare Organizations~~, a
356 national accrediting organization that is approved by the
357 Centers for Medicare and Medicaid Services and whose standards
358 incorporate comparable licensure regulations required by the
359 state, the Agency for Healthcare Research and Quality, the
360 Centers for Disease Control and Prevention, or a similar
361 national entity that establishes standards to measure the
362 performance of health care providers, or by other states. The
363 agency shall determine which conditions, procedures, health care
364 quality measures, and patient charge data to disclose based upon

HB 1071

2013

365 input from the council. When determining which conditions and
366 procedures are to be disclosed, the council and the agency shall
367 consider variation in costs, variation in outcomes, and
368 magnitude of variations and other relevant information. When
369 determining which health care quality measures to disclose, the
370 agency:

371 a. Shall consider such factors as volume of cases; average
372 patient charges; average length of stay; complication rates;
373 mortality rates; and infection rates, among others, which shall
374 be adjusted for case mix and severity, if applicable.

375 b. May consider such additional measures that are adopted
376 by the Centers for Medicare and Medicaid Studies, National
377 Quality Forum, the Joint Commission ~~on Accreditation of~~
378 ~~Healthcare Organizations~~, a national accrediting organization
379 that is approved by the Centers for Medicare and Medicaid
380 Services and whose standards incorporate comparable licensure
381 regulations required by the state, the Agency for Healthcare
382 Research and Quality, Centers for Disease Control and
383 Prevention, or a similar national entity that establishes
384 standards to measure the performance of health care providers,
385 or by other states.

386
387 When determining which patient charge data to disclose, the
388 agency shall include such measures as the average of
389 undiscounted charges on frequently performed procedures and
390 preventive diagnostic procedures, the range of procedure charges
391 from highest to lowest, average net revenue per adjusted patient
392 day, average cost per adjusted patient day, and average cost per

HB 1071

2013

393 admission, among others.

394 2. Make available performance measures, benefit design,
395 and premium cost data from health plans licensed pursuant to
396 chapter 627 or chapter 641. The agency shall determine which
397 health care quality measures and member and subscriber cost data
398 to disclose, based upon input from the council. When determining
399 which data to disclose, the agency shall consider information
400 that may be required by either individual or group purchasers to
401 assess the value of the product, which may include membership
402 satisfaction, quality of care, current enrollment or membership,
403 coverage areas, accreditation status, premium costs, plan costs,
404 premium increases, range of benefits, copayments and
405 deductibles, accuracy and speed of claims payment, credentials
406 of physicians, number of providers, names of network providers,
407 and hospitals in the network. Health plans shall make available
408 to the agency ~~any~~ such data or information that is not currently
409 reported to the agency or the office.

410 3. Determine the method and format for public disclosure
411 of data reported pursuant to this paragraph. The agency shall
412 make its determination based upon input from the State Consumer
413 Health Information and Policy Advisory Council. At a minimum,
414 the data shall be made available on the agency's Internet
415 website in a manner that allows consumers to conduct an
416 interactive search that allows them to view and compare the
417 information for specific providers. The website must include
418 such additional information as is determined necessary to ensure
419 that the website enhances informed decisionmaking among
420 consumers and health care purchasers, which shall include, at a

421 minimum, appropriate guidance on how to use the data and an
 422 explanation of why the data may vary from provider to provider.

423 4. Publish on its website undiscounted charges for no
 424 fewer than 150 of the most commonly performed adult and
 425 pediatric procedures, including outpatient, inpatient,
 426 diagnostic, and preventative procedures.

427 Section 9. Paragraph (a) of subsection (3) of section
 428 409.966, Florida Statutes, is amended to read:

429 409.966 Eligible plans; selection.—

430 (3) QUALITY SELECTION CRITERIA.—

431 (a) The invitation to negotiate must specify the criteria
 432 and the relative weight of the criteria that will be used for
 433 determining the acceptability of the reply and guiding the
 434 selection of the organizations with which the agency negotiates.
 435 In addition to criteria established by the agency, the agency
 436 shall consider the following factors in the selection of
 437 eligible plans:

438 1. Accreditation by the National Committee for Quality
 439 Assurance, the Joint Commission, a national accrediting
 440 organization that is approved by the Centers for Medicare and
 441 Medicaid Services and whose standards incorporate comparable
 442 licensure regulations required by the state, or another
 443 nationally recognized accrediting body.

444 2. Experience serving similar populations, including the
 445 organization's record in achieving specific quality standards
 446 with similar populations.

447 3. Availability and accessibility of primary care and
 448 specialty physicians in the provider network.

HB 1071

2013

449 4. Establishment of community partnerships with providers
450 that create opportunities for reinvestment in community-based
451 services.

452 5. Organization commitment to quality improvement and
453 documentation of achievements in specific quality improvement
454 projects, including active involvement by organization
455 leadership.

456 6. Provision of additional benefits, particularly dental
457 care and disease management, and other initiatives that improve
458 health outcomes.

459 7. Evidence that an eligible plan has written agreements
460 or signed contracts or has made substantial progress in
461 establishing relationships with providers before the plan
462 submitting a response.

463 8. Comments submitted in writing by an ~~any~~ enrolled
464 Medicaid provider relating to a specifically identified plan
465 participating in the procurement in the same region as the
466 submitting provider.

467 9. Documentation of policies and procedures for preventing
468 fraud and abuse.

469 10. The business relationship an eligible plan has with
470 another ~~any other~~ eligible plan that responds to the invitation
471 to negotiate.

472 Section 10. Paragraph (e) of subsection (2) of section
473 409.967, Florida Statutes, is amended to read:

474 409.967 Managed care plan accountability.—

475 (2) The agency shall establish such contract requirements
476 as are necessary for the operation of the statewide managed care

HB 1071

2013

477 program. In addition to any other provisions the agency may deem
478 necessary, the contract must require:

479 (e) *Continuous improvement.*—The agency shall establish
480 specific performance standards and expected milestones or
481 timelines for improving performance over the term of the
482 contract.

483 1. Each managed care plan shall establish an internal
484 health care quality improvement system, including enrollee
485 satisfaction and disenrollment surveys. The quality improvement
486 system must include incentives and disincentives for network
