 Program: Health Care Services
 Medicaid Services To Individuals 68501400

203 In Section 03 On Page 053
 Special Categories 101582
 Hospital Inpatient Services IOEE

At the end of existing proviso language, following Specific Appropriation 203, INSERT:

From the funds in Specific Appropriations 203, 207, and 211, \$16,401,000 in nonrecurring funds from the Grants and Donations Trust Fund and \$26,199,000 in nonrecurring funds from the Medical Care Trust Fund are provided to implement cost based reimbursement computed as multipliers of 1.2817 for inpatient services and 1.4139 for outpatient services for statutory teaching hospitals as defined in s. 408.07(44), Florida Statutes, designated as a Level I trauma center and whose commercial to charity ratio exceeds 50 percent. These funds shall be placed in reserve subject to the federal approval of a state plan amendment and federal approval of a Section 438.6(c) directed payment of a minimum fee

schedule calculated as a supplemental per member per month payment. Upon federal approval, the Agency for Health Care Administration may submit a budget amendment or budget amendments requesting release of the funds placed in reserve pursuant to chapter 216, Florida Statutes. In addition to the proposed amendment, the agency shall submit a proposed distribution model by entity and a proposed listing of entities contributing Intergovernmental Transfers to support the state match. Payments to providers under this section of proviso are contingent upon the nonfederal share being provided through intergovernmental transfers in the Grants and Donations Trust Fund. In the event the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to make payments under this section of proviso (Senate Form 1839).

Line item amendments are accepted as part of the amendatory process. However, due to the necessity of using computerized systems this may entail a different placement within a budget entity or the renumbering of the specific appropriation items.
