SENATOR AMENDMENT

Florida Senate - 2016 Bill No. CS for CS for SB 1686

| 1.0 |                                                                 |
|-----|-----------------------------------------------------------------|
| 12  | certification, may not be considered to be practicing medicine  |
| 13  | without a license.                                              |
| 14  | (2) As used in this section, the term "telehealth" means        |
| 15  | the use of synchronous or asynchronous telecommunications       |
| 16  | technology by a health care practitioner, a behavior analyst    |
| 17  | certified under s. 393.17, a person certified under part III of |
| 18  | of chapter 401, or a person certified under part IV or V of     |
| 19  | chapter 468 to provide medical or other health care             |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
|     |                                                                 |
