Section 4. Subsections (3) and (5) of section 413.30, Florida Statutes, are amended to read:

413.30 Eligibility for vocational rehabilitation
services.—

(3) An individual is presumed to benefit in terms of an
employment outcome from vocational rehabilitation services under
this part unless the division can demonstrate by clear and
convincing evidence that the individual is incapable of
benefiting from vocational rehabilitation services in terms of an employment outcome. Before making such a determination, the division must consider the individual's abilities, capabilities, and capacity to perform in a work situation through the use of trial work experiences. Trial work experiences include supported employment, on-the-job training, or other work experiences using realistic work settings. Under limited circumstances, if an individual cannot take advantage of trial work experiences or if options for trial work experiences have been exhausted, the division shall conduct an extended evaluation, not to exceed 18 months. The evaluation must determine the eligibility of the individual and the nature and scope of needed vocational rehabilitation services. The extended evaluation must be reviewed once every 90 days to determine whether the individual is eligible for vocational rehabilitation services.

(5) When the division determines that an individual is eligible for vocational rehabilitation services, the division must complete an assessment for determining eligibility and vocational rehabilitation needs and ensure that an individualized plan for employment is prepared within a reasonable period of time, not to exceed 90 days after the date of eligibility determination, unless unforeseen circumstances beyond the control of the division prevent the division from completing the assessment and individualized plan for employment within the 90-day timeframe and the division and the individual
agree that an extension of time is warranted.

(a) Each individualized plan for employment must be jointly developed, agreed upon, and signed by the vocational rehabilitation counselor or coordinator and the eligible individual or, in an appropriate case, a parent, family member, guardian, advocate, or authorized representative, of the individual.

(b) The division must ensure that each individualized plan for employment is designed to achieve the specific employment outcome of the individual, consistent with the unique strengths, resources, priorities, concerns, abilities, and capabilities of the individual, and otherwise meets the content requirements for an individualized plan for employment as set out in federal law or regulation.

(c) Each individualized plan for employment shall be reviewed annually, at which time the individual, or the individual's parent, guardian, advocate, or authorized representative, shall be afforded an opportunity to review the plan and jointly redevelop and agree to its terms. Each plan shall be revised as needed.

Section 5. Section 413.301, Florida Statutes, is created to read:

413.301 Preemployment transition services.—

(1) Preemployment transition services shall be provided to an individual with disabilities who is between 14 and 21 years

local school board in accordance with rules of the State Board
of Education; or
   (b) Meets the definition of an individual with a
disability for the purposes of s. 504 of the Rehabilitation Act
(2) When the division receives documentation that an
individual meets the conditions described in subsection (1), the
division must provide preemployment transition services within a
reasonable period of time, not to exceed 90 days after the date
that it receives an individual's consent or, for a minor, a
parent's or legal guardian's consent, to receive services,
unless unforeseen circumstances beyond the control of the
division prevent the division from providing services within the
90-day timeframe and the division and the individual or, for a
minor, a parent or legal guardian agree that an extension of
time is warranted.
(3) If the division is unable to provide preemployment
transition services within the timeframe required in subsection
(2), the division must, upon the request of the individual, or
for a minor, a parent or legal guardian, work with other
qualified providers to provide such services.

(1) The council shall be composed of:

   learning experiences and customized employment.
