

By Senator Hutson

7-01682B-20

20201870\_\_

1                                   A bill to be entitled  
2       An act relating to technological development; amending  
3       s. 20.22, F.S.; renaming the Division of State  
4       Technology within the Department of Management  
5       Services; adding the Florida Digital Service to the  
6       department; amending s. 282.0051, F.S.; establishing  
7       the Florida Digital Service within the department;  
8       providing definitions; transferring specified powers,  
9       duties, and functions of the department to the Florida  
10      Digital Service and revising such powers, duties, and  
11      functions; providing appointments and requirements of  
12      the state chief information officer and chief data  
13      officer of the Florida Digital Service; requiring the  
14      Florida Digital Service to develop an enterprise  
15      architecture for all state departments and agencies;  
16      providing requirements for such enterprise  
17      architecture; providing duties of the Florida Digital  
18      Service under certain circumstances; authorizing the  
19      Florida Digital Service to enforce the enterprise  
20      architecture by specified means; amending ss. 282.318,  
21      287.0591, 365.171, 365.172, 365.173, and 943.0415,  
22      F.S.; conforming provisions to changes made by the  
23      act; creating s. 559.952, F.S.; providing a short  
24      title; creating the Financial Technology Sandbox  
25      Program; providing definitions; providing certain  
26      waivers of requirements to specified persons under  
27      certain circumstances; requiring an application for  
28      the program for persons who want to make innovative  
29      financial products or services available to consumers;

7-01682B-20

20201870\_\_

30 providing application requirements; requiring the  
31 Office of Financial Regulation to pay an annual fee to  
32 the Department of Law Enforcement for a specified  
33 purpose; providing standards for application approval;  
34 requiring the Commissioner of Financial Regulation and  
35 any other persons exercising such powers to perform  
36 certain actions upon approval of an application;  
37 requiring posting of consumer protection bonds;  
38 providing disposition of such bonds under a specified  
39 circumstance; providing operation of the program;  
40 providing extensions and conclusion of sandbox  
41 periods; requiring persons who make innovative  
42 financial products or services available to consumers  
43 to submit a report; providing construction; providing  
44 that such persons are not immune from civil damages  
45 and are subject to criminal and consumer protection  
46 laws; providing penalties; providing service of  
47 process; requiring the office and the commissioner to  
48 adopt rules; authorizing the commissioner to issue  
49 certain orders and to enforce them in court;  
50 authorizing the commissioner to issue and enforce  
51 orders for payment of restitution and enforcement of  
52 certain bonds; requiring the commissioner to use  
53 certain proceeds for a specified purpose; providing an  
54 effective date.

55  
56 Be It Enacted by the Legislature of the State of Florida:

57  
58 Section 1. Subsection (2) of section 20.22, Florida

7-01682B-20

20201870\_\_

59 Statutes, is amended to read:

60 20.22 Department of Management Services.—There is created a  
61 Department of Management Services.

62 (2) ~~The following divisions and programs within The~~  
63 Department of Management Services shall consist of the following  
64 ~~are established:~~

65 (a) The Facilities Program.

66 (b) The Division of Telecommunications ~~State Technology,~~  
67 ~~the director of which is appointed by the secretary of the~~  
68 ~~department and shall serve as the state chief information~~  
69 ~~officer. The state chief information officer must be a proven,~~  
70 ~~effective administrator who must have at least 10 years of~~  
71 ~~executive-level experience in the public or private sector,~~  
72 ~~preferably with experience in the development of information~~  
73 ~~technology strategic planning and the development and~~  
74 ~~implementation of fiscal and substantive information technology~~  
75 ~~policy and standards.~~

76 (c) The Workforce Program.

77 (d)1. The Support Program.

78 2. The Federal Property Assistance Program.

79 (e) The Administration Program.

80 (f) The Division of Administrative Hearings.

81 (g) The Division of Retirement.

82 (h) The Division of State Group Insurance.

83 (i) The Florida Digital Service.

84 Section 2. Section 282.0051, Florida Statutes, is amended  
85 to read:

86 282.0051 Florida Digital Service ~~Department of Management~~  
87 ~~Services~~; powers, duties, and functions.—There is established

7-01682B-20

20201870\_\_

88 the Florida Digital Service within the department to create  
89 innovative solutions that securely modernize and optimize state  
90 government and achieve value through digital transformation and  
91 interoperability.

92 (1) As used in this section, the term:

93 (a) "Digital identity verifier" means a digital system  
94 capable of securely authenticating the identity of an external  
95 agent, including a person, an organization, an application, or a  
96 device, without physically storing the necessary data to  
97 validate a digital identity.

98 (b) "Enterprise" means the state or the entirety of state  
99 government and its subdivisions.

100 (c) "Enterprise architecture" means a comprehensive  
101 operational framework that contemplates the needs and assets of  
102 the enterprise to create a unified information technology  
103 environment.

104 (d) "Interoperability" means the technical and legal  
105 ability to share data across and throughout the enterprise.

106 (e) "Qualified entity" means a public or private entity or  
107 individual that enters into a binding agreement with the Florida  
108 Digital Service, meets usage criteria, agrees to terms and  
109 conditions, and is subsequently and prescriptively authorized by  
110 the Florida Digital Service to access digital assets as defined  
111 in the agreement.

112 (2) The Florida Digital Service ~~department~~ shall have the  
113 following powers, duties, and functions:

114 (a) ~~(1)~~ Develop and publish information technology policy  
115 for the management of the state's information technology  
116 resources.

7-01682B-20

20201870\_\_

117        (b)~~(2)~~ Establish and publish information technology  
118 architecture standards to provide for the most efficient use of  
119 the state's information technology resources and to ensure  
120 compatibility and alignment with the needs of state agencies.  
121 The Florida Digital Service ~~department~~ shall assist state  
122 agencies in complying with the standards.

123        (c)~~(3)~~ Establish project management and oversight standards  
124 with which state agencies must comply when implementing  
125 information technology projects. The Florida Digital Service  
126 ~~department~~ shall provide training opportunities to state  
127 agencies to assist in the adoption of the project management and  
128 oversight standards. To support data-driven decisionmaking, the  
129 standards must include, but are not limited to:

130        1.~~(a)~~ Performance measurements and metrics that objectively  
131 reflect the status of an information technology project based on  
132 a defined and documented project scope, cost, and schedule.

133        2.~~(b)~~ Methodologies for calculating acceptable variances in  
134 the projected versus actual scope, schedule, or cost of an  
135 information technology project.

136        3.~~(c)~~ Reporting requirements, including requirements  
137 designed to alert all defined stakeholders that an information  
138 technology project has exceeded acceptable variances defined and  
139 documented in a project plan.

140        4.~~(d)~~ Content, format, and frequency of project updates.

141        (d)~~(4)~~ Perform project oversight on all state agency  
142 ~~information technology~~ projects that have a technology component  
143 with a total project cost ~~costs~~ of \$10 million or more and that  
144 are funded in the General Appropriations Act or any other law.  
145 The Florida Digital Service ~~department~~ shall report at least

7-01682B-20

20201870\_\_

146 quarterly to the Executive Office of the Governor, the President  
147 of the Senate, and the Speaker of the House of Representatives  
148 on any information technology project that the Florida Digital  
149 Service department identifies as high-risk due to the project  
150 exceeding acceptable variance ranges defined and documented in a  
151 project plan. The report must include a risk assessment,  
152 including fiscal risks, associated with proceeding to the next  
153 stage of the project, and a recommendation for corrective  
154 actions required, including suspension or termination of the  
155 project.

156 (e)~~(5)~~ Identify opportunities for standardization and  
157 consolidation of information technology services that support  
158 business functions and operations, including administrative  
159 functions such as purchasing, accounting and reporting, cash  
160 management, and personnel, and that are common across state  
161 agencies. The Florida Digital Service department shall  
162 biennially on April 1 provide recommendations for  
163 standardization and consolidation to the Executive Office of the  
164 Governor, the President of the Senate, and the Speaker of the  
165 House of Representatives.

166 (f)~~(6)~~ Establish best practices for the procurement of  
167 information technology products and cloud-computing services in  
168 order to reduce costs, increase the quality of data center  
169 services, or improve government services.

170 (g)~~(7)~~ Develop standards for information technology reports  
171 and updates, including, but not limited to, operational work  
172 plans, project spend plans, and project status reports, for use  
173 by state agencies.

174 (h)~~(8)~~ Upon request, assist state agencies in the

7-01682B-20

20201870\_\_

175 development of information technology-related legislative budget  
176 requests.

177 (i)~~(9)~~ Conduct annual assessments of state agencies to  
178 determine compliance with all information technology standards  
179 and guidelines developed and published by the Florida Digital  
180 Service ~~department~~ and provide results of the assessments to the  
181 Executive Office of the Governor, the President of the Senate,  
182 and the Speaker of the House of Representatives.

183 (j)~~(10)~~ Provide operational management and oversight of the  
184 state data center established pursuant to s. 282.201, which  
185 includes:

186 1.~~(a)~~ Implementing industry standards and best practices  
187 for the state data center's facilities, operations, maintenance,  
188 planning, and management processes.

189 2.~~(b)~~ Developing and implementing cost-recovery or payment  
190 mechanisms that recover the full direct and indirect cost of  
191 services through charges to applicable customer entities. Such  
192 cost-recovery mechanisms must comply with applicable state and  
193 federal regulations concerning distribution and use of funds and  
194 must ensure that, for any fiscal year, no service or customer  
195 entity subsidizes another service or customer entity.

196 3.~~(c)~~ Developing and implementing appropriate operating  
197 guidelines and procedures necessary for the state data center to  
198 perform its duties pursuant to s. 282.201. The guidelines and  
199 procedures must comply with applicable state and federal laws,  
200 regulations, and policies and conform to generally accepted  
201 governmental accounting and auditing standards. The guidelines  
202 and procedures must include, but need not be limited to:

203 a.~~1.~~ Implementing a consolidated administrative support

7-01682B-20

20201870\_\_

204 structure responsible for providing financial management,  
205 procurement, transactions involving real or personal property,  
206 human resources, and operational support.

207 ~~b.2.~~ Implementing an annual reconciliation process to  
208 ensure that each customer entity is paying for the full direct  
209 and indirect cost of each service as determined by the customer  
210 entity's use of each service.

211 ~~c.3.~~ Providing rebates that may be credited against future  
212 billings to customer entities when revenues exceed costs.

213 ~~d.4.~~ Requiring customer entities to validate that  
214 sufficient funds exist in the appropriate data processing  
215 appropriation category or will be transferred into the  
216 appropriate data processing appropriation category before  
217 implementation of a customer entity's request for a change in  
218 the type or level of service provided, if such change results in  
219 a net increase to the customer entity's cost for that fiscal  
220 year.

221 ~~e.5.~~ By November 15 of each year, providing to the Office  
222 of Policy and Budget in the Executive Office of the Governor and  
223 to the chairs of the legislative appropriations committees the  
224 projected costs of providing data center services for the  
225 following fiscal year.

226 ~~f.6.~~ Providing a plan for consideration by the Legislative  
227 Budget Commission if the cost of a service is increased for a  
228 reason other than a customer entity's request made pursuant to  
229 sub-subparagraph d. ~~subparagraph 4.~~ Such a plan is required only  
230 if the service cost increase results in a net increase to a  
231 customer entity for that fiscal year.

232 ~~7. Standardizing and consolidating procurement and~~

7-01682B-20

20201870\_\_

233 ~~contracting practices.~~

234 4.~~(d)~~ In collaboration with the Department of Law  
235 Enforcement, developing and implementing a process for  
236 detecting, reporting, and responding to information technology  
237 security incidents, breaches, and threats.

238 5.~~(e)~~ Adopting rules relating to the operation of the state  
239 data center, including, but not limited to, budgeting and  
240 accounting procedures, cost-recovery methodologies, and  
241 operating procedures.

242 ~~(f) Conducting an annual market analysis to determine~~  
243 ~~whether the state's approach to the provision of data center~~  
244 ~~services is the most effective and cost-efficient manner by~~  
245 ~~which its customer entities can acquire such services, based on~~  
246 ~~federal, state, and local government trends; best practices in~~  
247 ~~service provision; and the acquisition of new and emerging~~  
248 ~~technologies. The results of the market analysis shall assist~~  
249 ~~the state data center in making adjustments to its data center~~  
250 ~~service offerings.~~

251 (k)~~(11)~~ Recommend other information technology services  
252 that should be designed, delivered, and managed as enterprise  
253 information technology services. Recommendations must include  
254 the identification of existing information technology resources  
255 associated with the services, if existing services must be  
256 transferred as a result of being delivered and managed as  
257 enterprise information technology services.

258 (l)~~(12)~~ In consultation with state agencies, propose a  
259 methodology and approach for identifying and collecting both  
260 current and planned information technology expenditure data at  
261 the state agency level.

7-01682B-20

20201870\_\_

262        (m) 1. ~~(13) (a)~~ Notwithstanding any other law, provide project  
263 oversight on any ~~information technology~~ project of the  
264 Department of Financial Services with a technology component,  
265 the Department of Legal Affairs, and the Department of  
266 Agriculture and Consumer Services which has a total project cost  
267 of \$25 million or more and which impacts one or more other  
268 agencies. Such information technology projects must also comply  
269 with the applicable information technology architecture, project  
270 management and oversight, and reporting standards established by  
271 the Florida Digital Service department.

272        2. ~~(b)~~ When performing the project oversight function  
273 specified in subparagraph 1. paragraph (a), report at least  
274 quarterly to the Executive Office of the Governor, the President  
275 of the Senate, and the Speaker of the House of Representatives  
276 on any information technology project that the Florida Digital  
277 Service department identifies as high-risk due to the project  
278 exceeding acceptable variance ranges defined and documented in  
279 the project plan. The report shall include a risk assessment,  
280 including fiscal risks, associated with proceeding to the next  
281 stage of the project and a recommendation for corrective actions  
282 required, including suspension or termination of the project.

283        (n) ~~(14)~~ If an information technology project implemented by  
284 a state agency must be connected to or otherwise accommodated by  
285 an information technology system administered by the Department  
286 of Financial Services, the Department of Legal Affairs, or the  
287 Department of Agriculture and Consumer Services, consult with  
288 these departments regarding the risks and other effects of such  
289 projects on their information technology systems and work  
290 cooperatively with these departments regarding the connections,

7-01682B-20

20201870\_\_

291 interfaces, timing, or accommodations required to implement such  
292 projects.

293 (o)~~(15)~~ If adherence to standards or policies adopted by or  
294 established pursuant to this section causes conflict with  
295 federal regulations or requirements imposed on a state agency  
296 and results in adverse action against the state agency or  
297 federal funding, work with the state agency to provide  
298 alternative standards, policies, or requirements that do not  
299 conflict with the federal regulation or requirement. The Florida  
300 Digital Service department shall annually report such  
301 alternative standards to the Governor, the President of the  
302 Senate, and the Speaker of the House of Representatives.

303 (p) Follow best purchasing practices of state procurement  
304 to the extent practicable for the purpose of creating innovative  
305 solutions that securely modernize and optimize state government  
306 to achieve value through digital transformation and to use best  
307 business practices employed by the private sector,  
308 notwithstanding chapter 287 and the authority of the department.

309 ~~(16) (a) Establish an information technology policy for all~~  
310 ~~information technology-related state contracts, including state~~  
311 ~~term contracts for information technology commodities,~~  
312 ~~consultant services, and staff augmentation services. The~~  
313 ~~information technology policy must include:~~

314 ~~1. Identification of the information technology product and~~  
315 ~~service categories to be included in state term contracts.~~

316 ~~2. Requirements to be included in solicitations for state~~  
317 ~~term contracts.~~

318 ~~3. Evaluation criteria for the award of information~~  
319 ~~technology-related state term contracts.~~

7-01682B-20

20201870\_\_

320 ~~4. The term of each information technology-related state~~  
321 ~~term contract.~~

322 ~~5. The maximum number of vendors authorized on each state~~  
323 ~~term contract.~~

324 ~~(b) Evaluate vendor responses for information technology-~~  
325 ~~related state term contract solicitations and invitations to~~  
326 ~~negotiate.~~

327 ~~(c) Answer vendor questions on information technology-~~  
328 ~~related state term contract solicitations.~~

329 ~~(d) Ensure that the information technology policy~~  
330 ~~established pursuant to paragraph (a) is included in all~~  
331 ~~solicitations and contracts that are administratively executed~~  
332 ~~by the department.~~

333 ~~(q) (17)~~ Recommend potential methods for standardizing data  
334 across state agencies which will promote interoperability and  
335 reduce the collection of duplicative data.

336 ~~(r) (18)~~ Recommend open data technical standards and  
337 terminologies for use by state agencies.

338 (3) (a) The Secretary of Management Services shall appoint a  
339 state chief information officer to head the Florida Digital  
340 Service. The state chief information officer must be a proven,  
341 effective administrator who must have at least 10 years of  
342 executive-level experience in the public or private sector,  
343 preferably with experience in the development of information  
344 technology strategic planning and the development and  
345 implementation of fiscal and substantive information technology  
346 policy and standards.

347 (b) The state chief information officer shall appoint a  
348 chief data officer, who shall report to the state chief

7-01682B-20

20201870\_\_

349 information officer. The chief data officer must be a proven,  
350 effective administrator who must have at least 10 years of  
351 experience in data management, data governance,  
352 interoperability, and security. The chief data officer is  
353 included in the Senior Management Service. As used in this  
354 paragraph, the term "data governance" means the practice of  
355 organizing, classifying, securing, and implementing policies,  
356 procedures, and standards for the effective use of an  
357 organization's structured and unstructured information assets.

358 (4) The Florida Digital Service shall develop an  
359 enforceable and comprehensive enterprise architecture for all  
360 state departments and agencies which:

361 (a) Recognizes the unique needs of all stakeholders and  
362 results in the publication of standards and terminologies,  
363 procurement guidelines, and the facilitation of digital  
364 interoperability.

365 (b) Establishes a comprehensive framework that accounts for  
366 all of the needs and responsibilities of a department and agency  
367 while defining how technology benefits and serves the overall  
368 mission of both entities.

369 (c) Addresses how hardware, operating systems, legacy  
370 systems, and programming and networking solutions may be used or  
371 improved to achieve current and future objectives.

372 (d) Allows the enterprise architecture to be enforced, as  
373 appropriate, to ensure stewardship of tax dollars.

374 (5) Upon the required production of information from the  
375 stakeholders of the enterprise architecture, the Florida Digital  
376 Service shall:

377 (a) Create and maintain a comprehensive indexed data

7-01682B-20

20201870\_\_

378 catalog that lists what data elements are housed within which  
379 department or agency and in which legacy system or application.

380 (b) Develop and publish for each state department and  
381 agency a data dictionary that reflects the nomenclature as  
382 existing in the comprehensive indexed data catalog.

383 (c) Create and maintain an indexed integration catalog that  
384 includes all integration tools currently used by each state  
385 department and agency.

386 (d) Review, confirm, and document operational use cases  
387 with all stakeholders across the enterprise architecture,  
388 including the Legislature and all state departments and  
389 agencies.

390 (e) Identify core functionality use cases reliant on  
391 digital and data infrastructure.

392 (f) Develop, collaboratively with stakeholders, solutions  
393 for authorized, mandated, or encouraged use cases within the  
394 enterprise.

395 (g) Develop, publish, and manage an application programming  
396 interface to facilitate integration throughout the enterprise.

397 (h) Facilitate collaborative analysis of enterprise  
398 architecture data to improve service delivery.

399 (i) Provide a testing environment in which any newly  
400 developed solution can be tested for compliance within the  
401 enterprise architecture and for functionality assurance before  
402 deployment.

403 (j) Create the functionality necessary for a secure  
404 ecosystem of data interoperability that is compliant with the  
405 enterprise architecture and allows for governmental and  
406 nongovernmental stakeholders to access the data store by:

7-01682B-20

20201870\_\_

407 1. Competitively procuring a credential service provider.

408 As used in this subparagraph, the term "credential service  
409 provider" means an electronic credential provider that supplies  
410 secure credential services based on open standards for identity  
411 management and verification to qualified entities.

412 2. Upon the signing of the enterprise architecture terms of  
413 service and privacy policies, providing to qualified entities  
414 and digital identity verifiers appropriate access to the data  
415 store to facilitate authorized integrations to collaboratively,  
416 less expensively, or at no taxpayer cost, solve enterprise use  
417 cases.

418 (k) Architect and deploy applications or solutions to  
419 existing department and agency obligations in a controlled and  
420 phased approach, including, but not limited to:

421 1. Digital licenses, including full identification  
422 management.

423 2. Interoperability that contains the data functionality to  
424 enable supervisors of elections to authenticate voter  
425 eligibility in real time at the point of service.

426 3. The criminal justice database.

427 4. Motor vehicle insurance cancellation integration between  
428 insurers and the Department of Highway Safety and Motor  
429 Vehicles.

430 5. Interoperability solutions between agencies, including,  
431 but not limited to, the Department of Health, the Agency for  
432 Health Care Administration, the Agency for Persons with  
433 Disabilities, the Department of Education, the Department of  
434 Elderly Affairs, and the Department of Children and Families.

435 (6) The Florida Digital Service may enforce the enterprise

7-01682B-20

20201870\_\_

436 architecture by:

437 (a) Receiving written notice of any planned or existing  
438 procurement of digital solutions which is subject to governance  
439 by the enterprise architecture, which includes:

440 1. An attestation of compliance with the enterprise  
441 architecture.

442 2. A list of integrations tools needed.

443 3. Enterprise stakeholders actually or potentially involved  
444 or affected by the procurement.

445 4. Resources that would reduce the cost or increase the  
446 speed to deployment.

447 (b) Intervening in any procurement that does not comply  
448 with the enterprise architecture after the Florida Digital  
449 Service provided notice of noncompliance to relevant  
450 stakeholders through the following acts:

451 1. Delaying the procurement until it complies with the  
452 enterprise architecture.

453 2. Providing recommendations to cure the portions of the  
454 procurement which do not comply with the enterprise  
455 architecture.

456 ~~(19) Adopt rules to administer this section.~~

457 Section 3. Paragraph (a) of subsection (3), paragraphs (d),  
458 (e), (g), and (j) of subsection (4), and paragraph (b) of  
459 subsection (5) of section 282.318, Florida Statutes, are amended  
460 to read:

461 282.318 Security of data and information technology.—

462 (3) The department is responsible for establishing  
463 standards and processes consistent with generally accepted best  
464 practices for information technology security, to include

7-01682B-20

20201870\_\_

465 cybersecurity, and adopting rules that safeguard an agency's  
466 data, information, and information technology resources to  
467 ensure availability, confidentiality, and integrity and to  
468 mitigate risks. The department shall also:

469 (a) Designate a state chief information security officer  
470 for the Florida Digital Service, who must be a proven, effective  
471 administrator and have at least 10 years of executive-level  
472 experience in the public or private sector, preferably with  
473 experience in the development of information technology  
474 strategic planning and the development and implementation of  
475 fiscal and substantive information technology policy and  
476 standards ~~and expertise in security and risk management for~~  
477 ~~communications and information technology resources.~~

478 (4) Each state agency head shall, at a minimum:

479 (d) Conduct, and update every 3 years, a comprehensive risk  
480 assessment, which may be completed by a private sector vendor,  
481 to determine the security threats to the data, information, and  
482 information technology resources, including mobile devices and  
483 print environments, of the agency. The risk assessment must  
484 comply with the risk assessment methodology developed by the  
485 department and is confidential and exempt from s. 119.07(1),  
486 except that such information shall be available to the Auditor  
487 General, the Florida Digital Service ~~Division of State~~  
488 ~~Technology~~ within the department, the Cybercrime Office of the  
489 Department of Law Enforcement, and, for state agencies under the  
490 jurisdiction of the Governor, the Chief Inspector General.

491 (e) Develop, and periodically update, written internal  
492 policies and procedures, which include procedures for reporting  
493 information technology security incidents and breaches to the

7-01682B-20

20201870\_\_

494 Cybercrime Office of the Department of Law Enforcement and the  
495 Florida Digital Service ~~Division of State Technology~~ within the  
496 department. Such policies and procedures must be consistent with  
497 the rules, guidelines, and processes established by the  
498 department to ensure the security of the data, information, and  
499 information technology resources of the agency. The internal  
500 policies and procedures that, if disclosed, could facilitate the  
501 unauthorized modification, disclosure, or destruction of data or  
502 information technology resources are confidential information  
503 and exempt from s. 119.07(1), except that such information shall  
504 be available to the Auditor General, the Cybercrime Office of  
505 the Department of Law Enforcement, the Florida Digital Service  
506 ~~Division of State Technology~~ within the department, and, for  
507 state agencies under the jurisdiction of the Governor, the Chief  
508 Inspector General.

509 (g) Ensure that periodic internal audits and evaluations of  
510 the agency's information technology security program for the  
511 data, information, and information technology resources of the  
512 agency are conducted. The results of such audits and evaluations  
513 are confidential information and exempt from s. 119.07(1),  
514 except that such information shall be available to the Auditor  
515 General, the Cybercrime Office of the Department of Law  
516 Enforcement, the Florida Digital Service ~~Division of State~~  
517 ~~Technology~~ within the department, and, for agencies under the  
518 jurisdiction of the Governor, the Chief Inspector General.

519 (j) Develop a process for detecting, reporting, and  
520 responding to threats, breaches, or information technology  
521 security incidents which is consistent with the security rules,  
522 guidelines, and processes established by the Agency for State

7-01682B-20

20201870\_\_

523 Technology.

524 1. All information technology security incidents and  
525 breaches must be reported to the Florida Digital Service  
526 ~~Division of State Technology~~ within the department and the  
527 Cybercrime Office of the Department of Law Enforcement and must  
528 comply with the notification procedures and reporting timeframes  
529 established pursuant to paragraph (3)(c).

530 2. For information technology security breaches, state  
531 agencies shall provide notice in accordance with s. 501.171.

532 3. Records held by a state agency which identify detection,  
533 investigation, or response practices for suspected or confirmed  
534 information technology security incidents, including suspected  
535 or confirmed breaches, are confidential and exempt from s.  
536 119.07(1) and s. 24(a), Art. I of the State Constitution, if the  
537 disclosure of such records would facilitate unauthorized access  
538 to or the unauthorized modification, disclosure, or destruction  
539 of:

540 a. Data or information, whether physical or virtual; or

541 b. Information technology resources, which includes:

542 (I) Information relating to the security of the agency's  
543 technologies, processes, and practices designed to protect  
544 networks, computers, data processing software, and data from  
545 attack, damage, or unauthorized access; or

546 (II) Security information, whether physical or virtual,  
547 which relates to the agency's existing or proposed information  
548 technology systems.

549

550 Such records shall be available to the Auditor General, the  
551 Florida Digital Service ~~Division of State Technology~~ within the

7-01682B-20

20201870\_\_

552 department, the Cybercrime Office of the Department of Law  
553 Enforcement, and, for state agencies under the jurisdiction of  
554 the Governor, the Chief Inspector General. Such records may be  
555 made available to a local government, another state agency, or a  
556 federal agency for information technology security purposes or  
557 in furtherance of the state agency's official duties. This  
558 exemption applies to such records held by a state agency before,  
559 on, or after the effective date of this exemption. This  
560 subparagraph is subject to the Open Government Sunset Review Act  
561 in accordance with s. 119.15 and shall stand repealed on October  
562 2, 2021, unless reviewed and saved from repeal through  
563 reenactment by the Legislature.

564 (5) The portions of risk assessments, evaluations, external  
565 audits, and other reports of a state agency's information  
566 technology security program for the data, information, and  
567 information technology resources of the state agency which are  
568 held by a state agency are confidential and exempt from s.  
569 119.07(1) and s. 24(a), Art. I of the State Constitution if the  
570 disclosure of such portions of records would facilitate  
571 unauthorized access to or the unauthorized modification,  
572 disclosure, or destruction of:

573 (b) Information technology resources, which include:

574 1. Information relating to the security of the agency's  
575 technologies, processes, and practices designed to protect  
576 networks, computers, data processing software, and data from  
577 attack, damage, or unauthorized access; or

578 2. Security information, whether physical or virtual, which  
579 relates to the agency's existing or proposed information  
580 technology systems.

7-01682B-20

20201870\_\_

581  
582 Such portions of records shall be available to the Auditor  
583 General, the Cybercrime Office of the Department of Law  
584 Enforcement, the Florida Digital Service ~~Division of State~~  
585 ~~Technology~~ within the department, and, for agencies under the  
586 jurisdiction of the Governor, the Chief Inspector General. Such  
587 portions of records may be made available to a local government,  
588 another state agency, or a federal agency for information  
589 technology security purposes or in furtherance of the state  
590 agency's official duties. For purposes of this subsection,  
591 "external audit" means an audit that is conducted by an entity  
592 other than the state agency that is the subject of the audit.  
593 This exemption applies to such records held by a state agency  
594 before, on, or after the effective date of this exemption. This  
595 subsection is subject to the Open Government Sunset Review Act  
596 in accordance with s. 119.15 and shall stand repealed on October  
597 2, 2021, unless reviewed and saved from repeal through  
598 reenactment by the Legislature.

599 Section 4. Subsection (4) of section 287.0591, Florida  
600 Statutes, is amended to read:

601 287.0591 Information technology.—

602 (4) If the department issues a competitive solicitation for  
603 information technology commodities, consultant services, or  
604 staff augmentation contractual services, the Florida Digital  
605 Service ~~Division of State Technology~~ within the department shall  
606 participate in such solicitations.

607 Section 5. Paragraph (a) of subsection (3) of section  
608 365.171, Florida Statutes, is amended to read:

609 365.171 Emergency communications number E911 state plan.—

7-01682B-20

20201870\_\_

610 (3) DEFINITIONS.—As used in this section, the term:  
 611 (a) "Office" means the Division of Telecommunications State  
 612 ~~Technology~~ within the Department of Management Services, as  
 613 designated by the secretary of the department.

614 Section 6. Paragraph (s) of subsection (3) of section  
 615 365.172, Florida Statutes, is amended to read:

616 365.172 Emergency communications number "E911."—

617 (3) DEFINITIONS.—Only as used in this section and ss.  
 618 365.171, 365.173, 365.174, and 365.177, the term:

619 (s) "Office" means the Division of Telecommunications State  
 620 ~~Technology~~ within the Department of Management Services, as  
 621 designated by the secretary of the department.

622 Section 7. Paragraph (a) of subsection (1) of section  
 623 365.173, Florida Statutes, is amended to read:

624 365.173 Communications Number E911 System Fund.—

625 (1) REVENUES.—

626 (a) Revenues derived from the fee levied on subscribers  
 627 under s. 365.172(8) must be paid by the board into the State  
 628 Treasury on or before the 15th day of each month. Such moneys  
 629 must be accounted for in a special fund to be designated as the  
 630 Emergency Communications Number E911 System Fund, a fund created  
 631 in the Division of Telecommunications State ~~Technology~~, or other  
 632 office as designated by the Secretary of Management Services.

633 Section 8. Subsection (5) of section 943.0415, Florida  
 634 Statutes, is amended to read:

635 943.0415 Cybercrime Office.—There is created within the  
 636 Department of Law Enforcement the Cybercrime Office. The office  
 637 may:

638 (5) Consult with the Florida Digital Service ~~Division of~~

7-01682B-20

20201870\_\_

639 ~~State Technology~~ within the Department of Management Services in  
640 the adoption of rules relating to the information technology  
641 security provisions in s. 282.318.

642 Section 9. Section 559.952, Florida Statutes, is created to  
643 read:

644 559.952 Financial Technology Sandbox Act.—

645 (1) SHORT TITLE.—This section may be cited as the  
646 “Financial Technology Sandbox Act.”

647 (2) CREATION OF THE FINANCIAL TECHNOLOGY SANDBOX PROGRAM.—  
648 There is created the Financial Technology Sandbox Program within  
649 the Office of Financial Regulation to allow financial technology  
650 innovators to test new products and services in a supervised,  
651 flexible regulatory sandbox, using waivers of specified general  
652 law and rule requirements under defined conditions. The creation  
653 of a supervised, flexible regulatory sandbox provides a  
654 welcoming business environment for technology innovators and may  
655 lead to significant business growth.

656 (3) DEFINITIONS.—As used in this section, the term:

657 (a) “Blockchain” means a digital record of online  
658 transactions that are stored chronologically and obtained  
659 through consensus and that are decentralized and mathematically  
660 verified in nature.

661 (b) “Commissioner” means the Director of the Office of  
662 Financial Regulation, also known as the Commissioner of  
663 Financial Regulation, and any other person lawfully exercising  
664 such powers.

665 (c) “Consumer” means a person in this state, whether a  
666 natural person or a business entity, who purchases, uses, or  
667 enters into an agreement to receive an innovative financial

7-01682B-20

20201870\_\_

668 product or service made available through the Financial  
669 Technology Sandbox.

670 (d) "Financial product or service" means a product or  
671 service related to finance, including banking, securities,  
672 consumer credit, or money transmission, which is traditionally  
673 subject to general law or rule requirements in the chapters  
674 enumerated in paragraph (4) (a) and which is under the  
675 jurisdiction of the commissioner.

676 (e) "Financial Technology Sandbox" means, unless the  
677 context clearly indicates otherwise, the program created in this  
678 section, which allows a person to make an innovative financial  
679 product or service available to consumers during a sandbox  
680 period through a waiver of existing general laws and rule  
681 requirements, or portions thereof, as determined by the  
682 commissioner.

683 (f) "Innovative" means new or emerging technology, or new  
684 uses of existing technology, including blockchain technology,  
685 which provides a product, service, business model, or delivery  
686 mechanism to the public and has no substantially comparable,  
687 widely available analog in this state.

688 (g) "Office" means, unless the context clearly indicates  
689 otherwise, the Office of Financial Regulation.

690 (h) "Sandbox period" means the period, initially not longer  
691 than 24 months, in which the commissioner has:

692 1. Authorized an innovative financial product or service to  
693 be made available to consumers.

694 2. Granted the person who makes the innovative financial  
695 product or service available a waiver of general law or rule  
696 requirements, as determined by the commissioner, so that the

7-01682B-20

20201870\_\_

697 authorization under subparagraph 1. is possible.

698 (4) WAIVERS OF GENERAL LAW AND RULE REQUIREMENTS.—

699 (a) Notwithstanding any other provision of law, upon  
700 approval of a Financial Technological Sandbox application, the  
701 commissioner may grant an applicant a waiver of a requirement,  
702 or a portion thereof, which is imposed by a general law or rule  
703 in any following chapter or part thereof, if all of the  
704 conditions in paragraph (b) are met:

705 1. Chapter 516, consumer finance.

706 2. Chapter 517, securities transactions.

707 3. Chapter 520, retail installment sales.

708 4. Chapter 537, title loans.

709 5. Part I or part II of chapter 560, general provisions of  
710 money services businesses or payment instruments and funds  
711 transmission.

712 6. Chapter 655, financial institutions generally.

713 7. Chapter 657, credit unions.

714 8. Chapter 658, banks and trust companies.

715 9. Chapter 660, trust business.

716 10. Chapter 662, family trust companies.

717 11. Chapter 663, international banking.

718 (b) The commissioner may grant, during a sandbox period, a  
719 waiver of a requirement, or a portion thereof, imposed by a  
720 general law or rule in any chapter enumerated in paragraph (a),  
721 if all of the following conditions are met:

722 1. The general law or rule does not currently authorize the  
723 innovative financial product or service to be made available to  
724 consumers.

725 2. The waiver is not broader than necessary to accomplish

7-01682B-20

20201870\_\_

726 the purposes and standards specified in this section, as  
727 determined by the commissioner.

728 3. No provision relating to the liability of an  
729 incorporator, director, or officer of the applicant is eligible  
730 for a waiver.

731 (5) FINANCIAL TECHNOLOGY SANDBOX APPLICATION; STANDARDS FOR  
732 APPROVAL; CONSUMER PROTECTION BOND.-

733 (a) Before making an innovative financial product or  
734 service available to consumers in the Financial Technology  
735 Sandbox, a person must file an application with the  
736 commissioner. The commissioner shall, by rule, prescribe the  
737 form and manner of the application.

738 1. In the application, the person must specify the general  
739 law or rule requirements for which a waiver is sought, and the  
740 reasons why these requirements prohibit the innovative financial  
741 product or service from being made available to consumers.

742 2. The application must also contain the information  
743 specified in subparagraphs (e)1.-7.

744 (b) A business entity filing an application under this  
745 section must be a domestic corporation or other organized  
746 domestic entity with a physical presence, other than that of a  
747 registered office or agent or virtual mailbox, in this state.

748 (c) Before an employee applies on behalf of a business  
749 entity intending to make an innovative financial product or  
750 service available to consumers, the employee must obtain the  
751 consent of the business entity.

752 (d) The applicant must submit fingerprints for each  
753 individual filing an application under this section and each  
754 individual who is substantially involved in the development,

7-01682B-20

20201870\_\_

755 operation, or management of the innovative financial product or  
756 service for live-scan processing in accordance with rules  
757 adopted by the office.

758 1. The fingerprints may be submitted through a third-party  
759 vendor authorized by the Department of Law Enforcement to  
760 provide live-scan fingerprinting.

761 2. The Department of Law Enforcement must conduct the state  
762 criminal history background check, and a federal criminal  
763 history background check must be conducted through the Federal  
764 Bureau of Investigation.

765 3. All fingerprints submitted to the Department of Law  
766 Enforcement must be submitted electronically and entered into  
767 the statewide automated fingerprint identification system  
768 established in s. 943.05(2) (b) and available for use in  
769 accordance with s. 943.05(2) (g) and (h). The office shall pay an  
770 annual fee to the Department of Law Enforcement to participate  
771 in the system and shall inform the Department of Law Enforcement  
772 of any person whose fingerprints no longer must be retained.

773 4. The office shall review the results of the state and  
774 federal criminal history background checks and determine whether  
775 the applicant meets the office's requirements.

776 5. For purposes of this paragraph, fingerprints are not  
777 required to be submitted if the applicant is a publicly traded  
778 corporation or is exempted under s. 560.104(1). The term  
779 "publicly traded" means a stock is currently traded on a  
780 national securities exchange registered with the Securities and  
781 Exchange Commission or traded on an exchange in a country other  
782 than the United States which is regulated by a regulator  
783 equivalent to the Securities and Exchange Commission and the

7-01682B-20

20201870\_\_

784 disclosure and reporting requirements of such regulator are  
785 substantially similar to those of the Securities and Exchange  
786 Commission.

787 (e) The commissioner shall approve or deny in writing a  
788 Financial Technology Sandbox application within 60 days after  
789 receiving the completed application. The commissioner and the  
790 applicant may jointly agree to extend the time beyond 60 days.  
791 The commissioner may impose conditions on any approval,  
792 consistent with this section. In deciding to approve or deny an  
793 application, the commissioner must consider each of the  
794 following:

795 1. The nature of the innovative financial product or  
796 service proposed to be made available to consumers in the  
797 Financial Technology Sandbox, including all relevant technical  
798 details, which may include whether the product or service uses  
799 blockchain technology.

800 2. The potential risk to consumers and the methods that  
801 will be used to protect consumers and resolve complaints during  
802 the sandbox period.

803 3. The business plan proposed by the applicant, including a  
804 statement of arranged capital.

805 4. Whether the applicant has the necessary personnel,  
806 adequate financial and technical expertise, and a sufficient  
807 plan to test, monitor, and assess the innovative financial  
808 product or service.

809 5. Whether any person substantially involved in the  
810 development, operation, or management of the innovative  
811 financial product or service has been convicted of, or is  
812 currently under investigation for, fraud, a state or federal

7-01682B-20

20201870\_\_

813 securities violation, or any property-based offense.

814 6. A copy of the disclosures that will be provided to  
815 consumers under paragraph (6)(c).

816 7. Any other factor that the commissioner determines to be  
817 relevant.

818 (f) If an application is approved pursuant to paragraph  
819 (e), the commissioner shall specify the general law or rule  
820 requirements, or portions thereof, for which a waiver is granted  
821 and the length of the initial sandbox period, not to exceed 24  
822 months. The commissioner shall post on the office's website  
823 notice of the approval of the application, a summary of the  
824 innovative financial product or service, and the contact  
825 information of the person making the financial product or  
826 service available.

827 (g) A person whose Financial Technology Sandbox application  
828 is approved shall post a consumer protection bond with the  
829 commissioner as security for potential losses suffered by  
830 consumers. The commissioner shall determine the bond amount,  
831 which must be at least \$10,000 and commensurate with the risk  
832 profile of the innovative financial product or service. The  
833 commissioner may require that a bond under this paragraph be  
834 increased or decreased at any time based on the risk profile.  
835 Unless a bond is enforced under subparagraph (11)(b)2., the  
836 commissioner shall cancel the bond or allow it to expire 2 years  
837 after the date of the conclusion of the sandbox period.

838 (6) OPERATION OF THE FINANCIAL TECHNOLOGY SANDBOX.—

839 (a) A person whose Financial Technology Sandbox application  
840 is approved may make an innovative financial product or service  
841 available to consumers during the sandbox period.

7-01682B-20

20201870\_\_

842 (b) The commissioner may, on a case-by-case basis, specify  
843 the maximum number of consumers authorized to receive an  
844 innovative financial product or service, after consultation with  
845 the person who makes the financial product or service available  
846 to consumers.

847 (c)1. Before a consumer purchases or enters into an  
848 agreement to receive an innovative financial product or service  
849 through the Financial Technology Sandbox, the person making the  
850 financial product or service available must provide a written  
851 statement of all of the following to the consumer:

852 a. The name and contact information of the person making  
853 the financial product or service available to consumers.

854 b. That the financial product or service has been  
855 authorized to be made available to consumers for a temporary  
856 period by the commissioner, under the laws of this state.

857 c. That the state does not endorse the financial product or  
858 service and is not subject to liability for losses or damages  
859 caused by the financial product or service.

860 d. That the financial product or service is undergoing  
861 testing, may not function as intended, and may entail financial  
862 risk.

863 e. That the person making the product or service available  
864 to consumers is not immune from civil liability for any losses  
865 or damages caused by the financial product or service.

866 f. The expected end date of the sandbox period.

867 g. The name and contact information of the commissioner,  
868 and notification that suspected legal violations, complaints, or  
869 other comments related to the financial product or service may  
870 be submitted to the commissioner.

7-01682B-20

20201870\_\_

871 h. Any other statements or disclosures required by rule of  
872 the commissioner which are necessary to further the purposes of  
873 this section.

874 2. The written statement must contain an acknowledgement  
875 from the consumer, which must be retained for the duration of  
876 the sandbox period by the person making the financial product or  
877 service available.

878 (d) The commissioner may enter into an agreement with a  
879 state, federal, or foreign regulatory agency to allow persons:

880 1. Who make an innovative financial product or service  
881 available in this state through the Financial Technology Sandbox  
882 to make their products or services available in other  
883 jurisdictions.

884 2. Who operate in similar financial technology sandboxes in  
885 other jurisdictions to make innovative financial products and  
886 services available in this state under the standards of this  
887 section.

888 (e)1. A person whose Financial Technology Sandbox  
889 application is approved by the commissioner shall maintain  
890 comprehensive records relating to the innovative financial  
891 product or service. The person shall keep these records for at  
892 least 5 years after the conclusion of the sandbox period. The  
893 commissioner may specify by rule additional records  
894 requirements.

895 2. The commissioner may examine the records maintained  
896 under subparagraph 1. at any time, with or without notice. All  
897 direct and indirect costs of an examination conducted under this  
898 subparagraph shall be paid by the person making the innovative  
899 financial product or service available to consumers.

900 (7) EXTENSIONS AND CONCLUSION OF SANDBOX PERIOD.—

901 (a) A person who is authorized to make an innovative  
902 financial product or service available to consumers may apply  
903 for an extension of the initial sandbox period for up to 12  
904 additional months, with the option of multiple extensions for  
905 the purpose of pursuing licensure from the office. An  
906 application for an extension must be made at least 60 days  
907 before the conclusion of the initial sandbox period or, if the  
908 extension is a second or subsequent extension, at least 60 days  
909 before the conclusion of the current extension. The commissioner  
910 shall approve or deny the application for extension in writing  
911 at least 35 days before the conclusion of the initial sandbox  
912 period or the conclusion of the current extension, if  
913 applicable.

914 (b) An application for an extension under paragraph (a)  
915 must cite one of the following reasons as the basis for the  
916 application and must provide all relevant supporting information  
917 that:

918 1. Amendments to general law or rules are necessary to  
919 conduct financial technology business in this state permanently.

920 2. An application for a license or other authorization  
921 required to conduct business in this state has been filed with  
922 the appropriate office, and approval is pending.

923 (c) Unless granted an extension under this subsection at  
924 least 30 days before the conclusion of the initial sandbox  
925 period or the current extension, a person who makes an  
926 innovative financial product or service available shall provide  
927 written notification to consumers regarding the conclusion of  
928 the initial sandbox period or the current extension and may not

7-01682B-20

20201870\_\_

929 make the financial product or service available to any new  
930 consumers after the conclusion of the initial sandbox period or  
931 the current extension until legal authority outside of the  
932 Financial Technology Sandbox exists to make the financial  
933 product or service available to consumers. The person shall wind  
934 down operations with existing consumers within 60 days after the  
935 conclusion of the sandbox period or the current extension,  
936 except that, after the 60th day, the person may:

937 1. Collect and receive money owed to the person and service  
938 loans made by the person, based on agreements with consumers  
939 made before the conclusion of the sandbox period or the current  
940 extension.

941 2. Take necessary legal action.

942 3. Take other actions authorized by rule by the  
943 commissioner which are not inconsistent with this subsection.

944 (8) REPORT.—A person authorized to make an innovative  
945 financial product or service available to consumers under  
946 subsection (5) shall submit a report to the commissioner twice a  
947 year as prescribed by rule.

948 (9) CONSTRUCTION.—

949 (a) A person whose Financial Technology Sandbox application  
950 is approved shall be deemed to possess an appropriate license  
951 under any general law requiring state licensure or  
952 authorization.

953 (b) Authorization to make an innovative financial product  
954 or service available to consumers under subsection (5) does not  
955 create a property right.

956 (c) The state does not endorse the financial product or  
957 service and is not subject to liability for losses or damages

7-01682B-20

20201870\_\_

958 caused by the financial product or service.

959 (10) VIOLATIONS AND PENALTIES.—

960 (a) A person who makes an innovative financial product or  
961 service available to consumers in the Financial Technology  
962 Sandbox is:

963 1. Not immune from civil damages for acts and omissions  
964 relating to this section.

965 2. Subject to all criminal and consumer protection laws.

966 (b)1. The commissioner may, by order, revoke or suspend  
967 authorization granted to a person to make an innovative  
968 financial product or service available to consumers if:

969 a. The person has violated or refused to comply with this  
970 section or any rule, order, or decision adopted by the  
971 commissioner;

972 b. A fact or condition exists that, if it had existed or  
973 become known at the time of the Financial Technology Sandbox  
974 application, would have warranted denial of the application or  
975 the imposition of material conditions;

976 c. A material error, false statement, misrepresentation, or  
977 material omission was made in the Financial Technology Sandbox  
978 application; or

979 d. After consultation with the person, continued testing of  
980 the innovative financial product or service would:

981 (I) Be likely to harm consumers; or

982 (II) No longer serve the purposes of this section because  
983 of the financial or operational failure of the financial product  
984 or service.

985 2. Written notice of a revocation or suspension order made  
986 under subparagraph 1. shall be served using any means authorized

7-01682B-20

20201870\_\_

987 by law. If the notice relates to a suspension, the notice must  
988 include any condition or remedial action that the person must  
989 complete before the commissioner lifts the suspension.

990 (c) The commissioner may refer any suspected violation of  
991 law relating to this section to an appropriate state or federal  
992 agency for investigation, prosecution, civil penalties, and  
993 other appropriate enforcement actions.

994 (d) If service of process on a person making an innovative  
995 financial product or service available to consumers in the  
996 Financial Technology Sandbox is not feasible, service on the  
997 commissioner shall be deemed service on such person.

998 (11) RULES AND ORDERS.—

999 (a) The office and the commissioner shall adopt rules to  
1000 administer this section.

1001 (b) The commissioner may issue all necessary orders to  
1002 enforce this section and may enforce these orders in any court  
1003 of competent jurisdiction. These orders include, but are not  
1004 limited to, orders for:

1005 1. Payment of restitution.

1006 2. Enforcement of a bond, or a portion of a bond, posted  
1007 under paragraph (5)(g). The commissioner shall use proceeds from  
1008 such bonds to offset losses suffered by consumers as a result of  
1009 an innovative financial product or service.

1010 Section 10. This act shall take effect July 1, 2020.
