House

The Committee on Environment and Natural Resources (Mayfield)
recommended the following:

Senate Amendment (with title amendment)

Delete lines 37 - 50

and insert:

nutrients do not impair or add to an existing impairment of
surface water quality or groundwater quality in nearby or
downstream waterbodies;

(b) Site-specific land application criteria; and

(c) Monitoring requirements.

(4) Rules adopted pursuant to this section are not subject

908030

11 to ss. 120.541(3) and 403.804(2).

12 (5) Nothing herein shall be construed to conflict with or
13 supersede s. 373.4595.

14 Section 2. A county or municipality may enact or retain in
15 effect an ordinance, moratorium, or regulation relating to the
16 land application of Class B biosolids. An ordinance, moratorium,
17 or regulation relating to the land application of Class B
18 biosolids adopted by a county or municipality shall remain in
19 effect until the county or municipality repeals or lets expire
20 the ordinance, moratorium, or regulation.
