526 | in s. 499.0285, a nonresident prescription drug manufacturer
527 | located outside of the United States must register with the
528 | department before engaging in any activities under that section.

534 | products. The department shall adopt rules for issuing a virtual
535 | nonresident prescription drug manufacturer permit to a person
536 | who engages in the manufacture of prescription drugs but does
537 | not make or take physical possession of any prescription drugs.
538 | The rules adopted by the department under this section may
539 | exempt virtual nonresident manufacturers from certain
540 | establishment, security, and storage requirements set forth in
541 | s. 499.0121.

542 | 1. A person that distributes prescription drugs for which
543 | the person is not the manufacturer must also obtain an out-of-
544 | state prescription drug wholesale distributor permit,
545 | international prescription drug wholesale distributor permit, or
546 | third party logistics provider permit pursuant to this section

557 a foreign country into this state, the nonresident prescription
558 drug manufacturer must provide to the department a list
559 identifying each prescription drug it intends to import and
560 document approval by the United States Food and Drug

572 established in s. 499.0285. The wholesale distributor must be
573 licensed or permitted to operate in a country with which the
574 United States has a mutual recognition agreement, cooperation

577 manufacturing practices for pharmaceutical products. The
578 wholesale distributor must maintain at all times a license or
579 permit to engage in the wholesale distribution of prescription
580 drugs in compliance with the laws of the jurisdiction in which
581 it operates. An international prescription drug wholesale
582 distributor permit may not be issued to a wholesale distributor
583 if the jurisdiction in which the wholesale distributor operates
584 does not require a license to engage in the wholesale
585 distribution of prescription drugs.
