148 whichever is greater. The aggregate sum of the activity and  
149 service, health, and athletic fees may ~~shall~~ not exceed 40  
150 percent of tuition. Any increase in the activity and service

153 subsection (11), or subsection (12).

154 (16) Each university board of trustees may establish a

798384

156 approval from the Board of Governors. The tuition differential  
157 shall promote improvements in the quality of undergraduate  
158 education and shall provide financial aid to undergraduate  
159 students who exhibit financial need.

160 (b) Each tuition differential is subject to the following  
161 conditions:

162 1. The tuition differential may be assessed on one or more  
163 undergraduate courses or on all undergraduate courses at a state  
164 university.

165 2. The tuition differential may vary by course or courses,  
166 campus or center location, and by institution. Each university  
167 board of trustees shall strive to maintain and increase  
168 enrollment in degree programs related to math, science, high  
169 technology, and other state or regional high-need fields when  
170 establishing tuition differentials by course.

171 3. For each state university that is designated as a  
172 preeminent state research university by the Board of Governors,  
173 pursuant to s. 1001.7065 that has total research and development  
174 expenditures for all fields of at least \$100 million per year as  
175 reported annually to the National Science Foundation, the  
176 aggregate sum of tuition and the tuition differential may ~~not~~ be  
177 increased by no more than 6 ~~15~~ percent of the total charged for  
178 the aggregate sum of these fees in the preceding fiscal year if  
179 the university meets or exceeds each performance standard target  
180 for that university established annually by the Board of  
181 Governors for the following performance standards, each  
182 amounting to no more than a 2 percent increase in tuition  
183 differential:

184 a. Increase in the 6-year graduation rate for full-time,

798384

185 first-time-in-college students, as reported annually to the  
186 Integrated Postsecondary Education Data System;  
187 b. Increase in the total annual research expenditures; and  
188 c. Increase in the total patents awarded by the United  
189 States Patent and Trademark Office for the most recent years.  
190 ~~For each state university that has total research and~~  
191 ~~development expenditures for all fields of less than \$100~~  
192 ~~million per year as reported annually to the National Science~~  
193 ~~Foundation, the aggregate sum of tuition and the tuition~~  
194 ~~differential may not be increased by more than 15 percent of the~~  
195 ~~total charged for the aggregate sum of these fees in the~~  
196 ~~preceding fiscal year.~~  
197 4. The aggregate sum of undergraduate tuition and fees per  
198 credit hour, including the tuition differential, may not exceed  
199 the national average of undergraduate tuition and fees at 4-year  
200 degree-granting public postsecondary educational institutions.  
201 5. The tuition differential shall not be included in any  
202 award under the Florida Bright Futures Scholarship Program  
203 established pursuant to ss. 1009.53-1009.538.  
204 6. Beneficiaries having prepaid tuition contracts pursuant  
205 to s. 1009.98(2)(b) which were in effect on July 1, 2007, and  
206 which remain in effect, are exempt from the payment of the  
207 tuition differential.  
208 7. The tuition differential may not be charged to any  
209 student who was in attendance at the university before July 1,  
210 2007, and who maintains continuous enrollment.  
211 8. The tuition differential may be waived by the university  
212 for students who meet the eligibility requirements for the  
213 Florida public student assistance grant established in s.

798384

214 1009.50.

215 9. Subject to approval by the Board of Governors, the  
216 tuition differential authorized pursuant to this subsection may  
217 take effect with the 2009 fall term.

218 Section 47. Subsection (8) of section 1009.26, Florida  
219 Statutes, is amended, and subsection (12) is added to that

266 the degree or certificate program for which the student is  
267 enrolled. Each state university, Florida College System
