Section 4. In order to implement Specific Appropriation 100A of the 2017-2018 General Appropriations Act, section 1012.731, Florida Statutes, is reenacted and amended to read:

1012.731 The Florida Best and Brightest Teacher Scholarship Program.—

(1) The Legislature recognizes that, second only to parents, teachers play the most critical role within schools in preparing students to achieve a high level of academic performance. The Legislature further recognizes that research has linked student outcomes to a teacher's own academic
achievement. Therefore, it is the intent of the Legislature to designate teachers who have achieved high academic standards during their own education as Florida's best and brightest teacher scholars.

(2) There is created the Florida Best and Brightest Teacher Scholarship Program to be administered by the Department of Education. The scholarship program shall provide categorical funding for scholarships to be awarded to classroom teachers, as defined in s. 1012.01(2)(a), who have demonstrated a high level of academic achievement.

(3)(a) To be eligible for a scholarship, a classroom teacher must:

1. Have achieved a composite score at or above the 77th 80th percentile on either the SAT, or the ACT, GRE, LSAT, GMAT, or MCAT based on the National Percentile Ranks in effect when the classroom teacher took the assessment.

2. Have been evaluated as highly effective pursuant to s. 1012.34, or have been evaluated as highly effective based on a commissioner-approved student learning growth formula adopted by rule pursuant to s. 1012.34(8), in the school year immediately preceding the year in which the scholarship will be awarded, unless the classroom teacher is newly hired by the district school board and has not been evaluated pursuant to s. 1012.34.

(b) In order to demonstrate eligibility for an award, an eligible classroom teacher must submit to the school district,
no later than November 1, an official record of his or her qualifying assessment SAT or ACT score demonstrating that the classroom teacher scored at or above the 77th percentile based on the National Percentile Ranks in effect when the teacher took the assessment. Once a classroom teacher is deemed eligible by the school district, including teachers deemed eligible in the 2015-2016 fiscal year, the teacher shall remain eligible as long as he or she remains employed by the school district as a classroom teacher at the time of the award and receives an annual performance evaluation rating of highly effective pursuant to s. 1012.34 or is evaluated as highly effective based on a commissioner-approved student learning growth formula adopted by rule pursuant to s. 1012.34(8).

(4) Annually, by December 1, each school district shall submit to the department:

(a) The number of eligible classroom teachers who qualify for the scholarship.

(b) The name and Master School Identification Number of each school in the district to which an eligible classroom teacher is assigned.

(c) The name of the school principal of each eligible classroom teacher's school if he or she has served as the school principal for at least 2 consecutive school years, including the current school year.

(5) Annually, by February 1, the department shall disburse...
...scholarship funds to each school district for each eligible
classroom teacher to receive a scholarship as provided in the
General Appropriations Act. A scholarship in the amount provided
in the General Appropriations Act shall be awarded to every
eligible classroom teacher. If the number of eligible classroom
teachers exceeds the total appropriation authorized in the
General Appropriations Act, the department shall prorate the
per-teacher scholarship amount.

(6) Annually, by April 1, each school district shall award
the scholarship to each eligible classroom teacher.

Section 5. In order to implement Specific Appropriation
100A of the 2017-2018 General Appropriations Act, section
1012.732, Florida Statutes, is created to read:

1012.732 The Florida Best and Brightest Principal
Scholarship Program.—

(1) The Legislature recognizes that the most effective
school principals establish a safe and supportive school
environment for students and faculty. Research shows that these
principals increase student learning by providing opportunities
for the professional growth, collaboration, and autonomy that
classroom teachers need to become and remain highly effective...
educational professionals. As a result, these principals are able to recruit and retain more of the best classroom teachers and improve student outcomes at their schools, including schools serving low-income and high-need student populations. Therefore, it is the intent of the Legislature to designate school principals whose faculty consists of a high percentage of classroom teachers designated as Florida's best and brightest teachers pursuant to s. 1012.731.

(2) There is created the Florida Best and Brightest Principal Scholarship Program to be administered by the Department of Education. The program shall provide categorical funding for scholarships to be awarded to school principals, as defined in s. 1012.01(3)(c)1., who have recruited and retained a high percentage of best and brightest teachers.

(3) A school principal identified pursuant to s. 1012.731(4)(c) is eligible to receive a scholarship under this section if he or she has served as the school principal for at least 2 consecutive school years, including the current school year and his or her school has a ratio of best and brightest teachers to other classroom teachers that is at the 80th percentile or higher for schools within the same grade group, statewide, including elementary schools, middle schools, high schools, and schools with a combination of grade levels.

(4) Annually, by February 1, the department shall identify eligible school principals and disburse funds to each school...
district for each eligible school principal to receive a scholarship as provided in the General Appropriations Act. A scholarship must be awarded to every eligible school principal, with a greater scholarship amount awarded to school principals who are assigned to a Title I school. If the number of eligible school principals exceeds the total appropriation authorized in the General Appropriations Act, the department shall prorate each school principal's scholarship in a manner consistent with this subsection.

(5) Annually, by April 1, each school district must award a scholarship to each eligible school principal.

(6) A school district must provide a best and brightest principal with the additional authority and responsibilities provided in s. 1012.28(8) for a minimum of 2 years.

(7) For purposes of this section, the term "school district" includes the Florida School for the Deaf and the Blind and charter school governing boards.

(8) This section expires July 1, 2018.

In order to implement specific appropriations from the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, and the Fish and Wildlife Conservation Commission which are contained in the 2017-2018 General Appropriations Act, subsection (3) of section 215.18, Florida Statutes, is reenacted and amended to read:

215.18 Transfers between funds; limitation.—
(3) Notwithstanding subsection (1) and only with respect to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of
Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission, whenever there is a deficiency in a land acquisition trust fund which would render that trust fund temporarily insufficient to meet its just requirements, including the timely payment of appropriations from that trust fund, and other trust funds in the State Treasury have moneys that are for the time being or otherwise in excess of the amounts necessary to meet the just requirements, including appropriated obligations, of those other trust funds, the Governor may order a temporary transfer of moneys from one or more of the other trust funds to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission. Any action proposed pursuant to this subsection is subject to the notice, review, and objection procedures of s. 216.177, and the Governor shall provide notice of such action at least 7 days before the effective date of the transfer of trust funds, except that during July 2017, notice of such action shall be provided at least 3 days before the effective date of a transfer unless such 3-day notice is waived by the chair and vice-chair of the Legislative Budget Commission. Any transfer of trust funds to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission.
Commission must be repaid to the trust funds from which the moneys were loaned by the end of the 2017-2018 fiscal year. The Legislature has determined that the repayment of the other trust fund moneys temporarily loaned to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission pursuant to this subsection is an allowable use of the moneys in a land acquisition trust fund because the moneys from other trust funds temporarily loaned to a land acquisition trust fund shall be expended solely and exclusively in accordance with s. 28, Art. As used in this section, the term "department" means the...

(2) After subtracting any required debt service payments, the proportionate share of revenues to be transferred to each land acquisition trust fund shall be calculated by dividing the appropriations from each of the land acquisition trust funds for the fiscal year by the total appropriations from the Land Acquisition Trust Fund within the department and the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Commission for the fiscal year. The department shall transfer the proportionate share of the revenues in the Land Acquisition Trust Fund within the department on a monthly basis to the appropriate land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Commission and shall retain its proportionate share of the revenues in the Land Acquisition Trust Fund within the department. 3. The sum of $5 million shall be appropriated annually each fiscal year through the 2025-2026 fiscal year to the St. Johns River Water Management District for projects dedicated to the restoration of Lake Apopka. However, the department shall immediately notify the parties specified in paragraph (d) and provide such parties written justification for the emergency action within 7 days after approval by the Executive Office of the Governor of the amendment to the adopted work program and the department's budget.
