(d) The telephone number and e-mail address of a voter registration applicant or voter, except that such information shall be made available to or reproduced only for the voter registration applicant or voter, a canvassing board, an election official, a political party or official thereof, a candidate who has filed qualification papers and is opposed in an upcoming election, and registered political committees for political purposes only.
(e) All information concerning preregistered voter registration applicants who are 16 or 17 years of age.
(f) Paragraphs (d) and (e) are subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2024, unless reviewed and saved from repeal through reenactment by the Legislature.

Section 2. (1) The Legislature finds that it is a public necessity that the telephone number and e-mail address of a voter registration applicant or voter that is held by an agency and obtained for the purpose of voter registration be made confidential and exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Article I of the State Constitution. The telephone number and e-mail address of a voter registration applicant or voter is personal and sensitive information and could be misused by a dishonest person if placed in the public domain along with the name of the applicant or voter. The information may be used for consumer scams, unwanted solicitations, or other forms of invasive contacts. In addition, a voter registration applicant or voter may be harassed through these mediums if the information is publicly available. The potential for harm that results from unfettered access to a voter registration applicant's or voter's telephone number or e-mail address exceeds any public benefit that may be derived from disclosure of such information.

(2) The Legislature also finds that e-mail addresses are personal information that could be misused and could result in voter fraud if released. A voter may request a vote-by-mail
ballot using an e-mail address. Unrestricted access to such e-mail addresses may enable others to determine which voters are intending to vote by vote-by-mail ballot and result in the confiscation and misuse of a mailed vote-by-mail ballot by a person other than the requesting voter. In addition, collection of the e-mail address of a voter registration applicant or a voter would give supervisors of elections the opportunity to employ the cost-saving measure of electronically transmitting sample ballots. If a voter registration applicant or a voter knows that his or her e-mail address is subject to public disclosure, he or she may be less willing to provide the e-mail address to the supervisor of elections. Accordingly, the effective and efficient administration of a government program would be significantly impaired.

(3) The Legislature finds that it is a public
