At the end of existing proviso language, following Specific Appropriation 3008A, INSERT:

The Agency for State Technology shall establish methods for standardizing data across the Agency for Health Care Administration, Agency for Persons with Disabilities, Department of Children and Families, Department of Elder Affairs, Department of Health, and the Department of Veterans' Affairs, to promote interoperability and reduce the collection of duplicative data. The agency shall develop an inventory of existing interagency data-sharing agreements, identify areas of electronic data sharing needs which are not currently addressed, and facilitate the execution of a comprehensive interagency agreement. The inventory shall include all data reported publicly or to the federal government for the purpose of identifying where interagency data sharing can create staff and technology efficiencies.
