(1) AUTHORIZATION.—Charter schools shall be part of the state’s program of public education. All charter schools in Florida are public schools. A charter school may be formed by creating a new school or converting an existing public school to charter status. A charter school may operate a virtual charter school pursuant to s. 1002.45(1)(d) to provide full-time online instruction to eligible students, pursuant to s. 1002.455, in kindergarten through grade 12. An existing charter school that is seeking to become a virtual charter school must amend its charter or submit a new application pursuant to subsection (6) to become a virtual charter school. A virtual charter school is subject to the requirements of this section; however, a virtual charter school is exempt from subsections (18) and (19), subparagraphs (20)(a)2., 4., 5., and 7., paragraph (20)(c), and
s. 1003.03. A public school may not use the term charter in its name unless it has been approved under this section.

(2) GUIDING PRINCIPLES; PURPOSE.—
(a) Charter schools in Florida shall be guided by the following principles:

1. Meet high standards of student achievement while providing parents flexibility to choose among diverse educational opportunities within the state’s public school system.

2. Promote enhanced academic success and financial efficiency by aligning responsibility with accountability.

3. Provide parents with sufficient information on whether their child is reading at grade level and whether the child gains at least a year’s worth of learning for every year spent in the charter school. For a student who exhibits a substantial deficiency in reading, as determined by the charter school, the school shall notify the parent of the deficiency, the intensive interventions and supports used, and the student’s progress in accordance with s. 1008.25(5).

(6) APPLICATION PROCESS AND REVIEW.—Charter school applications are subject to the following requirements:

(a) A person or entity seeking to open a charter school shall prepare and submit an application on a model application form prepared by the Department of Education which:

1. Demonstrates how the school will use the guiding principles and meet the statutorily defined purpose of a charter school.

2. Provides a detailed curriculum plan that illustrates how students will be provided services to attain the Sunshine State
Standards.

3. Contains goals and objectives for improving student learning and measuring that improvement. These goals and objectives must indicate how much academic improvement students are expected to show each year, how success will be evaluated, and the specific results to be attained through instruction.

4. Describes the reading curriculum and differentiated strategies that will be used for students reading at grade level or higher and a separate curriculum and strategies for students who are reading below grade level. A sponsor shall deny an application a charter if the school does not propose a reading curriculum that is evidence-based and includes explicit, systematic, and multisensory reading instructional strategies; however, a sponsor may not require the charter school to implement the reading plan adopted by the school district pursuant to s. 1011.62(9) consistent with effective teaching strategies that are grounded in scientifically based reading research.

5. Contains an annual financial plan for each year requested by the charter for operation of the school for up to 5 years. This plan must contain anticipated fund balances based on revenue projections, a spending plan based on projected revenues and expenses, and a description of controls that will safeguard finances and projected enrollment trends.

6. Discloses the name of each applicant, governing board member, and all proposed education services providers; the name and sponsor of any charter school operated by each applicant, each governing board member, and each proposed education services provider that has closed and the reasons for the
closure; and the academic and financial history of such charter schools, which the sponsor shall consider in deciding whether to approve or deny the application.

8. For the establishment of a virtual charter school, documents that the applicant has contracted with a provider of virtual instruction services pursuant to s. 1002.45(1)(d).

(b) A sponsor shall receive and review all applications for a charter school using the evaluation instrument developed by the Department of Education. A sponsor shall receive and consider charter school applications received on or before August 1 of each calendar year for charter schools to be opened at the beginning of the school district’s next school year, or to be opened at a time agreed to by the applicant and the sponsor. A sponsor may not refuse to receive a charter school application submitted before August 1 and may receive an application submitted later than August 1 if it chooses. In order to facilitate greater collaboration in the application process, an applicant may submit a draft charter school application on or before May 1 with an application fee of $500. If a draft application is timely submitted, the sponsor shall review and provide feedback as to material deficiencies in the application by July 1. The applicant shall then have until August 1 to resubmit a revised and final application. The sponsor may approve the draft application. Except as provided for a draft application, a sponsor may not charge an applicant for a charter any fee for the processing or consideration of an
application, and a sponsor may not base its consideration or approval of a final application upon the promise of future payment of any kind. Before approving or denying any final application, the sponsor shall allow the applicant, upon receipt of written notification, at least 7 calendar days to make technical or nonsubstantive corrections and clarifications, including, but not limited to, corrections of grammatical, typographical, and like errors or missing signatures, if such errors are identified by the sponsor as cause to deny the final application.

1. In order to facilitate an accurate budget projection process, a sponsor shall be held harmless for FTE students who are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. In order to ensure fiscal responsibility, an application for a charter school shall include a full accounting of expected assets, a projection of expected sources and amounts of income, including income derived from projected student enrollments and from community support, and an expense projection that includes full accounting of the costs of operation, including start-up costs.

3.a. A sponsor shall by a majority vote approve or deny an application no later than 60 calendar days after the application is received, unless the sponsor and the applicant mutually agree
in writing to temporarily postpone the vote to a specific date, at which time the sponsor shall by a majority vote approve or deny the application. If the sponsor fails to act on the application, an applicant may appeal to the State Board of Education as provided in paragraph (c). If an application is denied, the sponsor shall, within 10 calendar days after such denial, articulate in writing the specific reasons, based upon good cause, supporting its denial of the charter application and shall provide the letter of denial and supporting documentation to the applicant and to the Department of Education.

b. An application submitted by a high-performing charter school identified pursuant to s. 1002.331 may be denied by the sponsor only if the sponsor demonstrates by clear and convincing evidence that:

   (I) The application does not materially comply with the requirements in paragraph (a);

   (II) The charter school proposed in the application does not materially comply with the requirements in paragraphs (9)(a)-(f);

   (III) The proposed charter school’s educational program does not substantially replicate that of the applicant or one of the applicant’s high-performing charter schools;

   (IV) The applicant has made a material misrepresentation or false statement or concealed an essential or material fact during the application process; or

   (V) The proposed charter school’s educational program and financial management practices do not materially comply with the requirements of this section.
Material noncompliance is a failure to follow requirements or a violation of prohibitions applicable to charter school applications, which failure is quantitatively or qualitatively significant either individually or when aggregated with other noncompliance. An applicant is considered to be replicating a high-performing charter school if the proposed school is substantially similar to at least one of the applicant’s high-performing charter schools and the organization or individuals involved in the establishment and operation of the proposed school are significantly involved in the operation of replicated schools.

c. If the sponsor denies an application submitted by a high-performing charter school, the sponsor must, within 10 calendar days after such denial, state in writing the specific reasons, based upon the criteria in sub-subparagraph b., supporting its denial of the application and must provide the letter of denial and supporting documentation to the applicant and to the Department of Education. The applicant may appeal the sponsor’s denial of the application directly to the State Board of Education and, if an appeal is filed, must provide a copy of the appeal to the sponsor pursuant to paragraph (c) sub-subparagraph (c)3.b.

4. For budget projection purposes, the sponsor shall report to the Department of Education the approval or denial of an charter application within 10 calendar days after such approval or denial. In the event of approval, the report to the Department of Education shall include the final projected FTE for the approved charter school.

5. Upon approval of a charter application, the initial
startup shall commence with the beginning of the public school calendar for the district in which the charter is granted unless the sponsor allows a waiver of this subparagraph for good cause.

(7) CHARTER.—The major issues involving the operation of a charter school shall be considered in advance and written into the charter. The charter shall be signed by the governing board of the charter school and the sponsor, following a public hearing to ensure community input.

(a) The charter shall address and criteria for approval of the charter shall be based on:

The focus of the curriculum, the instructional methods to be used, any distinctive instructional techniques to be employed, and identification and acquisition of appropriate technologies needed to improve educational and administrative performance which include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.

   a. The charter shall ensure that reading is a primary focus of the curriculum and that resources are provided to identify and provide specialized instruction for students who are reading below grade level. The curriculum and instructional strategies for reading must be consistent with the Next Generation Sunshine State Standards and evidence-based grounded in scientifically based reading research.

   b. In order to provide students with access to diverse instructional delivery models, to facilitate the integration of technology within traditional classroom instruction, and to
provide students with the skills they need to compete in the 21st century economy, the Legislature encourages instructional methods for blended learning courses consisting of both traditional classroom and online instructional techniques. Charter schools may implement blended learning courses which combine traditional classroom instruction and virtual instruction. Students in a blended learning course must be full-time students of the charter school and receive the online instruction in a classroom setting at the charter school. Instructional personnel certified pursuant to s. 1012.55 who provide virtual instruction for blended learning courses may be employees of the charter school or may be under contract to provide instructional services to charter school students. At a minimum, such instructional personnel must hold an active state or school district adjunct certification under s. 1012.57 for the subject area of the blended learning course. The funding and performance accountability requirements for blended learning courses are the same as those for traditional courses.

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. The criteria listed in this subparagraph shall include a detailed description of:

b. How these baseline rates will be compared to rates of academic progress achieved by these same students while attending the charter school.

c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other
closely comparable student populations.

The district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. The methods shall provide a means for the charter school to ensure accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs. Students in charter schools shall, at a minimum, participate in the statewide assessment program created under s. 1008.22.

9. The financial and administrative management of the
school, including a reasonable demonstration of the professional experience or competence of those individuals or organizations applying to operate the charter school or those hired or retained to perform such professional services and the description of clearly delineated responsibilities and the policies and practices needed to effectively manage the charter school. A description of internal audit procedures and establishment of controls to ensure that financial resources are properly managed must be included. Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. The asset and liability projections required in the application which are incorporated into the charter and shall be compared with information provided in the annual report of the charter school.

11. 12. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 4 or 5 years. In order to facilitate access
to long-term financial resources for charter school
construction, charter schools that are operated by a
municipality or other public entity as provided by law are
eligible for up to a 15-year charter, subject to approval by the
district school board. A charter lab school is eligible for a
charter for a term of up to 15 years. In addition, to facilitate
access to long-term financial resources for charter school
construction, charter schools that are operated by a private,
not-for-profit, s. 501(c)(3) status corporation are eligible for
up to a 15-year charter, subject to approval by the district

converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or district school board rule in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a charter lab school, except as authorized by the employment policies of the state university which grants the charter to the lab school.

18. Full disclosure of the identity of all relatives employed by the charter school who are related to the charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority. The governing board must notify the sponsor, parents of enrolled students, and the department in writing within 24 hours after the public meeting of its determination. The notice shall state the charter school’s intent to continue operations or the reason for the closure and acknowledge that the governing board agrees to follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(e)-(g) and (9)(o). Each charter school’s governing board must appoint a representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes. The representative must reside in the school district in which the charter school is located and may be a governing board member, charter school employee, or individual contracted to represent the governing board. If the governing board oversees multiple charter schools in the same school district, the governing board must appoint a separate individual representative for each charter school in the district. The representative’s contact information must be provided annually in writing to parents and posted prominently on the charter school’s website if a website is maintained by the school. The sponsor may not require that governing board members reside in the school district in which the charter school is located if the charter school complies with this paragraph.
2. Each charter school’s governing board must hold at least two public meetings per school year in the school district. The meetings must be noticed, open, and accessible to the public, and attendees must be provided an opportunity to receive information and provide input regarding the charter school’s operations. Charter schools that are operated by a municipality or are a component unit of a parent nonprofit organization may use the accounting system of the municipality or the parent but must reformat this information for reporting
according to this paragraph.

3. A charter school shall, upon approval of the charter contract, provide the sponsor with a concise, uniform, monthly financial statement summary sheet that contains a balance sheet and a statement of revenue, expenditures, and changes in fund balance. The balance sheet and the statement of revenue, expenditures, and changes in fund balance shall be in the governmental funds format prescribed by the Governmental Accounting Standards Board. A high-performing charter school pursuant to s. 1002.331 may provide a quarterly financial statement in the same format and requirements as the uniform monthly financial statement summary sheet. (n)1. The director and a representative of the governing board of a charter school that has earned a grade of “D” or “F” pursuant to s. 1008.34 shall appear before the sponsor to present information concerning each contract component having noted deficiencies. The director and a representative of the governing board shall submit to the sponsor for approval a school improvement plan to raise student performance. Upon approval by the sponsor, the charter school shall begin implementation of the school improvement plan. The department shall offer technical assistance and training to the charter school and its governing board and establish guidelines for
developing, submitting, and approving such plans.

2.a. If a charter school earns three consecutive grades of “D,” two consecutive grades of “D” followed by a grade of “F,” or two nonconsecutive grades of “F” within a 3-year period, the charter school governing board shall choose one of the following corrective actions:

   (I) Contract for educational services to be provided directly to students, instructional personnel, and school administrators, as prescribed in state board rule;

   (II) Contract with an outside entity that has a demonstrated record of effectiveness to operate the school;

   (III) Reorganize the school under a new director or principal who is authorized to hire new staff; or

   (IV) Voluntarily close the charter school.

b. The charter school must implement the corrective action in the school year following receipt of a third consecutive grade of “D,” a grade of “F” following two consecutive grades of “D,” or a second nonconsecutive grade of “F” within a 3-year period.

c. The sponsor may annually waive a corrective action if it determines that the charter school is likely to improve a letter grade if additional time is provided to implement the intervention and support strategies prescribed by the school improvement plan. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of “F” is subject to subparagraph 4.

d. A charter school is no longer required to implement a corrective action if it improves by at least one letter grade. However, the charter school must continue to implement
strategies identified in the school improvement plan. The sponsor must annually review implementation of the school improvement plan to monitor the school’s continued improvement pursuant to subparagraph 5.

e. A charter school implementing a corrective action that does not improve by at least one letter grade after 2 full school years of implementing the corrective action must select a different corrective action. Implementation of the new corrective action must begin in the school year following the implementation period of the existing corrective action, unless the sponsor determines that the charter school is likely to improve a letter grade if additional time is provided to implement the existing corrective action. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of “F” while implementing a corrective action is subject to subparagraph 4.

3. A charter school with a grade of “D” or “F” that improves by at least one letter grade must continue to implement the strategies identified in the school improvement plan. The sponsor must annually review implementation of the school improvement plan to monitor the school’s continued improvement pursuant to subparagraph 5.

4. A charter school’s charter contract is automatically terminated if the school earns two consecutive grades of “F” after all school grade appeals are final The sponsor shall terminate a charter if the charter school earns two consecutive grades of “F” unless:

   a. The charter school is established to turn around the performance of a district public school pursuant to s.
1008.33(4)(b)3. Such charter schools shall be governed by s. 1008.33;

b. The charter school serves a student population the majority of which resides in a school zone served by a district public school that earned a grade of “F” in the year before the charter school opened and the charter school earns at least a grade of “D” in its third year of operation. The exception provided under this sub-subparagraph does not apply to a charter school in its fourth year of operation and thereafter; or

c. The state board grants the charter school a waiver of termination. The charter school must request the waiver within 15 days after the department’s official release of school grades. The state board may waive termination if the charter school demonstrates that the Learning Gains of its students on statewide assessments are comparable to or better than the Learning Gains of similarly situated students enrolled in nearby district public schools. The waiver is valid for 1 year and may only be granted once. Charter schools that have been in operation for more than 5 years are not eligible for a waiver under this sub-subparagraph.

The sponsor shall notify the charter school’s governing board, the charter school principal, and the department in writing when a charter contract is terminated under this subparagraph. The letter of termination must meet the requirements of paragraph (8)(c). A charter terminated under this subparagraph must follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(e)-(g) and (9)(o).

5. The director and a representative of the governing board
of a graded charter school that has implemented a school improvement plan under this paragraph shall appear before the sponsor at least once a year to present information regarding the progress of intervention and support strategies implemented by the school pursuant to the school improvement plan and corrective actions, if applicable. The sponsor shall communicate at the meeting, and in writing to the director, the services provided to the school to help the school address its deficiencies.

6. Notwithstanding any provision of this paragraph except sub-subparagraphs 4.a.-c., the sponsor may terminate the charter at any time pursuant to subsection (8).

(p)1. Each charter school shall maintain a website that enables the public to obtain information regarding the school; the school’s academic performance; the names of the governing board members; the programs at the school; any management companies, service providers, or education management corporations associated with the school; the school’s annual budget and its annual independent fiscal audit; the school’s grade pursuant to s. 1008.34; and, on a quarterly basis, the minutes of governing board meetings.

2. Each charter school’s governing board must appoint a representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes. The representative must reside in the school district in which the charter school is located and may be a governing board member, a charter school employee, or an individual contracted to represent the governing board. If the governing board oversees multiple charter schools
in the same school district, the governing board must appoint a separate representative for each charter school in the district. The representative’s contact information must be provided annually in writing to parents and posted prominently on the charter school’s website. The sponsor may not require governing board members to reside in the school district in which the charter school is located if the charter school complies with this subparagraph.

3. Each charter school’s governing board must hold at least two public meetings per school year in the school district where the charter school is located. The meetings must be noticed, open, and accessible to the public, and attendees must be provided an opportunity to receive information and provide input regarding the charter school’s operations. The appointed representative and charter school principal or director, or his or her designee, must be physically present at each meeting. Members of the governing board may attend in person or by means of communications media technology used in accordance with rules adopted by the Administration Commission under s. 120.54(5).

(10) ELIGIBLE STUDENTS.—

(d) A charter school may give enrollment preference to the following student populations:

1. Students who are siblings of a student enrolled in the charter school.

2. Students who are the children of a member of the governing board of the charter school.

3. Students who are the children of an employee of the charter school.

4. Students who are the children of:
a. An employee of the business partner of a charter school-in-the-workplace established under paragraph (15)(b) or a resident of the municipality in which such charter school is located; or

b. A resident or employee of a municipality that operates a charter school-in-a-municipality pursuant to paragraph (15)(c) or allows a charter school to use a school facility or portion of land provided by the municipality for the operation of the charter school.

5. Students who have successfully completed a voluntary prekindergarten education program under ss. 1002.51-1002.79 provided by the charter school or the charter school’s governing board during the previous year.

6. Students who are the children of an active duty member of any branch of the United States Armed Forces.

7. Students who attended or are assigned to failing schools pursuant to s. 1002.38(2).

(17) FUNDING.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in the school district. Funding for a charter lab school shall be as provided in s. 1002.32.

(b) The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district’s operating funds from the Florida Education Finance Program as provided in s. 1011.62 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district’s current operating discretionary millage levy; divided by total funded
weighted full-time equivalent students in the school district; multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law are entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation, the research-based reading allocation, and the Florida digital classrooms allocation. Total funding for each charter school shall be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education.

(e) District school boards shall make timely and efficient payment and reimbursement to charter schools, including processing paperwork required to access special state and federal funding for which they may be eligible. Payments of funds under paragraph (b) shall be made monthly or twice a month, beginning with the start of the district school board’s fiscal year. Each payment shall be one-twelfth, or one twenty-fourth, as applicable, of the total state and local funds described in paragraph (b) and adjusted as set forth therein. For the first 2 years of a charter school’s operation, if a minimum of 75 percent of the projected enrollment is entered into the sponsor’s student information system by the first day of the current month, the district school board may distribute funds to the charter school for the up to 3 months of July through October based on the projected full-time
equivalent student membership of the charter school as submitted in the approved application. If less than 75 percent of the projected enrollment is entered into the sponsor’s student information system by the first day of the current month, the sponsor shall base payments on the actual number of student enrollment entered into the sponsor’s student information system. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payments shall be issued no later than 10 working days after the district school board receives a distribution of state or federal funds or the date the payment is due pursuant to this subsection. If a warrant for payment is not issued within 10 working days after receipt of funding by the district school board, the school district shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 10 working days until such time as the warrant is issued. The district school board may not delay payment to a charter school of any portion of the funds provided in paragraph (b) based on the timing of receipt of local funds by the district school board.

(g) To be eligible for public education capital outlay (PECO) funds, a charter school must be located in the State of Florida.

(18) FACILITIES.—
   (a) A startup charter school shall utilize facilities which comply with the Florida Building Code pursuant to chapter 553
except for the State Requirements for Educational Facilities. Conversion charter schools shall utilize facilities that comply with the State Requirements for Educational Facilities provided that the school district and the charter school have entered into a mutual management plan for the reasonable maintenance of such facilities. The mutual management plan shall contain a provision by which the district school board agrees to maintain charter school facilities in the same manner as its other public schools within the district. Charter schools, with the exception of conversion charter schools, are not required to comply, but may choose to comply, with the State Requirements for Educational Facilities of the Florida Building Code adopted pursuant to s. 1013.37. The local governing authority shall not adopt or impose any local building requirements or site-development restrictions, such as parking and site-size criteria, that are addressed by and more stringent than those found in the State Requirements for Educational Facilities of the Florida Building Code. Beginning July 1, 2011, a local governing authority must treat charter schools equitably in comparison to similar requirements, restrictions, and site planning processes imposed upon public schools that are not charter schools. The agency having jurisdiction for inspection of a facility and issuance of a certificate of occupancy or use shall be the local municipality or, if in an unincorporated area, the county governing authority. If an official or employee of the local governing authority refuses to comply with this paragraph, the aggrieved school or entity has an immediate right to bring an action in circuit court to enforce its rights by injunction. An aggrieved party that receives injunctive relief
may be awarded attorney fees and court costs.

(20) SERVICES.—

(a) A sponsor shall provide certain administrative and educational services to charter schools. These services shall include contract management services; full-time equivalent and data reporting services; exceptional student education administration services; services related to eligibility and reporting duties required to ensure that school lunch services under the federal lunch program, consistent with the needs of the charter school, are provided by the school district at the request of the charter school, that any funds due to the charter school under the federal lunch program be paid to the charter school as soon as the charter school begins serving food under the federal lunch program, and that the charter school is paid at the same time and in the same manner under the federal lunch program as other public schools serviced by the sponsor or the school district; test administration services, including payment of the costs of state-required or district-required student assessments; processing of teacher certificate data services; and information services, including equal access to student information systems that are used by public schools in the district in which the charter school is located. Student performance data for each student in a charter school, including, but not limited to, FCAT scores, standardized test scores, previous public school student report cards, and student performance measures, shall be provided by the sponsor to a charter school in the same manner provided to other public schools in the district.

2. A total administrative fee for the provision of such
services shall be calculated based upon up to 5 percent of the available funds defined in paragraph (17)(b) for all students, except that when 75 percent or more of the students enrolled in the charter school are exceptional students as defined in s. 1003.01(3), the 5 percent of those available funds shall be calculated based on unweighted full-time equivalent students. However, a sponsor may only withhold up to a 5-percent administrative fee for enrollment for up to and including 250 students. For charter schools with a population of 251 or more students, the difference between the total administrative fee calculation and the amount of the administrative fee withheld may only be used for capital outlay purposes specified in s. 1013.62(2).

3. For high-performing charter schools, as defined in s. 1002.331 ch. 2011-232, a sponsor may withhold a total administrative fee of up to 2 percent for enrollment up to and including 250 students per school.

4. In addition, a sponsor may withhold only up to a 5-percent administrative fee for enrollment for up to and including 500 students within a system of charter schools which meets all of the following:
   a. Includes both conversion charter schools and nonconversion charter schools;
   b. Has all schools located in the same county;
   c. Has a total enrollment exceeding the total enrollment of at least one school district in the state;
   d. Has the same governing board; and
   e. Does not contract with a for-profit service provider for management of school operations.
5. The difference between the total administrative fee calculation and the amount of the administrative fee withheld pursuant to subparagraph 4. may be used for instructional and administrative purposes as well as for capital outlay purposes specified in s. 1013.62(2).

6. For a high-performing charter school system that also meets the requirements in subparagraph 4., a sponsor may withhold a 2-percent administrative fee for enrollments up to and including 500 students per system.

7. Sponsors shall not charge charter schools any additional fees or surcharges for administrative and educational services in addition to the maximum 5-percent administrative fee withheld pursuant to this paragraph.

8. The sponsor of a virtual charter school may withhold a fee of up to 5 percent. The funds shall be used to cover the cost of services provided under subparagraph 1. and implementation of the school district’s digital classrooms plan pursuant to s. 1011.62.

Section 6. Paragraph (a) of subsection (3) of section 1002.37, Florida Statutes, is amended to read:

1002.37 The Florida Virtual School.—

(3) Funding for the Florida Virtual School shall be provided as follows:

(a)1. The calculation of “full-time equivalent student” shall be as prescribed in s. 1011.61(1)(c)1.b.(V) and is subject to s. 1011.61(4). For a student in grades 9 through 12, a “full-time equivalent student” is one student who has successfully completed six full-credit courses that count toward the minimum number of credits required for high school graduation. A student
who completes fewer than six full-credit courses is a fraction
of a full-time equivalent student. Half-credit course
completions shall be included in determining a full-time
equivalent student.

2. For a student in kindergarten through grade 8, a “full-
time equivalent student” is one student who has successfully
completed six courses or the prescribed level of content that
counts toward promotion to the next grade. A student who
completes fewer than six courses or the prescribed level of
content shall be a fraction of a full-time equivalent student.

2.3. For a student in a home education program, funding
shall be provided in accordance with this subsection upon course
completion if the parent verifies, upon enrollment for each
course, that the student is registered with the school district
as a home education student pursuant to s. 1002.41(1)(a).

Beginning in the 2016-2017 fiscal year, the reported full-time
equivalent students and associated funding of students enrolled
in courses requiring passage of an end-of-course assessment
under s. 1003.4282 to earn a standard high school diploma shall
be adjusted if the student does not pass the end-of-course
assessment. However, no adjustment shall be made for home
education program students who choose not to take an end-of-
course assessment or for a student who enrolls in a segmented
remedial course delivered online.

For purposes of this paragraph, the calculation of “full-time
equivalent student” shall be as prescribed in s.
1011.61(1)(e)1.b.(V) and is subject to the requirements in s.
1011.61(4).
Section 7. Subsection (4) is added to section 1002.391, Florida Statutes, to read:

1002.391 Auditory-oral education programs.—

(4) Beginning with the 2017-2018 school year, a school district shall add four special consideration points to the calculation of a matrix of services for a student who is deaf and enrolled in an auditory-oral education program.

Section 8. Paragraphs (c) and (d) of subsection (1), paragraph (e) of subsection (7), and paragraphs (c) and (d) of subsection (8) of section 1002.45, Florida Statutes, are amended to read:

1002.45 Virtual instruction programs.—

(1) PROGRAM.—

(c) To provide students with the option of participating in virtual instruction programs as required by paragraph (b), a school district may:

1. Contract with the Florida Virtual School or establish a franchise of the Florida Virtual School for the provision of a program under paragraph (b). Using this option is subject to the requirements of this section and s. 1011.61(1)(c)1.b.(III) and (IV) and (4). A district may report full-time equivalent student membership for credit earned by a student who is enrolled in a virtual education course provided by the district which was completed after the end of the regular school year if the FTE is reported no later than the deadline for amending the final student membership report for that year.

2. Contract with an approved provider under subsection (2) for the provision of a full-time or part-time program under paragraph (b).
3. Enter into an agreement with other school districts to allow the participation of its students in an approved virtual instruction program provided by the other school district. The agreement must indicate a process for the transfer of funds required by paragraph (7)(e). (f).

4. Establish school district operated part-time or full-time kindergarten through grade 12 virtual instruction programs under paragraph (b) for students enrolled in the school district. A full-time program shall operate under its own Master School Identification Number.

5. Enter into an agreement with a virtual charter school authorized by the school district under s. 1002.33.

Contracts under sub paragraph 1. or sub paragraph 2. may include multidistrict contractual arrangements that may be executed by a regional consortium for its member districts. A multidistrict contractual arrangement or an agreement under sub paragraph 3. is not subject to s. 1001.42(4)(d) and does not require the participating school districts to be contiguous. These arrangements may be used to fulfill the requirements of paragraph (b).

(d) A virtual charter school may provide full-time virtual instruction for students in kindergarten through grade 12 if the virtual charter school has a charter approved pursuant to s. 1002.33 authorizing full-time virtual instruction. A virtual charter school may:

1. Contract with the Florida Virtual School.
2. Contract with an approved provider under subsection (2).
3. Enter into an agreement with a school district to allow
the participation of the virtual charter school’s students in
the school district’s virtual instruction program. The agreement
must indicate a process for reporting of student enrollment and
the transfer of funds required by paragraph (7)(e) (7)(f).

(7) VIRTUAL INSTRUCTION PROGRAM AND VIRTUAL CHARTER SCHOOL
FUNDING.—

(e) Beginning in the 2016-2017 fiscal year, the reported
full-time equivalent students and associated funding of students
enrolled in courses requiring passage of an end-of-course
assessment under s. 1003.4282 to earn a standard high school
diploma shall be adjusted if the student does not pass the end-
of-course assessment. However, no adjustment shall be made for a
student who enrolls in a segmented remedial course delivered
online.

(8) ASSESSMENT AND ACCOUNTABILITY.—

(c) An approved provider that receives a school grade of
“D” or “F” under s. 1008.34 or a school improvement rating of
“Unsatisfactory” “Declining” under s. 1008.341 must file a
school improvement plan with the department for consultation to
determine the causes for low performance and to develop a plan
for correction and improvement.

(d) An approved provider’s contract must be terminated if
the provider receives a school grade of “D” or “F” under s.
1008.34 or a school improvement rating of “Unsatisfactory”
“Declining” under s. 1008.341 for 2 years during any consecutive
4-year period or has violated any qualification requirement
pursuant to subsection (2). A provider that has a contract
terminated under this paragraph may not be an approved provider
for a period of at least 1 year after the date upon which the
contract was terminated and until the department determines that
the provider is in compliance with subsection (2) and has
corrected each cause of the provider’s low performance.

Section 9. Section 1003.3101, Florida Statutes, is created
to read:

1003.3101 Additional educational choice options.—Each
school district board shall establish a transfer process for a
parent to request his or her child be transferred to another
classroom teacher. This section does not give a parent the right
to choose a specific classroom teacher. A school must approve or
deny the transfer within 2 weeks after receiving a request. If a
request for transfer is denied, the school must notify the
parent and specify the reasons for the denial. An explanation of
the transfer process must be made available in the student
handbook or a similar publication.

Section 10. Subsection (3) of section 1003.4295, Florida
Statutes, is amended to read:

1003.4295 Acceleration options.—
(3) The Credit Acceleration Program (CAP) is created for
the purpose of allowing a student to earn high school credit in
courses required for high school graduation through passage of
an end-of-course assessment Algebra I, Algebra II, geometry,
United States history, or biology if the student passes the
statewide, standardized assessment administered under s.
1008.22, an Advanced Placement Examination, or a College Level
Examination Program (CLEP). Notwithstanding s. 1003.436, a
school district shall award course credit to a student who is
not enrolled in the course, or who has not completed the course,
if the student attains a passing score on the corresponding end-
of-course assessment, Advanced Placement Examination, or CLEP statewide, standardized assessment. The school district shall permit a public school or home education student who is not enrolled in the course, or who has not completed the course, to take the assessment or examination during the regular administration of the assessment or examination.

Section 11. Effective June 29, 2016, section 1004.935, Florida Statutes, is amended to read:

1004.935 Adults with Disabilities Workforce Education Pilot Program.—

(1) The Adults with Disabilities Workforce Education Pilot Program is established in the Department of Education through June 30, 2016, in Hardee, DeSoto, Manatee, and Sarasota Counties to provide the option of receiving a scholarship for instruction at private schools for up to 30 students who:

(a) Have a disability;

(b) Are 22 years of age;

(c) Are receiving instruction from an instructor in a private school to meet the high school graduation requirements in s. 1002.3105(5) or s. 1003.4282;

(d) Do not have a standard high school diploma or a special high school diploma; and

(e) Receive “supported employment services,” which means employment that is located or provided in an integrated work setting with earnings paid on a commensurate wage basis and for which continued support is needed for job maintenance.

As used in this section, the term “student with a disability” includes a student who is documented as having an intellectual
disability; a speech impairment; a language impairment; a
hearing impairment, including deafness; a visual impairment,
including blindness; a dual sensory impairment; an orthopedic
impairment; another health impairment; an emotional or
behavioral disability; a specific learning disability,
including, but not limited to, dyslexia, dyscalculia, or
developmental aphasia; a traumatic brain injury; a developmental
delay; or autism spectrum disorder.

(2) A student participating in the pilot program may
continue to participate in the program until the student
graduates from high school or reaches the age of 40 years,
whichever occurs first.

(3) Supported employment services may be provided at more
than one site.

(4) The provider of supported employment services must be a
nonprofit corporation under s. 501(c)(3) of the Internal Revenue
Code which serves Hardee County, DeSoto County, Manatee County,
or Sarasota County and must contract with a private school in
this state which meets the requirements in subsection (5).

(5) A private school that participates in the pilot program
may be sectarian or nonsectarian and must:

(a) Be academically accountable for meeting the educational
needs of the student by annually providing to the provider of
supported employment services a written explanation of the
student’s progress.

(b) Comply with the antidiscrimination provisions of 42

(c) Meet state and local health and safety laws and codes.

(d) Provide to the provider of supported employment
services all documentation required for a student’s participation, including the private school’s and student’s fee schedules, at least 30 days before any quarterly scholarship payment is made for the student. A student is not eligible to receive a quarterly scholarship payment if the private school fails to meet this deadline.

The inability of a private school to meet the requirements of this subsection constitutes a basis for the ineligibility of the private school to participate in the pilot program.

(6)(a) If the student chooses to participate in the pilot program and is accepted by the provider of supported employment services, the student must notify the Department of Education of his or her acceptance into the program 60 days before the first scholarship payment and before participating in the pilot program in order to be eligible for the scholarship.

(b) Upon receipt of a scholarship warrant, the student or parent to whom the warrant is made must restrictively endorse the warrant to the provider of supported employment services for deposit into the account of the provider. The student or parent may not designate any entity or individual associated with the participating provider of supported employment services as the student’s or parent’s attorney in fact to endorse a scholarship warrant. A participant who fails to comply with this paragraph forfeits the scholarship.

(7) Funds for the scholarship shall be provided from the appropriation from the school district’s Workforce Development Fund in the General Appropriations Act for students who reside in the Hardee County School District, the DeSoto County School
District, the Manatee County School District, or the Sarasota County School District. During the pilot program, the scholarship amount granted for an eligible student with a disability shall be equal to the cost per unit of a full-time equivalent adult general education student, multiplied by the adult general education funding factor, and multiplied by the district cost differential pursuant to the formula required by s. 1011.80(6)(a) for the district in which the student resides.

(8) Upon notification by the Department of Education that it has received the required documentation, the Chief Financial Officer shall make scholarship payments in four equal amounts no later than September 1, November 1, February 1, and April 1 of each academic year in which the scholarship is in force. The initial payment shall be made after the Department of Education verifies that the student was accepted into the pilot program, and subsequent payments shall be made upon verification of continued participation in the pilot program. Payment must be by individual warrant made payable to the student or parent and mailed by the Department of Education to the provider of supported employment services, and the student or parent shall restrictively endorse the warrant to the provider of supported employment services for deposit into the account of that provider.

(9) Subsequent to each scholarship payment, the Department of Education shall request from the Department of Financial Services a sample of endorsed warrants to review and confirm compliance with endorsement requirements.

Section 12. Subsection (3) and paragraph (a) of subsection (8) of section 1006.15, Florida Statutes, are amended, and
subsection (9) is added to that section, to read:

1006.15 Student standards for participation in interscholastic and intrascholastic extracurricular student activities; regulation.—

(3)(a) As used in this section and s. 1006.20, the term “eligible to participate” includes, but is not limited to, a student participating in tryouts, off-season conditioning, summer workouts, preseason conditioning, in-season practice, or contests. The term does not mean that a student must be placed on any specific team for interscholastic or intrascholastic extracurricular activities. To be eligible to participate in interscholastic extracurricular student activities, a student must:

1. Maintain a grade point average of 2.0 or above on a 4.0 scale, or its equivalent, in the previous semester or a cumulative grade point average of 2.0 or above on a 4.0 scale, or its equivalent, in the courses required by s. 1002.3105(5) or s. 1003.4282.

2. Execute and fulfill the requirements of an academic performance contract between the student, the district school board, the appropriate governing association, and the student’s parents, if the student’s cumulative grade point average falls below 2.0, or its equivalent, on a 4.0 scale in the courses required by s. 1002.3105(5) or s. 1003.4282. At a minimum, the contract must require that the student attend summer school, or its graded equivalent, between grades 9 and 10 or grades 10 and 11, as necessary.

3. Have a cumulative grade point average of 2.0 or above on a 4.0 scale, or its equivalent, in the courses required by s.
1002.3105(5) or s. 1003.4282 during his or her junior or senior year.

4. Maintain satisfactory conduct, including adherence to appropriate dress and other codes of student conduct policies described in s. 1006.07(2). If a student is convicted of, or is found to have committed, a felony or a delinquent act that would have been a felony if committed by an adult, regardless of whether adjudication is withheld, the student’s participation in interscholastic extracurricular activities is contingent upon established and published district school board policy.

(b) Any student who is exempt from attending a full school day based on rules adopted by the district school board for double session schools or programs, experimental schools, or schools operating under emergency conditions must maintain the grade point average required by this section and pass each class for which he or she is enrolled.

1. The home education student must meet the requirements of the home education program pursuant to s. 1002.41.

2. During the period of participation at a school, the home education student must demonstrate educational progress as required in paragraph (b) in all subjects taken in the home
education program by a method of evaluation agreed upon by the

student’s work by a certified teacher chosen by the parent;
grades earned through correspondence; grades earned in courses
taken at a Florida College System institution, university, or
trade school; standardized test scores above the 35th
percentile; or any other method designated in s. 1002.41.

3. The home education student must meet the same residency
requirements as other students in the school at which he or she
participates.

of acceptance, behavior, and performance as required of other
students in extracurricular activities.

5. The student must register with the school his or her
intent to participate in interscholastic extracurricular
activities as a representative of the school before the
beginning date of the season for the activity in which he or she
wishes to participate. A home education student must be able to
participate in curricular activities if that is a requirement
for an extracurricular activity.

6. A student who transfers from a home education program to
a public school before or during the first grading period of the
school year is academically eligible to participate in
interscholastic extracurricular activities during the first
grading period provided the student has a successful evaluation
from the previous school year, pursuant to subparagraph 2.

7. Any public school or private school student who has been
unable to maintain academic eligibility for participation in
interscholastic extracurricular activities is ineligible to
participate in such activities as a home education student until the student has successfully completed one grading period in home education pursuant to subparagraph 2. to become eligible to participate as a home education student.

(d) An individual charter school student pursuant to s. 1002.33 is eligible to participate at the public school to which the student would be assigned according to district school board attendance area policies or which the student could choose to attend, pursuant to district or interdistrict controlled open enrollment provisions, in any interscholastic extracurricular activity of that school, unless such activity is provided by the student’s charter school, if the following conditions are met:

5. The charter school student must register with the school his or her intent to participate in interscholastic extracurricular activities as a representative of the school before the beginning date of the season for the activity in which he or she wishes to participate. A charter school student
must be able to participate in curricular activities if that is a requirement for an extracurricular activity.

6. A student who transfers from a charter school program to a traditional public school before or during the first grading period of the school year is academically eligible to participate in interscholastic extracurricular activities during the first grading period if the student has a successful evaluation from the previous school year, pursuant to subparagraph 2.

7. Any public school or private school student who has been unable to maintain academic eligibility for participation in interscholastic extracurricular activities is ineligible to participate in such activities as a charter school student until the student has successfully completed one grading period in a charter school pursuant to subparagraph 2. to become eligible to participate as a charter school student.

(e) A student of the Florida Virtual School full-time program may participate in any interscholastic extracurricular activity at the public school to which the student would be assigned according to district school board attendance area policies or which the student could choose to attend, pursuant to district or interdistrict controlled open enrollment policies, if the student:

1. During the period of participation in the interscholastic extracurricular activity, meets the requirements in paragraph (a).

2. Meets any additional requirements as determined by the board of trustees of the Florida Virtual School.

3. Meets the same residency requirements as other students.

5. Registers his or her intent to participate in interscholastic extracurricular activities with the school before the beginning date of the season for the activity in which he or she wishes to participate. A Florida Virtual School student must be able to participate in curricular activities if that is a requirement for an extracurricular activity.

(f) A student who transfers from the Florida Virtual School full-time program to a traditional public school before or during the first grading period of the school year is academically eligible to participate in interscholastic extracurricular activities during the first grading period if the student has a successful evaluation from the previous school year pursuant to paragraph (a).

(g) A public school or private school student who has been unable to maintain academic eligibility for participation in interscholastic extracurricular activities is ineligible to participate in such activities as a Florida Virtual School student until the student successfully completes one grading period in the Florida Virtual School pursuant to paragraph (a).

(h) 1. A school district or charter school may not delay eligibility or otherwise prevent a student participating in controlled open enrollment, or a choice program, from being immediately eligible to participate in interscholastic and intrascholastic extracurricular activities.

2. A student may not participate in a sport if the student
participated in that same sport at another school during that school year, unless the student meets one of the following criteria:

- a. Dependent children of active duty military personnel whose move resulted from military orders.
- b. Children who have been relocated due to a foster care placement in a different school zone.
- c. Children who move due to a court ordered change in custody due to separation or divorce, or the serious illness or death of a custodial parent.

(8)(a) The Florida High School Athletic Association (FHSAA), in cooperation with each district school board, shall facilitate a program in which a middle school or high school student who attends a private school shall be eligible to participate in an interscholastic or intrascholastic sport at a public high school, a public middle school, or a 6-12 public school that is zoned for the physical address at which the student resides if:

1. The private school in which the student is enrolled is not a member of the FHSAA and does not offer an interscholastic or intrascholastic athletic program.

2. The private school student meets the guidelines for the conduct of the program established by the FHSAA’s board of directors and the district school board. At a minimum, such guidelines shall provide:

   a. A deadline for each sport by which the private school student’s parents must register with the public school in
writing their intent for their child to participate at that school in the sport.

b. Requirements for a private school student to participate, including, but not limited to, meeting the same standards of eligibility, acceptance, behavior, educational progress, and performance which apply to other students participating in interscholastic or intrascholastic sports at a public school or FHSAA member private school.

(9)(a) A student who transfers to a school during the school year may seek to immediately join an existing team if the roster for the specific interscholastic or intrascholastic extracurricular activity has not reached the activity’s identified maximum size and if the coach for the activity determines that the student has the requisite skill and ability to participate. The FHSAA and school district or charter school may not declare such a student ineligible because the student did not have the opportunity to comply with qualifying requirements.

(b) A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets one of the following criteria:

1. Dependent children of active duty military personnel whose move resulted from military orders.

   Section 13. Section 1006.195, Florida Statutes, is created to read:

   1006.195 District school board, charter school authority and responsibility to establish student eligibility regarding participation in interscholastic and intrascholastic extracurricular activities.—Notwithstanding any provision to the contrary in ss. 1006.15, 1006.18, and 1006.20, regarding student eligibility to participate in interscholastic and intrascholastic extracurricular activities:

      (1)(a) A district school board must establish, through its code of student conduct, student eligibility standards and related student disciplinary actions regarding student participation in interscholastic and intrascholastic extracurricular activities. The code of student conduct must provide that:

          1. A student not currently suspended from interscholastic or intrascholastic extracurricular activities, or suspended or expelled from school, pursuant to a district school board’s suspension or expulsion powers provided in law, including ss. 1006.07, 1006.08, and 1006.09, is eligible to participate in interscholastic and intrascholastic extracurricular activities.

          2. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in s. 1006.15(3)(h).

          3. A student’s eligibility to participate in any interscholastic or intrascholastic extracurricular activity may
not be affected by any alleged recruiting violation until final
disposition of the allegation pursuant to s. 1006.20(2)(b).

(b) Students who participate in interscholastic and
intrascholastic extracurricular activities for, but are not
enrolled in, a public school pursuant to s. 1006.15(3)(c)-(e)
and (8), are subject to the district school board’s code of
student conduct for the limited purpose of establishing and
maintaining the student’s eligibility to participate at the
school.

(c) The provisions of this subsection apply to
interscholastic and intrascholastic extracurricular activities
conducted by charter schools and private schools, as applicable,
except that the charter school governing board, or equivalent
private school authority, is responsible for the authority and
responsibility otherwise provided to district school boards.

(2)(a) The Florida High School Athletic Association (FHSAA)
continues to retain jurisdiction over the following provisions
in s. 1006.20, which may not be implemented in a manner contrary
to this section: membership in the FHSAA; recruiting
prohibitions and violations; student medical evaluations;
investigations; and sanctions for coaches; school eligibility
and forfeiture of contests; student concussions or head
injuries; the sports medical advisory committee; and the general
operational provisions of the FHSAA.

(b) The FHSAA must adopt, and prominently publish, the text
of this section on its website and in its bylaws, rules,
procedures, training and education materials, and all other
governing authority documents by August 1, 2016.

Section 14. Subsection (1) and paragraphs (a), (b), (c),
and (g) of subsection (2) of section 1006.20, Florida Statutes, are amended to read:

1006.20 Athletics in public K-12 schools.—

(1) GOVERNING NONPROFIT ORGANIZATION.—The Florida High School Athletic Association (FHSAA) is designated as the governing nonprofit organization of athletics in Florida public schools. If the FHSAA fails to meet the provisions of this section, the commissioner shall designate a nonprofit organization to govern athletics with the approval of the State Board of Education. The FHSAA is not a state agency as defined in s. 120.52. The FHSAA shall be subject to the provisions of s. 1006.19. A private school that wishes to engage in high school athletic competition with a public high school may become a member of the FHSAA. Any high school in the state, including charter schools, virtual schools, and home education cooperatives, may become a member of the FHSAA and participate in the activities of the FHSAA. However, membership in the FHSAA is not mandatory for any school. The FHSAA must allow a private school the option of maintaining full membership in the association or joining by sport and may not discourage a private school from simultaneously maintaining membership in another athletic association. The FHSAA may allow a public school the option to apply for consideration to join another athletic association. The FHSAA may not deny or discourage interscholastic competition between its member schools and non-FHSAA member Florida schools, including members of another athletic governing organization, and may not take any retributory or discriminatory action against any of its member schools that participate in interscholastic competition with
non-FHSAA member Florida schools. The FHSAA may not unreasonably withhold its approval of an application to become an affiliate member of the National Federation of State High School Associations submitted by any other organization that governs interscholastic athletic competition in this state. The bylaws of the FHSAA are the rules by which high school athletic programs in its member schools, and the students who participate in them, are governed, unless otherwise specifically provided by statute. For the purposes of this section, “high school” includes grades 6 through 12.

(2) ADOPTION OF BYLAWS, POLICIES, OR GUIDELINES.—

(a) The FHSAA shall adopt bylaws that, unless specifically provided by statute, establish eligibility requirements for all students who participate in high school athletic competition in its member schools. The bylaws governing residence and transfer shall allow the student to be immediately eligible in the school in which he or she first enrolls each school year or the school in which the student makes himself or herself a candidate for an athletic team by engaging in a practice prior to enrolling in the school. The bylaws shall also allow the student to be immediately eligible in the school to which the student has transferred during the school year if the transfer is made by a deadline established by the FHSAA, which may not be prior to the date authorized for the beginning of practice for the sport. These transfers shall be allowed pursuant to the district school board policies in the case of transfer to a public school or pursuant to the private school policies in the case of transfer to a private school. The student shall be eligible in that school so long as he or she remains enrolled in that school.
Subsequent eligibility shall be determined and enforced through the FHSAA’s bylaws. Requirements governing eligibility and transfer between member schools shall be applied similarly to public school students and private school students.

(b) The FHSAA shall adopt bylaws that specifically prohibit the recruiting of students for athletic purposes. The bylaws shall prescribe penalties and an appeals process for athletic recruiting violations.

1. If it is determined that a school has recruited a student in violation of FHSAA bylaws, the FHSAA may require the school to participate in a higher classification for the sport in which the recruited student competes for a minimum of one classification cycle, in addition to the penalties in subparagraphs 2. and 3., and any other appropriate fine or and sanction imposed on the school, its coaches, or adult representatives who violate recruiting rules.

2. Any recruitment by a school district employee or contractor in violation of FHSAA bylaws results in escalating punishments as follows:
   a. For a first offense, a $5,000 forfeiture of pay for the school district employee or contractor who committed the violation.
   b. For a second offense, suspension without pay for 12 months from coaching, directing, or advertising an extracurricular activity and a $5,000 forfeiture of pay for the school district employee or contractor who committed the violation.
   c. For a third offense, a $5,000 forfeiture of pay for the school district employee or contractor who committed the
violation. If the individual who committed the violation holds an educator certificate, the FHSAA shall also refer the violation to the department for review pursuant to s. 1012.796 to determine whether probable cause exists, and, if there is a finding of probable cause, the commissioner shall file a formal complaint against the individual. If the complaint is upheld, the individual’s educator certificate shall be revoked for 3 years, in addition to any penalties available under s. 1012.796. Additionally, the department shall revoke any adjunct teaching certificates issued pursuant to s. 1012.57 and all permissions under ss. 1012.39 and 1012.43, and the educator is ineligible for such certificates or permissions for a period of time equal to the period of revocation of his or her state-issued certificate.

3. Notwithstanding any other provision of law, a school, team, or activity shall forfeit all competitions, including honors resulting from such competitions, in which a student who participated in any fashion was recruited in a manner prohibited pursuant to state law or the FHSAA bylaws.

4. A student may not be declared ineligible based on violation of recruiting rules unless the student or parent has falsified any enrollment or eligibility document or accepted any benefit or any promise of benefit if such benefit is not generally available to the school’s students or family members or is based in any way on athletic interest, potential, or performance.

5. A student’s eligibility to participate in any interscholastic or intrascholastic extracurricular activity, as determined by a district school board pursuant to s.
1006.195(1)(a)3., may not be affected by any alleged recruiting violation until final disposition of the allegation.

(c) The FHSAA shall adopt bylaws that require all students participating in interscholastic athletic competition or who are candidates for an interscholastic athletic team to satisfactorily pass a medical evaluation each year prior to participating in interscholastic athletic competition or engaging in any practice, tryout, workout, or other physical activity associated with the student’s candidacy for an interscholastic athletic team. Such medical evaluation may be administered only by a practitioner licensed under chapter 458, chapter 459, chapter 460, or s. 464.012, and in good standing with the practitioner’s regulatory board. The bylaws shall establish requirements for eliciting a student’s medical history and performing the medical evaluation required under this paragraph, which shall include a physical assessment of the student’s physical capabilities to participate in interscholastic athletic competition as contained in a uniform preparticipation physical evaluation and history form. The evaluation form shall incorporate the recommendations of the American Heart Association for participation cardiovascular screening and shall provide a place for the signature of the practitioner performing the evaluation with an attestation that each examination procedure listed on the form was performed by the practitioner or by someone under the direct supervision of the practitioner. The form shall also contain a place for the practitioner to indicate if a referral to another practitioner was made in lieu of completion of a certain examination procedure. The form shall provide a place for the practitioner
to whom the student was referred to complete the remaining sections and attest to that portion of the examination. The preparticipation physical evaluation form shall advise students to complete a cardiovascular assessment and shall include information concerning alternative cardiovascular evaluation and diagnostic tests. Results of such medical evaluation must be provided to the school. **A student is not eligible to participate, as provided in s. 1006.15(3), in any interscholastic athletic competition or engage in any practice, tryout, workout, or other physical activity associated with the student’s candidacy for an interscholastic athletic team until the results of the medical evaluation have been received and approved by the school.**

(g) The FHSAA shall adopt bylaws establishing the process and standards by which FHSAA determinations of eligibility are made. Such bylaws shall provide that:

1. Ineligibility must be established by a **preponderance of the clear and convincing evidence**;

2. Student athletes, parents, and schools must have notice of the initiation of any investigation or other inquiry into eligibility and may present, to the investigator and to the individual making the eligibility determination, any information or evidence that is credible, persuasive, and of a kind reasonably prudent persons rely upon in the conduct of serious affairs;

3. An investigator may not determine matters of eligibility but must submit information and evidence to the executive director or a person designated by the executive director or by the board of directors for an unbiased and objective
4. A determination of ineligibility must be made in writing, setting forth the findings of fact and specific violation upon which the decision is based.

Section 15. Section 1009.893, Florida Statutes, is amended to read:

Section 16. Subsection (1) of section 1011.61, Florida Statutes, is amended to read:

1011.61 Definitions.—Notwithstanding the provisions of s. 1000.21, the following terms are defined as follows for the purposes of the Florida Education Finance Program:

(1) A “full-time equivalent student” in each program of the district is defined in terms of full-time students and part-time
students as follows:

(a) A “full-time student” is one student on the membership roll of one school program or a combination of school programs listed in s. 1011.62(1)(c) for the school year or the equivalent for:

1. Instruction in a standard school, comprising not less than 900 net hours for a student in or at the grade level of 4 through 12, or not less than 720 net hours for a student in or at the grade level of kindergarten through grade 3 or in an authorized prekindergarten exceptional program; or

2. Instruction in a double-session school or a school utilizing an experimental school calendar approved by the Department of Education, comprising not less than the equivalent of 810 net hours in grades 4 through 12 or not less than 630 net hours in kindergarten through grade 3; or

2. Instruction comprising the appropriate number of net hours set forth in subparagraph 1. or subparagraph 2. for students who, within the past year, have moved with their parents for the purpose of engaging in the farm labor or fish industries, if a plan furnishing such an extended school day or week, or a combination thereof, has been approved by the commissioner. Such plan may be approved to accommodate the needs of migrant students only or may serve all students in schools having a high percentage of migrant students. The plan described in this subparagraph is optional for any school district and is not mandated by the state.

(b) A “part-time student” is a student on the active membership roll of a school program or combination of school programs listed in s. 1011.62(1)(c) who is less than a full-time
student. A student who receives instruction in a school that operates for less than the minimum term shall generate full-time equivalent student membership proportional to the amount of instructional hours provided by the school divided by the minimum term requirement as provided in s. 1011.60(2).

(c)1. A “full-time equivalent student” is:
   a. A full-time student in any one of the programs listed in s. 1011.62(1)(c); or
   b. A combination of full-time or part-time students in any one of the programs listed in s. 1011.62(1)(c) which is the equivalent of one full-time student based on the following calculations:
      (I) A full-time student in a combination of programs listed in s. 1011.62(1)(c) shall be a fraction of a full-time equivalent membership in each special program equal to the number of net hours per school year for which he or she is a member, divided by the appropriate number of hours set forth in subparagraph (a)1. or subparagraph (a)2. The difference between that fraction or sum of fractions and the maximum value as set forth in subsection (4) for each full-time student is presumed to be the balance of the student’s time not spent in a special program and shall be recorded as time in the appropriate basic program.
      (II) A prekindergarten student with a disability shall meet the requirements specified for kindergarten students.
      (III) A full-time equivalent student for students in kindergarten through grade 12 in a full-time virtual instruction program under s. 1002.45 or a virtual charter school under s. 1002.33 shall consist of six full-credit completions or the
prescribed level of content that counts toward promotion to the next grade in programs listed in s. 1011.62(1)(c). Credit completions may be a combination of full-credit courses or half-credit courses. Beginning in the 2016-2017 fiscal year, the reported full-time equivalent students and associated funding of students enrolled in courses requiring passage of an end-of-course assessment under s. 1003.4282 to earn a standard high school diploma shall be adjusted if the student does not pass the end-of-course assessment. However, no adjustment shall be made for a student who enrolls in a segmented remedial course delivered online.

(IV) A full-time equivalent student for students in kindergarten through grade 12 in a part-time virtual instruction program under s. 1002.45 shall consist of six full-credit completions in programs listed in s. 1011.62(1)(c)1. and 3. Credit completions may be a combination of full-credit courses or half-credit courses. Beginning in the 2016-2017 fiscal year, the reported full-time equivalent students and associated funding of students enrolled in courses requiring passage of an end-of-course assessment under s. 1003.4282 to earn a standard high school diploma shall be adjusted if the student does not pass the end-of-course assessment. However, no adjustment shall be made for a student who enrolls in a segmented remedial course delivered online.

(V) A Florida Virtual School full-time equivalent student shall consist of six full-credit completions or the prescribed level of content that counts toward promotion to the next grade in the programs listed in s. 1011.62(1)(c)1. and 3. for students participating in kindergarten through grade 12 part-time virtual
instruction and the programs listed in s. 1011.62(1)(c) for students participating in kindergarten through grade 12 full-time virtual instruction. Credit completions may be a combination of full-credit courses or half-credit courses.

Beginning in the 2016-2017 fiscal year, the reported full-time equivalent students and associated funding of students enrolled in courses requiring passage of an end-of-course assessment under s. 1003.4282 to earn a standard high school diploma shall be adjusted if the student does not pass the end-of-course assessment. However, no adjustment shall be made for a student who enrolls in a segmented remedial course delivered online.

(VI) Each successfully completed full-credit course earned through an online course delivered by a district other than the one in which the student resides shall be calculated as 1/6 FTE.

(VII) A full-time equivalent student for courses requiring passage of a statewide, standardized end-of-course assessment under s. 1003.4282 to earn a standard high school diploma shall be defined and reported based on the number of instructional hours as provided in this subsection until the 2016-2017 fiscal year. Beginning in the 2016-2017 fiscal year, the FTE for the course shall be assessment-based and shall be equal to 1/6 FTE. The reported FTE shall be adjusted if the student does not pass the end-of-course assessment. However, no adjustment shall be made for a student who enrolls in a segmented remedial course delivered online.

(VIII) For students enrolled in a school district as a full-time student, the district may report 1/6 FTE for each student who passes a statewide, standardized end-of-course assessment without being enrolled in the corresponding course.
2. A student in membership in a program scheduled for more or less than 180 school days or the equivalent on an hourly basis as specified by rules of the State Board of Education is a fraction of a full-time equivalent membership equal to the number of instructional hours in membership divided by the appropriate number of hours set forth in subparagraph (a)1.; however, for the purposes of this subparagraph, membership in programs scheduled for more than 180 days is limited to students enrolled in:

a. Juvenile justice education programs.

b. The Florida Virtual School.

c. Virtual instruction programs and virtual charter schools for the purpose of course completion and credit recovery pursuant to ss. 1002.45 and 1003.498. Course completion applies only to a student who is reported during the second or third membership surveys and who does not complete a virtual education course by the end of the regular school year. The course must be completed no later than the deadline for amending the final student enrollment survey for that year. Credit recovery applies only to a student who has unsuccessfully completed a traditional or virtual education course during the regular school year and must re-take the course in order to be eligible to graduate with the student’s class.

The full-time equivalent student enrollment calculated under this subsection is subject to the requirements in subsection (4).
of equivalent funding for experimental schools and for schools operating under emergency conditions, which schools have been approved by the department to operate for less than the minimum term as provided in s. 1011.60(2) school day.

Section 17. Effective July 1, 2016, and upon the expiration of the amendment to section 1011.62, Florida Statutes, made by chapter 2015-222, Laws of Florida, paragraphs (e) and (o) of subsection (1), paragraph (a) of subsection (4), and present subsection (13) of that section are amended, present subsections (13), (14), and (15) of that section are redesignated as subsections (14), (15), and (16), respectively, and a new subsection (13) is added to that section, to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(e) Funding model for exceptional student education programs.—

1.a. The funding model uses basic, at-risk, support levels IV and V for exceptional students and career Florida Education Finance Program cost factors, and a guaranteed allocation for exceptional student education programs. Exceptional education cost factors are determined by using a matrix of services to
document the services that each exceptional student will receive. The nature and intensity of the services indicated on the matrix shall be consistent with the services described in each exceptional student’s individual educational plan. The Department of Education shall review and revise the descriptions of the services and supports included in the matrix of services for exceptional students and shall implement those revisions before the beginning of the 2012-2013 school year.

b. In order to generate funds using one of the two weighted cost factors, a matrix of services must be completed at the time of the student’s initial placement into an exceptional student education program and at least once every 3 years by personnel who have received approved training. Nothing listed in the matrix shall be construed as limiting the services a school district must provide in order to ensure that exceptional students are provided a free, appropriate public education.

c. Students identified as exceptional, in accordance with chapter 6A-6, Florida Administrative Code, who do not have a matrix of services as specified in sub-subparagraph b. shall generate funds on the basis of full-time-equivalent student membership in the Florida Education Finance Program at the same funding level per student as provided for basic students. Additional funds for these exceptional students will be provided through the guaranteed allocation designated in subparagraph 2.

2. For students identified as exceptional who do not have a matrix of services and students who are gifted in grades K through 8, there is created a guaranteed allocation to provide these students with a free appropriate public education, in accordance with s. 1001.42(4)(l) and rules of the State Board of
Education, which shall be allocated initially annually to each school district in the amount provided in the General Appropriations Act. These funds shall be supplemental in addition to the funds appropriated for the basic funding level on the basis of FTE student membership in the Florida Education Finance Program, and the amount allocated for each school district shall not be recalculated once during the year, based on actual student membership from the October FTE survey. Upon recalculation, if the generated allocation is greater than the amount provided in the General Appropriations Act, the total shall be prorated to the level of the appropriation based on each district’s share of the total recalculated amount. These funds shall be used to provide special education and related services for exceptional students and students who are gifted in grades K through 8. Beginning with the 2007-2008 fiscal year, a district’s expenditure of funds from the guaranteed allocation for students in grades 9 through 12 who are gifted may not be greater than the amount expended during the 2006-2007 fiscal year for gifted students in grades 9 through 12.

(o) Calculation of additional full-time equivalent membership based on successful completion of a career-themed course pursuant to ss. 1003.491, 1003.492, and 1003.493, or courses with embedded CAPE industry certifications or CAPE Digital Tool certificates, and issuance of industry certification identified on the CAPE Industry Certification Funding List pursuant to rules adopted by the State Board of Education or CAPE Digital Tool certificates pursuant to s. 1003.4203.—

1.a. A value of 0.025 full-time equivalent student
membership shall be calculated for CAPE Digital Tool certificates earned by students in elementary and middle school grades.

b. A value of 0.1 or 0.2 full-time equivalent student membership shall be calculated for each student who completes a course as defined in s. 1003.493(1)(b) or courses with embedded CAPE industry certifications and who is issued an industry certification identified annually on the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education. A value of 0.2 full-time equivalent membership shall be calculated for each student who is issued a CAPE industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education. For CAPE industry certifications that do not articulate for college credit, the Department of Education shall assign a full-time equivalent value of 0.1 for each certification. Middle grades students who earn additional FTE membership for a CAPE Digital Tool certificate pursuant to sub-subparagraph a. may not use the previously funded examination to satisfy the requirements for earning an industry certification under this sub-subparagraph. Additional FTE membership for an elementary or middle grades student may not exceed 0.1 for certificates or certifications earned within the same fiscal year. The State Board of Education shall include the assigned values on the CAPE Industry Certification Funding List under rules adopted by the state board. Such value shall be added to the total full-time equivalent student membership for grades 6 through 12 in the subsequent year for courses that were not provided through dual enrollment. CAPE industry certifications
earned through dual enrollment must be reported and funded pursuant to s. 1011.80. However, if a student earns a certification through a dual enrollment course and the certification is not a fundable certification on the postsecondary certification funding list, or the dual enrollment certification is earned as a result of an agreement between a school district and a nonpublic postsecondary institution, the bonus value shall be funded in the same manner as other nondual enrollment course industry certifications. In such cases, the school district may provide for an agreement between the high school and the technical center, or the school district and the postsecondary institution may enter into an agreement for equitable distribution of the bonus funds.

c. A value of 0.3 full-time equivalent student membership shall be calculated for student completion of the courses and the embedded certifications identified on the CAPE Industry Certification Funding List and approved by the commissioner pursuant to ss. 1003.4203(5)(a) and 1008.44.

d. A value of 0.5 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 15 to 29 college credit hours, and 1.0 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 30 or more college credit hours pursuant to CAPE Acceleration Industry Certifications approved by the commissioner pursuant to ss. 1003.4203(5)(b) and 1008.44.

2. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification, in accordance with this paragraph, to the program that generated the funds.
This allocation may not be used to supplant funds provided for basic operation of the program.

3. For CAPE industry certifications earned in the 2013-2014 school year and in subsequent years, the school district shall distribute to each classroom teacher who provided direct instruction toward the attainment of a CAPE industry certification that qualified for additional full-time equivalent membership under subparagraph 1.:  

   a. A bonus in the amount of $25 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.1.

   b. A bonus in the amount of $50 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.2, 0.3, 0.5, and 1.0.

   c. A bonus of $75 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.3.

   d. A bonus of $100 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.5 or 1.0.

Bonuses awarded pursuant to this paragraph shall be provided to teachers who are employed by the district in the year in which the additional FTE membership calculation is included in the
calculation. Bonuses shall be calculated based upon the 
associated weight of a CAPE industry certification on the CAPE 
Industry Certification Funding List for the year in which the 
certification is earned by the student. Any bonus awarded to a 
teacher under this paragraph may not exceed $2,000 in any given 
school year and is in addition to any regular wage or other 
bonus the teacher received or is scheduled to receive.

(4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The 
Legislature shall prescribe the aggregate required local effort 
for all school districts collectively as an item in the General 
Appropriations Act for each fiscal year. The amount that each 
district shall provide annually toward the cost of the Florida 
Education Finance Program for kindergarten through grade 12 
programs shall be calculated as follows:

(a) Estimated taxable value calculations.—
1.a. Not later than 2 working days before July 19, 
the Department of Revenue shall certify to the Commissioner of 
Education its most recent estimate of the taxable value for 
school purposes in each school district and the total for all 
school districts in the state for the current calendar year 
based on the latest available data obtained from the local 
property appraisers. The value certified shall be the taxable 
value for school purposes for that year, and no further 
adjustments shall be made, except those made pursuant to 
paragraphs (c) and (d), or an assessment roll change required by 
final judicial decisions as specified in paragraph (15)(b) 
(14)(b). Not later than July 19, the Commissioner of Education 
shall compute a millage rate, rounded to the next highest one 
one-thousandth of a mill, which, when applied to 96 percent of 

Page 78 of 97
the estimated state total taxable value for school purposes, would generate the prescribed aggregate required local effort for that year for all districts. The Commissioner of Education shall certify to each district school board the millage rate, computed as prescribed in this subparagraph, as the minimum millage rate necessary to provide the district required local effort for that year.

b. The General Appropriations Act shall direct the computation of the statewide adjusted aggregate amount for required local effort for all school districts collectively from ad valorem taxes to ensure that no school district’s revenue from required local effort millage will produce more than 90 percent of the district’s total Florida Education Finance Program calculation as calculated and adopted by the Legislature, and the adjustment of the required local effort millage rate of each district that produces more than 90 percent of its total Florida Education Finance Program entitlement to a level that will produce only 90 percent of its total Florida Education Finance Program entitlement in the July calculation.

2. On the same date as the certification in sub-subparagraph 1.a., the Department of Revenue shall certify to the Commissioner of Education for each district:

a. Each year for which the property appraiser has certified the taxable value pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a.

b. For each year identified in sub-subparagraph a., the taxable value certified by the appraiser pursuant to s. 193.122(2) or (3), if applicable, since the prior certification
under sub-subparagraph 1.a. This is the certification that reflects all final administrative actions of the value adjustment board.

(13) FEDERALLY CONNECTED STUDENT SUPPLEMENT.—The federally connected student supplement is created to provide supplemental funding for school districts to support the education of students connected with federally owned military installations, National Aeronautics and Space Administration (NASA) real property, and Indian lands. To be eligible for this supplement, the district must be eligible for federal Impact Aid Program funds under s. 8003 of Title VIII of the Elementary and Secondary Education Act of 1965. The supplement shall be allocated annually to each eligible school district in the amount provided in the General Appropriations Act. The supplement shall be the sum of the student allocation and an exempt property allocation.

(a) The student allocation shall be calculated based on the number of students reported for federal Impact Aid Program funds, including students with disabilities, who meet one of the following criteria:

1. The student has a parent who is on active duty in the uniformed services or is an accredited foreign government official and military officer. Students with disabilities shall also be reported separately for this category.

2. The student resides on eligible federally owned Indian land. Students with disabilities shall also be reported separately for this category.

3. The student resides with a civilian parent who lives or works on eligible federal property connected with a military
installation or NASA. The number of these students shall be multiplied by a factor of 0.5.

(b) The total number of federally connected students calculated under paragraph (a) shall be multiplied by a percentage of the base student allocation as provided in the General Appropriations Act. The total of the number of students with disabilities as reported separately under subparagraphs (a)1. and (a)2. shall be multiplied by an additional percentage of the base student allocation as provided in the General Appropriations Act. The base amount and the amount for students with disabilities shall be summed to provide the student allocation.

(c) The exempt property allocation shall be equal to the tax-exempt value of federal impact aid lands reserved as military installations, real property owned by NASA, or eligible federally owned Indian lands located in the district, as of January 1 of the previous year, multiplied by the millage authorized and levied under s. 1011.71(2).

QUALITY ASSURANCE GUARANTEE.—The Legislature may annually in the General Appropriations Act determine a percentage increase in funds per K-12 unweighted FTE as a minimum guarantee to each school district. The guarantee shall be calculated from prior year base funding per unweighted FTE student which shall include the adjusted FTE dollars as provided in subsection (15) (14), quality guarantee funds, and actual nonvoted discretionary local effort from taxes. From the base funding per unweighted FTE, the increase shall be calculated for the current year. The current year funds from which the guarantee shall be determined shall include the adjusted FTE
dollars as provided in subsection (15) and potential nonvoted discretionary local effort from taxes. A comparison of current year funds per unweighted FTE to prior year funds per unweighted FTE shall be computed. For those school districts which have less than the legislatively assigned percentage increase, funds shall be provided to guarantee the assigned percentage increase in funds per unweighted FTE student. Should appropriated funds be less than the sum of this calculated amount for all districts, the commissioner shall prorate each district’s allocation. This provision shall be implemented to the extent specifically funded.

Section 18. Effective July 1, 2016, and upon the expiration of the amendment to section 1011.71, Florida Statutes, made by chapter 2015-222, Laws of Florida, subsection (1) of that section is amended to read:

1011.71 District school tax.—
(1) If the district school tax is not provided in the General Appropriations Act or the substantive bill implementing the General Appropriations Act, each district school board desiring to participate in the state allocation of funds for current operation as prescribed by s. 1011.62(15) and s. 1011.62(14) shall levy on the taxable value for school purposes of the district, exclusive of millage voted under the provisions of s. 9(b) or s. 12, Art. VII of the State Constitution, a millage rate not to exceed the amount certified by the commissioner as the minimum millage rate necessary to provide the district required local effort for the current year, pursuant to s. 1011.62(4)(a)1. In addition to the required local effort millage levy, each district school board may levy a nonvoted current
operating discretionary millage. The Legislature shall prescribe
annually in the appropriations act the maximum amount of millage
a district may levy.

Section 19. Subsection (2) of section 1012.42, Florida
Statutes, is amended to read:

1012.42 Teacher teaching out-of-field.—
(2) NOTIFICATION REQUIREMENTS.—When a teacher in a district
school system is assigned teaching duties in a class dealing
with subject matter that is outside the field in which the
teacher is certified, outside the field that was the applicant’s
minor field of study, or outside the field in which the
applicant has demonstrated sufficient subject area expertise, as
determined by district school board policy in the subject area
to be taught, the parents of all students in the class shall be
notified in writing of such assignment, and each school district
shall report out-of-field teachers on the district’s website
within 30 days before the beginning of each semester. A parent
whose student is assigned an out-of-field teacher may request
that his or her child be transferred to an in-field classroom
teacher within the school and grade in which the student is
currently enrolled. The school district must approve or deny the
parent’s request and transfer the student to a different
classroom teacher within a reasonable period of time, not to
exceed 2 weeks, if an in-field teacher for that course or grade
level is employed by the school and the transfer does not
violate maximum class size pursuant to s. 1003.03 and s. 1, Art.
IX of the State Constitution. If a request for transfer is
denied, the school must notify the parent and specify the
reasons for the denial. An explanation of the transfer process
must be made available in the student handbook or a similar publication. This subsection does not provide a parent the right to choose a specific teacher.

Section 20. Paragraph (b) of subsection (8) of section 1012.56, Florida Statutes, is amended to read:

(8) PROFESSIONAL DEVELOPMENT CERTIFICATION AND EDUCATION COMPETENCY PROGRAM.—

(b)1. Each school district must and a private school or state-supported public school, including a charter school, or a private school may develop and maintain a system by which members of the instructional staff may demonstrate mastery of professional preparation and education competence as required by law. Each program must be based on classroom application of the Florida Educator Accomplished Practices and instructional performance and, for public schools, must be aligned with the district’s or state-supported public school’s evaluation system established approved under s. 1012.34, as applicable.

2. The Commissioner of Education shall determine the continued approval of programs implemented under this paragraph, based upon the department’s review of performance data. The department shall review the performance data as a part of the periodic review of each school district’s professional development system required under s. 1012.98.

Section 21. Section 1012.583, Florida Statutes, is created to read:

(1) Beginning with the 2016-2017 school year, the Department of Education shall incorporate 2 hours of training in youth suicide awareness and prevention into existing requirements for continuing education or inservice training for instructional personnel in elementary school, middle school, and high school.

(2) The department, in consultation with the Statewide Office for Suicide Prevention and suicide prevention experts, shall develop a list of approved youth suicide awareness and prevention training materials. The materials:

(a) Must include training on how to identify appropriate mental health services and how to refer youth and their families to those services.

(b) May include materials currently being used by a school district if such materials meet any criteria established by the department.

(c) May include programs that instructional personnel can complete through a self-review of approved youth suicide awareness and prevention materials.

(3) The training required by this section must be included in the existing continuing education or inservice training requirements for instructional personnel and may not add to the total hours currently required by the department.

(4) A person has no cause of action for any loss or damage caused by an act or omission resulting from the implementation of this section or resulting from any training required by this section unless the loss or damage was caused by willful or wanton misconduct. This section does not create any new duty of care or basis of liability.
(5) The State Board of Education may adopt rules to implement this section.

Section 22. Paragraph (o) is added to subsection (1) of section 1012.795, Florida Statutes, and subsection (5) of that section is amended, to read:

1012.795 Education Practices Commission; authority to discipline.—

(1) The Education Practices Commission may suspend the educator certificate of any person as defined in s. 1012.01(2) or (3) for up to 5 years, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students for that period of time, after which the holder may return to teaching as provided in subsection (4); may revoke the educator certificate of any person, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students for up to 10 years, with reinstatement subject to the provisions of subsection (4); may revoke permanently the educator certificate of any person thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students; may suspend the educator certificate, upon an order of the court or notice by the Department of Revenue relating to the payment of child support; or may impose any other penalty provided by law, if the person:

(c) Who has been dismissed or severed from employment because of conduct involving any immoral, unnatural, or lascivious act.

Section 23. Subsections (3) and (7) of section 1012.796, Florida Statutes, are amended to read:

(3) The department staff shall advise the commissioner concerning the findings of the investigation and of all referrals by the Florida High School Athletic Association (FHSAA) pursuant to ss. 1006.20(2)(b) and 1012.795. The department general counsel or members of that staff shall review the investigation or the referral and advise the commissioner concerning probable cause or lack thereof. The determination of probable cause shall be made by the commissioner. The commissioner shall provide an opportunity for a conference, if requested, prior to determining probable cause. The commissioner may enter into deferred prosecution agreements in lieu of
finding probable cause if, in his or her judgment, such agreements are in the best interests of the department, the certificateholder, and the public. Such deferred prosecution agreements shall become effective when filed with the clerk of the Education Practices Commission. However, a deferred prosecution agreement shall not be entered into if there is probable cause to believe that a felony or an act of moral turpitude, as defined by rule of the State Board of Education, has occurred, or for referrals by the FHSAA. Upon finding no probable cause, the commissioner shall dismiss the complaint.

(7) A panel of the commission shall enter a final order either dismissing the complaint or imposing one or more of the following penalties:

(a) Denial of an application for a teaching certificate or for an administrative or supervisory endorsement on a teaching certificate. The denial may provide that the applicant may not reapply for certification, and that the department may refuse to consider that applicant’s application, for a specified period of time or permanently.

(b) Revocation or suspension of a certificate.

(c) Imposition of an administrative fine not to exceed $2,000 for each count or separate offense.

educator who has been placed on probation shall, at a minimum:

1. Immediately notify the investigative office in the Department of Education upon employment or termination of employment in the state in any public or private position requiring a Florida educator’s certificate.

3. Pay to the commission within the first 6 months of each probation year the administrative costs of monitoring probation assessed to the educator.

4. Violate no law and shall fully comply with all district school board policies, school rules, and State Board of Education rules.

5. Satisfactorily perform his or her assigned duties in a competent, professional manner.

6. Bear all costs of complying with the terms of a final order entered by the commission.

(e) Restriction of the authorized scope of practice of the teacher, administrator, or supervisor.

(f) Reprimand of the teacher, administrator, or supervisor in writing, with a copy to be placed in the certification file of such person.

(g) Imposition of an administrative sanction, upon a person whose teaching certificate has expired, for an act or acts committed while that person possessed a teaching certificate or an expired certificate subject to late renewal, which sanction bars that person from applying for a new certificate for a period of 10 years or less, or permanently.
(h) Refer the teacher, administrator, or supervisor to the recovery network program provided in s. 1012.798 under such terms and conditions as the commission may specify.
