47 451.02 Marketplace contractors.-

48 (1) A marketplace contractor must be treated as an  
49 independent contractor, and not as an employee, of the  
50 marketplace platform for all purposes under state and local  
51 laws, regulations, and ordinances, including, but not limited  
52 to, chapters 440 and 443, if all of the following conditions are  
53 met:

54 (a) The marketplace platform does not unilaterally  
55 prescribe specific hours during which the marketplace contractor  
56 must be available to accept service requests submitted through  
57 the platform from third-party individuals or entities.

58 (b) The marketplace platform does not prohibit the  
59 marketplace contractor from using the technology application  
60 offered by other marketplace platforms.

61 (c) The marketplace platform does not restrict the  
62 contractor from engaging in any other occupation or business.

63 (d) The marketplace platform and marketplace contractor  
64 agree in writing that the marketplace contractor is an  
65 independent contractor with respect to the marketplace platform.

71 (2) Subsection (1) applies to services performed by a  
72 marketplace contractor before July 1, 2018, if the conditions  
73 set forth in subsection (1) were satisfied when the services  
74 were performed.

75 (3) Compliance with subsection (1) is not mandatory to  
76 establish the existence of an independent contractor  
77 relationship. The exclusion of any person or service from this  
78 section does not create any presumption and is not admissible to  
79 deny the existence of an independent contractor relationship.

80 (4) Third-party individuals or entities seeking services  
81 through the marketplace platform and marketplace contractors  
82 must comply with chapter 440 in the same manner as if they had  
83 not connected through the marketplace platform.

85 (a) Services performed in the employ of the state, a  
86 political subdivision of the state, an Indian tribe, an  
87 instrumentality of a state, or any political subdivision of a
