A bill to be entitled
An act relating to community development and housing;
amending s. 125.01055, F.S.; authorizing an
inclusionary housing ordinance to require a developer
to provide a specified number or percentage of
affordable housing units to be included in a
development or allow a developer to contribute to a
housing fund or other alternatives; requiring a county
to provide certain incentives to fully offset all
costs to the developer of its affordable housing
contribution; providing applicability; amending s.
125.022, F.S.; requiring that a county review the
application for completeness and issue a certain
letter within a specified period after receiving an
application for approval of a development permit or
development order; providing procedures for addressing
deficiencies in, and for approving or denying, the
application; providing applicability of certain
timeframes; conforming provisions to changes made by
the act; defining the term "development order";
amending s. 163.3167, F.S.; providing requirements for
a comprehensive plan adopted after a specified date
and all land development regulations adopted to
implement the comprehensive plan; amending s.
163.3180, F.S.; revising compliance requirements for a
mobility fee-based funding system; requiring a local
government to credit certain contributions,
constructions, expansions, or payments toward any
other impact fee or exaction imposed by local
ordinance for public educational facilities; providing
requirements for the basis of the credit; amending s.
163.31801, F.S.; adding minimum conditions that
certain impact fees must satisfy; requiring a local
government to credit against the collection of an
impact fee any contribution related to public
education facilities, subject to certain requirements;
requiring the holder of certain impact fee credits to
be entitled to a certain benefit if a local government
increases its impact fee rates; providing
applicability; providing that the government, in
certain actions, has the burden of proving by a
preponderance of the evidence that the imposition or
amount of certain required dollar-for-dollar credits
for the payment of impact fees meets certain
requirements; prohibiting the court from using a
deferential standard for the benefit of the
government; authorizing a county, municipality, or
special district to provide an exception or waiver for
an impact fee for the development or construction of
housing that is affordable; providing that if a
county, municipality, or special district provides such exception or waiver, it is not required to use any revenues to offset the impact; providing applicability; amending s. 163.3202, F.S.; requiring local land development regulations to incorporate certain preexisting development orders; amending s. 163.3215, F.S.; providing that either party is entitled to a certain summary procedure in certain proceedings; requiring the court to advance such cause on the calendar, subject to certain requirements; providing that the prevailing party in a certain challenge to a development order is entitled to certain attorney fees and costs; amending s. 166.033, F.S.; requiring that a municipality review the application for completeness and issue a certain letter within a specified period after receiving an application for approval of a development permit or development order; providing procedures for addressing deficiencies in, and for approving or denying, the application; providing applicability of certain timeframes; conforming provisions to changes made by the act; defining the term "development order"; amending s. 166.04151, F.S.; authorizing an inclusionary housing ordinance to require a developer to provide a specified number or percentage of
affordable housing units to be included in a
development or allow a developer to contribute to a
housing fund or other alternatives; requiring a
municipality to provide certain incentives to fully
offset all costs to the developer of its affordable
housing contribution; providing applicability;
amending s. 420.502, F.S.; revising legislative
findings for a certain state housing finance strategy;
amending s. 420.503, F.S.; conforming cross-
references; defining the term "essential services
personnel"; amending s. 420.5095, F.S.; deleting the
definition of the term "essential services personnel";
amending s. 252.363, F.S.; providing that the
declaration of a state of emergency issued by the
Governor for a natural emergency tolls the period
remaining to exercise the rights under a permit or
other authorization for the duration of the emergency
declaration; amending s. 553.791, F.S.; providing and
revising definitions; revising legislative intent;
prohibiting a local jurisdiction from charging fees
for building inspections if the fee owner or
contractor hires a private provider; authorizing the
local jurisdiction to charge a reasonable
administrative fee; revising the timeframe within
which an owner or contractor must notify the building
official that he or she is using a certain private provider; revising the type of affidavit form to be used by certain private providers under certain circumstances; revising the timeframe within which a building official must approve or deny a permit application; specifying the timeframe within which the local building official must issue a certain permit or notice of noncompliance if the permit applicant submits revisions; limiting a building official's review of a resubmitted permit application to previously identified deficiencies; limiting the number of times a building official may audit a private provider, with exceptions; amending s. 718.112, F.S.; requiring condominium associations to ensure compliance with the Florida Fire Prevention Code; requiring associations to retrofit certain high-rise buildings with either a fire sprinkler system or an engineered life safety system as specified in the code; deleting a requirement for association bylaws to include a provision relating to certain certificates of compliance; extending and specifying the date before which local authorities having jurisdiction may not require completion of retrofitting a fire sprinkler system or an engineered life safety system, respectively; deleting an obsolete provision;
providing applicability; amending s. 718.1085, F.S.;
revising the definition of the term "common areas" to
exclude individual balconies; extending the year
before which the local authority having jurisdiction
may not require retrofitting of common areas with
handrails and guardrails; requiring the State Fire
Marshal, by a certain date, to issue a data call to
all local fire officials to collect data on certain
high-rise condominiums; specifying data that local
fire officials must submit; requiring that all data be
received and compiled into a certain report by a
certain date; requiring that the report be sent to the
Governor and the Legislature by a certain date;
providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 125.01055, Florida Statutes, is amended
to read:

125.01055 Affordable housing.—
(1) Notwithstanding any other provision of law, a county
may adopt and maintain in effect any law, ordinance, rule, or
other measure that is adopted for the purpose of increasing the
supply of affordable housing using land use mechanisms such as
inclusionary housing ordinances.
(2) An inclusionary housing ordinance may require a developer to provide a specified number or percentage of affordable housing units to be included in a development or allow a developer to contribute to a housing fund or other alternatives in lieu of building the affordable housing units. However, in exchange, a county must provide incentives to fully offset all costs to the developer of its affordable housing contribution. Such incentives may include, but are not limited to:

(a) Allowing the developer density or intensity bonus incentives or more floor space than allowed under the current or proposed future land use designation or zoning;

(b) Reducing or waiving fees, such as impact fees or water and sewer charges; or

(c) Granting other incentives.

(3) Subsection (2) does not apply in an area of critical state concern, as designated in s. 380.0552.

Section 2. Section 125.022, Florida Statutes, is amended to read:

125.022 Development permits and orders.—

(1) Within 30 days after receiving an application for approval of a development permit or development order, a county must review the application for completeness and issue a letter indicating that all required information is submitted or specifying with particularity any areas that are deficient. If
the application is deficient, the applicant has 30 days to
direct the deficiencies by submitting the required additional
information. Within 120 days after the county has deemed the
application complete, or 180 days for applications that require
final action through a quasi-judicial hearing or a public
hearing, the county must approve, approve with conditions, or
deny the application for a development permit or development
order. Both parties may agree to a reasonable request for an
extension of time, particularly in the event of a force majeure
or other extraordinary circumstance. An approval, approval with
conditions, or denial of the application for a development
permit or development order must include written findings
supporting the county's decision. The timeframes contained in
this subsection do not apply in an area of critical state
concern, as designated in s. 380.0552.

(2) When reviewing an application for a development
permit or development order that is certified by a professional
listed in s. 403.0877, a county may not request additional
information from the applicant more than three times, unless the
applicant waives the limitation in writing. Before a third
request for additional information, the applicant must be
offered a meeting to attempt to resolve outstanding issues.
Except as provided in subsection (5), if the applicant
believes the request for additional information is not
authorized by ordinance, rule, statute, or other legal
authority, the county, at the applicant's request, shall proceed
to process the application for approval or denial.

(3)(2) When a county denies an application for a
development permit or development order, the county shall give
written notice to the applicant. The notice must include a
citation to the applicable portions of an ordinance, rule,
statute, or other legal authority for the denial of the permit
or order.

(4)(3) As used in this section, the terms term
"development permit" and "development order" have has the same
meaning as in s. 163.3164, but do does not include building
permits.

(5)(4) For any development permit application filed with
the county after July 1, 2012, a county may not require as a
condition of processing or issuing a development permit or
development order that an applicant obtain a permit or approval
from any state or federal agency unless the agency has issued a
final agency action that denies the federal or state permit
before the county action on the local development permit.

(6)(5) Issuance of a development permit or development
order by a county does not in any way create any rights on the
part of the applicant to obtain a permit from a state or federal
agency and does not create any liability on the part of the
county for issuance of the permit if the applicant fails to
obtain requisite approvals or fulfill the obligations imposed by
a state or federal agency or undertakes actions that result in a violation of state or federal law. A county shall attach such a disclaimer to the issuance of a development permit and shall include a permit condition that all other applicable state or federal permits be obtained before commencement of the development.

(7) This section does not prohibit a county from providing information to an applicant regarding what other state or federal permits may apply.

Section 3. Subsection (3) of section 163.3167, Florida Statutes, is amended to read:

163.3167 Scope of act.—

(3) A municipality established after the effective date of this act shall, within 1 year after incorporation, establish a local planning agency, pursuant to s. 163.3174, and prepare and adopt a comprehensive plan of the type and in the manner set out in this act within 3 years after the date of such incorporation. A county comprehensive plan is shall be deemed controlling until the municipality adopts a comprehensive plan in accordance with this act. A comprehensive plan adopted after January 1, 2019, and all land development regulations adopted to implement the comprehensive plan must incorporate each development order existing before the comprehensive plan's effective date, may not impair the completion of a development in accordance with such existing development order, and must
vest the density and intensity approved by such development
order existing on the effective date of the comprehensive plan
without limitation or modification.

Section 4. Paragraph (i) of subsection (5) and paragraph
(h) of subsection (6) of section 163.3180, Florida Statutes, are
amended to read:

163.3180 Concurrency.—

(5)

(i) If a local government elects to repeal transportation
concurrency, it is encouraged to adopt an alternative mobility
funding system that uses one or more of the tools and techniques
identified in paragraph (f). Any alternative mobility funding
system adopted may not be used to deny, time, or phase an
application for site plan approval, plat approval, final
subdivision approval, building permits, or the functional
equivalent of such approvals provided that the developer agrees
to pay for the development's identified transportation impacts
via the funding mechanism implemented by the local government.
The revenue from the funding mechanism used in the alternative
system must be used to implement the needs of the local
government's plan which serves as the basis for the fee imposed.
A mobility fee-based funding system must comply with s.
163.31801 governing the dual rational nexus test applicable to
impact fees. An alternative system that is not mobility fee-
based shall not be applied in a manner that imposes upon new
development any responsibility for funding an existing transportation deficiency as defined in paragraph (h).

(6)

(h)1. In order to limit the liability of local governments, a local government may allow a landowner to proceed with development of a specific parcel of land notwithstanding a failure of the development to satisfy school concurrency, if all the following factors are shown to exist:

a. The proposed development would be consistent with the future land use designation for the specific property and with pertinent portions of the adopted local plan, as determined by the local government.

b. The local government's capital improvements element and the school board's educational facilities plan provide for school facilities adequate to serve the proposed development, and the local government or school board has not implemented that element or the project includes a plan that demonstrates that the capital facilities needed as a result of the project can be reasonably provided.

c. The local government and school board have provided a means by which the landowner will be assessed a proportionate share of the cost of providing the school facilities necessary to serve the proposed development.

2. If a local government applies school concurrency, it may not deny an application for site plan, final subdivision
approval, or the functional equivalent for a development or
phase of a development authorizing residential development for
failure to achieve and maintain the level-of-service standard
for public school capacity in a local school concurrency
management system where adequate school facilities will be in
place or under actual construction within 3 years after the
issuance of final subdivision or site plan approval, or the
functional equivalent. School concurrency is satisfied if the
developer executes a legally binding commitment to provide
mitigation proportionate to the demand for public school
facilities to be created by actual development of the property,
including, but not limited to, the options described in sub-
subparagraph a. Options for proportionate-share mitigation of
impacts on public school facilities must be established in the
comprehensive plan and the interlocal agreement pursuant to s.
163.31777.

   a. Appropriate mitigation options include the contribution
of land; the construction, expansion, or payment for land
acquisition or construction of a public school facility; the
construction of a charter school that complies with the
requirements of s. 1002.33(18); or the creation of mitigation
banking based on the construction of a public school facility in
exchange for the right to sell capacity credits. Such options
must include execution by the applicant and the local government
of a development agreement that constitutes a legally binding
commitment to pay proportionate-share mitigation for the additional residential units approved by the local government in a development order and actually developed on the property, taking into account residential density allowed on the property prior to the plan amendment that increased the overall residential density. The district school board must be a party to such an agreement. As a condition of its entry into such a development agreement, the local government may require the landowner to agree to continuing renewal of the agreement upon its expiration.

b. If the interlocal agreement and the local government comprehensive plan authorize a contribution of land; the construction, expansion, or payment for land acquisition; the construction or expansion of a public school facility, or a portion thereof; or the construction of a charter school that complies with the requirements of s. 1002.33(18), as proportionate-share mitigation, the local government shall credit such a contribution, construction, expansion, or payment toward any other impact fee or exaction imposed by local ordinance for public educational facilities the same need, on a dollar-for-dollar basis at fair market value. The credit must be based on the total impact fee assessed and not on the impact fee for any particular type of school.

c. Any proportionate-share mitigation must be directed by the school board toward a school capacity improvement identified
in the 5-year school board educational facilities plan that satisfies the demands created by the development in accordance with a binding developer's agreement.

3. This paragraph does not limit the authority of a local government to deny a development permit or its functional equivalent pursuant to its home rule regulatory powers, except as provided in this part.

Section 5. Section 163.31801, Florida Statutes, is amended to read:

163.31801 Impact fees; short title; intent; minimum requirements; audits; challenges definitions; ordinances levying impact fees.-(1) This section may be cited as the "Florida Impact Fee Act."

(2) The Legislature finds that impact fees are an important source of revenue for a local government to use in funding the infrastructure necessitated by new growth. The Legislature further finds that impact fees are an outgrowth of the home rule power of a local government to provide certain services within its jurisdiction. Due to the growth of impact fee collections and local governments' reliance on impact fees, it is the intent of the Legislature to ensure that, when a county or municipality adopts an impact fee by ordinance or a special district adopts an impact fee by resolution, the governing authority complies with this section.
(3) At a minimum, an impact fee adopted by ordinance of a county or municipality or by resolution of a special district must satisfy all of the following conditions, at minimum:

(a) Require that The calculation of the impact fee must be based on the most recent and localized data.

(b) The local government must provide for accounting and reporting of impact fee collections and expenditures. If a local governmental entity imposes an impact fee to address its infrastructure needs, the entity must shall account for the revenues and expenditures of such impact fee in a separate accounting fund.

(c) Limit Administrative charges for the collection of impact fees must be limited to actual costs.

(d) The local government must provide Notice that notice not be provided no less than 90 days before the effective date of an ordinance or resolution imposing a new or increased impact fee. A county or municipality is not required to wait 90 days to decrease, suspend, or eliminate an impact fee.

(e) Collection of the impact fee may not be required to occur earlier than the date of issuance of the building permit for the property that is subject to the fee.

(f) The impact fee must be proportional and reasonably connected to, or have a rational nexus with, the need for additional capital facilities and the increased impact generated by the new residential or commercial construction.
(g) The impact fee must be proportional and reasonably connected to, or have a rational nexus with, the expenditures of the funds collected and the benefits accruing to the new residential or nonresidential construction.

(h) The local government must specifically earmark funds collected under the impact fee for use in acquiring, constructing, or improving capital facilities to benefit new users.

(i) Revenues generated by the impact fee may not be used, in whole or in part, to pay existing debt or for previously approved projects unless the expenditure is reasonably connected to, or has a rational nexus with, the increased impact generated by the new residential or nonresidential construction.

(4) The local government must credit against the collection of the impact fee any contribution, whether identified in a proportionate share agreement or other form of exaction, related to public education facilities, including land dedication, site planning and design, or construction. Any contribution must be applied to reduce any education-based impact fees on a dollar-for-dollar basis at fair market value.

(5) If a local government increases its impact fee rates, the holder of any impact fee credits, whether such credits are granted under s. 163.3180, s. 380.06, or otherwise, which were in existence before the increase, is entitled to the full benefit of the intensity or density prepaid by the credit.
426 balance as of the date it was first established. This subsection
427 shall operate prospectively and not retrospectively.
428
429 (6)(4) Audits of financial statements of local
governmental entities and district school boards which are
performed by a certified public accountant pursuant to s. 218.39
and submitted to the Auditor General must include an affidavit
signed by the chief financial officer of the local governmental
entity or district school board stating that the local
governmental entity or district school board has complied with
this section.

433 (7)(5) In any action challenging an impact fee or the
government's failure to provide required dollar-for-dollar
credits for the payment of impact fees as provided in s.
163.3180(6)(h)2.b., the government has the burden of proving by
a preponderance of the evidence that the imposition or amount of
the fee or credit meets the requirements of state legal
precedent and this section. The court may not use a
deferential standard for the benefit of the government.

444 (8) A county, municipality, or special district may
provide an exception or waiver for an impact fee for the
development or construction of housing that is affordable, as
defined in s. 420.9071. If a county, municipality, or special
district provides such an exception or waiver, it is not
required to use any revenues to offset the impact.

450 (9) This section does not apply to water and sewer
connection fees.

Section 6. Paragraph (j) is added to subsection (2) of section 163.3202, Florida Statutes, to read:

163.3202 Land development regulations.—
(2) Local land development regulations shall contain specific and detailed provisions necessary or desirable to implement the adopted comprehensive plan and shall at a minimum:
(j) Incorporate preexisting development orders identified pursuant to s. 163.3167(3).

Section 7. Subsection (8) of section 163.3215, Florida Statutes, is amended to read:
163.3215 Standing to enforce local comprehensive plans through development orders.—
(8) (a) In any proceeding under subsection (3), either party is entitled to the summary procedure provided in s. 51.011, and the court shall advance the cause on the calendar, subject to paragraph (b) or subsection (4), the Department of Legal Affairs may intervene to represent the interests of the state.
(b) Upon a showing by either party by clear and convincing evidence that summary procedure is inappropriate, the court may determine that summary procedure does not apply.
(c) The prevailing party in a challenge to a development order filed under subsection (3) is entitled to recover reasonable attorney fees and costs incurred in challenging or
Section 8. Section 166.033, Florida Statutes, is amended to read:

166.033 Development permits and orders.—

(1) Within 30 days after receiving an application for approval of a development permit or development order, a municipality must review the application for completeness and issue a letter indicating that all required information is submitted or specifying with particularity any areas that are deficient. If the application is deficient, the applicant has 30 days to address the deficiencies by submitting the required additional information. Within 120 days after the municipality has deemed the application complete, or 180 days for applications that require final action through a quasi-judicial hearing or a public hearing, the municipality must approve, approve with conditions, or deny the application for a development permit or development order. Both parties may agree to a reasonable request for an extension of time, particularly in the event of a force majeure or other extraordinary circumstance. An approval, approval with conditions, or denial of the application for a development permit or development order must include written findings supporting the municipality's decision. The timeframes contained in this subsection do not apply in an area of critical state concern, as designated in s.
380.0552 or chapter 28-36, Florida Administrative Code.

(2) When reviewing an application for a development permit or development order that is certified by a professional listed in s. 403.0877, a municipality may not request additional information from the applicant more than three times, unless the applicant waives the limitation in writing. Before a third request for additional information, the applicant must be offered a meeting to attempt to resolve outstanding issues. Except as provided in subsection (5), if the applicant believes the request for additional information is not authorized by ordinance, rule, statute, or other legal authority, the municipality, at the applicant's request, shall proceed to process the application for approval or denial.

(3) When a municipality denies an application for a development permit or development order, the municipality shall give written notice to the applicant. The notice must include a citation to the applicable portions of an ordinance, rule, statute, or other legal authority for the denial of the permit or order.

(4) As used in this section, the terms "development permit" and "development order" have the same meaning as in s. 163.3164, but do not include building permits.

(5) For any development permit application filed with the municipality after July 1, 2012, a municipality may not
require as a condition of processing or issuing a development permit or development order that an applicant obtain a permit or approval from any state or federal agency unless the agency has issued a final agency action that denies the federal or state permit before the municipal action on the local development permit.

(6) Issuance of a development permit or development order by a municipality does not in any way create any right on the part of an applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the municipality for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. A municipality shall attach such a disclaimer to the issuance of development permits and shall include a permit condition that all other applicable state or federal permits be obtained before commencement of the development.

(7) This section does not prohibit a municipality from providing information to an applicant regarding what other state or federal permits may apply.

Section 9. Section 166.04151, Florida Statutes, is amended to read:

166.04151 Affordable housing.—

(1) Notwithstanding any other provision of law, a
municipality may adopt and maintain in effect any law, ordinance, rule, or other measure that is adopted for the purpose of increasing the supply of affordable housing using land use mechanisms such as inclusionary housing ordinances. 

(2) An inclusionary housing ordinance may require a developer to provide a specified number or percentage of affordable housing units to be included in a development or allow a developer to contribute to a housing fund or other alternatives in lieu of building the affordable housing units. However, in exchange, a municipality must provide incentives to fully offset all costs to the developer of its affordable housing contribution. Such incentives may include, but are not limited to:

(a) Allowing the developer density or intensity bonus incentives or more floor space than allowed under the current or proposed future land use designation or zoning;

(b) Reducing or waiving fees, such as impact fees or water and sewer charges; or

(c) Granting other incentives.

(3) Subsection (2) does not apply in an area of critical state concern, as designated by s. 380.0552 or chapter 28-36, Florida Administrative Code.

Section 10. Subsection (8) of section 420.502, Florida Statutes, is amended to read:

420.502 Legislative findings.—It is hereby found and
declared as follows:

(8) (a) It is necessary to create new programs to stimulate the construction and substantial rehabilitation of rental housing for eligible persons and families.  
(b) It is necessary to create a state housing finance strategy to provide affordable workforce housing opportunities to essential services personnel in areas of critical state concern designated under s. 380.05, for which the Legislature has declared its intent to provide affordable housing, and areas that were designated as areas of critical state concern for at least 20 consecutive years before removal of the designation.

The lack of affordable workforce housing has been exacerbated by the dwindling availability of developable land, environmental constraints, rising construction and insurance costs, and the shortage of lower-cost housing units. As this state's population continues to grow, essential services personnel vital to the economies of areas of critical state concern are unable to live in the communities where they work, creating transportation congestion and hindering their quality of life and community engagement.

Section 11. Present subsections (18) through (42) of section 420.503, Florida Statutes, are redesignated as subsections (19) through (43), respectively, a new subsection (18) is added to that section, and subsection (15) of that section is amended, to read:

Page 24 of 43

CODING: Words \textit{stricken} are deletions; words \textit{underlined} are additions.
420.503 Definitions.—As used in this part, the term:

(15) "Elderly" means persons 62 years of age or older; however, this definition does not prohibit housing from being deemed housing for the elderly as defined in subsection (20) if such housing otherwise meets the requirements of subsection (20) (19).

(18) "Essential services personnel" means natural persons or families whose total annual household income is at or below 120 percent of the area median income, adjusted for household size, and at least one of whom is employed as police or fire personnel, a child care worker, a teacher or other education personnel, health care personnel, a public employee, or a service worker.

Section 12. Subsection (3) of section 420.5095, Florida Statutes, is amended to read:

420.5095 Community Workforce Housing Innovation Pilot Program.—

(3) For purposes of this section, the term:

(a) "Workforce housing" means housing affordable to natural persons or families whose total annual household income does not exceed 140 percent of the area median income, adjusted for household size, or 150 percent of area median income, adjusted for household size, in areas of critical state concern designated under s. 380.05, for which the Legislature has declared its intent to provide affordable housing, and areas
that were designated as areas of critical state concern for at
least 20 consecutive years prior to removal of the designation.

(b) "Essential services personnel" means persons in need
of affordable housing who are employed in occupations or
professions in which they are considered essential services
personnel, as defined by each county and eligible municipality
within its respective local housing assistance plan pursuant to
s. 420.9075(3)(a).

e) "Public-private partnership" means any form of
business entity that includes substantial involvement of at
least one county, one municipality, or one public sector entity,
such as a school district or other unit of local government in
which the project is to be located, and at least one private
sector for-profit or not-for-profit business or charitable
entity, and may be any form of business entity, including a
joint venture or contractual agreement.

Section 13. Paragraph (a) of subsection (1) of section
252.363, Florida Statutes, is amended to read:

252.363 Tolling and extension of permits and other
authorizations.—

(1)(a) The declaration of a state of emergency issued by
the Governor for a natural emergency tolls the period remaining
to exercise the rights under a permit or other authorization for
the duration of the emergency declaration. Further, the
emergency declaration extends the period remaining to exercise
the rights under a permit or other authorization for 6 months in addition to the tolled period. This paragraph applies to the following:

1. The expiration of a development order issued by a local government.
2. The expiration of a building permit.
3. The expiration of a permit issued by the Department of Environmental Protection or a water management district pursuant to part IV of chapter 373.
4. The buildout date of a development of regional impact, including any extension of a buildout date that was previously granted as specified in s. 380.06(7)(c).

Section 14. Subsection (1), paragraph (b) of subsection (2), and subsections (4) through (7) and (18) of section 553.791, Florida Statutes, are amended to read:

553.791 Alternative plans review and inspection.—
(1) As used in this section, the term:
(a) "Applicable codes" means the Florida Building Code and any local technical amendments to the Florida Building Code but does not include the applicable minimum fire prevention and firesafety codes adopted pursuant to chapter 633.
(b) "Audit" means the process to confirm that the building code inspection services have been performed by the private provider, including ensuring that the required affidavit for the plan review has been properly completed and affixed to the
permit documents and that the minimum mandatory inspections
required under the building code have been performed and
properly recorded. The term does not mean that the local
building official may not is required to replicate the plan
review or inspection being performed by the private provider,
unless expressly authorized by this section.
(c) "Building" means any construction, erection,
alteration, demolition, or improvement of, or addition to, any
structure or site work for which permitting by a local
enforcement agency is required.
(d) "Building code inspection services" means those
services described in s. 468.603(5) and (8) involving the review
of building plans as well as those services involving the review
of site plans and site work engineering plans or their
functional equivalent, to determine compliance with applicable
codes and those inspections required by law of each phase of
construction for which permitting by a local enforcement agency
is required to determine compliance with applicable codes.
(e) "Duly authorized representative" means an agent of the
private provider identified in the permit application who
reviews plans or performs inspections as provided by this
section and who is licensed as an engineer under chapter 471 or
as an architect under chapter 481 or who holds a standard
certificate under part XII of chapter 468.
(f) "Immediate threat to public safety and welfare" means
a building code violation that, if allowed to persist,
constitutes an immediate hazard that could result in death,
serious bodily injury, or significant property damage. This
paragraph does not limit the authority of the local building
official to issue a Notice of Corrective Action at any time
during the construction of a building project or any portion of
such project if the official determines that a condition of the
building or portion thereof may constitute a hazard when the
building is put into use following completion as long as the
condition cited is shown to be in violation of the building code
or approved plans.

(g) "Local building official" means the individual within
the governing jurisdiction responsible for direct regulatory
administration or supervision of plans review, enforcement, and
inspection of any construction, erection, alteration,
demolition, or substantial improvement of, or addition to, any
structure for which permitting is required to indicate
compliance with applicable codes and includes any duly
authorized designee of such person.

(h) "Permit application" means a properly completed and
submitted application for the requested building or construction
permit, including:
1. The plans reviewed by the private provider.
2. The affidavit from the private provider required under
subsection (6).
3. Any applicable fees.

4. Any documents required by the local building official to determine that the fee owner has secured all other government approvals required by law.

   (i) "Plans" means building plans, site engineering plans, or site plans, or their functional equivalent, submitted by a fee owner or fee owner's contractor to a private provider or duly authorized representative for review.

   (j) "Private provider" means a person licensed as a building code administrator under part XII of chapter 468, as an engineer under chapter 471, or as an architect under chapter 481. For purposes of performing inspections under this section for additions and alterations that are limited to 1,000 square feet or less to residential buildings, the term "private provider" also includes a person who holds a standard certificate under part XII of chapter 468.

   (k) "Request for certificate of occupancy or certificate of completion" means a properly completed and executed application for:

   1. A certificate of occupancy or certificate of completion.

   2. A certificate of compliance from the private provider required under subsection (11).

   3. Any applicable fees.

   4. Any documents required by the local building official.
to determine that the fee owner has secured all other government 
approvals required by law.

(l) "Site work" means the portion of a construction 
project that is not part of the building structure, including, 
but not limited to, grading, excavation, landscape irrigation, 
and installation of driveways.

(m) "Stop-work order" means the issuance of any written 
statement, written directive, or written order which states the 
reason for the order and the conditions under which the cited 
work will be permitted to resume.

(2) 
(b) It is the intent of the Legislature that owners and 
contractors pay reduced fees not be required to pay extra costs 
related to building permitting requirements when hiring a 
private provider for plans review and building inspections. A 
local jurisdiction must calculate the cost savings to the local 
enforcement agency, based on a fee owner or contractor hiring a 
private provider to perform plans reviews and building 
inspections in lieu of the local building official, and reduce 
the permit fees accordingly. The local jurisdiction may not 
charge fees for building inspections if the fee owner or 
contractor hires a private provider; however, the local 
jurisdiction may charge a reasonable administrative fee.

(4) A fee owner or the fee owner's contractor using a 
private provider to provide building code inspection services
shall notify the local building official at the time of permit application, or by 2 p.m. local time, 2 no less than 7 business days before prior to the first scheduled inspection by the local building official or building code enforcement agency for a private provider performing required inspections of construction under this section, on a form to be adopted by the commission. This notice shall include the following information:

(a) The services to be performed by the private provider.

(b) The name, firm, address, telephone number, and facsimile number of each private provider who is performing or will perform such services, his or her professional license or certification number, qualification statements or resumes, and, if required by the local building official, a certificate of insurance demonstrating that professional liability insurance coverage is in place for the private provider's firm, the private provider, and any duly authorized representative in the amounts required by this section.

(c) An acknowledgment from the fee owner in substantially the following form:

I have elected to use one or more private providers to provide building code plans review and/or inspection services on the building or structure that is the subject of the enclosed permit application, as authorized by s. 553.791, Florida Statutes. I
understand that the local building official may not review the plans submitted or perform the required building inspections to determine compliance with the applicable codes, except to the extent specified in said law. Instead, plans review and/or required building inspections will be performed by licensed or certified personnel identified in the application. The law requires minimum insurance requirements for such personnel, but I understand that I may require more insurance to protect my interests. By executing this form, I acknowledge that I have made inquiry regarding the competence of the licensed or certified personnel and the level of their insurance and am satisfied that my interests are adequately protected. I agree to indemnify, defend, and hold harmless the local government, the local building official, and their building code enforcement personnel from any and all claims arising from my use of these licensed or certified personnel to perform building code inspection services with respect to the building or structure that is the subject of the enclosed permit application.

If the fee owner or the fee owner's contractor makes any changes to the listed private providers or the services to be provided
by those private providers, the fee owner or the fee owner's contractor shall, within 1 business day after any change, update the notice to reflect such changes. A change of a duly authorized representative named in the permit application does not require a revision of the permit, and the building code enforcement agency shall not charge a fee for making the change. In addition, the fee owner or the fee owner's contractor shall post at the project site, before the commencement of construction and updated within 1 business day after any change, on a form to be adopted by the commission, the name, firm, address, telephone number, and facsimile number of each private provider who is performing or will perform building code inspection services, the type of service being performed, and similar information for the primary contact of the private provider on the project.

(5) After construction has commenced and if the local building official is unable to provide inspection services in a timely manner, the fee owner or the fee owner's contractor may elect to use a private provider to provide inspection services by notifying the local building official of the owner's or contractor's intention to do so by 2 p.m. local time, no less than 7 business days before the next scheduled inspection using the notice provided for in paragraphs (4)(a)-(c).

(6) A private provider performing plans review under this
section shall review the construction plans to determine compliance with the applicable codes. Upon determining that the plans reviewed comply with the applicable codes, the private provider shall prepare an affidavit or affidavits on a form reasonably acceptable to adopted by the commission certifying, under oath, that the following is true and correct to the best of the private provider’s knowledge and belief:

   (a) The plans were reviewed by the affiant, who is duly authorized to perform plans review pursuant to this section and holds the appropriate license or certificate.

   (b) The plans comply with the applicable codes.

   (7)(a) No more than 20 30 business days after receipt of a permit application and the affidavit from the private provider required pursuant to subsection (6), the local building official shall issue the requested permit or provide a written notice to the permit applicant identifying the specific plan features that do not comply with the applicable codes, as well as the specific code chapters and sections. If the local building official does not provide a written notice of the plan deficiencies within the prescribed 20-day 30-day period, the permit application shall be deemed approved as a matter of law, and the permit shall be issued by the local building official on the next business day.

   (b) If the local building official provides a written notice of plan deficiencies to the permit applicant within the prescribed 20-day 30-day period, the 20-day 30-day period shall
be tolled pending resolution of the matter. To resolve the plan
deficiencies, the permit applicant may elect to dispute the
deficiencies pursuant to subsection (13) or to submit revisions
to correct the deficiencies.

(c) If the permit applicant submits revisions, the local
building official has the remainder of the tolled 20-day period plus 5 business days from the date of resubmittal to
issue the requested permit or to provide a second written notice
to the permit applicant stating which of the previously
identified plan features remain in noncompliance with the
applicable codes, with specific reference to the relevant code
chapters and sections. Any subsequent review by the local
building official is limited to the deficiencies cited in the
written notice. If the local building official does not provide
the second written notice within the prescribed time period, the
permit shall be deemed approved as a matter of law, and issued
by the local building official must issue the permit on the next
business day.

(d) If the local building official provides a second
written notice of plan deficiencies to the permit applicant
within the prescribed time period, the permit applicant may
elect to dispute the deficiencies pursuant to subsection (13) or
to submit additional revisions to correct the deficiencies. For
all revisions submitted after the first revision, the local
building official has an additional 5 business days from the
date of resubmittal to issue the requested permit or to provide
a written notice to the permit applicant stating which of the
previously identified plan features remain in noncompliance with
the applicable codes, with specific reference to the relevant
code chapters and sections.

(18) Each local building code enforcement agency may audit
the performance of building code inspection services by private
providers operating within the local jurisdiction. However, the
same private provider may not be audited more than four times in
a calendar year unless the local building official determines a
condition of a building constitutes an immediate threat to
public safety and welfare. Work on a building or structure may
proceed after inspection and approval by a private provider if
the provider has given notice of the inspection pursuant to
subsection (9) and, subsequent to such inspection and approval,
the work shall not be delayed for completion of an inspection
audit by the local building code enforcement agency.

Section 15. Paragraph (l) of subsection (2) of section
718.112, Florida Statutes, is amended to read:

718.112  Bylaws.—

(2) REQUIRED PROVISIONS.—The bylaws shall provide for the
following and, if they do not do so, shall be deemed to include
the following:

(l) Firesafety.—An association must ensure compliance with
the Florida Fire Prevention Code. As to a residential
condominium building that is a high-rise building as defined under the Florida Fire Prevention Code, the association must retrofit either a fire sprinkler system or an engineered life safety system as specified in the Florida Fire Prevention Code Certificate of compliance. A provision that a certificate of compliance from a licensed electrical contractor or electrician may be accepted by the association's board as evidence of compliance of the condominium units with the applicable fire and life safety code must be included. Notwithstanding chapter 633 or of any other code, statute, ordinance, administrative rule, or regulation, or any interpretation of the foregoing, an association, residential condominium, or unit owner is not obligated to retrofit the common elements, association property, or units of a residential condominium with a fire sprinkler system in a building that has been certified for occupancy by the applicable governmental entity if the unit owners have voted to forego such retrofitting by the affirmative vote of a majority of all voting interests in the affected condominium. The local authority having jurisdiction may not require completion of retrofitting with a fire sprinkler system or an engineered life safety system before January 1, 2024. By December 31, 2016, a residential condominium association that is not in compliance with the requirements for a fire sprinkler system and has not voted to forego retrofitting of such a system must initiate an application for a building permit for the
required installation with the local government having jurisdiction demonstrating that the association will become compliant by December 31, 2019.

1. A vote to forego retrofitting may be obtained by limited proxy or by a ballot personally cast at a duly called membership meeting, or by execution of a written consent by the member, and is effective upon recording a certificate attesting to such vote in the public records of the county where the condominium is located. The association shall mail or hand deliver to each unit owner written notice at least 14 days before the membership meeting in which the vote to forego retrofitting of the required fire sprinkler system is to take place. Within 30 days after the association's opt-out vote, notice of the results of the opt-out vote must be mailed or hand delivered to all unit owners. Evidence of compliance with this notice requirement must be made by affidavit executed by the person providing the notice and filed among the official records of the association. After notice is provided to each owner, a copy must be provided by the current owner to a new owner before closing and by a unit owner to a renter before signing a lease.

2. If there has been a previous vote to forego retrofitting, a vote to require retrofitting may be obtained at a special meeting of the unit owners called by a petition of at least 10 percent of the voting interests. Such a vote may only be called once every 3 years. Notice shall be provided as
required for any regularly called meeting of the unit owners,
and must state the purpose of the meeting. Electronic
transmission may not be used to provide notice of a meeting
called in whole or in part for this purpose.

3. As part of the information collected annually from
condominiums, the division shall require condominium
associations to report the membership vote and recording of a
certificate under this subsection and, if retrofitting has been
undertaken, the per-unit cost of such work. The division shall
annually report to the Division of State Fire Marshal of the
Department of Financial Services the number of condominiums that
have elected to forego retrofitting.

4. Notwithstanding s. 553.509, a residential association
may not be obligated to, and may forego the retrofitting of, any
improvements required by s. 553.509(2) upon an affirmative vote
of a majority of the voting interests in the affected
condominium.

5. This paragraph does not apply to timeshare condominium
associations, which shall be governed by s. 721.24.

Section 16. Section 718.1085, Florida Statutes, is amended
to read:

718.1085 Certain regulations not to be retroactively
applied.—Notwithstanding the provisions of chapter 633 or of any
other code, statute, ordinance, administrative rule, or
regulation, or any interpretation thereof, an association,
condominium, or unit owner is not obligated to retrofit the
common elements or units of a residential condominium that meets
the definition of "housing for older persons" in s. 760.29(4)(b)3. to comply with requirements relating to handrails and guardrails if the unit owners have voted to forego such retrofitting by the affirmative vote of two-thirds of all voting interests in the affected condominium. However, a condominium association may not vote to forego the retrofitting in common areas in a high-rise building. For the purposes of this section, the term "high-rise building" means a building that is greater than 75 feet in height where the building height is measured from the lowest level of fire department access to the floor of the highest occupiable level. For the purposes of this section, the term "common areas" means stairwells and exposed, outdoor walkways and corridors, but does not include individual balconies. In no event shall the local authority having jurisdiction require retrofitting of common areas with handrails and guardrails before the end of 2024.

(1) A vote to forego retrofitting may not be obtained by general proxy or limited proxy, but shall be obtained by a vote personally cast at a duly called membership meeting, or by execution of a written consent by the member, and shall be effective upon the recording of a certificate attesting to such vote in the public records of the county where the condominium is located. The association shall provide each unit owner...
written notice of the vote to forego retrofitting of the
required handrails or guardrails, or both, in at least 16-point
bold type, by certified mail, within 20 days after the
association's vote. After such notice is provided to each owner,
a copy of such notice shall be provided by the current owner to
a new owner prior to closing and shall be provided by a unit
owner to a renter prior to signing a lease.

(2) As part of the information collected annually from
condominiums, the division shall require condominium
associations to report the membership vote and recording of a
certificate under this subsection and, if retrofitting has been
undertaken, the per-unit cost of such work. The division shall
annually report to the Division of State Fire Marshal of the
Department of Financial Services the number of condominiums that
have elected to forego retrofitting.

Section 17. By July 1, 2019, the State Fire Marshal shall
issue a data call to all local fire officials to collect data
regarding high-rise condominiums greater than 75 feet in height
which have not retrofitted with a fire sprinkler system or an
engineered life safety system in accordance with ss. 633.208(5)
and 718.112(2)(l), Florida Statutes. Local fire officials shall
submit such data to the State Fire Marshal and shall include,
for each individual building, the address, the number of units,
and the number of stories. By July 1, 2020, all data must be
received and compiled into a report by city and county. By
September 1, 2020, the report must be sent to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

Section 18. This act shall take effect upon becoming a law.
