Senator Berman moved the following:

**Senate Amendment (with title amendment)**

Between lines 284 and 285
insert:
Section 3. Section 390.027, Florida Statutes, is created to read:
390.027 Preventing Unintended Pregnancies Pilot Program.—
(1) The Department of Health shall establish the Preventing Unintended Pregnancies Pilot Program using long-acting reversible contraception (LARC) in Duval, Hillsborough, and Palm Beach Counties. The purpose of the pilot program is to prevent
or reduce unintended pregnancies in the counties participating in the pilot program. The department shall contract for LARC services with eligible family planning providers to implement the pilot program in each of the three counties. Each contract must provide for all of the following:

(a) The provision of LARC services, including the administration of implants, injections, and intrauterine devices to participants.

(b) The training of provider staff regarding the provision of LARC services, counseling strategies, and the management of side effects.

(c) Technical assistance to providers regarding issues such as coding, billing, pharmacy rules, and clinic management necessitated by the increased use of LARC services.

(d) General support to providers to expand their service capacity.

(e) Marketing and community outreach regarding the availability of LARC services and other currently available contraceptive services.

(f) Other services that the department considers necessary to ensure the health and safety of women who receive LARC services.

(2) The department shall apply for grants from federal agencies and other sources to supplement state funds provided for the pilot program.

(3) By January 1, 2022, the department shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives on the effectiveness of the pilot program. The department shall publish the report on
its website. At a minimum, the report must include, but need not be limited to:

(a) An assessment of the operation of the pilot program, including any progress made in reducing the number of unintended pregnancies and subsequent births, especially among teenagers.
(b) An assessment of the effectiveness of the pilot program in increasing the availability of LARC services.
(c) The number and location of family planning providers that participated in the pilot program.
(d) The number of clients served by participating family planning providers.
(e) The number of times LARC services were provided by participating family planning providers.
(f) The average cost per client served.
(g) The demographic characteristics of clients served.
(h) The sources and amounts of funding used for the pilot program.
(i) A description of federal grants the department applied for in order to provide LARC services, including the outcomes of the grant applications.
(j) An analysis of the return on investment associated with the provision of LARC services with regard to tax dollars saved on health and social services.
(k) A description and analysis of marketing and outreach activities conducted to promote the availability of LARC services.
(l) Recommendations for improving the pilot program.

Section 4. For the 2020-2021 fiscal year, the sum of $100,000 in nonrecurring funds is appropriated from the General
Revenue Fund to the Department of Health for the purpose of implementing the Preventing Unintended Pregnancies Pilot Program. The department shall distribute the funds equally among the three counties participating in the pilot program. These funds may not be used to supplant or reduce any other appropriation of state funds to family planning providers or to the department for family planning services.

And the title is amended as follows:

made by the act; creating s. 390.027, F.S.; requiring the Department of Health to establish the Preventing Unintended Pregnancies Pilot Program in specified counties; specifying the purpose of the pilot program; requiring the department to contract with family planning providers for the provision of certain contraceptive services; prescribing contract requirements; requiring the department to apply for federal grants for additional funding for the pilot program; requiring the department to submit a report to the Governor and the Legislature by a specified date; prescribing minimum requirements for the report; providing an appropriation; specifying conditions for the use of the appropriation; amending s. 27.511, F.S.; conforming
