Delete lines 75 - 86

and insert:

2. Designate the use of updated versions of the applicable surveys as they occur, and customize the surveys to:

a. Generate data regarding the likelihood of a respondent to seek care for the respondent and the respondent's family at the surveying facility both in general and, for hospitals, within the respondent's specific unit or work area; and

358292

11           b. Revise the units or work areas identified in the  
12 hospital survey to include a pediatric cardiology patient care  
13 unit and a pediatric cardiology surgical services unit.

14           3. Publish the survey results for each facility, in the  
15 aggregate, by composite measure as defined in the survey, and by  
16 the applicable units or work areas within the facility.
