A bill to be entitled
An act relating to controlled substance prescribing;
amending s. 893.055, F.S.; revising requirements for
reporting the dispensing of controlled substances;
limiting an exception to reporting requirements for
certain facilities that dispense controlled
substances; authorizing certain employees of the
United States Department of Veterans Affairs access to
certain information in the prescription drug
monitoring program database; specifying when a revised
reporting requirement takes effect; providing
effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (4), paragraph (g) of subsection
(5), and paragraphs (a) and (b) of subsection (7) of section
893.055, Florida Statutes, are amended to read:

893.055 Prescription drug monitoring program.—
(4) Each time a controlled substance is dispensed to an
individual, the controlled substance shall be reported to the
department through the system as soon thereafter as possible,
but no later than the close of the next business day not more
than 7 days after the date the controlled substance is
dispensed unless an extension is approved by the department for
cause as determined by rule. A dispenser must meet the reporting requirements of this section by submitting via the department-approved electronic system providing the required information concerning each controlled substance that it dispensed in a department-approved, secure methodology and format. Such approved formats may include, but are not limited to, submission via the Internet, on a disc, or by use of regular mail.

(5) When the following acts of dispensing or administering occur, the following are exempt from reporting under this section for that specific act of dispensing or administration:

(g) A rehabilitative hospital, assisted living facility, or nursing home dispensing a certain dosage of a controlled substance, as needed, to a patient while the patient is present and receiving care as ordered by the patient's treating physician.

(7)(a) A practitioner or pharmacist who dispenses a controlled substance must submit the information required by this section in an electronic or other method in an ASAP format approved by rule of the department unless otherwise provided in this section. The cost to the dispenser in submitting the information required by this section may not be material or extraordinary. Costs not considered to be material or extraordinary include, but are not limited to, regular postage, electronic media, regular electronic mail, and facsimile charges.
(b) A pharmacy, prescriber, or dispenser, or the designee of a pharmacy, prescriber, or dispenser, shall have access to information in the prescription drug monitoring program's database which relates to a patient of that pharmacy, prescriber, or dispenser in a manner established by the department as needed for the purpose of reviewing the patient's controlled substance prescription history. An employee of the United States Department of Veterans Affairs who provides health care services pursuant to such employment and who has the authority to prescribe controlled substances shall have access to the information in the program's database in a manner established by the department. Such access is limited to the information that relates to a patient of such employee and may be accessed only for the purpose of reviewing the patient's controlled substance prescription history. Other access to the program's database shall be limited to the program's manager and to the designated program and support staff, who may act only at the direction of the program manager or, in the absence of the program manager, as authorized. Access by the program manager or such designated staff is for prescription drug program management only or for management of the program's database and its system in support of the requirements of this section and in furtherance of the prescription drug monitoring program. Confidential and exempt information in the database shall be released only as provided in paragraph (c) and s. 893.0551. The
program manager, designated program and support staff who act at
the direction of or in the absence of the program manager, and
any individual who has similar access regarding the management
of the database from the prescription drug monitoring program
shall submit fingerprints to the department for background
screening. The department shall follow the procedure established
by the Department of Law Enforcement to request a statewide
criminal history record check and to request that the Department
of Law Enforcement forward the fingerprints to the Federal
Bureau of Investigation for a national criminal history record
check.

Section 2. The requirement in s. 893.055(4), Florida
Statutes, as amended by this act, that the dispensing of a
controlled substance be reported to the Department of Health no
later than the next business day shall take effect January 1, 2018.

Section 3. Except as otherwise expressly provided in this
act, this act shall take effect July 1, 2017.
