It is the intent of the 433 Legislature to establish zero tolerance of criminals who use, 434 threaten to use, or avail themselves of firearms in order to 435 commit crimes and thereby demonstrate their lack of value for 436 human life. It is also the intent of the Legislature that 437 prosecutors should appropriately exercise their discretion in 438 those cases in which the offenders' possession of the firearm is 439 incidental to the commission of a crime and not used in 440 furtherance of the crime, used in order to commit the crime, or 441 used in preparation to commit the crime. For every case in which 442 the offender meets the criteria in this act and does not receive 443 the mandatory minimum prison sentence, the state attorney must 444 explain the sentencing deviation in writing and place such 445 explanation in the case file maintained by the state attorney. 446 Section 4. For the purpose of incorporating the amendment

587 Section 5. For the purpose of incorporating the amendment 588 made by this act to section 775.087, Florida Statutes, in a 589 reference thereto, paragraph (b) of subsection (3) of section 590 947.146, Florida Statutes, is reenacted to read: 591 947.146 Control Release Authority.-

(3) Within 120 days prior to the date the state correctional system is projected pursuant to s. 216.136 to exceed 99 percent of total capacity, the authority shall determine eligibility for and establish a control release date for an appropriate number of parole ineligible inmates committed to the department and incarcerated within the state who have been determined by the authority to be eligible for discretionary early release pursuant to this section. In establishing control release dates, it is the intent of the Legislature that the authority prioritize consideration of eligible inmates closest to their tentative release date. The authority shall rely upon commitment data on the offender information system maintained by the department to initially identify inmates who are to be reviewed for control release consideration. The authority may use a method of objective risk assessment in determining if an eligible inmate should be released. Such assessment shall be a part of the department's management information system. However, the authority shall have sole responsibility for determining control release eligibility, establishing a control release date, and effectuating the release of a sufficient number of inmates to maintain the inmate population between 99 percent and 100 percent of total capacity. Inmates who are ineligible for control release are inmates who are parole eligible or inmates who:
