Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (1), (4), and (5) of section 561.29, Florida Statutes, are amended to read:

561.29  Revocation and suspension of license; power to subpoena.—

(1) The division is given full power and authority to revoke or suspend the license of any person holding a license under the Beverage Law, when it is determined or found by the division upon sufficient cause appearing of:

(a) Of a violation by the licensee or his or her or its agents, officers, servants, or employees, on the licensed premises, or elsewhere while in the scope of employment, of any of the laws of this state or of the United States, or violation of any municipal or county regulation in regard to the hours of sale, service, or consumption of alcoholic beverages or license
requirements of special licenses issued under s. 561.20, or
engaging in or permitting disorderly conduct on the licensed
premises, or permitting another on the licensed premises to
violate any of the laws of this state or of the United States. A
conviction of the licensee or his or her or its agents,
officers, servants, or employees in any criminal court of any
violation as set forth in this paragraph shall not be considered
in proceedings before the division for suspension or revocation
of a license except as permitted by chapter 92 or the rules of
evidence.

(b) Of a violation by the licensee or, if a corporation,
by any officers thereof, of any laws of this state or any state
or territory of the United States.

(c) Of maintaining a nuisance on the licensed premises.

(d) Of maintaining licensed premises that are unsanitary
or are not approved as sanitary by the Division of Hotels and
Restaurants of the Department of Business and Professional
Regulation, the Department of Agriculture and Consumer Services,
the county board of health, or the Department of Health,
whichever has jurisdiction thereof.

(e) Of a violation by the licensee, or, if a corporation,
by any officer or stockholder thereof, of any rule or rules
promulgated by the division in accordance with the provisions of
this chapter or of any law referred to in paragraph (a), or a
violation of any such rule or law by any agent, servant, or
employee of the licensee on the licensed premises or in the
scope of such employment.

(f) Of a determination that a person who is interested directly or indirectly in the license or licensed business authorized to sell spirituous beverages is not qualified.

(g) Of a determination that any person required to be qualified by the division as a condition for the issuance of the license is not qualified.

(h) Of a failure by the holder of any license under s. 561.20(1) to maintain the licensed premises in an active manner in which the licensed premises are open for the bona fide sale of authorized alcoholic beverages during regular business hours of at least 6 hours a day for a period of 120 days or more during any 12-month period commencing 18 months after the acquisition of the license by the licensee, regardless of the date the license was originally issued. Every licensee must notify the division in writing of any period during which his or her license is inactive and place the physical license with the division to be held in an inactive status. The division may waive or extend the requirement of this section upon the finding of hardship, including the purchase of the license in order to transfer it to a newly constructed or remodeled location. However, during such closed period, the licensee shall make reasonable efforts toward restoring the license to active status. This paragraph shall apply to all annual license periods commencing on or after July 1, 1981, but shall not apply to licenses issued after September 30, 1988.
(i) Of a failure of any licensee issued a new or transfer license after September 30, 1988, under s. 561.20(1) to maintain the licensed premises in an active manner in which the licensed premises are open for business to the public for the bona fide retail sale of authorized alcoholic beverages during regular and reasonable business hours for at least 8 hours a day for a period of 210 days or more during any 12-month period commencing 6 months after the acquisition of the license by the licensee.

It is the intent of this act that for purposes of compliance with this paragraph, a licensee shall operate the licensed premises in a manner so as to maximize sales and tax revenues thereon; this includes maintaining a reasonable inventory of merchandise, including authorized alcoholic beverages, and the use of good business practices to achieve the intent of this law. Any attempt by a licensee to circumvent the intent of this law shall be grounds for revocation or suspension of the alcoholic beverage license. The division may, upon written request of the licensee, give a written waiver of this requirement for a period not to exceed 12 months in cases where the licensee demonstrates that the licensed premises has been physically destroyed through no fault of the licensee, when the licensee has suffered an incapacitating illness or injury which is likely to be prolonged, or when the licensed premises has been prohibited from making sales as a result of any action of any court of competent jurisdiction. Any waiver given pursuant to this subsection may be continued upon subsequent written
request showing that substantial progress has been made toward
restoring the licensed premises to a condition suitable for the
resumption of sales or toward allowing for a court having
jurisdiction over the premises to release said jurisdiction, or
that an incapacitating illness or injury continues to exist.
However, in no event may the waivers necessitated by any one
occurrence cumulatively total more than 24 months. Every
licensee shall notify the division in writing of any period
during which his or her license is inactive and place the
physical license with the division to be held in an inactive
status.

(j) Of a failure of any licensee issued a license under s.
561.20(1) to maintain records of all monthly sales and all
monthly purchases of alcoholic beverages and to produce such
records for inspection by any division employee within 10 days
of written request therefor.

(k) Of a failure by the holder of any license issued under
the Beverage Law to comply with a stipulation, consent order, or
final order.

(l) That, if in a public hearing by a preponderance of the
evidence, the division finds that a person has been convicted of
a violation of chapter 499 which involved the sale or the offer
to sell, in the normal course of business, a misbranded, an
adulterated, or a contraband drug in an establishment that has
been issued a license under the Beverage Law under this chapter
and the holder of the license knew or should have known of the
offense occurring within the establishment, the division:

1. Shall suspend the Beverage Law license for the establishment for 1 year; and

2. May not issue another Beverage Law license under this chapter for 1 year from the date of suspension to a person that:
   a. Applies for or that made a retail transaction under the suspended Beverage Law license pursuant to subparagraph 1.; or
   b. Owned or co-owned, directly or indirectly, or was an officer, a director, a manager, or a partner of the establishment that had the license suspended pursuant to subparagraph 1.

(4) Except for a violation of paragraph (1)(l), the division may compromise any alleged violations of the Beverage Law, by accepting from the licensee involved an amount not to exceed $1,000 for violations arising out of a single transaction. All funds so collected are to be deposited in the state General Revenue Fund.

(5) Except for a violation of paragraph (1)(l), the division may suspend the imposition of any penalty conditioned upon terms the division should in its discretion deem appropriate.

Section 2. Subsection (5) is added to section 569.003, Florida Statutes, to read:

569.003 Retail tobacco products dealer permits; application; qualifications; fees; renewal; duplicates.—

(5) If the division finds in a public hearing by a
preponderance of the evidence that a person has been convicted of a violation of chapter 499 which involved the sale or the offer to sell, in the normal course of business, a misbranded, an adulterated, or a contraband drug in an establishment that has been issued a license under the Beverage Law under this chapter and the holder of the license knew or should have known of the offense occurring within the establishment, the division:

(a) Shall suspend the Beverage Law license for the establishment for 1 year; and

(b) May not issue another Beverage Law license under this chapter for 1 year from the date of suspension to a person that:
    1. Applies for or that made a retail transaction under the suspended Beverage Law license pursuant to paragraph (a); or
    2. Owned or co-owned, directly or indirectly, or was an officer, a director, a manager, or a partner of the establishment that had the license suspended pursuant to paragraph (a).

Section 3. Subsections (2), (11), and (16) of section 893.02, Florida Statutes, are amended, new subsections (17) and (20) are added to that section, present subsections (17), (18), (19), (20), (21), (22), and (23) of that section are redesignated as subsections (18), (19), (21), (22), (23), (24), and (25), respectively, and subsections (4) and (14) are republished, to read:

893.02 Definitions.—The following words and phrases as used in this chapter shall have the following meanings, unless
the context otherwise requires:

(2) "Cannabinoid receptor agonist" means a chemical compound or substance that, according to scientific or medical research, study, testing, or analysis demonstrates the presence of binding activity at one or more of the CB1 or CB2 cell membrane receptors located within the human body. "Analog" or "chemical analog" means a structural derivative of a parent compound that is a controlled substance.

(4) "Controlled substance" means any substance named or described in Schedules I-V of s. 893.03. Laws controlling the manufacture, distribution, preparation, dispensing, or administration of such substances are drug abuse laws.

(11) "Homologue" means a chemical compound in a series in which each compound differs by one or more repeating hydrocarbon functional group units at any single point within the compound alkyl functional groups on an alkyl side chain.

(14) "Listed chemical" means any precursor chemical or essential chemical named or described in s. 893.033.

(16) "Mixture" means any physical combination of two or more substances, including, but not limited to, a blend, an aggregation, a suspension, an emulsion, a solution, or a dosage unit, whether or not such combination can be separated into its components by physical means, whether mechanical or thermal.

(17) "Nitrogen-heterocyclic analog" means an analog of a controlled substance which has a single carbon atom in a cyclic structure of a compound replaced by a nitrogen atom.
(20) "Positional isomer" means any substance that possesses the same molecular formula and core structure and that has the same functional group or substituent as those found in the respective controlled substance, attached at any positions on the core structure, but in such manner that no new chemical functionalities are created and no existing chemical functionalities are destroyed relative to the respective controlled substance. Rearrangements of alkyl moieties within or between functional groups or substituents, or divisions or combinations of alkyl moieties, which do not create new chemical functionalities or destroy existing chemical functionalities, are allowed and include resulting compounds that are positional isomers. As used in this definition, the term "core structure" means the parent molecule that is the common basis for the class that includes, but is not limited to, tryptamine, phenethylamine, or ergoline. Examples of rearrangements resulting in creation or destruction of chemical functionalities, and therefore resulting in compounds that are not positional isomers, include, but are not limited to, ethoxy to alpha-hydroxyethyl, hydroxy and methyl to methoxy, or the repositioning of a phenolic or alcoholic hydroxy group to create a hydroxyamine. Examples of rearrangements resulting in compounds that would be positional isomers, include, but are not limited to, tert-butyl to sec-butyl, methoxy and ethyl to isopropoxy, N,N-diethyl to N-methyl-N-propyl, or alpha-methylamino to N-methylamino.
Section 4. Section 893.03, Florida Statutes, is amended to read:

The controlled substances listed or to be listed in Schedules I, II, III, IV, and V are included by whatever official, common, usual, chemical, or trade name, or class designated. The provisions of this section shall not be construed to include within any of the schedules contained in this section any excluded drugs listed within the purview of 21 C.F.R. s. 1308.22, styled "Excluded Substances"; 21 C.F.R. s. 1308.24, styled "Exempt Chemical Preparations"; 21 C.F.R. s. 1308.32, styled "Exempted Prescription Products"; or 21 C.F.R. s. 1308.34, styled "Exempt Anabolic Steroid Products."

190. Synthetic Cannabinoids.—Unless specifically excepted or unless listed in another schedule or contained within a pharmaceutical product approved by the United States Food and Drug Administration, any material, compound, mixture, or preparation that contains any quantity of a synthetic cannabinoid found to be in any of the following chemical class descriptions, or homologues, nitrogen-heterocyclic analogs, isomers (including optical, positional, or geometric), esters, ethers, salts, and salts of homologues, nitrogen-heterocyclic analogs, isomers, esters, or ethers, whenever the existence of such homologues, nitrogen-heterocyclic analogs, isomers, esters, ethers, salts, and salts of isomers, esters, or ethers is possible within the specific chemical class or designation. Since nomenclature of these synthetically produced cannabinoids is not internationally standardized and may continually evolve, these structures or the compounds of these structures shall be included under this subparagraph, regardless of their specific numerical designation of atomic positions covered, if it can be determined through a recognized method of scientific testing or analysis that the substance contains properties that fit within one or more of the following categories:

893.0356 Control of new substances; findings of fact;
"controlled substance analog" defined.—
(2)(a) As used in this section, "controlled substance analog" means a substance which, due to its chemical structure and potential for abuse, meets the following criteria:
1. Is substantially similar to that of a controlled substance listed in Schedule I or Schedule II of s. 893.03; and

2. Has a stimulant, depressant, or hallucinogenic effect on the central nervous system or is represented or intended to have a stimulant, depressant, or hallucinogenic effect on the central nervous system substantially similar to or greater than that of a controlled substance listed in Schedule I or Schedule II of s. 893.03.

(3) As used in this section, the term "substantially similar," as the term applies to the chemical structure of a substance, means that the chemical structure of the substance compared to the structure of a controlled substance has a single difference in the structural formula that substitutes one atom or functional group for another, including, but not limited to, one halogen for another halogen, one hydrogen for a halogen or vice versa, an alkyl group added or deleted as a side chain to or from a molecule, or an alkyl group added or deleted from a side chain of a molecule. "Potential for abuse" in this section means that a substance has properties as a central nervous system stimulant or depressant or a hallucinogen that create a substantial likelihood of its being:

(a) Used in amounts that create a hazard to the user's health or the safety of the community;

(b) Diverted from legal channels and distributed through illegal channels; or

(c) Taken on the user's own initiative rather than on the
Proof of potential for abuse can be based upon a showing that these activities are already taking place, or upon a showing that the nature and properties of the substance make it reasonable to assume that there is a substantial likelihood that such activities will take place, in other than isolated or occasional instances.

(4) The following factors shall be relevant to a finding that a substance is a controlled substance analog within the purview of this section:

(j) Comparisons to the accepted methods of marketing, distribution, and sales of the substance and that which the substance is purported to be, including, but not limited to:

1. The difference in price at which the substance is sold and the price at which the substance it is purported to be or advertised as is normally sold;

2. The difference in how the substance is imported, manufactured, or distributed compared to how the substance it is purported to be or advertised as is normally imported, manufactured, or distributed;

3. The difference in the appearance of the substance in overall finished dosage form compared to the substance it is purported to be or advertised as normally appears in overall finished dosage form; and

4. The difference in how the substance is labeled for
sale, packaged for sale, or the method of sale, including, but not limited to, the placement of the substance in an area commonly viewable to the public for purchase consideration compared to how the substance it is purported to be or advertised as is normally labeled for sale, packaged for sale, or sold to the public.

(5) A controlled substance analog shall, for purposes of drug abuse prevention and control, be treated as the highest scheduled controlled substance of which it is a controlled substance analog to in Schedule I of s. 893.03.

Section 7. Subsections (1), (4), and (6), and paragraph (d) of subsection (8) of section 893.13, Florida Statutes, are amended, and subsection (2), paragraphs (a) and (b) of subsection (5), and paragraph (a) of subsection (7) of that section are republished, to read:

Section 13. For the purpose of incorporating the amendment made by this act to section 893.03, Florida Statutes, in references thereto, paragraphs (a) and (g) of subsection (30) of section 39.01, Florida Statutes, are reenacted to read:

39.01 Definitions.—When used in this chapter, unless the context otherwise requires:

(30) "Harm" to a child's health or welfare can occur when any person:

(a) Inflicts or allows to be inflicted upon the child physical, mental, or emotional injury. In determining whether harm has occurred, the following factors must be considered in evaluating any physical, mental, or emotional injury to a child:

the age of the child; any prior history of injuries to the child; the location of the injury on the body of the child; the multiplicity of the injury; and the type of trauma inflicted.

Such injury includes, but is not limited to:

1. Willful acts that produce the following specific injuries:
a. Sprains, dislocations, or cartilage damage.
b. Bone or skull fractures.
c. Brain or spinal cord damage.
d. Intracranial hemorrhage or injury to other internal organs.
e. Asphyxiation, suffocation, or drowning.
f. Injury resulting from the use of a deadly weapon.
g. Burns or scalding.
h. Cuts, lacerations, punctures, or bites.
i. Permanent or temporary disfigurement.
j. Permanent or temporary loss or impairment of a body part or function.

As used in this subparagraph, the term "willful" refers to the intent to perform an action, not to the intent to achieve a result or to cause an injury.

2. Purposely giving a child poison, alcohol, drugs, or other substances that substantially affect the child's behavior, motor coordination, or judgment or that result in sickness or internal injury. For the purposes of this subparagraph, the term "drugs" means prescription drugs not prescribed for the child or not administered as prescribed, and controlled substances as outlined in Schedule I or Schedule II of s. 893.03.

3. Leaving a child without adult supervision or arrangement appropriate for the child's age or mental or physical condition, so that the child is unable to care for the
child's own needs or another's basic needs or is unable to exercise good judgment in responding to any kind of physical or emotional crisis.

4. Inappropriate or excessively harsh disciplinary action that is likely to result in physical injury, mental injury as defined in this section, or emotional injury. The significance of any injury must be evaluated in light of the following factors: the age of the child; any prior history of injuries to the child; the location of the injury on the body of the child; the multiplicity of the injury; and the type of trauma inflicted. Corporal discipline may be considered excessive or abusive when it results in any of the following or other similar injuries:

a. Sprains, dislocations, or cartilage damage.
b. Bone or skull fractures.
c. Brain or spinal cord damage.
d. Intracranial hemorrhage or injury to other internal organs.
e. Asphyxiation, suffocation, or drowning.
f. Injury resulting from the use of a deadly weapon.
g. Burns or scalding.
h. Cuts, lacerations, punctures, or bites.
i. Permanent or temporary disfigurement.
j. Permanent or temporary loss or impairment of a body part or function.
k. Significant bruises or welts.
(g) Exposes a child to a controlled substance or alcohol.

Exposure to a controlled substance or alcohol is established by:

1. A test, administered at birth, which indicated that the child's blood, urine, or meconium contained any amount of alcohol or a controlled substance or metabolites of such substances, the presence of which was not the result of medical treatment administered to the mother or the newborn infant; or

2. Evidence of extensive, abusive, and chronic use of a controlled substance or alcohol by a parent when the child is demonstrably adversely affected by such usage.

As used in this paragraph, the term "controlled substance" means prescription drugs not prescribed for the parent or not administered as prescribed and controlled substances as outlined in Schedule I or Schedule II of s. 893.03.

Section 14. For the purpose of incorporating the amendment made by this act to section 893.03, Florida Statutes, in a reference thereto, subsection (5) of section 316.193, Florida Statutes, is reenacted to read:

316.193 Driving under the influence; penalties.—

(5) The court shall place all offenders convicted of violating this section on monthly reporting probation and shall require completion of a substance abuse course conducted by a DUI program licensed by the department under s. 322.292, which must include a psychosocial evaluation of the offender. If the DUI program refers the offender to an authorized substance abuse
treatment provider for substance abuse treatment, in addition to any sentence or fine imposed under this section, completion of all such education, evaluation, and treatment is a condition of reporting probation. The offender shall assume reasonable costs for such education, evaluation, and treatment. The referral to treatment resulting from a psychosocial evaluation shall not be waived without a supporting independent psychosocial evaluation conducted by an authorized substance abuse treatment provider appointed by the court, which shall have access to the DUI program's psychosocial evaluation before the independent psychosocial evaluation is conducted. The court shall review the results and recommendations of both evaluations before determining the request for waiver. The offender shall bear the full cost of this procedure. The term "substance abuse" means the abuse of alcohol or any substance named or described in Schedules I through V of s. 893.03. If an offender referred to treatment under this subsection fails to report for or complete such treatment or fails to complete the DUI program substance abuse education course and evaluation, the DUI program shall notify the court and the department of the failure. Upon receipt of the notice, the department shall cancel the offender's driving privilege, notwithstanding the terms of the court order or any suspension or revocation of the driving privilege. The department may temporarily reinstate the driving privilege on a restricted basis upon verification from the DUI program that the offender is currently participating in treatment and the DUI program.
education course and evaluation requirement has been completed. If the DUI program notifies the department of the second failure to complete treatment, the department shall reinstate the driving privilege only after notice of completion of treatment from the DUI program. The organization that conducts the substance abuse education and evaluation may not provide required substance abuse treatment unless a waiver has been granted to that organization by the department. A waiver may be granted only if the department determines, in accordance with its rules, that the service provider that conducts the substance abuse education and evaluation is the most appropriate service provider and is licensed under chapter 397 or is exempt from such licensure. A statistical referral report shall be submitted quarterly to the department by each organization authorized to provide services under this section.

licensed by the department. The driver shall assume the reasonable costs for the substance abuse course. As part of the substance abuse course, the program shall conduct a substance abuse evaluation of the driver, and notify the parents or legal guardians of drivers under the age of 19 years of the results of the evaluation. The term "substance abuse" means the abuse of alcohol or any substance named or described in Schedules I through V of s. 893.03. If a driver fails to complete the substance abuse education course and evaluation, the driver license shall not be reinstated by the department.

The offender shall assume reasonable costs for such education, evaluation, and treatment, with completion of all such education, evaluation, and treatment being a condition of
reporting probation. Treatment resulting from a psychosocial evaluation may not be waived without a supporting psychosocial evaluation conducted by an agency appointed by the court and with access to the original evaluation. The offender shall bear the cost of this procedure. The term "substance abuse" means the abuse of alcohol or any substance named or described in Schedules I-V of s. 893.03.
