Sports Development Program

In 2014, the Legislature created the Sports Development program that authorizes distributions of state sales and use tax revenue to fund professional sports franchise facilities, up to an annual cap of \$13 million for all certified applicants.⁷ Applicants are evaluated and recommended by the Department of Economic Opportunity (DEO) and distributions must be approved by the Legislature. A facility cannot be a recipient of this program while receiving any distributions under another state sports facility program. Distributed funds are used for the construction or improvement of a professional sports facility. The maximum annual distribution for a single facility is \$3 million, and distributions can be made for up to 30 years for a potential maximum amount of \$90 million per certified applicant. No funding has been approved by the Legislature for this program.

The professional sport franchises that can participate in the program include the National Football League, the National Hockey League, the National Basketball League, Major and Minor League Baseball, Major League Soccer, The North American Soccer League, the Professional Rodeo Cowboys Association, and a promoter or host of a signature event administered by the
