41 Section 19. Section 1012.977, Florida Statutes, is created
42 to read:

43 1012.977 Disclosure of contracts that affect the integrity
44 of state universities or entities; penalties.-

45 (1) Any person employed by a state university or entity
46 engaging in research which was created or authorized pursuant to
47 part II of chapter 1004 consents to the policies of the
48 university or entity, the regulations of the Board of Governors,
49 and the laws of this state. At a minimum, such policies shall
50 require employees engaged in the design, conduct, or reporting
51 of research to disclose and receive a determination that the
52 outside activity or financial interest does not affect the
53 integrity of the state university or entity.

54 (2) (a) "Financial interest" includes anything of value
55 other than that provided directly by the university or entity.

56 (b) "Outside activity" includes anything an employee does
57 for an organization or an individual, other than the university
58 or entity, that is related to the employee's expertise.

59 (3) An employee who has failed to disclose any outside
60 activity or financial interest as required by subsection (1)
61 shall be suspended without pay pending the outcome of an
62 investigation which shall not exceed 60 days. Upon conclusion of
63 the investigation, the university or entity may terminate the
64 contract of the employee.

65 Section 20. Subsection (4) of section 1013.45, Florida
66 Statutes, is amended, and paragraph (f) is added to subsection
67 (1) of that section, to read:

68 1013.45 Educational facilities contracting and construction
69 techniques.-

549916

70 (1) Boards may employ procedures to contract for
71 construction of new facilities, or for additions, remodeling,
72 renovation, maintenance, or repairs to existing facilities, that
73 will include, but not be limited to:

74 (f) The consideration of other factors, including price,
75 for the procurement of construction management and program
76 management by university boards of trustees in accordance with
77 regulations of the Board of Governors for any project on which
78 full project plans and specifications have been prepared by a
79 design professional and included in the procurement document.

80 (4) Except as otherwise provided in this section and s.
81 481.229, the services of a registered architect must be used for
82 the development of plans for the erection, enlargement, or
83 alteration of any educational facility. The services of a
84 registered architect are not required for a minor renovation
85 project for which the construction cost is less than \$50,000 or
86 for the placement or hookup of relocatable educational
87 facilities that conform with standards adopted under s. 1013.37.
88 However, boards must provide compliance with building code
89 requirements and ensure that these structures are adequately
90 anchored for wind resistance as required by law. A district
91 school board shall reuse existing construction documents or
92 design criteria packages if such reuse is feasible and
93 practical. If a school district's 5-year educational facilities
94 work plan includes the construction of two or more new schools
95 for students in the same grade group and program, such as

99 board may purchase the architectural services for the design of
100 educational or ancillary facilities under an existing contract
101 agreement for professional services held by a district school
102 board in the State of Florida, provided that the purchase is to
103 the economic advantage of the purchasing board, the services
104 conform to the standards prescribed by rules of the State Board
105 of Education, and such reuse is not without notice to, and
106 permission from, the architect of record whose plans or design
107 criteria are being reused. Plans shall be reviewed for
108 compliance with the State Requirements for Educational
109 Facilities. Rules adopted under this section must establish
110 uniform prequalification, selection, bidding, and negotiation
111 procedures applicable to construction management contracts and
112 the design-build process. This section does not supersede any
113 small, woman-owned or minority-owned business enterprise
114 preference program adopted by a board. Except as otherwise
115 provided in this section, the ~~negotiation~~ procedures applicable
116 to construction management, program management, ~~contracts~~ and
117 the design-build process must conform to the requirements of s.
118 287.055. ~~A board may not modify any rules regarding construction~~
119 ~~management contracts or the design-build process.~~
