I. Summary:

SPB 7016 establishes the contribution rates paid by employers participating in the Florida Retirement System (FRS) beginning July 1, 2019. These rates are intended to fund the full normal cost and the amortization of the unfunded actuarial liability of the FRS. With these modifications to employer contribution rates, the FRS Trust Fund will receive roughly \$123.3 million more in revenue on an annual basis beginning July 1, 2019. The public employers that will incur these additional costs are state agencies, state universities and colleges, school districts, counties, municipalities, and other governmental entities that participate in the FRS.

The bill will have a fiscal impact on state funds appropriated by the Legislature for employee salaries and benefits. The bill will increase the amounts agencies must pay for employee retirement benefits. See Section V.

The bill takes effect July 1, 2019.

II. Present Situation:

The Florida Retirement System

The Florida Retirement System (FRS) was established in 1970 when the Legislature consolidated the Teachers' Retirement System, the State and County Officers and Employees' Retirement System, and the Highway Patrol Pension Fund. In 1972, the Judicial Retirement System was consolidated into the FRS, and in 2007, the Institute of Food and Agricultural Sciences Supplemental Retirement Program was consolidated under the Regular Class of the FRS as a

closed group.¹ The FRS is a contributory system, with active members contributing three percent of their salaries.²

The FRS is a multi-employer, contributory plan, governed by the Florida Retirement System Act in Chapter 121, F.S. As of June 30, 2018, the FRS had 643,333 active members, 415,800 annuitants, 16,032 disabled retirees, and 33,432 active participants of the Deferred Retirement Option Program (DROP).³ As of June 30, 2018, the FRS consisted of 1,002 total employers; it is the primary retirement plan for employees of state and county government agencies, district school boards, Florida College institutions, and state universities, and also includes the 173 cities and 267 special districts that have elected to join the system.⁴

The membership of the FRS is divided into five membership classes:

- The Regular Class⁵ consists of 551,997 active members and 7,349 in renewed membership;
- The Special Risk Class⁶ includes 72,642 active members and 976 in renewed membership;
- The Special Risk Administrative Support Class⁷ has 87 active members;
- The Elected Officers' Class⁸ has 2,050 active members and 120 in renewed membership; and
- The Senior Management Service Class⁹ has 7,881 active members and 207 in renewed membership.¹⁰

Each class is funded separately based upon the costs attributable to the members of that class.

Members of the FRS have two primary plan options available for participation:

- The defined contribution plan, also known as the Investment Plan; and
- The defined benefit plan, also known as the Pension Plan.

² Prior to 1975, members of the FRS were required to make employee contributions of either 4 percent for Regular Class employees or 6 percent for Special Risk Class members. Employees were again required to contribute to the system after July 1, 2011. Members in the Deferred Retirement Option Program do not contribute to the system.

⁵ The Regular Class is for all members who are not assigned to another class. Section 121.021(12), F.S.

⁶ The Special Risk Class is for members employed as law enforcement officers, firefighters, correctional officers, probation officers, paramedics and emergency technicians, among others. Section 121.0515, F.S.

⁷ The Special Risk Administrative Support Class is for a special risk member who moved or was reassigned to a nonspecial risk law enforcement, firefighting, correctional, or emergency medical care administrative support position with the same agency, or who is subsequently employed in such a position under the Florida Retirement System. Section 121.0515(8), F.S.

⁸ The Elected Officers' Class is for elected state and county officers, and for those elected municipal or special district officers whose governing body has chosen Elected Officers' Class participation for its elected officers. Section 121.052, F.S.

⁹ The Senior Management Service Class is for members who fill senior management level positions assigned by law to the Senior Management Service Class or authorized by law as eligible for Senior Management Service designation. Section 121.055, F.S.

Investment Plan

In 2000, the Public Employee Optional Retirement Program (investment plan) was created as a defined contribution plan offered to eligible employees as an alternative to the FRS Pension Plan.

Benefits under the investment plan accrue in individual member accounts funded by both employee and employer contributions and earnings. Benefits are provided through employee-directed investments offered by approved investment providers.

A member vests immediately in all employee contributions paid to the investment plan.¹¹ With respect to the employer contributions, a member vests after completing one work year of employment with an FRS employer.¹² Vested benefits are payable upon termination or death as a lump-sum distribution, direct rollover distribution, or periodic distribution.¹³ The investment plan also provides disability coverage for both in-line-of-duty and regular disability retirement benefits.¹⁴ An FRS member who qualifies for disability while enrolled in the investment plan may apply for benefits as if the employee were a member of the pension plan. If approved for retirement disability benefits, the member is transferred to the pension plan.¹⁵

The State Board of Administration (SBA) is primarily responsible for administering the investment plan.¹⁶ The Board of Trustees of the SBA is comprised of the Governor as chair, the Chief Financial Officer, and the Attorney General.¹⁷

Pension Plan

The pension plan is administered by the secretary of the Department of Management Services through the Division of Retirement.¹⁸ Investment management is handled by the State Board of Administration.

Any member initially enrolled in the pension plan before July 1, 2011, vests in the pension plan after completing six years of service with an FRS employer.¹⁹ For members initially enrolled on or after July 1, 2011, the member vests in the pension plan after eight years of creditable

¹¹ Section 121.4501(6)(a), F.S.

¹² If a member terminates employment before vesting in the investment plan, the nonvested money is transferred from the member's account to the SBA for deposit and investment by the SBA in its suspense account for up to five years. If the member is not reemployed as an eligible employee within five years, then any nonvested accumulations transferred from a member's account to the SBA's suspense account are forfeited. Section 121.4501(6)(b)-(d), F.S.

¹³ Section 121.591, F.S.

¹⁴ See s. 121.4501(16), F.S.

¹⁵ Pension plan disability retirement benefits, which apply for investment plan members who qualify for disability, compensate an in-line-of-duty disabled member up to 65 percent of the average monthly compensation as of the disability retirement date for special risk class members. Other members may receive up to 42 percent of the member's average monthly compensation for disability retirement benefits. If the disability occurs other than in the line of duty, the monthly benefit may not be less than 25 percent of the average monthly compensation as of the disability retirement date.

service.²⁰ Benefits payable under the pension plan are calculated based on the member's years of creditable service multiplied by the service accrual rate multiplied by the member's average final compensation.²¹ For most current members of the pension plan, normal retirement (when first eligible for unreduced benefits) occurs at the earliest attainment of 30 years of service or age 62.²² For public safety employees in the Special Risk and Special Risk Administrative Support Classes, normal retirement is the earliest of 25 years of service or age 55.²³ Members initially enrolled in the pension plan on or after July 1, 2011, have longer service requirements. For members initially enrolled after that date, the member must complete 33 years of service or attain age 65, and members in the Special Risk classes must complete 30 years of service or attain age 60.²⁴

Optional Retirement Programs

Eligible employees may choose to participate in one of three retirement programs instead of participating in the FRS:

- Members of the Senior Management Service Class may elect to enroll in the Senior Management Service Optional Annuity Program;²⁵
- Members in specified positions in the State University System may elect to enroll in the State University System Optional Retirement Program;²⁶ and
- Members in specified positions at a Florida College institution may elect to enroll in the State Community College System Optional Retirement Program.²⁷

Contribution Rates

Employers participating in the FRS are required to contribute a specified percentage of the member's monthly compensation to the Division of Retirement to be distributed into the FRS Contributions Clearing Trust Fund. The employer contribution rate is a blended contribution rate set by statute, which is the same percentage regardless of whether the member participates in the pension plan or the investment plan.²⁸ The rate is determined annually based on an actuarial study by the Department of Management Services that calculates the necessary level of funding to support all of the benefit obligations under both FRS retirement plans.

²³ Section 121.021(29)(b)1., F.S.

²⁴ Sections 121.021(29)(a)2. and (b)2., F.S.

²⁵ The Senior Management Service Optional Annuity Program (SMSOAP) was established in 1986 for members of the Senior Management Service Class. Employees in eligible positions may irrevocably elect to participate in the SMSOAP rather than the FRS. Section 121.055(6), F.S.

²⁶ Eligible participants of the State University System Optional Retirement Program (SUSORP) are automatically enrolled in the SUSORP. However, the member must execute a contract with a SUSORP provider within the first 90 days of employment or the employee will default into the pension plan. If the employee decides to remain in the SUSORP, the decision is irrevocable and the member must remain in the SUSORP as long as the member remains in a SUSORP-eligible position. Section 121.35, F.S.

²⁷ If the member is eligible for participation in a State Community College System Optional Retirement Program, the member must elect to participate in the program within 90 days of employment. Unlike the other optional programs, an employee who elects to participate in this optional retirement program has one opportunity to transfer to the FRS. Section 1012.875, F.S.

²⁸ Section 121.70(1), F.S.

In the annual actuarial valuation of the Florida Retirement System based on July 1, 2018, plan assets and liabilities, Milliman, Inc., the state actuary, determined the following key data relating to the FRS pension plan:²⁹

	Valuation Results (in \$ billions)			
	July 1, 2015	July 1, 2016	July 1, 2017	July 1, 2018
Actuarial Liability	\$165.5	\$170.4	\$178.6	\$186.0
Actuarial Value of Assets	\$143.2	\$145.5	\$150.6	\$156.1

Funded Percentage (Actuarial Value of Assets/Actuarial Liability)	86.5%	85.4%	84.3%	83.9%

The state actuary determines a rate associated with the normal cost of the pension plan (funding the prospective benefits) and a rate necessary to amortize the unfunded actuarial liabilities (UAL) over a thirty-year period. The following are the current employer contribution rates³⁰ for each class and the blended rates recommended by the state actuary beginning in July 2018:³¹

³² Section 121.71(3), F.S.

After employer and employee contributions are placed into the FRS Contributions Clearing Trust Fund, the allocations under the investment plan are transferred to third-party administrators to be placed in the employee's individual investment accounts, whereas contributions under the pension plan are transferred into the FRS Trust Fund.³³

III. Effect of Proposed Changes:

The bill modifies the employer-paid contributions for FRS retirement benefits.

Section 1 amends s. 121.71, F.S., to set the employer-paid contributions to the Florida Retirement System Trust Fund for each membership class of the FRS. The bill also updates the required employer retirement contribution rates for each membership class to address the unfunded actuarial liabilities.

Section 2 provides findings that the bill fulfills an important state interest.

Section 3 provides the bill takes effect July 1, 2019.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:
