Senate Amendment (with title amendment)

Delete everything after the enacting clause
and insert:

Section 1. Section 125.01055, Florida Statutes, is amended
to read:

125.01055 Affordable housing.—

(1) Notwithstanding any other provision of law, a county
may adopt and maintain in effect any law, ordinance, rule, or
other measure that is adopted for the purpose of increasing the
supply of affordable housing using land use mechanisms such as

387652

12 inclusionary housing ordinances.

13 (2) An inclusionary housing ordinance may require a
14 developer to provide a specified number or percentage of
15 affordable housing units to be included in a development or
16 allow a developer to contribute to a housing fund or other
17 alternatives in lieu of building the affordable housing units.
18 However, in exchange, a county must provide incentives to fully
19 offset all costs to the developer of its affordable housing
20 contribution. Such incentives may include, but are not limited
21 to:

22 (a) Allowing the developer density or intensity bonus
23 incentives or more floor space than allowed under the current or
24 proposed future land use designation or zoning;

25 (b) Reducing or waiving fees, such as impact fees or water
26 and sewer charges; or

27 (c) Granting other incentives.

28 (3) Subsection (2) does not apply in an area of critical
29 state concern, as designated in s. 380.0552.

30 Section 2. Section 125.022, Florida Statutes, is amended to
31 read:

32 125.022 Development permits and orders.—

33 (1) Within 30 days after receiving an application for
34 approval of a development permit or development order, a county
35 must review the application for completeness and issue a letter
36 indicating that all required information is submitted or
37 specifying with particularity any areas that are deficient. If
38 the application is deficient, the applicant has 30 days to
39 address the deficiencies by submitting the required additional
40 information. Within 120 days after the county has deemed the

387652

41 application complete, or 180 days for applications that require
42 final action through a quasi-judicial hearing or a public
43 hearing, the county must approve, approve with conditions, or
44 deny the application for a development permit or development
45 order. Both parties may agree to a reasonable request for an
46 extension of time, particularly in the event of a force majeure
47 or other extraordinary circumstance. An approval, approval with
48 conditions, or denial of the application for a development
49 permit or development order must include written findings
50 supporting the county's decision. The timeframes contained in
51 this subsection do not apply in an area of critical state
52 concern, as designated in s. 380.0552.

53 (2)~~(1)~~ When reviewing an application for a development
54 permit or development order that is certified by a professional
55 listed in s. 403.0877, a county may not request additional
56 information from the applicant more than three times, unless the
57 applicant waives the limitation in writing. Before a third
58 request for additional information, the applicant must be
59 offered a meeting to attempt to resolve outstanding issues.
60 Except as provided in subsection (5)~~(4)~~, if the applicant
61 believes the request for additional information is not
62 authorized by ordinance, rule, statute, or other legal
63 authority, the county, at the applicant's request, shall proceed
64 to process the application for approval or denial.

65 (3)~~(2)~~ When a county denies an application for a
66 development permit or development order, the county shall give
67 written notice to the applicant. The notice must include a
68 citation to the applicable portions of an ordinance, rule,
69 statute, or other legal authority for the denial of the permit

387652

70 or order.

71 (4)~~(3)~~ As used in this section, the terms ~~term~~ "development
72 permit" and "development order" have ~~has~~ the same meaning as in
73 s. 163.3164, but do ~~does~~ not include building permits.

74 (5)~~(4)~~ For any development permit application filed with
75 the county after July 1, 2012, a county may not require as a
76 condition of processing or issuing a development permit or
77 development order that an applicant obtain a permit or approval
78 from any state or federal agency unless the agency has issued a
79 final agency action that denies the federal or state permit
80 before the county action on the local development permit.

81 (6)~~(5)~~ Issuance of a development permit or development
82 order by a county does not in any way create any rights on the
83 part of the applicant to obtain a permit from a state or federal
84 agency and does not create any liability on the part of the
85 county for issuance of the permit if the applicant fails to
86 obtain requisite approvals or fulfill the obligations imposed by
87 a state or federal agency or undertakes actions that result in a
88 violation of state or federal law. A county shall attach such a
89 disclaimer to the issuance of a development permit and shall
90 include a permit condition that all other applicable state or
91 federal permits be obtained before commencement of the
92 development.

93 (7)~~(6)~~ This section does not prohibit a county from
94 providing information to an applicant regarding what other state
95 or federal permits may apply.

96 Section 3. Subsection (3) of section 163.3167, Florida
97 Statutes, is amended to read:

98 163.3167 Scope of act.—

387652

99 (3) A municipality established after the effective date of
100 this act shall, within 1 year after incorporation, establish a
101 local planning agency, pursuant to s. 163.3174, and prepare and
102 adopt a comprehensive plan of the type and in the manner set out
103 in this act within 3 years after the date of such incorporation.
104 A county comprehensive plan is shall be deemed controlling until
105 the municipality adopts a comprehensive plan in accordance
106 accord with this act. A comprehensive plan adopted after January
107 1, 2019, and all land development regulations adopted to
108 implement the comprehensive plan must incorporate each
109 development order existing before the comprehensive plan's
110 effective date, may not impair the completion of a development
111 in accordance with such existing development order, and must
112 vest the density and intensity approved by such development
113 order existing on the effective date of the comprehensive plan
114 without limitation or modification.

115 Section 4. Paragraph (i) of subsection (5) and paragraph
116 (h) of subsection (6) of section 163.3180, Florida Statutes, are
117 amended to read:

118 163.3180 Concurrency.—

119 (5)

120 (i) If a local government elects to repeal transportation
121 concurrency, it is encouraged to adopt an alternative mobility
122 funding system that uses one or more of the tools and techniques
123 identified in paragraph (f). Any alternative mobility funding
124 system adopted may not be used to deny, time, or phase an
125 application for site plan approval, plat approval, final
126 subdivision approval, building permits, or the functional
127 equivalent of such approvals provided that the developer agrees

387652

128 to pay for the development's identified transportation impacts
129 via the funding mechanism implemented by the local government.
130 The revenue from the funding mechanism used in the alternative
131 system must be used to implement the needs of the local
132 government's plan which serves as the basis for the fee imposed.
133 A mobility fee-based funding system must comply with s.
134 163.31801 governing the dual rational nexus test applicable to
135 impact fees. An alternative system that is not mobility fee-
136 based shall not be applied in a manner that imposes upon new
137 development any responsibility for funding an existing
138 transportation deficiency as defined in paragraph (h).

139 (6)

140 (h)1. In order to limit the liability of local governments,
141 a local government may allow a landowner to proceed with
142 development of a specific parcel of land notwithstanding a
143 failure of the development to satisfy school concurrency, if all
144 the following factors are shown to exist:

145 a. The proposed development would be consistent with the
146 future land use designation for the specific property and with
147 pertinent portions of the adopted local plan, as determined by
148 the local government.

149 b. The local government's capital improvements element and
150 the school board's educational facilities plan provide for
151 school facilities adequate to serve the proposed development,
152 and the local government or school board has not implemented
153 that element or the project includes a plan that demonstrates
154 that the capital facilities needed as a result of the project
155 can be reasonably provided.

156 c. The local government and school board have provided a

387652

157 means by which the landowner will be assessed a proportionate
158 share of the cost of providing the school facilities necessary
159 to serve the proposed development.

160 2. If a local government applies school concurrency, it may
161 not deny an application for site plan, final subdivision
162 approval, or the functional equivalent for a development or
163 phase of a development authorizing residential development for
164 failure to achieve and maintain the level-of-service standard
165 for public school capacity in a local school concurrency
166 management system where adequate school facilities will be in
167 place or under actual construction within 3 years after the
168 issuance of final subdivision or site plan approval, or the
169 functional equivalent. School concurrency is satisfied if the
170 developer executes a legally binding commitment to provide
171 mitigation proportionate to the demand for public school
172 facilities to be created by actual development of the property,
173 including, but not limited to, the options described in sub-
174 subparagraph a. Options for proportionate-share mitigation of
175 impacts on public school facilities must be established in the
176 comprehensive plan and the interlocal agreement pursuant to s.
177 163.31777.

178 a. Appropriate mitigation options include the contribution
179 of land; the construction, expansion, or payment for land
180 acquisition or construction of a public school facility; the
181 construction of a charter school that complies with the
182 requirements of s. 1002.33(18); or the creation of mitigation
183 banking based on the construction of a public school facility in
184 exchange for the right to sell capacity credits. Such options
185 must include execution by the applicant and the local government

387652

186 of a development agreement that constitutes a legally binding
187 commitment to pay proportionate-share mitigation for the
188 additional residential units approved by the local government in
189 a development order and actually developed on the property,
190 taking into account residential density allowed on the property
191 prior to the plan amendment that increased the overall
192 residential density. The district school board must be a party
193 to such an agreement. As a condition of its entry into such a
194 development agreement, the local government may require the
195 landowner to agree to continuing renewal of the agreement upon
196 its expiration.

197 b. If the interlocal agreement and the local government
198 comprehensive plan authorize a contribution of land; the
199 construction, expansion, or payment for land acquisition; the
200 construction or expansion of a public school facility, or a
201 portion thereof; or the construction of a charter school that
202 complies with the requirements of s. 1002.33(18), as
203 proportionate-share mitigation, the local government shall
204 credit such a contribution, construction, expansion, or payment
205 toward any other impact fee or exaction imposed by local
206 ordinance for public educational facilities ~~the same need~~, on a
207 dollar-for-dollar basis at fair market value. The credit must be
208 based on the total impact fee assessed and not on the impact fee
209 for any particular type of school.

210 c. Any proportionate-share mitigation must be directed by
211 the school board toward a school capacity improvement identified
212 in the 5-year school board educational facilities plan that
213 satisfies the demands created by the development in accordance
214 with a binding developer's agreement.

387652

215 3. This paragraph does not limit the authority of a local
216 government to deny a development permit or its functional
217 equivalent pursuant to its home rule regulatory powers, except
218 as provided in this part.

219 Section 5. Section 163.31801, Florida Statutes, is amended
220 to read:

221 163.31801 Impact fees; short title; intent; minimum
222 requirements; audits; challenges ~~definitions; ordinances levying~~
223 ~~impact fees.~~—

224 (1) This section may be cited as the "Florida Impact Fee
225 Act."

226 (2) The Legislature finds that impact fees are an important
227 source of revenue for a local government to use in funding the
228 infrastructure necessitated by new growth. The Legislature
229 further finds that impact fees are an outgrowth of the home rule
230 power of a local government to provide certain services within
231 its jurisdiction. Due to the growth of impact fee collections
232 and local governments' reliance on impact fees, it is the intent
233 of the Legislature to ensure that, when a county or municipality
234 adopts an impact fee by ordinance or a special district adopts
235 an impact fee by resolution, the governing authority complies
236 with this section.

237 (3) At a minimum, an impact fee adopted by ordinance of a
238 county or municipality or by resolution of a special district
239 must satisfy all of the following conditions, ~~at minimum:~~

240 (a) ~~Require that~~ The calculation of the impact fee must be
241 based on the most recent and localized data.

242 (b) The local government must provide for accounting and
243 reporting of impact fee collections and expenditures. If a local

387652

244 governmental entity imposes an impact fee to address its
245 infrastructure needs, the entity must ~~shall~~ account for the
246 revenues and expenditures of such impact fee in a separate
247 accounting fund.

248 (c) ~~Limit~~ Administrative charges for the collection of
249 impact fees must be limited to actual costs.

250 (d) The local government must provide ~~Require that~~ notice
251 ~~not be provided~~ no less than 90 days before the effective date
252 of an ordinance or resolution imposing a new or increased impact
253 fee. A county or municipality is not required to wait 90 days to
254 decrease, suspend, or eliminate an impact fee.

255 (e) Collection of the impact fee may not be required to
256 occur earlier than the date of issuance of the building permit
257 for the property that is subject to the fee.

258 (f) The impact fee must be proportional and reasonably
259 connected to, or have a rational nexus with, the need for
260 additional capital facilities and the increased impact generated
261 by the new residential or commercial construction.

262 (g) The impact fee must be proportional and reasonably
263 connected to, or have a rational nexus with, the expenditures of
264 the funds collected and the benefits accruing to the new
265 residential or nonresidential construction.

266 (h) The local government must specifically earmark funds
267 collected under the impact fee for use in acquiring,
268 constructing, or improving capital facilities to benefit new
269 users.

270 (i) Revenues generated by the impact fee may not be used,
271 in whole or in part, to pay existing debt or for previously
272 approved projects unless the expenditure is reasonably connected

387652

273 to, or has a rational nexus with, the increased impact generated
274 by the new residential or nonresidential construction.

275 (4) The local government must credit against the collection
276 of the impact fee any contribution, whether identified in a
277 proportionate share agreement or other form of exaction, related
278 to public education facilities, including land dedication, site
279 planning and design, or construction. Any contribution must be
280 applied to reduce any education-based impact fees on a dollar-
281 for-dollar basis at fair market value.

282 (5) If a local government increases its impact fee rates,
283 the holder of any impact fee credits, whether such credits are
284 granted under s. 163.3180, s. 380.06, or otherwise, which were
285 in existence before the increase, is entitled to the full
286 benefit of the intensity or density prepaid by the credit
287 balance as of the date it was first established. This subsection
288 shall operate prospectively and not retrospectively.

289 ~~(6)~~(4) Audits of financial statements of local governmental
290 entities and district school boards which are performed by a
291 certified public accountant pursuant to s. 218.39 and submitted
292 to the Auditor General must include an affidavit signed by the
293 chief financial officer of the local governmental entity or
294 district school board stating that the local governmental entity
295 or district school board has complied with this section.

296 ~~(7)~~(5) In any action challenging an impact fee or the
297 government's failure to provide required dollar-for-dollar
298 credits for the payment of impact fees as provided in s.
299 163.3180(6)(h)2.b., the government has the burden of proving by
300 a preponderance of the evidence that the imposition or amount of
301 the fee or credit meets the requirements of state legal

387652

302 precedent and ~~or~~ this section. The court may not use a
303 deferential standard for the benefit of the government.

304 (8) A county, municipality, or special district may provide
305 an exception or waiver for an impact fee for the development or
306 construction of housing that is affordable, as defined in s.
307 420.9071. If a county, municipality, or special district
308 provides such an exception or waiver, it is not required to use
309 any revenues to offset the impact.

310 (9) This section does not apply to water and sewer
311 connection fees.

312 Section 6. Paragraph (j) is added to subsection (2) of
313 section 163.3202, Florida Statutes, to read:

314 163.3202 Land development regulations.—

315 (2) Local land development regulations shall contain
316 specific and detailed provisions necessary or desirable to
317 implement the adopted comprehensive plan and shall at a minimum:

318 (j) Incorporate preexisting development orders identified
319 pursuant to s. 163.3167(3).

320 Section 7. Subsection (8) of section 163.3215, Florida
321 Statutes, is amended to read:

322 163.3215 Standing to enforce local comprehensive plans
323 through development orders.—

324 (8)(a) In any proceeding under subsection (3), either party
325 is entitled to the summary procedure provided in s. 51.011, and
326 the court shall advance the cause on the calendar, subject to
327 paragraph (b) ~~or subsection (4), the Department of Legal Affairs~~
328 may intervene to represent the interests of the state.

329 (b) Upon a showing by either party by clear and convincing
330 evidence that summary procedure is inappropriate, the court may

387652

331 determine that summary procedure does not apply.

332 (c) The prevailing party in a challenge to a development
333 order filed under subsection (3) is entitled to recover
334 reasonable attorney fees and costs incurred in challenging or
335 defending the order, including reasonable appellate attorney
336 fees and costs.

337 Section 8. Section 166.033, Florida Statutes, is amended to
338 read:

339 166.033 Development permits and orders.—

340 (1) Within 30 days after receiving an application for
341 approval of a development permit or development order, a
342 municipality must review the application for completeness and
343 issue a letter indicating that all required information is
344 submitted or specifying with particularity any areas that are
345 deficient. If the application is deficient, the applicant has 30
346 days to address the deficiencies by submitting the required
347 additional information. Within 120 days after the municipality
348 has deemed the application complete, or 180 days for
349 applications that require final action through a quasi-judicial
350 hearing or a public hearing, the municipality must approve,
351 approve with conditions, or deny the application for a
352 development permit or development order. Both parties may agree
353 to a reasonable request for an extension of time, particularly
354 in the event of a force majeure or other extraordinary
355 circumstance. An approval, approval with conditions, or denial
356 of the application for a development permit or development order
357 must include written findings supporting the municipality's
358 decision. The timeframes contained in this subsection do not
359 apply in an area of critical state concern, as designated in s.

387652

360 380.0552 or chapter 28-36, Florida Administrative Code.

361 (2)~~(1)~~ When reviewing an application for a development
362 permit or development order that is certified by a professional
363 listed in s. 403.0877, a municipality may not request additional
364 information from the applicant more than three times, unless the
365 applicant waives the limitation in writing. Before a third
366 request for additional information, the applicant must be
367 offered a meeting to attempt to resolve outstanding issues.
368 Except as provided in subsection (5) ~~(4)~~, if the applicant
369 believes the request for additional information is not
370 authorized by ordinance, rule, statute, or other legal
371 authority, the municipality, at the applicant's request, shall
372 proceed to process the application for approval or denial.

373 (3)~~(2)~~ When a municipality denies an application for a
374 development permit or development order, the municipality shall
375 give written notice to the applicant. The notice must include a
376 citation to the applicable portions of an ordinance, rule,
377 statute, or other legal authority for the denial of the permit
378 or order.

379 (4)~~(3)~~ As used in this section, the terms ~~term~~ "development
380 permit" and "development order" have ~~has~~ the same meaning as in
381 s. 163.3164, but do ~~does~~ not include building permits.

382 (5)~~(4)~~ For any development permit application filed with
383 the municipality after July 1, 2012, a municipality may not
384 require as a condition of processing or issuing a development
385 permit or development order that an applicant obtain a permit or
386 approval from any state or federal agency unless the agency has
387 issued a final agency action that denies the federal or state
388 permit before the municipal action on the local development

387652

389 permit.

390 (6)~~(5)~~ Issuance of a development permit or development
391 order by a municipality does not ~~in any way~~ create any right on
392 the part of an applicant to obtain a permit from a state or
393 federal agency and does not create any liability on the part of
394 the municipality for issuance of the permit if the applicant
395 fails to obtain requisite approvals or fulfill the obligations
396 imposed by a state or federal agency or undertakes actions that
397 result in a violation of state or federal law. A municipality
398 shall attach such a disclaimer to the issuance of development
399 permits and shall include a permit condition that all other
400 applicable state or federal permits be obtained before
401 commencement of the development.

402 (7)~~(6)~~ This section does not prohibit a municipality from
403 providing information to an applicant regarding what other state
404 or federal permits may apply.

405 Section 9. Section 166.04151, Florida Statutes, is amended
406 to read:

407 166.04151 Affordable housing.—

408 (1) Notwithstanding any other provision of law, a
409 municipality may adopt and maintain in effect any law,
410 ordinance, rule, or other measure that is adopted for the
411 purpose of increasing the supply of affordable housing using
412 land use mechanisms such as inclusionary housing ordinances.

413 (2) An inclusionary housing ordinance may require a
414 developer to provide a specified number or percentage of
415 affordable housing units to be included in a development or
416 allow a developer to contribute to a housing fund or other
417 alternatives in lieu of building the affordable housing units.

387652

418 However, in exchange, a municipality must provide incentives to
419 fully offset all costs to the developer of its affordable
420 housing contribution. Such incentives may include, but are not
421 limited to:

422 (a) Allowing the developer density or intensity bonus
423 incentives or more floor space than allowed under the current or
424 proposed future land use designation or zoning;

425 (b) Reducing or waiving fees, such as impact fees or water
426 and sewer charges; or

427 (c) Granting other incentives.

428 (3) Subsection (2) does not apply in an area of critical
429 state concern, as designated by s. 380.0552 or chapter 28-36,
430 Florida Administrative Code.

431 Section 10. Subsection (8) of section 420.502, Florida
432 Statutes, is amended to read:

433 420.502 Legislative findings.—It is hereby found and
434 declared as follows:

435 (8)(a) It is necessary to create new programs to stimulate
436 the construction and substantial rehabilitation of rental
437 housing for eligible persons and families.

438 (b) It is necessary to create a state housing finance
439 strategy to provide affordable workforce housing opportunities
440 to essential services personnel in areas of critical state
441 concern designated under s. 380.05, for which the Legislature
442 has declared its intent to provide affordable housing, and areas
443 that were designated as areas of critical state concern for at
444 least 20 consecutive years before removal of the designation.
445 The lack of affordable workforce housing has been exacerbated by
446 the dwindling availability of developable land, environmental

387652

447 constraints, rising construction and insurance costs, and the
448 shortage of lower-cost housing units. As this state's population
449 continues to grow, essential services personnel vital to the
450 economies of areas of critical state concern are unable to live
451 in the communities where they work, creating transportation
452 congestion and hindering their quality of life and community
453 engagement.

454 Section 11. Present subsections (18) through (42) of
455 section 420.503, Florida Statutes, are redesignated as
456 subsections (19) through (43), respectively, a new subsection
457 (18) is added to that section, and subsection (15) of that
458 section is amended, to read:

459 420.503 Definitions.—As used in this part, the term:

460 (15) "Elderly" means persons 62 years of age or older;
461 however, this definition does not prohibit housing from being
462 deemed housing for the elderly as defined in subsection (20)
463 ~~(19)~~ if such housing otherwise meets the requirements of
464 subsection (20) ~~(19)~~.

465 (18) "Essential services personnel" means natural persons
466 or families whose total annual household income is at or below
467 120 percent of the area median income, adjusted for household
468 size, and at least one of whom is employed as police or fire
469 personnel, a child care worker, a teacher or other education
470 personnel, health care personnel, a public employee, or a
471 service worker.

472 Section 12. Subsection (3) of section 420.5095, Florida
473 Statutes, is amended to read:

474 420.5095 Community Workforce Housing Innovation Pilot
475 Program.—

387652

476 (3) For purposes of this section, the term:

477 (a) "Workforce housing" means housing affordable to natural
478 persons or families whose total annual household income does not
479 exceed 140 percent of the area median income, adjusted for
480 household size, or 150 percent of area median income, adjusted
481 for household size, in areas of critical state concern
482 designated under s. 380.05, for which the Legislature has
483 declared its intent to provide affordable housing, and areas
484 that were designated as areas of critical state concern for at
485 least 20 consecutive years prior to removal of the designation.

486 ~~(b) "Essential services personnel" means persons in need of~~
487 ~~affordable housing who are employed in occupations or~~
488 ~~professions in which they are considered essential services~~
489 ~~personnel, as defined by each county and eligible municipality~~
490 ~~within its respective local housing assistance plan pursuant to~~
491 ~~s. 420.9075(3)(a).~~

492 ~~(c) "Public-private partnership" means any form of business~~
493 ~~entity that includes substantial involvement of at least one~~
494 ~~county, one municipality, or one public sector entity, such as a~~
495 ~~school district or other unit of local government in which the~~
496 ~~project is to be located, and at least one private sector for-~~
497 ~~profit or not-for-profit business or charitable entity, and may~~
498 ~~be any form of business entity, including a joint venture or~~
499 ~~contractual agreement.~~

500 Section 13. Paragraph (a) of subsection (1) of section
501 252.363, Florida Statutes, is amended to read:

502 252.363 Tolling and extension of permits and other
503 authorizations.—

504 (1) (a) The declaration of a state of emergency issued by

387652

505 the Governor for a natural emergency tolls the period remaining
506 to exercise the rights under a permit or other authorization for
507 the duration of the emergency declaration. Further, the
508 emergency declaration extends the period remaining to exercise
509 the rights under a permit or other authorization for 6 months in
510 addition to the tolled period. This paragraph applies to the
511 following:

512 1. The expiration of a development order issued by a local
513 government.

514 2. The expiration of a building permit.

515 3. The expiration of a permit issued by the Department of
516 Environmental Protection or a water management district pursuant
517 to part IV of chapter 373.

518 4. The buildout date of a development of regional impact,
519 including any extension of a buildout date that was previously
520 granted as specified in s. 380.06(7)(c).

521 Section 14. Subsection (1), paragraph (b) of subsection
522 (2), and subsections (4) through (7) and (18) of section
523 553.791, Florida Statutes, are amended to read:

524 553.791 Alternative plans review and inspection.—

525 (1) As used in this section, the term:

526 (a) "Applicable codes" means the Florida Building Code and
527 any local technical amendments to the Florida Building Code but
528 does not include the applicable minimum fire prevention and
529 firesafety codes adopted pursuant to chapter 633.

530 (b) "Audit" means the process to confirm that the building
531 code inspection services have been performed by the private
532 provider, including ensuring that the required affidavit for the
533 plan review has been properly completed and affixed to the

387652

534 permit documents and that the minimum mandatory inspections
535 required under the building code have been performed and
536 properly recorded. ~~The term does not mean that the local~~
537 building official may not ~~is required to~~ replicate the plan
538 review or inspection being performed by the private provider,
539 unless expressly authorized by this section.

540 (c) "Building" means any construction, erection,
541 alteration, demolition, or improvement of, or addition to, any
542 structure or site work for which permitting by a local
543 enforcement agency is required.

544 (d) "Building code inspection services" means those
545 services described in s. 468.603(5) and (8) involving the review
546 of building plans as well as those services involving the review
547 of site plans and site work engineering plans or their
548 functional equivalent, to determine compliance with applicable
549 codes and those inspections required by law of each phase of
550 construction for which permitting by a local enforcement agency
551 is required to determine compliance with applicable codes.

552 (e) "Duly authorized representative" means an agent of the
553 private provider identified in the permit application who
554 reviews plans or performs inspections as provided by this
555 section and who is licensed as an engineer under chapter 471 or
556 as an architect under chapter 481 or who holds a standard
557 certificate under part XII of chapter 468.

558 (f) "Immediate threat to public safety and welfare" means a
559 building code violation that, if allowed to persist, constitutes
560 an immediate hazard that could result in death, serious bodily
561 injury, or significant property damage. This paragraph does not
562 limit the authority of the local building official to issue a

387652

563 Notice of Corrective Action at any time during the construction
564 of a building project or any portion of such project if the
565 official determines that a condition of the building or portion
566 thereof may constitute a hazard when the building is put into
567 use following completion as long as the condition cited is shown
568 to be in violation of the building code or approved plans.

569 (g) "Local building official" means the individual within
570 the governing jurisdiction responsible for direct regulatory
571 administration or supervision of plans review, enforcement, and
572 inspection of any construction, erection, alteration,
573 demolition, or substantial improvement of, or addition to, any
574 structure for which permitting is required to indicate
575 compliance with applicable codes and includes any duly
576 authorized designee of such person.

577 (h) "Permit application" means a properly completed and
578 submitted application for the requested building or construction
579 permit, including:

- 580 1. The plans reviewed by the private provider.
581 2. The affidavit from the private provider required under
582 subsection (6).
583 3. Any applicable fees.
584 4. Any documents required by the local building official to
585 determine that the fee owner has secured all other government
586 approvals required by law.

587 (i) "Plans" means building plans, site engineering plans,
588 or site plans, or their functional equivalent, submitted by a
589 fee owner or fee owner's contractor to a private provider or
590 duly authorized representative for review.

591 (j)(i) "Private provider" means a person licensed as a

387652

592 building code administrator under part XII of chapter 468, as an
593 engineer under chapter 471, or as an architect under chapter
594 481. For purposes of performing inspections under this section
595 for additions and alterations that are limited to 1,000 square
596 feet or less to residential buildings, the term "private
597 provider" also includes a person who holds a standard
598 certificate under part XII of chapter 468.

599 (k)~~(j)~~ "Request for certificate of occupancy or certificate
600 of completion" means a properly completed and executed
601 application for:

- 602 1. A certificate of occupancy or certificate of completion.
- 603 2. A certificate of compliance from the private provider
604 required under subsection (11).
- 605 3. Any applicable fees.
- 606 4. Any documents required by the local building official to
607 determine that the fee owner has secured all other government
608 approvals required by law.

609 (l) "Site work" means the portion of a construction project
610 that is not part of the building structure, including, but not
611 limited to, grading, excavation, landscape irrigation, and
612 installation of driveways.

613 (m)~~(k)~~ "Stop-work order" means the issuance of any written
614 statement, written directive, or written order which states the
615 reason for the order and the conditions under which the cited
616 work will be permitted to resume.

617 (2)

618 (b) It is the intent of the Legislature that owners and
619 contractors pay reduced fees ~~not be required to pay extra costs~~
620 related to building permitting requirements when hiring a

387652

621 private provider for plans review and building inspections. A
622 local jurisdiction must calculate the cost savings to the local
623 enforcement agency, based on a fee owner or contractor hiring a
624 private provider to perform plans reviews and building
625 inspections in lieu of the local building official, and reduce
626 the permit fees accordingly. The local jurisdiction may not
627 charge fees for building inspections if the fee owner or
628 contractor hires a private provider; however, the local
629 jurisdiction may charge a reasonable administrative fee.

630 (4) A fee owner or the fee owner's contractor using a
631 private provider to provide building code inspection services
632 shall notify the local building official at the time of permit
633 application, or by 2 p.m. local time, 2 no less than 7 business
634 days before ~~prior to~~ the first scheduled inspection by the local
635 building official or building code enforcement agency for a
636 private provider performing required inspections of construction
637 under this section, on a form to be adopted by the commission.
638 This notice shall include the following information:

639 (a) The services to be performed by the private provider.

640 (b) The name, firm, address, telephone number, and
641 facsimile number of each private provider who is performing or
642 will perform such services, his or her professional license or
643 certification number, qualification statements or resumes, and,
644 if required by the local building official, a certificate of
645 insurance demonstrating that professional liability insurance
646 coverage is in place for the private provider's firm, the
647 private provider, and any duly authorized representative in the
648 amounts required by this section.

649 (c) An acknowledgment from the fee owner in substantially

387652

650 the following form:

651

652 I have elected to use one or more private providers to
653 provide building code plans review and/or inspection
654 services on the building or structure that is the
655 subject of the enclosed permit application, as
656 authorized by s. 553.791, Florida Statutes. I
657 understand that the local building official may not
658 review the plans submitted or perform the required
659 building inspections to determine compliance with the
660 applicable codes, except to the extent specified in
661 said law. Instead, plans review and/or required
662 building inspections will be performed by licensed or
663 certified personnel identified in the application. The
664 law requires minimum insurance requirements for such
665 personnel, but I understand that I may require more
666 insurance to protect my interests. By executing this
667 form, I acknowledge that I have made inquiry regarding
668 the competence of the licensed or certified personnel
669 and the level of their insurance and am satisfied that
670 my interests are adequately protected. I agree to
671 indemnify, defend, and hold harmless the local
672 government, the local building official, and their
673 building code enforcement personnel from any and all
674 claims arising from my use of these licensed or
675 certified personnel to perform building code
676 inspection services with respect to the building or
677 structure that is the subject of the enclosed permit
678 application.

If the fee owner or the fee owner's contractor makes any changes to the listed private providers or the services to be provided by those private providers, the fee owner or the fee owner's contractor shall, within 1 business day after any change, update the notice to reflect such changes. A change of a duly authorized representative named in the permit application does not require a revision of the permit, and the building code enforcement agency shall not charge a fee for making the change. In addition, the fee owner or the fee owner's contractor shall post at the project site, before ~~prior to~~ the commencement of construction and updated within 1 business day after any change, on a form to be adopted by the commission, the name, firm, address, telephone number, and facsimile number of each private provider who is performing or will perform building code inspection services, the type of service being performed, and similar information for the primary contact of the private provider on the project.

(5) After construction has commenced and if the local building official is unable to provide inspection services in a timely manner, the fee owner or the fee owner's contractor may elect to use a private provider to provide inspection services by notifying the local building official of the owner's or contractor's intention to do so by 2 p.m. local time, 2 ~~no less than 7~~ business days before ~~prior to~~ the next scheduled inspection using the notice provided for in paragraphs (4) (a) - (c).

(6) A private provider performing plans review under this section shall review the ~~construction~~ plans to determine

387652

708 compliance with the applicable codes. Upon determining that the
709 plans reviewed comply with the applicable codes, the private
710 provider shall prepare an affidavit or affidavits on a form
711 reasonably acceptable to ~~adopted by~~ the commission certifying,
712 under oath, that the following is true and correct to the best
713 of the private provider's knowledge and belief:

714 (a) The plans were reviewed by the affiant, who is duly
715 authorized to perform plans review pursuant to this section and
716 holds the appropriate license or certificate.

717 (b) The plans comply with the applicable codes.

718 (7) (a) No more than 20 ~~30~~ business days after receipt of a
719 permit application and the affidavit from the private provider
720 required pursuant to subsection (6), the local building official
721 shall issue the requested permit or provide a written notice to
722 the permit applicant identifying the specific plan features that
723 do not comply with the applicable codes, as well as the specific
724 code chapters and sections. If the local building official does
725 not provide a written notice of the plan deficiencies within the
726 prescribed 20-day ~~30-day~~ period, the permit application shall be
727 deemed approved as a matter of law, and the permit shall be
728 issued by the local building official on the next business day.

729 (b) If the local building official provides a written
730 notice of plan deficiencies to the permit applicant within the
731 prescribed 20-day ~~30-day~~ period, the 20-day ~~30-day~~ period shall
732 be tolled pending resolution of the matter. To resolve the plan
733 deficiencies, the permit applicant may elect to dispute the
734 deficiencies pursuant to subsection (13) or to submit revisions
735 to correct the deficiencies.

736 (c) If the permit applicant submits revisions, the local

387652

737 building official has the remainder of the tolled 20-day ~~30-day~~
738 period plus 5 business days from the date of resubmittal to
739 issue the requested permit or to provide a second written notice
740 to the permit applicant stating which of the previously
741 identified plan features remain in noncompliance with the
742 applicable codes, with specific reference to the relevant code
743 chapters and sections. Any subsequent review by the local
744 building official is limited to the deficiencies cited in the
745 written notice. If the local building official does not provide
746 the second written notice within the prescribed time period, the
747 permit shall be deemed approved as a matter of law, and issued
748 ~~by~~ the local building official must issue the permit on the next
749 business day.

750 (d) If the local building official provides a second
751 written notice of plan deficiencies to the permit applicant
752 within the prescribed time period, the permit applicant may
753 elect to dispute the deficiencies pursuant to subsection (13) or
754 to submit additional revisions to correct the deficiencies. For
755 all revisions submitted after the first revision, the local
756 building official has an additional 5 business days from the
757 date of resubmittal to issue the requested permit or to provide
758 a written notice to the permit applicant stating which of the
759 previously identified plan features remain in noncompliance with
760 the applicable codes, with specific reference to the relevant
761 code chapters and sections.

762 (18) Each local building code enforcement agency may audit
763 the performance of building code inspection services by private
764 providers operating within the local jurisdiction. However, the
765 same private provider may not be audited more than four times in

387652

766 a calendar year unless the local building official determines a
767 condition of a building constitutes an immediate threat to
768 public safety and welfare. Work on a building or structure may
769 proceed after inspection and approval by a private provider if
770 the provider has given notice of the inspection pursuant to
771 subsection (9) and, subsequent to such inspection and approval,
772 the work shall not be delayed for completion of an inspection
773 audit by the local building code enforcement agency.

774 Section 15. This act shall take effect upon becoming a law.
