1	A bill to be entitled
2	An act relating to blockchain technology; providing
3	legislative findings; establishing the Florida
4	Blockchain Task Force in the Department of Financial
5	Services; providing for membership and duties of the
6	task force; requiring the task force to submit a
7	report to the Governor and the Legislature and make
8	presentations; requiring the department to provide
9	support staff and other assistance to the task force;
10	providing for termination of the task force; providing
11	an effective date.
12	
13	Be It Enacted by the Legislature of the State of Florida:
14	
15	Section 1. (1) The Legislature finds that:
16	(a) Blockchain technology and distributed ledger
17	technology allow the secure recording of transactions through
18	cryptographic algorithms and distributed record sharing, and
19	such technology has reached a point where the opportunities for
20	efficiency, cost savings, and cybersecurity deserve study.
21	(b) Blockchain technology is a promising way to facilitate
22	more efficient government service delivery models and economies
23	of scale, including facilitating safe paperless transactions and
24	recordkeeping that are nearly impervious to cyberattacks and
25	data destruction.

Page 1 of 8

CODING: Words stricken are deletions; words underlined are additions.

26	(c) Blockchain technology can reduce the prevalence of
27	disparate government computer systems, databases, and custom-
28	built software interfaces; reduce costs associated with
29	maintenance and implementation; streamline information sharing;
30	and allow more areas of the state to electronically participate
31	in government services.
32	(d) Nations, other states, and municipalities across the
33	world are studying and implementing government reforms that
34	bolster trust and reduce bureaucracy through verifiable open
35	source blockchain technology in a variety of areas, including,
36	but not limited to, medical and health records, land records,
37	banking, tax and fee payments, smart contracts, professional
38	accrediting, and property auctions.
39	(e) It is in the public interest to establish a Florida
40	Blockchain Task Force comprised of government and industry
41	representatives to study the ways in which state, county, and
42	municipal governments can benefit from a transition to a
43	blockchain-based system for recordkeeping, security, and service
44	delivery and to develop and submit recommendations to the
45	Governor and the Legislature concerning the potential for
46	implementation of blockchain-based systems that promote
47	government efficiencies, better services for citizens, economic
48	development, and safer cyber-secure interaction between
49	government and the public.
50	(2) The Florida Blockchain Task Force, a task force as
	Page 2 of 8

2019

51	defined in s. 20.03, Florida Statutes, is established within the
52	Department of Financial Services to explore and develop a master
53	plan for fostering the expansion of the blockchain industry in
54	the state, to recommend policies and state investments to help
55	make this state a leader in blockchain technology, and to issue
56	a report to the Legislature. The task force shall study if and
57	how state, county, and municipal governments can benefit from a
58	transition to a blockchain-based system for recordkeeping, data
59	security, financial transactions, and service delivery and to
60	identify ways to improve government interaction with businesses
61	and the public.
62	(a) The master plan shall:
63	1. Identify the economic growth and development
64	opportunities presented by blockchain technology.
64 65	opportunities presented by blockchain technology. 2. Assess the existing blockchain industry in the state.
65	2. Assess the existing blockchain industry in the state.
65 66	 Assess the existing blockchain industry in the state. Identify innovative and successful blockchain

FLORIDA HOUSE OF RE	PRESENTATIVES
---------------------	---------------

76	(b) The task force shall consist of 24 members. Membership
77	shall be as follows:
78	1. The Secretary of Management Services, or his or her
79	designee.
80	2. The Secretary of State, or his or her designee.
81	3. The executive director of the Department of Revenue, or
82	his or her designee.
83	4. The executive director of the Department of Highway
84	Safety and Motor Vehicles, or his or her designee.
85	5. The executive director of the Department of Law
86	Enforcement, or his or her designee.
87	6. The Secretary of Health Care Administration, or his or
88	her designee.
89	7. The Secretary of Business and Professional Regulation,
90	or his or her designee.
91	8. One currently serving county tax collector, appointed
92	by the Governor.
93	9. One currently serving county property appraiser,
94	appointed by the Governor.
95	10. One currently serving county supervisor of elections,
96	appointed by the Governor.
97	11. One currently serving county clerk of the courts,
98	appointed by the Governor.
99	12. Two members from the private sector with knowledge and
100	experience in blockchain technology, appointed by the Governor.

101	13. Three members from the private sector with knowledge
102	and experience in blockchain technology, appointed by the Chief
103	Financial Officer.
104	14. Three members from the private sector with knowledge
105	and experience in blockchain technology, appointed by the
106	President of the Senate.
107	15. Three members from the private sector with knowledge
108	and experience in blockchain technology, appointed by the
109	Speaker of the House of Representatives.
110	16. One member of the Senate, appointed by the President
111	of the Senate.
112	17. One member of the House of Representatives, appointed
113	by the Speaker of the House of Representatives.
114	(c) Within 90 days after the effective date of this act, a
115	majority of the members of the task force must be appointed and
116	the task force shall hold its first meeting. The task force
117	shall elect one of its members to serve as chair. Members of the
118	task force shall serve for the duration of the existence of the
119	task force. Any vacancy that occurs shall be filled in the same
120	manner as the original appointment. Task force members shall
121	serve without compensation but are entitled to reimbursement for
122	per diem and travel expenses as provided in s. 112.061, Florida
123	Statutes.
124	(d) The task force shall study blockchain technology,
125	including, but not limited to, the following:

126	1. Opportunities and risks associated with using
127	blockchain and distributed ledger technology for state and local
128	government.
129	2. Different types of blockchains, both public and
130	private, and different consensus algorithms.
131	3. Projects and cases currently under development in other
132	states and local governments, and how these cases could be
133	applied in this state.
134	4. Ways the Legislature can modify general law to support
135	secure, paperless recordkeeping, increase cybersecurity, improve
136	interactions with citizens, and encourage blockchain innovation
137	for businesses in the state.
138	5. Identifying potential economic incentives for companies
139	investing in blockchain technologies in collaboration with the
140	state.
141	6. Recommending projects for potential blockchain
142	solutions, including, but not limited to, use cases for state
143	agencies that would improve services for citizens or businesses.
144	7. Identifying the technical skills necessary to develop
145	blockchain technology and ensuring that instruction in such
146	skills is available at secondary and postsecondary educational
147	institutions in this state.
148	(3) The task force shall submit a report to the Governor,
149	the President of the Senate, and the Speaker of the House of
150	Representatives and present its findings to the appropriate

2019

151	legislative committees in each house of the Legislature within
152	180 days after the initial meeting of the task force. The report
153	must include:
154	1. A general description of the costs and benefits of
155	state and local government agencies using blockchain technology.
156	2. Recommendations concerning the feasibility of
157	implementing blockchain technology in the state and the best
158	approach to finance the cost of implementation.
159	3. Recommendations for specific implementations to be
160	developed by relevant state agencies.
161	4. Any draft legislation the task force deems appropriate
162	to implement such blockchain technologies.
163	5. Identification of one pilot project that may be
164	implemented in the state.
165	6. Any other information deemed relevant by the task
166	force.
167	(4) The task force is entitled to the assistance and
168	services of any state agency, board, bureau, or commission as
169	necessary and available for the purposes of this act.
170	(5) The Department of Financial Services shall provide
171	support staff for the task force and any relevant studies, data,
172	and materials in its possession to assist the task force in the
173	performance of its duties.
174	(6) The task force shall terminate upon submission of the
175	report and the presentation of findings.
