The Committee on Education (Harrell) recommended the following:

**Senate Amendment (with title amendment)**

Delete everything after the enacting clause and insert:

Section 1. Section 1001.2151, Florida Statutes, is created to read:

1001.2151 LITERACY-BASED PROMOTION.—It is the intent of the Legislature to ensure that each student’s progression in kindergarten through grade 3 is determined in part upon the student’s proficiency in reading. Local school board policies shall facilitate this proficiency, and each student and the
student’s parent or legal guardian shall be informed of the
student’s academic progress.

(1) Within the first 30 days of the school year, each
public school shall screen each student in kindergarten through
grade 3 for dyslexia using a dyslexia diagnostic assessment
screener.

(2) Each public school student in kindergarten through
grade 3 who exhibits a substantial deficiency in reading at any
time, as demonstrated through his or her performance on a
dyslexia diagnostic assessment screener approved and developed
by the State Board of Education, must be placed in an intensive
remedial intervention program.

(3) The parent of any student in kindergarten through grade
3 who exhibits dyslexia shall be immediately notified by the
student’s school of the student’s deficiency pursuant to s.
1008.25(5) and the parent shall be provided a progress report
issued at 2-week intervals while the student continues to
exhibit dyslexia. The parent shall also be notified in writing
by the school of the process to request a special education
evaluation.

(4) The dyslexia diagnostic assessment screener may be
repeated at midyear and at the end of the school year to
determine student progression in reading. If it is determined
that the student continues to exhibit a reading deficiency, he
or she must be provided with continued intensive remedial
intervention by the school district until the deficiency is
remedied. Every public school must provide intensive
interventions for every student in kindergarten through grade 3
identified with a deficiency in reading or with dyslexia to
ameliorate the student’s specific deficiency.

   (5) The intensive remedial intervention program must include evidence-based interventions specifically designed for dyslexia utilizing a structured literacy, speech to print, or structured word inquiry approach to assist the student in becoming a successful reader able to read at or above grade level and ready for promotion to the next grade. The intensive remedial intervention program must be continued until the student can maintain grade level performance in decoding, encoding, reading fluency, and reading comprehension without continued supportive intervention and services.

   (6) Every public school must employ one or more full-time personnel certified through a nationally recognized organization specializing in reading instruction for students with dyslexia to provide structured literacy, speech to print, or structured word inquiry intervention.

   (7) The State Board of Education shall adopt rules that require students to be evaluated for phonological awareness to determine whether a student has a specific learning disability.

(3) The task force shall consist of the following nine members appointed by the Commissioner of Education:
(a) Three members of organizations or nonprofits focused on dyslexia and other specific learning disabilities.

Any vacancy that occurs shall be filled in the same manner as the original appointment. Section 4. Paragraph (k) of subsection (2) of section 11.45, Florida Statutes, is amended to read:

11.45 Definitions; duties; authorities; reports; rules.—

Auditor General with evidence of the initiation of corrective action within 45 days after the date it is requested by the Auditor General and evidence of completion of corrective action within 180 days after the date it is requested by the Auditor General. If the district school board fails to comply with the Auditor General’s request or is unable to take corrective action within the required timeframe, the Auditor General shall notify the Legislative Auditing Committee.

The Auditor General shall perform his or her duties independently but under the general policies established by the Legislative Auditing Committee. This subsection does not limit the Auditor General’s discretionary authority to conduct other audits or engagements of governmental entities as authorized in subsection (3).

Section 5. Paragraph (b) of subsection (3) of section 39.0016, Florida Statutes, is amended to read:

39.0016 Education of abused, neglected, and abandoned children; agency agreements; children having or suspected of having a disability. –

(3) CHILDREN HAVING OR SUSPECTED OF HAVING A DISABILITY. –

(b)1. Each district school superintendent or dependency court must appoint a surrogate parent for a child known to the department who has or is suspected of having a disability, as defined in s. 1003.01(11)(a) s. 1003.01(3), when:

a. After reasonable efforts, no parent can be located; or

b. A court of competent jurisdiction over a child under this chapter has determined that no person has the authority under the Individuals with Disabilities Education Act, including
the parent or parents subject to the dependency action, or that no person has the authority, willingness, or ability to serve as the educational decisionmaker for the child without judicial action.

2. A surrogate parent appointed by the district school superintendent or the court must be at least 18 years old and have no personal or professional interest that conflicts with the interests of the student to be represented. Neither the district school superintendent nor the court may appoint an employee of the Department of Education, the local school district, a community-based care provider, the Department of Children and Families, or any other public or private agency involved in the education or care of the child as appointment of those persons is prohibited by federal law. This prohibition includes group home staff and therapeutic foster parents. However, a person who acts in a parental role to a child, such as a foster parent or relative caregiver, is not prohibited from serving as a surrogate parent if he or she is employed by such agency, willing to serve, and knowledgeable about the child and the exceptional student education process. The surrogate parent may be a court-appointed guardian ad litem or a relative or nonrelative adult who is involved in the child’s life regardless of whether that person has physical custody of the child. Each person appointed as a surrogate parent must have the knowledge and skills acquired by successfully completing training using materials developed and approved by the Department of Education to ensure adequate representation of the child.

3. If a guardian ad litem has been appointed for a child, the district school superintendent must first consider the
child’s guardian ad litem when appointing a surrogate parent. The district school superintendent must accept the appointment of the court if he or she has not previously appointed a surrogate parent. Similarly, the court must accept a surrogate parent duly appointed by a district school superintendent.

4. A surrogate parent appointed by the district school superintendent or the court must be accepted by any subsequent school or school district without regard to where the child is receiving residential care so that a single surrogate parent can follow the education of the child during his or her entire time in state custody. Nothing in this paragraph or in rule shall limit or prohibit the continuance of a surrogate parent appointment when the responsibility for the student’s educational placement moves among and between public and private agencies.

5. For a child known to the department, the responsibility to appoint a surrogate parent resides with both the district school superintendent and the court with jurisdiction over the child. If the court elects to appoint a surrogate parent, notice shall be provided as soon as practicable to the child’s school. At any time the court determines that it is in the best interests of a child to remove a surrogate parent, the court may appoint a new surrogate parent for educational decisionmaking purposes for that child.

6. The surrogate parent shall continue in the appointed role until one of the following occurs:

   a. The child is determined to no longer be eligible or in need of special programs, except when termination of special programs is being contested.
b. The child achieves permanency through adoption or legal guardianship and is no longer in the custody of the department.

c. The parent who was previously unknown becomes known, whose whereabouts were unknown is located, or who was unavailable is determined by the court to be available.

d. The appointed surrogate no longer wishes to represent the child or is unable to represent the child.

e. The superintendent of the school district in which the child is attending school, the Department of Education contract designee, or the court that appointed the surrogate determines that the appointed surrogate parent no longer adequately represents the child.

f. The child moves to a geographic location that is not reasonably accessible to the appointed surrogate.

7. The appointment and termination of appointment of a surrogate under this paragraph shall be entered as an order of the court with a copy of the order provided to the child’s school as soon as practicable.

8. The person appointed as a surrogate parent under this paragraph must:

a. Be acquainted with the child and become knowledgeable about his or her disability and educational needs.

b. Represent the child in all matters relating to identification, evaluation, and educational placement and the provision of a free and appropriate education to the child.

c. Represent the interests and safeguard the rights of the child in educational decisions that affect the child.

9. The responsibilities of the person appointed as a surrogate parent shall not extend to the care, maintenance,
custody, residential placement, or any other area not
specifically related to the education of the child, unless the
same person is appointed by the court for such other purposes.

10. A person appointed as a surrogate parent shall enjoy
all of the procedural safeguards afforded a parent with respect
to the identification, evaluation, and educational placement of
a student with a disability or a student who is suspected of
having a disability.

11. A person appointed as a surrogate parent shall not be
held liable for actions taken in good faith on behalf of the
student in protecting the special education rights of the child.

Section 6. Subsection (1) of section 414.1251, Florida
Statutes, is amended to read:

414.1251 Learnfare program.—

(1) The department shall reduce the temporary cash
assistance for a participant’s eligible dependent child or for
an eligible teenage participant who has not been exempted from
education participation requirements, if the eligible dependent
child or eligible teenage participant has been identified either
as a habitual truant, pursuant to s. 1003.01 s. 1003.01(8), or
as a dropout, pursuant to s. 1003.01 s. 1003.01(9). For a
student who has been identified as a habitual truant, the
temporary cash assistance must be reinstated after a subsequent
grading period in which the child’s attendance has substantially
improved. For a student who has been identified as a dropout,
the temporary cash assistance must be reinstated after the
student enrolls in a public school, receives a high school
diploma or its equivalency, enrolls in preparation for the high
school equivalency examination, or enrolls in other educational
activities approved by the district school board. Good cause
exemptions from the rule of unexcused absences include the
following:

   (a) The student is expelled from school and alternative
   schooling is not available.
   (b) No licensed day care is available for a child of teen
   parents subject to Learnfare.
   (c) Prohibitive transportation problems exist (e.g., to and
   from day care).

Within 10 days after sanction notification, the participant
parent of a dependent child or the teenage participant may file
an internal fair hearings process review procedure appeal, and
no sanction shall be imposed until the appeal is resolved.

Section 7. Section 1002.01, Florida Statutes, is amended to
read:

   1002.01 Definitions.—

   (1) A “home education program” means the sequentially
   progressive instruction of a student directed by his or her
   parent in order to satisfy the attendance requirements of ss.
   1002.41, 1003.01(17) 1003.01(13), and 1003.21(1).
   (2) A “private school” is a nonpublic school defined as an

preemployment or supplementary training in technology or in fields of trade or industry or that offers academic, literary, or career training below college level, or any combination of the above, including an institution that performs the functions of the above schools through correspondence or extension, except those licensed under the provisions of chapter 1005. A private school may be a parochial, religious, denominational, for-profit, or nonprofit school. This definition does not include home education programs conducted in accordance with s. 1002.41.

K-12 students and their parents are afforded numerous statutory rights including, but not limited to, the following:

(b) Regular school attendance.—Parents of students who have attained the age of 6 years by February 1 of any school year but who have not attained the age of 16 years must comply with the compulsory school attendance laws. Parents have the option to comply with the school attendance laws by attendance of the student in a public school; a parochial, religious, or denominational school; a private school; a home education program; or a private tutoring program, in accordance with the provisions of s. 1003.01(17) s. 1003.01(13).

1002.33 Charter schools.—

(20) SERVICES.—

(a)1. A sponsor shall provide certain administrative and educational services to charter schools. These services shall include contract management services; full-time equivalent and data reporting services; exceptional student education administration services; services related to eligibility and reporting duties required to ensure that school lunch services under the National School Lunch Program, consistent with the needs of the charter school, are provided by the school district at the request of the charter school, that any funds due to the charter school under the National School Lunch Program be paid to the charter school as soon as the charter school begins serving food under the National School Lunch Program, and that the charter school is paid at the same time and in the same manner under the National School Lunch Program as other public schools serviced by the sponsor or the school district; test administration services, including payment of the costs of state-required or district-required student assessments;

provided to other public schools in the district.

2. A sponsor may withhold an administrative fee for the
provision of such services which shall be a percentage of the

weighted full-time equivalent students. If the charter school

defined in s. 1003.01 s. 1003.01(3), the percentage shall be
calculated based on unweighted full-time equivalent students.
The administrative fee shall be calculated as follows:

a. Up to 5 percent for:

   (I) Enrollment of up to and including 250 students in a

      of at least one school district in the state.

      (D) Has the same governing board for all of its schools.

      (E) Does not contract with a for-profit service provider
for management of school operations.

4. A sponsor shall provide to the department by September 15 of each year the total amount of funding withheld from charter schools pursuant to this subsection for the prior fiscal year. The department must include the information in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

(11) PARENT AND STUDENT RESPONSIBILITIES FOR PROGRAM PARTICIPATION.—A parent who applies for program participation under this section is exercising his or her parental option to determine the appropriate placement or the services that best meet the needs of his or her child. The scholarship award for a student is based on a matrix that assigns the student to support Level III services. If a parent receives an IEP and a matrix of services from the school district pursuant to subsection (7), the amount of the payment shall be adjusted as needed, when the school district completes the matrix.

(a) To satisfy or maintain program eligibility, including eligibility to receive and spend program payments, the parent must sign an agreement with the organization and annually submit a notarized, sworn compliance statement to the organization to:

1. Affirm that the student is enrolled in a program that meets regular school attendance requirements as provided in s. 1003.01(17)(b)-(d) s. 1003.01(13)(b)-(d).

2. Affirm that the program funds are used only for
authorized purposes serving the student’s educational needs, as described in subsection (5).

   c. Requiring the child to take any preassessments and postassessments selected by the provider if the child is 4 years of age and is enrolled in a program provided by an eligible Voluntary Prekindergarten Education Program provider. A student with disabilities for whom a preassessment and postassessment is not appropriate is exempt from this requirement. A participating provider shall report a student’s scores to the parent.

4. Affirm that the student remains in good standing with the provider or school if those options are selected by the parent.

A parent who fails to comply with this subsection forfeits the Gardiner Scholarship.

The department may adopt rules to implement this subsection, if necessary.

Section 15. Subsection (4) of section 1003.21, Florida Statutes, is amended to read:

1003.21 School attendance.—

(4) Before admitting a child to kindergarten, the principal shall require evidence that the child has attained the age at which he or she should be admitted in accordance with the
provisions of subparagraph (1)(a)2. The district school superintendent may require evidence of the age of any child who is being enrolled in public school and who the district school superintendent believes to be within the limits of compulsory attendance as provided for by law; however, the district school superintendent may not require evidence from any child who meets regular attendance requirements by attending a school or program listed in s. 1003.01(17)(b)-(e) s. 1003.01(13)(b)-(e). If the first prescribed evidence is not available, the next evidence obtainable in the order set forth below shall be accepted:

public school physician, or, if these are not available in the county, by a licensed practicing physician designated by the district school board, which states that the health officer or physician has examined the child and believes that the age as stated in the affidavit is substantially correct. Children and youths who are experiencing homelessness and children who are known to the department, as defined in s. 39.0016, shall be given temporary exemption from this section for 30 school days.

Section 16. Paragraph (f) of subsection (1) of section 1003.26, Florida Statutes, is amended to read:

1003.26 Enforcement of school attendance.—The Legislature finds that poor academic performance is associated with nonattendance and that school districts must take an active role in promoting and enforcing attendance as a means of improving student performance. It is the policy of the state that each district school superintendent be responsible for enforcing school attendance of all students subject to the compulsory school age in the school district and supporting enforcement of school attendance by local law enforcement agencies. The responsibility includes recommending policies and procedures to the district school board that require public schools to respond in a timely manner to every unexcused absence, and every absence for which the reason is unknown, of students enrolled in the schools. District school board policies shall require the parent of a student to justify each absence of the student, and that justification will be evaluated based on adopted district school board policies that define excused and unexcused absences. The policies must provide that public schools track excused and unexcused absences and contact the home in the case of an
unexcused absence from school, or an absence from school for which the reason is unknown, to prevent the development of patterns of nonattendance. The Legislature finds that early intervention in school attendance is the most effective way of producing good attendance habits that will lead to improved student learning and achievement. Each public school shall implement the following steps to promote and enforce regular school attendance:

(1) CONTACT, REFER, AND ENFORCE.—

(f) If the parent of a child who has been identified as exhibiting a pattern of nonattendance enrolls the child in a home education program pursuant to chapter 1002, the district school superintendent shall provide the parent a copy of s. 1002.41 and the accountability requirements of this paragraph. The district school superintendent shall also refer the parent to a home education review committee composed of the district contact for home education programs and at least two home educators selected by the parent from a district list of all home educators who have conducted a home education program for at least 3 years and who have indicated a willingness to serve on the committee. The home education review committee shall review the portfolio of the student, as defined by s. 1002.41, every 30 days during the district’s regular school terms until the committee is satisfied that the home education program is in compliance with s. 1002.41(1)(d). The first portfolio review must occur within the first 30 calendar days of the establishment of the program. The provisions of subparagraph 2. do not apply once the committee determines the home education program is in compliance with s. 1002.41(1)(d).
2. If the parent fails to provide a portfolio to the committee, the committee shall notify the district school superintendent. The district school superintendent shall then terminate the home education program and require the parent to enroll the child in an attendance option that meets the definition of “regular school attendance” under s. 1003.01(13)(a), (b), (c), or (e), within 3 days. Upon termination of a home education program pursuant to this subparagraph, the parent shall not be eligible to reenroll the child in a home education program for 180 calendar days. Failure of a parent to enroll the child in an attendance option as required by this subparagraph after termination of the home education program pursuant to this subparagraph shall constitute noncompliance with the compulsory attendance requirements of s. 1003.21 and may result in criminal prosecution under s. 1003.27(2). Nothing contained herein shall restrict the ability of the district school superintendent, or the ability of his or her designee, to review the portfolio pursuant to s. 1002.41(1)(c).

Section 17. Paragraph (b) of subsection (1) of section 1003.4282, Florida Statutes, is amended to read:

1003.4282 Requirements for a standard high school diploma.—

(1) TWENTY-FOUR CREDITS REQUIRED.—

(b) The required credits may be earned through equivalent, applied, or integrated courses or career education courses as defined in s. 1003.01(4), including work-related internships approved by the State Board of Education and identified in the course code directory. However, any must-pass assessment requirements must be met. An equivalent course is one...
or more courses identified by content-area experts as being a
match to the core curricular content of another course, based
upon review of the Next Generation Sunshine State Standards for
that subject. An applied course aligns with Next Generation
Sunshine State Standards and includes real-world applications of
a career and technical education standard used in business or
industry. An integrated course includes content from several
courses within a content area or across content areas.

Section 18. Subsection (4) of section 1003.52, Florida
Statutes, is amended to read:

1003.52 Educational services in Department of Juvenile
Justice programs.—

(4) Educational services shall be provided at times of the
day most appropriate for the juvenile justice program. School
programming in juvenile justice detention, prevention, day
treatment, and residential programs shall be made available by
the local school district during the juvenile justice school
year, as provided in s. 1003.01(15) s. 1003.01(11). In addition,
students in juvenile justice education programs shall have
access to courses offered pursuant to ss. 1002.37, 1002.45, and
1003.498. The Department of Education and the school districts
shall adopt policies necessary to provide such access.

Section 19. Section 1003.575, Florida Statutes, is amended
to read:

1003.575 Assistive technology devices; findings;
interagency agreements.—Accessibility, utilization, and
coordination of appropriate assistive technology devices and
services are essential as a young person with disabilities moves
from early intervention to preschool, from preschool to school,
from one school to another, from school to employment or
independent living, and from school to home and community. If an
individual education plan team makes a recommendation in
accordance with State Board of Education rule for a student with
a disability, as defined in s. 1003.01(11) or 1003.01(3), to
receive an assistive technology assessment, that assessment must
be completed within 60 school days after the team’s
recommendation. To ensure that an assistive technology device
issued to a young person as part of his or her individualized
family support plan, individual support plan, individualized
plan for employment, or individual education plan remains with
the individual through such transitions, the following agencies
shall enter into interagency agreements, as appropriate, to
ensure the transaction of assistive technology devices:

(1) The Early Steps Program in the Division of Children’s
Medical Services of the Department of Health.

(2) The Division of Blind Services, the Bureau of
Exceptional Education and Student Services, the Office of
Independent Education and Parental Choice, and the Division of
Vocational Rehabilitation of the Department of Education.

(3) The Voluntary Prekindergarten Education Program
administered by the Department of Education and the Office of
Early Learning.

Interagency agreements entered into pursuant to this section
shall provide a framework for ensuring that young persons with
disabilities and their families, educators, and employers are
informed about the utilization and coordination of assistive
technology devices and services that may assist in meeting
transition needs, and shall establish a mechanism by which a young person or his or her parent may request that an assistive technology device remain with the young person as he or she moves through the continuum from home to school to postschool.

Section 20. Paragraph (d) of subsection (2) of section 1006.07, Florida Statutes, is amended to read:

(2) CODE OF STUDENT CONDUCT.—Adopt a code of student conduct for elementary schools and a code of student conduct for middle and high schools and distribute the appropriate code to all teachers, school personnel, students, and parents, at the beginning of every school year. Each code shall be organized and written in language that is understandable to students and parents and shall be discussed at the beginning of every school year in student classes, school advisory council meetings, and parent and teacher association or organization meetings. Each code shall be based on the rules governing student conduct and discipline adopted by the district school board and shall be made available in the student handbook or similar publication. Each code shall include, but is not limited to:

(d)1. An explanation of the responsibilities of each student with regard to appropriate dress, respect for self and others, and the role that appropriate dress and respect for self and others has on an orderly learning environment. Each district
school board shall adopt a dress code policy that prohibits a student, while on the grounds of a public school during the regular school day, from wearing clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the orderly learning environment.

2. Any student who violates the dress policy described in subparagraph 1. is subject to the following disciplinary actions:
   a. For a first offense, a student shall be given a verbal warning and the school principal shall call the student’s parent or guardian.
   b. For a second offense, the student is ineligible to participate in any extracurricular activity for a period not to exceed 5 days and the school principal shall meet with the student’s parent or guardian.
   c. For a third or subsequent offense, a student shall receive an in-school suspension pursuant to s. 1003.01(5) for a period not to exceed 3 days, the student is ineligible to participate in any extracurricular activity for a period not to exceed 30 days, and the school principal shall call the student’s parent or guardian and send the parent or guardian a written letter regarding the student’s in-school suspension and ineligibility to participate in extracurricular activities.

Section 21. Subsection (5) of section 1008.24, Florida Statutes, is amended to read:

(c) For a student enrolling in an extracurricular course as defined in s. 1003.01(15), a parent may choose to have the student taught by a teacher who received a performance evaluation of “needs improvement” or “unsatisfactory” in the preceding school year if the student and the student’s parent receive an explanation of the impact of teacher effectiveness on student learning and the principal receives written consent from the parent.
