**I. Summary:**

SB 1606 creates section 288.1259, F.S. establishing the Florida Motion Picture Capital Corporation (corporation) and the Florida Motion Picture Capital Account (account). The purpose of the corporation is to attract feature film and television productions to the state by using the account to assist with financing. The bill dictates the composition of the corporations' board, its financing application and approval process, formation and guidelines for the account, and production eligibility qualifications. The state cannot be held liable for any claims against the corporation or account.

The corporation is set up to receive both public and private funds, but there is no appropriation of state funds in this bill.

This bill has an effective date of July 1, 2018.

**II. Present Situation:**

**Office of Film and Entertainment**

The Office of Film and Entertainment (OFE) within the Department of Economic Opportunity (DEO) develops, markets, promotes, and provides services to Florida's entertainment industry, including serving as a liaison between the industry and government entities and facilitating access to filming locations. The Commissioner of Film and Entertainment must meet certain qualifications and is selected through a national search. The OFE is assisted by the Florida Film and Entertainment Advisory Council (council), which is composed of 17 members, of which seven members are appointed by the Governor, and five members each are appointed by the President of the Senate and the Speaker of the House of Representatives.

The OFE gathers statistical information related to the state's entertainment industry; provides information and services to businesses, communities, organizations, and individuals engaged in entertainment industry activities; administers field offices outside the state; and coordinates with regional offices maintained by counties and regions of the state. The OFE is also required to develop a 5-year strategic plan to guide its activities, which is updated on an annual basis and aligns with the DEO's Strategic Plan for Economic Development. The OFE's mission is to build, support, and market the entertainment industry in Florida.

### **Entertainment Industry Incentive Programs**

In 2003, the Legislature created the Entertainment Industry Financial Incentive Program,<sup>1</sup> a 6-year program that began July 1, 2010, and sunset June 30, 2016. The program provided tax credits for qualified expenditures related to filming and production activities in Florida. These tax credits could be applied against the corporate income tax or sales and use taxes. Additionally these tax credits could be transferred or sold one time.<sup>2</sup>

Over the 6-year period, a total of \$296 million in tax credits were authorized. Annual limitations for tax credits were set at:

- \$53.5 million in Fiscal Year 2010-11;
- \$74.5 million in Fiscal Year 2011-12; and
- \$42 million in each Fiscal Year 2012-13, 2013-14, 2014-15, and 2015-16.<sup>3</sup>

The OFE reports that all of the tax credits authorized for the 6-year period have been certified (allocated to certified productions).<sup>4</sup>

Entertainment industry qualified production companies are eligible for several exemptions from taxes under ch. 212, F.S. A qualified production company can obtain a certificate to avoid paying tax at the point of sale, rather than claiming a refund after paying the tax.<sup>5</sup> Qualified production companies are exempt from paying sales tax for the following:

- *Lease or rental of real property* that is used as an integral part of an activity or service performed directly in connection with the production of a qualified motion picture (the term "activity or service" includes photography, casting, location scouting, and designing sets).<sup>6</sup>
- *Fabrication labor* when a producer uses his or her own equipment and personnel to produce a qualified motion picture.<sup>7</sup>

---

<sup>1</sup> Section 288.1254, F.S. See ch. 2003-81, L.O.F. In 2010, the incentive program was changed from a cash reimbursement type program to the current form. See ch. 2010-147, L.O.F.

<sup>2</sup> Also, tax credits may be relinquished to the Department of Revenue for 90 percent of the amount of the relinquished tax credit.

<sup>3</sup> Section 288.1254(7), F.S. In 2012, an additional year was added to the program. See s. 15, ch. 2012-32, L.O.F.

<sup>4</sup> Office of Economic and Demographic Research, The Florida Legislature, *Return on Investment for the Entertainment Industry Incentive Programs* (January, 2015).

<sup>5</sup> Section 288.1258, F.S. See also Department of Revenue, Film in Florida Sales Tax Exemption, available at [http://dor.myflorida.com/dor/taxes/film\\_in\\_florida.html](http://dor.myflorida.com/dor/taxes/film_in_florida.html) (last visited February 19, 2018).

<sup>6</sup> Section 212.031(1)(a)9., F.S.

<sup>7</sup> Section 212.06(1)(b), F.S., provides a definition of the term "qualified motion picture" for purposes of ch. 212, F.S.

- *Purchase or lease of motion picture and video equipment and sound recording equipment used in Florida for motion picture or television production or for the production of master tapes or master records.*<sup>8</sup>
- *Sale, lease, storage, or use of blank master tapes, records, films, and video tapes.*<sup>9</sup>

The OFE reviews and approves applications for the exemptions and the Department of Revenue (DOR) issues certificates of exemption to the production companies.

**Funding Preferences and Release**

The bill requires funding preference to be given to:

- Productions that will generate the greatest comparative economic impact for the state;
- Productions whose proposed financing has corporation funds as the smallest percentage of their overall financing;
- Productions that will have in-state expenditures begin the soonest;
- Productions by companies with a verifiable track record of success;

**VII. Related Issues:**

The bill details, in lines 260 – 279, how the initial board of directors are to be nominated. It does not then clarify if those specifications are to be followed continuously, and if not, what guidelines should be followed. It appears that lines 280-284 are intended to apply only to subsequent board appointments, but the language could be clearer.

There is no clear funding of the account. The account is not limited to receiving funds only from the private sector and the bill appears to anticipate receiving state appropriations.

There are no state audits required of the corporation or account.

The bill does not explicitly require the Public Records Act, in ch. 119, F.S., to apply to the corporation or account.

The board is given the ability to set the salary and benefits of the president without any standards or limits.
