76 Section 1. Subsections (2), (11), and (16) of section
77 893.02, Florida Statutes, are amended, new subsections (17) and
78 (20) are added to that section, present subsections (17), (18),
79
(19), (20), (21), (22), and (23) of that section are redesignated as subsections (18), (19), (21), (22), (23), (24), and (25), respectively, and subsections (4) and (14) are republished, to read:

893.02 Definitions.—The following words and phrases as used in this chapter shall have the following meanings, unless the context otherwise requires:

(2) "Cannabinoid receptor agonist" means a chemical compound or substance that, according to scientific or medical research, study, testing, or analysis demonstrates the presence of binding activity at one or more of the CB1 or CB2 cell membrane receptors located within the human body. "Analog" or "chemical analog" means a structural derivative of a parent compound that is a controlled substance.

(4) "Controlled substance" means any substance named or described in Schedules I-V of s. 893.03. Laws controlling the manufacture, distribution, preparation, dispensing, or administration of such substances are drug abuse laws.

(11) "Homologue" means a chemical compound in a series in which each compound differs by one or more repeating hydrocarbon functional group units at any single point within the compound alkyl functional groups on an alkyl side chain.

(14) "Listed chemical" means any precursor chemical or essential chemical named or described in s. 893.033.

(16) "Mixture" means any physical combination of two or more substances, including, but not limited to, a blend, an
aggregation, a suspension, an emulsion, a solution, or a dosage
unit, whether or not such combination can be separated into its
components by physical means, whether mechanical or thermal.

(17) "Nitrogen-heterocyclic analog" means an analog of a
controlled substance which has a single carbon atom in a cyclic
structure of a compound replaced by a nitrogen atom.

(20) "Positional isomer" means any substance that
possesses the same molecular formula and core structure and that
has the same functional group or substituent as those found in
the respective controlled substance, attached at any positions
on the core structure, but in such manner that no new chemical
functionalities are created and no existing chemical
functionalities are destroyed relative to the respective
controlled substance. Rearrangements of alkyl moieties within or
between functional groups or substituents, or divisions or
combinations of alkyl moieties, which do not create new chemical
functionalities or destroy existing chemical functionalities,
are allowed and include resulting compounds that are positional
isomers. As used in this definition, the term "core structure"
means the parent molecule that is the common basis for the class
that includes, but is not limited to, tryptamine,
phenethylamine, or ergoline. Examples of rearrangements
resulting in creation or destruction of chemical
functionalities, and therefore resulting in compounds that are
not positional isomers, include, but are not limited to, ethoxy
to alpha-hydroxyethyl, hydroxy and methyl to methoxy, or the
repositioning of a phenolic or alcoholic hydroxy group to create 
a hydroxyamine. Examples of rearrangements resulting in 
compounds that would be positional isomers, include, but are not 
limited to, tert-butyl to sec-butyl, methoxy and ethyl to 
isopropoxy, N,N-diethyl to N-methyl-N-propyl, or alpha- 
methylamino to N-methylamino.

Section 2. Section 893.03, Florida Statutes, is amended to 
read:

893.03 Standards and schedules.—The substances enumerated 
in this section are controlled by this chapter. The controlled 
substances listed or to be listed in Schedules I, II, III, IV,

chemical, or trade name, or class designated. The provisions of 
this section shall not be construed to include within any of the 
schedules contained in this section any excluded drugs listed 
within the purview of 21 C.F.R. s. 1308.22, styled "Excluded 
Substances"; 21 C.F.R. s. 1308.24, styled "Exempt Chemical

Prescription Products"; or 21 C.F.R. s. 1308.34, styled "Exempt 
Anabolic Steroid Products."

   descriptions, or homologues, nitrogen-heterocyclic analogs,
   isomers (including optical, positional, or geometric), esters,
   ethers, salts, and salts of homologues, nitrogen-heterocyclic

Section 4. Subsections (3) and (5) of section 893.0356, Florida Statutes, are amended, paragraph (j) is added to
subsection (4) of that section, and paragraph (a) of subsection (2) of that section is republished, to read:

893.0356 Control of new substances; findings of fact;
"controlled substance analog" defined.—
(2)(a) As used in this section, "controlled substance analog" means a substance which, due to its chemical structure and potential for abuse, meets the following criteria:

1. Is substantially similar to that of a controlled substance listed in Schedule I or Schedule II of s. 893.03; and

2. Has a stimulant, depressant, or hallucinogenic effect on the central nervous system or is represented or intended to have a stimulant, depressant, or hallucinogenic effect on the central nervous system substantially similar to or greater than that of a controlled substance listed in Schedule I or Schedule II of s. 893.03.

(3) As used in this section, the term "substantially similar," as the term applies to the chemical structure of a substance, means that the chemical structure of the substance compared to the structure of a controlled substance has a single difference in the structural formula that substitutes one atom or functional group for another, including, but not limited to, one halogen for another halogen, one hydrogen for a halogen or vice versa, an alkyl group added or deleted as a side chain to or from a molecule, or an alkyl group added or deleted from a side chain of a molecule. "potential for abuse" in this section means that a substance has properties as a central nervous
system stimulant or depressant or a hallucinogen that create a
substantial likelihood of its being:

(a) Used in amounts that create a hazard to the user's
health or the safety of the community;

(b) Diverted from legal channels and distributed through
illegal channels; or

(c) Taken on the user's own initiative rather than on the
basis of professional medical advice.

Proof of potential for abuse can be based upon a showing that
these activities are already taking place, or upon a showing
that the nature and properties of the substance make it
reasonable to assume that there is a substantial likelihood that
such activities will take place, in other than isolated or
occasional instances.

(4) The following factors shall be relevant to a finding
that a substance is a controlled substance analog within the
purview of this section:

(j) Comparisons to the accepted methods of marketing,
distribution, and sales of the substance and that which the
substance is purported to be, including, but not limited to:

1. The difference in price at which the substance is sold
and the price at which the substance it is purported to be or
advertised as is normally sold;

2. The difference in how the substance is imported,
manufactured, or distributed compared to how the substance it is
purported to be or advertised as is normally imported, manufactured, or distributed;

3. The difference in the appearance of the substance in overall finished dosage form compared to the substance it is purported to be or advertised as normally appears in overall finished dosage form; and

4. The difference in how the substance is labeled for sale, packaged for sale, or the method of sale, including, but not limited to, the placement of the substance in an area commonly viewable to the public for purchase consideration compared to how the substance it is purported to be or advertised as is normally labeled for sale, packaged for sale, or sold to the public.

(5) A controlled substance analog shall, for purposes of drug abuse prevention and control, be treated as the highest scheduled a controlled substance of which it is a controlled substance analog to in Schedule I of s. 893.03.

Section 5. Subsections (1), (4), and (6), and paragraph (d) of subsection (8) of section 893.13, Florida Statutes, are amended, and subsection (2), paragraphs (a) and (b) of subsection (5), and paragraph (a) of subsection (7) of that section are republished, to read:

Section 11. For the purpose of incorporating the amendment made by this act to section 893.03, Florida Statutes, in references thereto, paragraphs (a) and (g) of subsection (30) of section 39.01, Florida Statutes, are reenacted to read:

39.01 Definitions.—When used in this chapter, unless the context otherwise requires:

(30) "Harm" to a child's health or welfare can occur when any person:

(a) Inflicts or allows to be inflicted upon the child physical, mental, or emotional injury. In determining whether
harm has occurred, the following factors must be considered in
evaluating any physical, mental, or emotional injury to a child:
the age of the child; any prior history of injuries to the
child; the location of the injury on the body of the child; the
multiplicity of the injury; and the type of trauma inflicted.
Such injury includes, but is not limited to:

1. Willful acts that produce the following specific
injuries:
   a. Sprains, dislocations, or cartilage damage.
   b. Bone or skull fractures.
   c. Brain or spinal cord damage.
   d. Intracranial hemorrhage or injury to other internal
      organs.
   e. Asphyxiation, suffocation, or drowning.
   f. Injury resulting from the use of a deadly weapon.
   g. Burns or scalding.
   h. Cuts, lacerations, punctures, or bites.
   i. Permanent or temporary disfigurement.
   j. Permanent or temporary loss or impairment of a body
      part or function.

As used in this subparagraph, the term "willful" refers to the
intent to perform an action, not to the intent to achieve a
result or to cause an injury.

2. Purposely giving a child poison, alcohol, drugs, or
other substances that substantially affect the child's behavior,
motor coordination, or judgment or that result in sickness or
internal injury. For the purposes of this subparagraph, the term
"drugs" means prescription drugs not prescribed for the child or
not administered as prescribed, and controlled substances as
outlined in Schedule I or Schedule II of s. 893.03.

3. Leaving a child without adult supervision or
arrangement appropriate for the child's age or mental or
physical condition, so that the child is unable to care for the
child's own needs or another's basic needs or is unable to
exercise good judgment in responding to any kind of physical or
emotional crisis.

4. Inappropriate or excessively harsh disciplinary action
that is likely to result in physical injury, mental injury as
defined in this section, or emotional injury. The significance
of any injury must be evaluated in light of the following
factors: the age of the child; any prior history of injuries to
the child; the location of the injury on the body of the child;
the multiplicity of the injury; and the type of trauma
inflicted. Corporal discipline may be considered excessive or
abusive when it results in any of the following or other similar
injuries:
   a. Sprains, dislocations, or cartilage damage.
   b. Bone or skull fractures.
   c. Brain or spinal cord damage.
   d. Intracranial hemorrhage or injury to other internal
   organs.
e. Asphyxiation, suffocation, or drowning.

f. Injury resulting from the use of a deadly weapon.

g. Burns or scalding.

h. Cuts, lacerations, punctures, or bites.

i. Permanent or temporary disfigurement.

j. Permanent or temporary loss or impairment of a body part or function.

k. Significant bruises or welts.

(g) Exposes a child to a controlled substance or alcohol.

Exposure to a controlled substance or alcohol is established by:

1. A test, administered at birth, which indicated that the child's blood, urine, or meconium contained any amount of alcohol or a controlled substance or metabolites of such substances, the presence of which was not the result of medical treatment administered to the mother or the newborn infant; or

2. Evidence of extensive, abusive, and chronic use of a controlled substance or alcohol by a parent when the child is demonstrably adversely affected by such usage.

As used in this paragraph, the term "controlled substance" means prescription drugs not prescribed for the parent or not administered as prescribed and controlled substances as outlined in Schedule I or Schedule II of s. 893.03.
Statutes, is reenacted to read:

316.193 Driving under the influence; penalties.—

(5) The court shall place all offenders convicted of violating this section on monthly reporting probation and shall require completion of a substance abuse course conducted by a DUI program licensed by the department under s. 322.292, which must include a psychosocial evaluation of the offender. If the DUI program refers the offender to an authorized substance abuse treatment provider for substance abuse treatment, in addition to any sentence or fine imposed under this section, completion of all such education, evaluation, and treatment is a condition of reporting probation. The offender shall assume reasonable costs for such education, evaluation, and treatment. The referral to treatment resulting from a psychosocial evaluation shall not be waived without a supporting independent psychosocial evaluation conducted by an authorized substance abuse treatment provider appointed by the court, which shall have access to the DUI program's psychosocial evaluation before the independent psychosocial evaluation is conducted. The court shall review the results and recommendations of both evaluations before determining the request for waiver. The offender shall bear the full cost of this procedure. The term "substance abuse" means the abuse of alcohol or any substance named or described in Schedules I through V of s. 893.03. If an offender referred to treatment under this subsection fails to report for or complete such treatment or fails to complete the DUI program substance
abuse education course and evaluation, the DUI program shall notify the court and the department of the failure. Upon receipt of the notice, the department shall cancel the offender's driving privilege, notwithstanding the terms of the court order or any suspension or revocation of the driving privilege. The department may temporarily reinstate the driving privilege on a restricted basis upon verification from the DUI program that the offender is currently participating in treatment and the DUI education course and evaluation requirement has been completed. If the DUI program notifies the department of the second failure to complete treatment, the department shall reinstate the driving privilege only after notice of completion of treatment from the DUI program. The organization that conducts the substance abuse education and evaluation may not provide required substance abuse treatment unless a waiver has been granted to that organization by the department. A waiver may be granted only if the department determines, in accordance with its rules, that the service provider that conducts the substance abuse education and evaluation is the most appropriate service provider and is licensed under chapter 397 or is exempt from such licensure. A statistical referral report shall be submitted quarterly to the department by each organization authorized to provide services under this section.

Section 13. For the purpose of incorporating the amendment made by this act to section 893.03, Florida Statutes, in a reference thereto, paragraph (c) of subsection (2) of section...

(c) When a driver subject to this section has a blood-alcohol or breath-alcohol level of 0.05 or higher, the suspension shall remain in effect until such time as the driver has completed a substance abuse course offered by a DUI program licensed by the department. The driver shall assume the reasonable costs for the substance abuse course. As part of the substance abuse course, the program shall conduct a substance abuse evaluation of the driver, and notify the parents or legal guardians of drivers under the age of 19 years of the results of the evaluation. The term "substance abuse" means the abuse of alcohol or any substance named or described in Schedules I through V of s. 893.03. If a driver fails to complete the substance abuse education course and evaluation, the driver license shall not be reinstated by the department.

(5) In addition to any sentence or fine, the court shall place any offender convicted of violating this section on
monthly reporting probation and shall require attendance at a
substance abuse course specified by the court; and the agency
counting the course may refer the offender to an authorized
service provider for substance abuse evaluation and treatment,
in addition to any sentence or fine imposed under this section.
The offender shall assume reasonable costs for such education,
evaluation, and treatment, with completion of all such
education, evaluation, and treatment being a condition of
reporting probation. Treatment resulting from a psychosocial
evaluation may not be waived without a supporting psychosocial
evaluation conducted by an agency appointed by the court and
with access to the original evaluation. The offender shall bear
the cost of this procedure. The term "substance abuse" means the
abuse of alcohol or any substance named or described in
Schedules I-V of s. 893.03.
