220.197  Telehealth tax credit.—

(1) For tax years beginning on or after January 1, 2020, a credit against the tax imposed by this chapter equal to the credit amount provided in s. 624.509(9)(a) is allowed for taxpayers eligible to receive the tax credit provided in s. 624.509(9)(a), but with insufficient tax liability under s. 624.509 to use such tax credit.

(2) If the credit allowed under this section is not fully used in any single year because of insufficient tax liability on the part of the taxpayer, the unused amount may be carried forward for a period not to exceed 5 years.

(3)(a) In addition to its existing audit and investigation authority, the department may perform any additional financial and technical audits and investigations, including examining the accounts, books, and records of the taxpayer, to verify eligibility for the allowable credit and to ensure compliance with this section. The Office of Insurance Regulation shall
provide technical assistance when requested by the department on any audits or examinations performed pursuant to this paragraph.

(b) If the department determines, as a result of an audit or examination or from information received from the Office of Insurance Regulation, that a taxpayer received a tax credit under this section to which the taxpayer was not entitled, the department shall pursue recovery of such funds pursuant to the laws and rules governing the assessment of taxes.

(4) A taxpayer may transfer a credit for which the taxpayer qualifies under subsection (1), in whole or in part, to any taxpayer by written agreement. To perfect the transfer, the transferor shall provide the department with a written transfer statement notifying the department of the transferor's intent to transfer the tax credit to the transferee; the date that the transfer is effective; the transferee's name, address, and federal taxpayer identification number; the tax period; and the amount of tax credit to be transferred. The department shall, upon receipt of the transfer statement, provide the transferee and the office with a certificate reflecting the tax credit amount transferred. A copy of the certificate must be attached to each tax return for which the transferee seeks to apply such tax credit.

(5) The department and the Office of Insurance Regulation may adopt rules to provide the administrative guidelines and procedures required to administer this section and prescribe:
