BILL: SB 1868

INTRODUCER: Senator Bean

SUBJECT: Privileged Communications Made to Crime Stoppers Organizations

DATE: March 22, 2021

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Stokes	Jones	CJ	Pre-meeting
2.			JU	
3.			RC	

I. Summary:

SB 1868 amends s. 16.557, F.S., providing that a person who is the recipient of disclosed privileged communication or protected information or any information concerning a privileged communication or protected information commits a third degree felony. Section 16.557, F.S., currently provides that only the person who discloses such information commits a third degree felony.

Currently, the disclosure of such information doesn't apply to certain people. This bill adds an employee, board member, or volunteer of a crime stoppers organization while acting in the course and scope of the person's duties or functions to the list of persons to whom this section does not apply.

This bill also provides immunity from civil liability for a person who in the course and scope of his or her duties or functions, receives, forwards, or acts on a privileged communication.

Additionally, the bill specifies that a privileged communication may only be used to assist law enforcement in directing an investigation of alleged criminal activity. Evidence of a privileged communication, and information contained within a privileged communication, from an anonymous source to a crime stoppers organization may not be:

- Relied upon, or considered in determining whether probable cause exists to issue an arrest or search warrant.
- Admissible or subject to discovery in any court proceeding.

The fiscal impact of the bill is unknown. However, to the extent that the felony created in the bill results in persons being convicted, the bill may result in a positive indeterminate prison bed impact (i.e. an unquantifiable increase of prison beds). See Section V. Fiscal Impact Statement.

This bill is effective October 1, 2021.

II. Present Situation:

Crime Stoppers

Crime Stoppers programs are non-profit organizations led by citizens against crime, founded on the concept that someone other than the criminal has information that can help solve a crime. These programs offer anonymity to anyone who can provide information about crimes and subsequently pay rewards when such information leads to an arrest.¹

The idea of providing a reward to someone with information about a crime originated in Albuquerque, New Mexico, when a detective was tasked with solving a homicide with no leads. He thought to make a video re-enactment of the murder and guarantee anonymity for anyone who was willing to call with information about the crime. After receiving calls following the re-enactment, one of which allowed police to solve a different crime, the detective persuaded the Albuquerque Police Department to permit citizens to establish the first Crime Stoppers program. Today, there are over 1,200 crime stopper organizations throughout the world.²

Crime Stoppers in Florida

There are 27 crime stopper programs in Florida that operate collectively under the name Florida Association of Crime Stoppers, Inc. (FACS).³ In order to expand the model of these programs by providing more stable funding, the Crime Stoppers Trust Fund (Fund) was created for the purpose of grant administration.⁴ The Department of Legal Affairs (DLA) administers the Fund and is tasked with establishing criteria for local governments to apply for funding.⁵

In 2019, the Legislature created s. 16.557, F.S., to protect the identity of a person who engages in a privileged communication with a crime stoppers organization.⁶ Section 16.557, F.S., provides that a person who discloses a privileged communication or protected information or any information concerning a privileged communication or protected information commits a third degree felony.⁷ This does not apply to:

- The person who provides the privileged communication or protected information; or
- A law enforcement officer or an employee of a law enforcement agency or the DLA when he or she is acting within the scope of his or her employment.
- Criminal discovery.⁸

⁸ Section 16.557(2)(a), F.S.

Section 16.557, F.S., provides the following definitions:

- “Crime stoppers organization,” means a private not-for-profit organization that collects and expends donations for rewards to persons who report to the organization information concerning criminal activity, and forwards that information to appropriate law enforcement agencies.⁹
- “Privileged communication,” means the act of providing information to a crime stoppers organization for the purpose of reporting alleged criminal activity.¹⁰
- “Protected information,” includes the identity of a person who engages in privileged communication with a crime stoppers organization and any records, recordings, oral or written statements, papers, documents, or other tangible items provided to or collected by a crime stoppers organization, a law enforcement crime stoppers coordinator or his or her staff, or a law enforcement agency in connection with such privileged communication.¹¹

Crime Stoppers Trust Fund

The amount of funding available for a crime stoppers organization or a county is based upon all money deposited pursuant to s. 938.06, F.S., available unused funds, the DLA’s spending authority, and money collected pursuant to financial consequences.¹²

Section 938.06, F.S., provides that, in addition to other fines that may be imposed, a court must assess a \$20 fee for any person convicted of any criminal offense. The proceeds, less \$3 per assessment, must be deposited into the Fund.¹³ Such proceeds are placed in a separate account in the Fund and are designated according to the judicial circuit in which they were collected.¹⁴ A county may apply to the DLA for a grant from the funds collected in the judicial circuit in which the county is located. However, such grants are awarded only to counties that are served by an organization that is an official member of the FACS and in good standing.¹⁵

Money awarded from a grant to a county may only be used to support the FACS and its crime fighting programs.¹⁶ Only one crime stoppers program per county is eligible to receive funding. To be eligible to receive funds, a program must:

- Be a 501(c)(3) non-profit organization.
- Have endorsement from the county commission in the county they serve.
- Be a member in good standing of the FACS.¹⁷

Eligible programs must complete and submit a performance-based grant proposal outlining its annual operational plan, along with a budget based upon the certified funds previously authorized by the Florida Office of the Attorney General.¹⁸ A county that is awarded a grant may

- The recovery of the body of a homicide victim.
- The recovery of a human trafficking victim or missing person connected to criminal activity.

Crime Stoppers Privileged Communication in Other States

Other states have implemented laws that both protect the identity of a person who provides a tip to a crime stoppers organization and provide that the communication of the tip and any documents created as a result of the tip are privileged. Some of those states include: Arkansas,²³ Colorado,²⁴ Connecticut,²⁵ Kentucky,²⁶ Louisiana,²⁷ Michigan,²⁸ Mississippi,²⁹ New Mexico,³⁰ Oklahoma,³¹ and Texas.³²

Additionally, some states have created criminal penalties for the prohibited disclosure of such protected information. These states include: Arkansas,³³ Colorado,³⁴ Kentucky,³⁵ Mississippi,³⁶

Privileged Communications in the Evidence Code

The Florida Evidence Code (Code) specifies what types of evidence and testimony are admissible in court.⁴¹ The Code makes certain communications privileged, meaning their disclosure generally cannot be compelled, even in legal proceedings.⁴² Privileged communication is used to describe an interaction between two parties in which the law recognizes a private, protected relationship.⁴³ Some examples of generally privileged communications include communications between a lawyer and client,⁴⁴ a husband and wife,⁴⁵ and a psychotherapist and a patient.⁴⁶

Typically, such communication only loses its privileged status if the person who made the original disclosure of such information waives the privilege, thus permitting the communication to be subject to general rules of evidence. A person is deemed to have waived the privilege if he or she voluntarily discloses or makes the communication when he or she does not have a reasonable expectation of privacy, or consents to the disclosure of any significant part of the communication.⁴⁷

III. Effect of Proposed Changes:

This bill amends s. 16.557, F.S., providing that a person who is the recipient of disclosed privileged communication or protected information or any information concerning a privileged communication or protected information commits a third degree felony. Section 16.557, F.S., currently provides that only the person who discloses such information commits a third degree felony.

Currently, the disclosure of such information doesn't apply to certain people. This bill adds an employee, board member, or volunteer of a crime stoppers organization while acting in the course and scope of the person's duties or functions to the list of persons to whom this section does not apply.

This bill also provides immunity from civil liability for a person who in the course and scope of his or her duties or functions, receives, forwards, or acts on a privileged communication.

Additionally, the bill specifies that a privileged communication may only be used to assist law enforcement in directing an investigation of alleged criminal activity. Evidence of a privileged communication, and information contained within a privileged communication, from an anonymous source to a crime stoppers organization may not be:

- Relied upon, or considered in determining whether probable cause exists to issue an arrest or search warrant.
- Admissible or subject to discovery in any court proceeding.

This bill is effective October 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Section 1 of the bill creates a new criminal offense that may result in indeterminate local fund expenditures for costs relating to criminal prosecution and confinement if a jail sentence is imposed. However, these provisions relate to the defense, prosecution, or punishment of criminal offenses, and criminal law and are exempt from the requirements of Art. VII, s. 18(d) of the Florida Constitution, relating to unfunded mandates.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill creates a new felony offense related to a person receiving any information related to privileged communication or protected information pertaining to a tip provided to a crime stoppers organization. To the extent that this provision results in offenders being convicted for this felony offense, the bill may result in a positive indeterminate prison bed impact (i.e. an unquantifiable increase in prison beds).

VI. Technical Deficiencies:

There is a conflict between the language in the bill and existing law. Current law provides an exception to the privilege for criminal discovery. The bill provides that privileged information may not be subject to discovery.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 16.557 of the Florida Statutes.
