3 **Amendment**

4 Remove line 1692 and insert:

5 degradation. If the plan identifies that the connection of
6 onsite sewage treatment and disposal systems to a central
7 sewerage system must occur within 5 years after the adoption of
8 the plan, the plan may not require the same onsite sewage
9 treatment and disposal system to be replaced with a nutrient
10 removing onsite sewage treatment and disposal system until the
11 connection occurs. The plan may not require any residence using
12 a nutrient removing onsite sewage treatment and disposal system
13 to connect to a central sewerage system.
