**I. Amendments Contained in Message:**

**House Amendment 1 – 302261** (body with title)

**II. Summary of Amendments Contained in Message:**

**House Amendment 1** removes from the bill the prohibition against a utility recovering a rate of return if that utility chooses not to complete construction of a nuclear or integrated gasification combined cycle power plant for which it is obtaining early cost recovery. It also removes the provision that excludes from application specified actions that take place before the effective date of the bill.
