I. Summary:

SB 1414 directs the Department of Highway Safety and Motor Vehicles (DHSMV) to develop a Highwaymen specialty license plate, establishes a \$25 annual use fee for the plate, and provides the distribution and use of fees collected from the sale of the plate.

The bill also directs the DHSMV to create nine fraternity and sorority specialty license plates, with a \$25 annual use fee, and provides the distribution and use of fees collected from the sale of the plates. These plates are the:

- Omega Psi Phi Fraternity specialty license plate;
- Delta Sigma Theta Sorority specialty license plate;
- Sigma Gamma Rho Sorority specialty license plate;
- Kappa Alpha Psi Fraternity specialty license plate;
- Alpha Kappa Alpha Sorority specialty license plate;
- Alpha Phi Alpha Fraternity specialty license plate;
- Zeta Phi Beta Sorority specialty license plate;
- Phi Beta Sigma Fraternity specialty license plate; and
- Iota Phi Theta Fraternity specialty license plate.

The DHSMV estimates programming and implementation of the bill will cost approximately \$68,160. The DHSMV is authorized to retain revenues from the first proceeds of specialty license plate sales to defray departmental costs.

The bill takes effect October 1, 2018.

II. Present Situation:

Specialty License Plates

Presently, there are over 120 specialty license plates available for purchase in Florida.¹ Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from \$15 to \$25, paid in addition to required license taxes and service fees.² The annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified in the plate's design and designated in statute.³

In order to establish a specialty license plate, s. 320.08053, F.S., requires the plate must first be adopted into statute. Upon becoming law:

- Within 60 days, the organization must submit an art design for the plate, in a medium prescribed by the DHSMV;
- Within 120 days, the DHSMV must establish a method to issue pre-sale vouchers for the approved specialty license plate; and
- Within 24 months after the pre-sale vouchers are established, the organization must obtain a minimum of 1,000 voucher sales before manufacturing may begin.

If, at the end of the 24-month pre-sale period, the minimum sales requirement has not been met, the DHSMV will discontinue the plate and issuance of the pre-sale voucher. Upon discontinuation, a purchaser of a presale voucher may use the annual use fee as a credit towards any other specialty license plate or apply for a refund with the DHSMV.⁴

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified United States Armed Forces and veterans-related specialty plates.⁵ Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.⁶

DHSMV Costs Defrayed

The DHSMV is authorized to retain sufficient annual use fees from the sale of specialty plates to defray its costs for inventory, distribution, and other direct costs associated with the program. The remainder of the proceeds collected are distributed as provided by law.⁷

Discontinuance of Specialty Plates

The DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid registrations falls below 1,000 plates for at least 12 consecutive months. A warning letter
