(2) The Legislature finds that firearms sales and its nexus with mental health constitutes a public crisis that necessitates prudent, well-considered regulation. As such, the Department of Law Enforcement shall, with the aid of appropriate state and federal agencies, undertake an analysis of the need for new or different regulation of the sale of firearms in this state. This analysis must include input from local, state, and federal law enforcement agencies; the Office of Safe Schools; and the public. The analysis must evaluate the efficacy and necessity of additional state and local laws, ordinances, or regulations relating to the sale of firearms. To ensure consistent and effective implementation, the Department of Law Enforcement shall submit a report with conclusions and recommendations to the Governor and the Legislature no later than January 1, 2019. Until such time as the Legislature has the opportunity to review and adopt such recommendations from the department, an assault weapon, a detachable magazine, a fixed magazine, or a large-
capacity magazine, as those terms are defined in this act, may not be sold, distributed, transferred or conveyed, kept for sale, offered, or exposed for sale.
