43	Section 2. The Legislature finds that it is a public
44	necessity that any personal identifying information of an
45	applicant for president of a state university be made
46	confidential and exempt from s. 119.07(1), Florida Statutes, and
47	s. 24(a), Art. I of the State Constitution. The Legislature also
48	finds that it is a public necessity that any portion of a
49	meeting held for the purpose of identifying or vetting
50	applicants for president of a state university, including any
51	portion of a meeting that would disclose personal identifying
52	information of such applicants, be made exempt from s. 286.011,
53	Florida Statutes, and s. 24(b), Art. I of the State
54	Constitution, and that the recording of such meeting be made
55	exempt from s. 119.07(1), Florida Statutes, and s. 24(a), Art. I
56	of the State Constitution. The task of filling the position of
57	president of a state university is often conducted by an
58	executive search committee. Many, if not most, applicants for
59	such a position are currently employed at another job at the
60	time they apply and could jeopardize their current positions if
61	it were to become known that they were seeking employment
62	elsewhere. These exemptions from public records and public
63	meeting requirements are needed to ensure that such a search
64	committee can avail itself of the most experienced and desirable
65	pool of qualified applicants from which to fill the position of
66	president of a state university. If potential applicants fear
67	the possibility of losing their current jobs as a consequence of
68	attempting to progress along their chosen career path or simply
69	seeking different and more rewarding employment, failure to have
