Section 1. Subsection (1), paragraph (a) of subsection 
(2), paragraphs (a) and (b) of subsection (6), paragraphs (a) 
and (d) of subsection (7), paragraphs (g), (n), and (p) of 
subsection (9), paragraphs (a) and (d) of subsection (10), 
subsection (13), paragraphs (b) and (e) of subsection (17),
paragraph (a) of subsection (18), and paragraph (a) of subsection (20) of section 1002.33, Florida Statutes, are amended to read:

1002.33 Charter schools.—
(1) AUTHORIZATION.—Charter schools shall be part of the state's program of public education. All charter schools in Florida are public schools. A charter school may be formed by creating a new school or converting an existing public school to charter status. A charter school may operate a virtual charter school pursuant to s. 1002.45(1)(d) to provide full-time online instruction to eligible students, pursuant to s. 1002.455, in kindergarten through grade 12. An existing charter school that is seeking to become a virtual charter school must amend its charter or submit a new application pursuant to subsection (6) to become a virtual charter school. A virtual charter school is subject to the requirements of this section; however, a virtual charter school is exempt from subsections (18) and (19), subparagraphs (20)(a)2., 4., 5., and 7., paragraph (20)(c), and s. 1003.03. A public school may not use the term charter in its name unless it has been approved under this section.

(2) GUIDING PRINCIPLES; PURPOSE.—
(a) Charter schools in Florida shall be guided by the following principles:
1. Meet high standards of student achievement while providing parents flexibility to choose among diverse educational opportunities within the state's public school
2. Promote enhanced academic success and financial efficiency by aligning responsibility with accountability.

3. Provide parents with sufficient information on whether their child is reading at grade level and whether the child gains at least a year's worth of learning for every year spent in the charter school. For a student who exhibits a substantial deficiency in reading, as determined by the charter school, the school shall notify the parent of the deficiency, the intensive interventions and supports used, and the student's progress in accordance with s. 1008.25(5).

(6) APPLICATION PROCESS AND REVIEW.—Charter school applications are subject to the following requirements:

(a) A person or entity seeking to open a charter school shall prepare and submit an application on a model application form prepared by the Department of Education which:

1. Demonstrates how the school will use the guiding principles and meet the statutorily defined purpose of a charter school.

2. Provides a detailed curriculum plan that illustrates how students will be provided services to attain the Sunshine State Standards.

3. Contains goals and objectives for improving student learning and measuring that improvement. These goals and objectives must indicate how much academic improvement students are expected to show each year, how success will be evaluated,
and the specific results to be attained through instruction.

4. Describes the reading curriculum and differentiated strategies that will be used for students reading at grade level or higher and a separate curriculum and strategies for students who are reading below grade level. A sponsor shall deny an application a charter if the school does not propose a reading curriculum that is evidence-based and includes explicit, systematic, and multisensory reading instructional strategies; however, a sponsor may not require the charter school to implement the reading plan adopted by the school district pursuant to s. 1011.62(9) consistent with effective teaching strategies that are grounded in scientifically based reading research.

5. Contains an annual financial plan for each year requested by the charter for operation of the school for up to 5 years. This plan must contain anticipated fund balances based on revenue projections, a spending plan based on projected revenues and expenses, and a description of controls that will safeguard finances and projected enrollment trends.

6. Discloses the name of each applicant, governing board member, and all proposed education services providers; the name and sponsor of any charter school operated by each applicant, each governing board member, and each proposed education services provider that has closed and the reasons for the closure; and the academic and financial history of such charter schools, which the sponsor shall consider in deciding whether to
approve or deny the application.

7.6. Contains additional information a sponsor may require, which shall be attached as an addendum to the charter school application described in this paragraph.

8.7. For the establishment of a virtual charter school, documents that the applicant has contracted with a provider of virtual instruction services pursuant to s. 1002.45(1)(d).

(b) A sponsor shall receive and review all applications for a charter school using the evaluation instrument developed by the Department of Education. A sponsor shall receive and consider charter school applications received on or before August 1 of each calendar year for charter schools to be opened at the beginning of the school district’s next school year, or to be opened at a time agreed to by the applicant and the sponsor. A sponsor may not refuse to receive a charter school application submitted before August 1 and may receive an application submitted later than August 1 if it chooses. In order to facilitate greater collaboration in the application process, an applicant may submit a draft charter school application on or before May 1 with an application fee of $500. If a draft application is timely submitted, the sponsor shall review and provide feedback as to material deficiencies in the application by July 1. The applicant shall then have until August 1 to resubmit a revised and final application. The sponsor may approve the draft application. Except as provided for a draft application, a sponsor may not charge an applicant
for a charter any fee for the processing or consideration of an application, and a sponsor may not base its consideration or approval of a final application upon the promise of future payment of any kind. Before approving or denying any final application, the sponsor shall allow the applicant, upon receipt of written notification, at least 7 calendar days to make technical or nonsubstantive corrections and clarifications, including, but not limited to, corrections of grammatical, typographical, and like errors or missing signatures, if such errors are identified by the sponsor as cause to deny the final application.

1. In order to facilitate an accurate budget projection process, a sponsor shall be held harmless for FTE students who are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. In order to ensure fiscal responsibility, an application for a charter school shall include a full accounting of expected assets, a projection of expected sources and amounts of income, including income derived from projected student enrollments and from community support, and an expense projection that includes full accounting of the costs of

CODING: Words stricken are deletions; words underlined are additions.
3.a. A sponsor shall by a majority vote approve or deny an application no later than 60 calendar days after the application is received, unless the sponsor and the applicant mutually agree in writing to temporarily postpone the vote to a specific date, at which time the sponsor shall by a majority vote approve or deny the application. If the sponsor fails to act on the application, an applicant may appeal to the State Board of Education as provided in paragraph (c). If an application is denied, the sponsor shall, within 10 calendar days after such denial, articulate in writing the specific reasons, based upon good cause, supporting its denial of the charter application and shall provide the letter of denial and supporting documentation to the applicant and to the Department of Education.

b. An application submitted by a high-performing charter school identified pursuant to s. 1002.331 may be denied by the sponsor only if the sponsor demonstrates by clear and convincing evidence that:

(I) The application does not materially comply with the requirements in paragraph (a);

(II) The charter school proposed in the application does not materially comply with the requirements in paragraphs (9)(a)-(f);

(III) The proposed charter school's educational program does not substantially replicate that of the applicant or one of the applicant's high-performing charter schools;
(IV) The applicant has made a material misrepresentation or false statement or concealed an essential or material fact during the application process; or

(V) The proposed charter school's educational program and financial management practices do not materially comply with the requirements of this section.

Material noncompliance is a failure to follow requirements or a violation of prohibitions applicable to charter school applications, which failure is quantitatively or qualitatively significant either individually or when aggregated with other noncompliance. An applicant is considered to be replicating a high-performing charter school if the proposed school is substantially similar to at least one of the applicant's high-performing charter schools and the organization or individuals involved in the establishment and operation of the proposed school are significantly involved in the operation of replicated schools.

c. If the sponsor denies an application submitted by a high-performing charter school, the sponsor must, within 10 calendar days after such denial, state in writing the specific reasons, based upon the criteria in sub-subparagraph b., supporting its denial of the application and must provide the letter of denial and supporting documentation to the applicant and to the Department of Education. The applicant may appeal the sponsor's denial of the application directly to the State Board.
of Education and, if an appeal is filed, must provide a copy of the appeal to the sponsor pursuant to paragraph (c) subparagraph (e)(b).

4. For budget projection purposes, the sponsor shall report to the Department of Education the approval or denial of a charter application within 10 calendar days after such approval or denial. In the event of approval, the report to the Department of Education shall include the final projected FTE for the approved charter school.

5. Upon approval of a charter application, the initial startup shall commence with the beginning of the public school calendar for the district in which the charter is granted. A charter school may defer the opening of the school's operations for up to 2 years to provide time for adequate facility planning. The charter school must provide written notice of such intent to the sponsor and the parents of enrolled students at least 30 calendar days before the first day of school unless the sponsor allows a waiver of this subparagraph for good cause.

(7) CHARTER.—The major issues involving the operation of a charter school shall be considered in advance and written into the charter. The charter shall be signed by the governing board of the charter school and the sponsor, following a public hearing to ensure community input.

(a) The charter shall address and criteria for approval of the charter shall be based on:

1. The school's mission, the students to be served, and
the ages and grades to be included.

2. The focus of the curriculum, the instructional methods to be used, any distinctive instructional techniques to be employed, and identification and acquisition of appropriate technologies needed to improve educational and administrative performance which include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.

   a. The charter shall ensure that reading is a primary focus of the curriculum and that resources are provided to identify and provide specialized instruction for students who are reading below grade level. The curriculum and instructional strategies for reading must be consistent with the Next Generation Sunshine State Standards and evidence-based grounded in scientifically based reading research.

   b. In order to provide students with access to diverse instructional delivery models, to facilitate the integration of technology within traditional classroom instruction, and to provide students with the skills they need to compete in the 21st century economy, the Legislature encourages instructional methods for blended learning courses consisting of both traditional classroom and online instructional techniques. Charter schools may implement blended learning courses which combine traditional classroom instruction and virtual instruction. Students in a blended learning course must be full-time students of the charter school pursuant to s.
1011.61(1)(a)1. and receive the online instruction in a classroom setting at the charter school. Instructional personnel certified pursuant to s. 1012.55 who provide virtual instruction for blended learning courses may be employees of the charter school or may be under contract to provide instructional services to charter school students. At a minimum, such instructional personnel must hold an active state or school district adjunct certification under s. 1012.57 for the subject area of the blended learning course. The funding and performance accountability requirements for blended learning courses are the same as those for traditional courses.

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. The criteria listed in this subparagraph shall include a detailed description of:
   a. How the baseline student academic achievement levels and prior rates of academic progress will be established.
   b. How these baseline rates will be compared to rates of academic progress achieved by these same students while attending the charter school.
   c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

The district school board is required to provide academic student performance data to charter schools for each of their
students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. The methods shall provide a means for the charter school to ensure accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs. Students in charter schools shall, at a minimum, participate in the statewide assessment program created under s. 1008.22.

5. In secondary charter schools, a method for determining that a student has satisfied the requirements for graduation in s. 1002.3105(5), s. 1003.4281, or s. 1003.4282.

6. A method for resolving conflicts between the governing board of the charter school and the sponsor.

7. The admissions procedures and dismissal procedures, including the school's code of student conduct. Admission or dismissal must not be based on a student's academic performance.

8. The ways by which the school will achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other public schools in the same school district.

9. The financial and administrative management of the school, including a reasonable demonstration of the professional
experience or competence of those individuals or organizations applying to operate the charter school or those hired or retained to perform such professional services and the description of clearly delineated responsibilities and the policies and practices needed to effectively manage the charter school. A description of internal audit procedures and establishment of controls to ensure that financial resources are properly managed must be included. Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. The asset and liability projections required in the application which are incorporated into the charter and shall be compared with information provided in the annual report of the charter school.

11. A description of procedures that identify various risks and provide for a comprehensive approach to reduce the impact of losses; plans to ensure the safety and security of students and staff; plans to identify, minimize, and protect others from violent or disruptive student behavior; and the manner in which the school will be insured, including whether or not the school will be required to have liability insurance, and, if so, the terms and conditions thereof and the amounts of coverage.

12. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the
charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 4 or 5 years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the district school board. A charter lab school is eligible for a charter for a term of up to 15 years. In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 15-year charter, subject to approval by the district school board. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only according to the provisions set forth in subsection (8).

13. The facilities to be used and their location. The sponsor may not require a charter school to have a certificate of occupancy or a temporary certificate of occupancy for such a facility earlier than 15 calendar days before the first day of school.

14. The qualifications to be required of the teachers and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.

15. The governance structure of the school, including the status of the charter school as a public or private employer as
required in paragraph (12)(i).

16. A timetable for implementing the charter which addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

17. In the case of an existing public school that is being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or district school board rule in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a charter lab school, except as authorized by the employment policies of the state university which grants the charter to the lab school.

18. Full disclosure of the identity of all relatives employed by the charter school who are related to the charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority. For the purpose of this subparagraph, the term "relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law,
stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

19. Implementation of the activities authorized under s. 1002.331 by the charter school when it satisfies the eligibility requirements for a high-performing charter school. A high-performing charter school shall notify its sponsor in writing by March 1 if it intends to increase enrollment or expand grade levels the following school year. The written notice shall specify the amount of the enrollment increase and the grade levels that will be added, as applicable.

(d) A charter may be terminated by a charter school's governing board through voluntary closure. The decision to cease operations must be determined at a public meeting. The governing board shall notify the parents and sponsor of the public meeting in writing before the public meeting. The governing board must notify the sponsor, parents of enrolled students, and the department in writing within 24 hours after the public meeting of its determination. The notice shall state the charter school's intent to continue operations or the reason for the closure and acknowledge that the governing board agrees to follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(e)-(g) and (9)(o). Each charter school's governing board must appoint a representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes. The representative must reside in the school.
district in which the charter school is located and may be a governing board member, charter school employee, or individual contracted to represent the governing board. If the governing board oversees multiple charter schools in the same school district, the governing board must appoint a separate individual representative for each charter school in the district. The representative's contact information must be provided annually in writing to parents and posted prominently on the charter school's website if a website is maintained by the school. The sponsor may not require that governing board members reside in the school district in which the charter school is located if the charter school complies with this paragraph.

2. Each charter school's governing board must hold at least two public meetings per school year in the school district. The meetings must be noticed, open, and accessible to the public, and attendees must be provided an opportunity to receive information and provide input regarding the charter school's operations. The appointed representative and charter school principal or director, or his or her equivalent, must be physically present at each meeting.

(9) CHARTER SCHOOL REQUIREMENTS.—

(g)1. In order to provide financial information that is comparable to that reported for other public schools, charter schools are to maintain all financial records that constitute their accounting system:

a. In accordance with the accounts and codes prescribed in
the most recent issuance of the publication titled "Financial
and Program Cost Accounting and Reporting for Florida Schools";
or

b. At the discretion of the charter school's governing
board, a charter school may elect to follow generally accepted
accounting standards for not-for-profit organizations, but must
reformat this information for reporting according to this
paragraph.

2. Charter schools shall provide annual financial report
and program cost report information in the state-required
formats for inclusion in district reporting in compliance with
s. 1011.60(1). Charter schools that are operated by a
municipality or are a component unit of a parent nonprofit
organization may use the accounting system of the municipality
or the parent but must reformat this information for reporting
according to this paragraph.

3. A charter school shall, upon approval of the charter
contract, provide the sponsor with a concise, uniform, monthly
financial statement summary sheet that contains a balance sheet
and a statement of revenue, expenditures, and changes in fund
balance. The balance sheet and the statement of revenue,
expenditures, and changes in fund balance shall be in the
governmental funds format prescribed by the Governmental
Accounting Standards Board. A high-performing charter school
pursuant to s. 1002.331 may provide a quarterly financial
statement in the same format and requirements as the uniform
monthly financial statement summary sheet. The sponsor shall review each monthly or quarterly financial statement to identify the existence of any conditions identified in s. 1002.345(1)(a).

4. A charter school shall maintain and provide financial information as required in this paragraph. The financial statement required in subparagraph 3. must be in a form prescribed by the Department of Education.

(n)1. The director and a representative of the governing board of a charter school that has earned a grade of "D" or "F" pursuant to s. 1008.34 shall appear before the sponsor to present information concerning each contract component having noted deficiencies. The director and a representative of the governing board shall submit to the sponsor for approval a school improvement plan to raise student performance. Upon approval by the sponsor, the charter school shall begin implementation of the school improvement plan. The department shall offer technical assistance and training to the charter school and its governing board and establish guidelines for developing, submitting, and approving such plans.

2.a. If a charter school earns three consecutive grades of "D," two consecutive grades of "D" followed by a grade of "F," or two nonconsecutive grades of "F" within a 3-year period, the charter school governing board shall choose one of the following corrective actions:

(I) Contract for educational services to be provided directly to students, instructional personnel, and school...
administrators, as prescribed in state board rule;

   (II) Contract with an outside entity that has a
demonstrated record of effectiveness to operate the school;

   (III) Reorganize the school under a new director or
principal who is authorized to hire new staff; or

   (IV) Voluntarily close the charter school.

b. The charter school must implement the corrective action
in the school year following receipt of a third consecutive
grade of "D," a grade of "F" following two consecutive grades of
"D," or a second nonconsecutive grade of "F" within a 3-year
period.

c. The sponsor may annually waive a corrective action if
it determines that the charter school is likely to improve a
letter grade if additional time is provided to implement the
intervention and support strategies prescribed by the school
improvement plan. Notwithstanding this sub-subparagraph, a
charter school that earns a second consecutive grade of "F" is
subject to subparagraph 4.

d. A charter school is no longer required to implement a
corrective action if it improves by at least one letter grade.
However, the charter school must continue to implement
strategies identified in the school improvement plan. The
sponsor must annually review implementation of the school
improvement plan to monitor the school's continued improvement
pursuant to subparagraph 5.

e. A charter school implementing a corrective action that
does not improve by at least one letter grade after 2 full school years of implementing the corrective action must select a different corrective action. Implementation of the new corrective action must begin in the school year following the implementation period of the existing corrective action, unless the sponsor determines that the charter school is likely to improve a letter grade if additional time is provided to implement the existing corrective action. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of "F" while implementing a corrective action is subject to subparagraph 4.

3. A charter school with a grade of "D" or "F" that improves by at least one letter grade must continue to implement the strategies identified in the school improvement plan. The sponsor must annually review implementation of the school improvement plan to monitor the school's continued improvement pursuant to subparagraph 5.

4. A charter school's charter contract is automatically terminated if the school earns two consecutive grades of "F" after all school grade appeals are final. The sponsor shall terminate a charter if the charter school earns two consecutive grades of "F" unless:
   a. The charter school is established to turn around the performance of a district public school pursuant to s. 1008.33(4)(b)3. Such charter schools shall be governed by s. 1008.33;
b. The charter school serves a student population the majority of which resides in a school zone served by a district public school that earned a grade of "F" in the year before the charter school opened and the charter school earns at least a grade of "D" in its third year of operation. The exception provided under this sub-subparagraph does not apply to a charter school in its fourth year of operation and thereafter; or
c. The state board grants the charter school a waiver of termination. The charter school must request the waiver within 15 days after the department's official release of school grades. The state board may waive termination if the charter school demonstrates that the Learning Gains of its students on statewide assessments are comparable to or better than the Learning Gains of similarly situated students enrolled in nearby district public schools. The waiver is valid for 1 year and may only be granted once. Charter schools that have been in operation for more than 5 years are not eligible for a waiver under this sub-subparagraph.

The sponsor shall notify the charter school's governing board, the charter school principal, and the department in writing when a charter contract is terminated under this subparagraph. The letter of termination must meet the requirements of paragraph (8)(c). A charter terminated under this subparagraph must follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(e)-(g) and (9)(o).
5. The director and a representative of the governing board of a graded charter school that has implemented a school improvement plan under this paragraph shall appear before the sponsor at least once a year to present information regarding the progress of intervention and support strategies implemented by the school pursuant to the school improvement plan and corrective actions, if applicable. The sponsor shall communicate at the meeting, and in writing to the director, the services provided to the school to help the school address its deficiencies.

6. Notwithstanding any provision of this paragraph except sub-subparagraphs 4.a.-c., the sponsor may terminate the charter at any time pursuant to subsection (8).

(p)1. Each charter school shall maintain a website that enables the public to obtain information regarding the school; the school's academic performance; the names of the governing board members; the programs at the school; any management companies, service providers, or education management corporations associated with the school; the school's annual budget and its annual independent fiscal audit; the school's grade pursuant to s. 1008.34; and, on a quarterly basis, the minutes of governing board meetings.

2. Each charter school's governing board must appoint a representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes. The representative must
reside in the school district in which the charter school is located and may be a governing board member, a charter school employee, or an individual contracted to represent the governing board. If the governing board oversees multiple charter schools in the same school district, the governing board must appoint a separate representative for each charter school in the district. The representative's contact information must be provided annually in writing to parents and posted prominently on the charter school's website. The sponsor may not require governing board members to reside in the school district in which the charter school is located if the charter school complies with this subparagraph.

3. Each charter school's governing board must hold at least two public meetings per school year in the school district where the charter school is located. The meetings must be noticed, open, and accessible to the public, and attendees must be provided an opportunity to receive information and provide input regarding the charter school's operations. The appointed representative and charter school principal or director, or his or her designee, must be physically present at each meeting. Members of the governing board may attend in person or by means of communications media technology used in accordance with rules adopted by the Administration Commission under s. 120.54(5).

(10) ELIGIBLE STUDENTS.—

(a) A charter school shall be open to any student covered in an interdistrict agreement or residing in the school district
in which the charter school is located; however, in the case of a charter lab school, the charter lab school shall be open to any student eligible to attend the lab school as provided in s. 1002.32 or who resides in the school district in which the charter lab school is located. Any eligible student shall be allowed interdistrict transfer to attend a charter school when based on good cause. Good cause shall include, but is not limited to, geographic proximity to a charter school in a neighboring school district.
