At the end of existing proviso language, following Specific Appropriation 86, INSERT:

From the funds in Specific Appropriation 86, \$1,000,000 from the General Revenue Fund is provided to the Early Learning Coalition of Manatee County for implementation of the Statewide Save the Children Pilot Program. This program provides evidence-based, cost effective home visiting for parents of children aged birth to five years living in underserved rural America to build strong foundations for parenting and school readiness to propel children toward a lifetime of learning. This is accomplished via the delivery of: (1) early childhood education services to pregnant women and children birth to five years of age, (2) education services to the children's parents, and (3) ongoing staff training to community early childhood educators. The families, children,

and early childhood educators are supported with a robust network of trained early childhood professionals and an instructional model that develops children's language, pre-literacy skills, and social/emotional competence as evidenced by regular observations and assessments.
