**I. Summary:**

Florida's Workers' Compensation law requires that the provider reimbursement manuals setting maximum reimbursement rates for medical services must be updated every 3 years. Due to the Legislature's not ratifying the most recent 2011 manual, the current manual dates from 2008. Since the 2015 Legislature adjourned, the Department of Financial Services has adopted amendments to the rule incorporating by reference the Florida Workers' Compensation Health Care Provider Reimbursement Manual, 2015 Edition (2015 Manual). The 2015 Manual sets out the policies, guidelines, codes, and maximum reimbursement allowances for services and supplies furnished by health care providers under the Workers' Compensation statutes. The Manual also states the reimbursement policies and payment methodologies for pharmacists and medical suppliers pertaining to Workers' Compensation.

The Statement of Estimated Regulatory Costs showed Rule 69L-7.020, F.A.C., *Florida Workers' Compensation Health Care Provider Reimbursement Manual, 2015 Edition*, would have a specific, adverse economic effect, or would increase regulatory costs, exceeding \$1 million over the first 5 years the rule was in effect. Accordingly, the Rule must be ratified by the Legislature before it may go into effect.

The Rule was adopted on July 16, 2015, and submitted for ratification on November 3, 2015. The bill authorizes the Rule to go into effect. The scope of the bill is limited to this rulemaking condition and does not adopt the substance of any rule into the statutes. The bill is effective upon becoming law.

**II. Present Situation:**

<sup>1</sup> Chapter 440, F.S.

Workers' Compensation, (DFS) provides regulatory oversight of Florida's workers' compensation system. The law provides for reimbursement formulas and methodologies to compensate providers of health services to compensation claimants, subject to maximum reimbursement allowances (MRAs).<sup>2</sup> DFS incorporates the uniform schedules' MRAs by rule in reimbursement manuals.<sup>3</sup>

Currently, the reimbursement schedules for individual licensed providers are contained in the Florida Workers' Compensation Health Care Provider Reimbursement Manual (Manual), 2008 Edition. On January 22, 2015, the Three-Member Panel approved a revised uniform schedule of MRAs for physicians and other recognized practitioners. DFS initiated rulemaking to update the Manual and on July 16, 2015, adopted the amended version of Rule 69L-7.020, F.A.C., incorporating by reference the 2015 Edition of the Manual and updating incorporating references to other materials used for provider reimbursement together with the Manual. According to the Statement of Estimated Regulatory Costs (SERC), the revisions to MRAs in the updated Manual will result in increased costs to the overall compensation system of \$61 million over the next 5 years.<sup>4</sup>

### **Rulemaking Authority and Legislative Ratification**

A rule is an agency statement of general applicability that interprets, implements, or prescribes law or policy, including the procedure and practice requirements of an agency as well as certain types of forms.<sup>5</sup> Rulemaking authority is delegated by the Legislature<sup>6</sup> through statute and authorizes an agency to "adopt, develop, establish, or otherwise create"<sup>7</sup> a rule. Agencies do not have discretion whether to engage in rulemaking.<sup>8</sup> To adopt a rule an agency must have a general grant of authority to implement a specific law by rulemaking.<sup>9</sup> The grant of rulemaking authority itself need not be detailed.<sup>10</sup> The specific statute being interpreted or implemented through rulemaking must provide specific standards and guidelines to preclude the administrative agency from exercising unbridled discretion in creating policy or applying the law.<sup>11</sup>

An agency begins the formal rulemaking process by filing a notice of the proposed rule.<sup>12</sup> The notice is published by the Department of State in the Florida Administrative Weekly<sup>13</sup> and must provide certain information, including the text of the proposed rule, a summary of the agency's

<sup>2</sup> Section 440.13(12), F.S. The law creates the Three-Member Panel (CFO or CFO designee and two Governor appointees subject to Senate confirmation) that sets all MRAs.

<sup>3</sup> Section 440.13(12), (14)(b), F.S. Chapter 69L-7, F.A.C. Currently there are three such manuals: the Florida Workers' Compensation Health Care Provider Reimbursement Manual (Rule 69L-7.020, F.A.C.), Florida Workers' Compensation Reimbursement Manual for Ambulatory Surgical Centers (Rule 69L-7.100, F.A.C.), and Florida Workers' Compensation Reimbursement Manual for Hospitals (Rule 69L-7.501, F.A.C.). Each manual is adopted by reference in the indicated rule.

statement of estimated regulatory costs (SERC) if one is prepared, and how a party may request a public hearing on the proposed rule. The SERC must include an economic analysis projecting a proposed rule's adverse effect on specified aspects of the state's economy or increase in regulatory costs.<sup>14</sup>

The economic analysis mandated for each SERC must analyze a rule's potential impact over the 5 year period from when the rule goes into effect. First is the rule's likely adverse impact on economic growth, private-sector job creation or employment, or private-sector investment.<sup>15</sup> Next is the likely adverse impact on business competitiveness,<sup>16</sup> productivity, or innovation.<sup>17</sup> Finally, the analysis must discuss whether the rule is likely to increase regulatory costs, including any transactional costs.<sup>18</sup> If the analysis shows the projected impact of the proposed rule in any one of these areas will exceed \$1 million in the aggregate for the 5 year period, the rule cannot go into effect until ratified by the Legislature pursuant to s. 120.541(3), F.S.

Present law distinguishes between a rule being "adopted" and becoming enforceable or "effective."<sup>19</sup> A rule must be filed for adoption before it may go into effect<sup>20</sup> and cannot be filed for adoption until completion of the rulemaking process.<sup>21</sup> A rule projected to have a specific economic impact exceeding \$1 million in the aggregate over 5 years<sup>22</sup> must be ratified by the Legislature before going into effect.<sup>23</sup> As a rule submitted under s. 120.541(3), F.S., becomes effective if ratified by the Legislature, a rule must be filed for adoption before being submitted for legislative ratification.

### **Impact of Rule**

The Rule incorporates by reference the 2015 Edition of the Manual, providing for reimbursement of health care providers under the increased MRAs approved by the Three-Member Panel.

### **III. Effect of Proposed Changes:**

The bill ratifies Rule 69L-7.020, F.A.C., allowing the rule to go into effect.

**Section 1** ratifies Rule 69L-7.020, F.A.C., solely to meet the condition for effectiveness imposed by s. 120.541(3), F.S. Expressly limits ratification to the effectiveness of the rules. Directs the act shall not be codified in the Florida Statutes but only noted in the historical comments to each rule by the Department of State.

**Section 2** provides the act goes into effect upon becoming law.

**IV. Constitutional Issues:****A. Municipality/County Mandates Restrictions:**

The legislation does not appear to require counties or municipalities to take any action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

**B. Public Records/Open Meetings Issues:**

None.

**C. Trust Funds Restrictions:**

None.

**V. Fiscal Impact Statement:****A. Tax/Fee Issues:**

None.

**B. Private Sector Impact:**

The bill itself does not directly impact the private sector. Private employers responsible for paying workers' compensation claims or obtaining workers' compensation insurance will incur increased costs due to the increase in maximum reimbursements for providers.

**C. Government Sector Impact:**

None.

**VI. Technical Deficiencies:**

None.

**VII. Related Issues:**

None.

**VIII. Statutes Affected:**

None.

**IX. Additional Information:**

- A. **Committee Substitute – Statement of Changes:**  
(Summarizing differences between the Committee Substitute and the prior version of the bill.)
