By Senator Boyd

	21-01791B-21 20211900
1	A bill to be entitled
2	An act relating to cybersecurity; amending s. 20.055,
3	F.S.; requiring certain audit plans of an inspector
4	general to include certain information; amending s.
5	282.0041, F.S.; revising and providing definitions;
6	amending ss. 282.0051, 282.201, and 282.206, F.S.;
7	revising provisions to replace references to
8	information technology security with cybersecurity;
9	amending s. 282.318, F.S.; revising provisions to
10	replace references to information technology security
11	and computer security with references to
12	cybersecurity; revising a short title; providing that
13	the Department of Management Services, acting through
14	the Florida Digital Service, is the lead entity for
15	the purpose of certain responsibilities; providing and
16	revising requirements for the department, acting
17	through the Florida Digital Service; providing that
18	certain employees shall be assigned to selected exempt
19	service; providing that the state chief information
20	security officer is responsible for state technology
21	systems and must notify the Governor of certain
22	incidents and threats; revising requirements for state
23	agency heads; requiring the department, through the
24	Florida Digital Service, to track the implementation
25	by state agencies of certain plans; creating 282.319,
26	F.S.; creating the Florida Cybersecurity Advisory
27	Council within the Department of Management Services;
28	providing the purpose of the council; requiring the
29	council to provide certain assistance to the Florida

Page 1 of 22

	21-01791B-21 20211900
30	Digital Service; providing for the membership of the
31	council; providing for terms of council members;
32	providing that the Secretary of Management Services,
33	or his or her designee, shall serve as the ex officio
34	executive director of the council; providing that
35	members shall serve without compensation but are
36	entitled to reimbursement for per diem and travel
37	expenses; requiring the council to meet at least
38	quarterly for certain purposes; requiring the council
39	to submit an annual report to the Governor and
40	Legislature; amending s. 943.0415, F.S., conforming
41	provisions to changes made by the act; providing an
42	effective date.
43	
44	Be It Enacted by the Legislature of the State of Florida:
45	
46	Section 1. Paragraph (i) of subsection (6) of section
47	20.055, Florida Statutes, is amended to read:
48	20.055 Agency inspectors general
49	(6) In carrying out the auditing duties and
50	responsibilities of this act, each inspector general shall
51	review and evaluate internal controls necessary to ensure the
52	fiscal accountability of the state agency. The inspector general
53	shall conduct financial, compliance, electronic data processing,
54	and performance audits of the agency and prepare audit reports
55	of his or her findings. The scope and assignment of the audits
56	shall be determined by the inspector general; however, the
57	agency head may at any time request the inspector general to
58	perform an audit of a special program, function, or

Page 2 of 22

CODING: Words stricken are deletions; words underlined are additions.

	21-01791B-21 20211900_
59	organizational unit. The performance of the audit shall be under
60	the direction of the inspector general, except that if the
61	inspector general does not possess the qualifications specified
62	in subsection (4), the director of auditing shall perform the
63	functions listed in this subsection.
64	(i) The inspector general shall develop long-term and
65	annual audit plans based on the findings of periodic risk
66	assessments. The plan, where appropriate, should include
67	postaudit samplings of payments and accounts. The plan shall
68	show the individual audits to be conducted during each year and
69	related resources to be devoted to the respective audits. <u>The</u>
70	plan shall include a specific cybersecurity audit plan. The
71	Chief Financial Officer, to assist in fulfilling the
72	responsibilities for examining, auditing, and settling accounts,
73	claims, and demands pursuant to s. 17.03(1), and examining,
74	auditing, adjusting, and settling accounts pursuant to s. 17.04,
75	may use audits performed by the inspectors general and internal
76	auditors. For state agencies under the jurisdiction of the
77	Governor, the audit plans shall be submitted to the Chief
78	Inspector General. The plan shall be submitted to the agency
79	head for approval. A copy of the approved plan shall be
80	submitted to the Auditor General.
81	Section 2. Present subsections (8) through (21) of section
82	282.0041, Florida Statutes, are redesignated as subsections (9)
83	through (22), respectively, present subsection (22) is amended,
84	and a new subsection (8) is added to that section, to read:
85	282.0041 Definitions.—As used in this chapter, the term:
86	(8) "Cybersecurity" means the protection afforded to
87	information technology resources from unauthorized access or

Page 3 of 22

CODING: Words stricken are deletions; words underlined are additions.

	21-01791B-21 20211900
88	criminal use by ensuring the confidentiality, integrity, and
89	availability of data and information.
90	(22) "Information technology security" means the protection
91	afforded to an automated information system in order to attain
92	the applicable objectives of preserving the integrity,
93	availability, and confidentiality of data, information, and
94	information technology resources.
95	Section 3. Paragraph (j) of subsection (1) of section
96	282.0051, Florida Statutes, is amended to read:
97	282.0051 Department of Management Services; Florida Digital
98	Service; powers, duties, and functions
99	(1) The Florida Digital Service has been created within the
100	department to propose innovative solutions that securely
101	modernize state government, including technology and information
102	services, to achieve value through digital transformation and
103	interoperability, and to fully support the cloud-first policy as
104	specified in s. 282.206. The department, through the Florida
105	Digital Service, shall have the following powers, duties, and
106	functions:
107	(j) Provide operational management and oversight of the
108	state data center established pursuant to s. 282.201, which
109	includes:
110	1. Implementing industry standards and best practices for
111	the state data center's facilities, operations, maintenance,
112	planning, and management processes.
113	2. Developing and implementing cost-recovery mechanisms
114	that recover the full direct and indirect cost of services
115	through charges to applicable customer entities. Such cost-
116	recovery mechanisms must comply with applicable state and

Page 4 of 22

141

21-01791B-21 20211900 117 federal regulations concerning distribution and use of funds and 118 must ensure that, for any fiscal year, no service or customer entity subsidizes another service or customer entity. The 119 120 Florida Digital Service may recommend other payment mechanisms 121 to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives. Such 122 123 mechanism may be implemented only if specifically authorized by 124 the Legislature. 125 3. Developing and implementing appropriate operating 126 guidelines and procedures necessary for the state data center to 127 perform its duties pursuant to s. 282.201. The guidelines and 128 procedures must comply with applicable state and federal laws, 129 regulations, and policies and conform to generally accepted 130 governmental accounting and auditing standards. The guidelines and procedures must include, but need not be limited to: 131 132 a. Implementing a consolidated administrative support 133 structure responsible for providing financial management, 134 procurement, transactions involving real or personal property, 135 human resources, and operational support. 136 b. Implementing an annual reconciliation process to ensure 137 that each customer entity is paying for the full direct and 138 indirect cost of each service as determined by the customer 139 entity's use of each service. 140 c. Providing rebates that may be credited against future

d. Requiring customer entities to validate that sufficient
funds exist in the appropriate data processing appropriation
category or will be transferred into the appropriate data
processing appropriation category before implementation of a

billings to customer entities when revenues exceed costs.

Page 5 of 22

CODING: Words stricken are deletions; words underlined are additions.

21-01791B-21 20211900 146 customer entity's request for a change in the type or level of 147 service provided, if such change results in a net increase to the customer entity's cost for that fiscal year. 148 149 e. By November 15 of each year, providing to the Office of 150 Policy and Budget in the Executive Office of the Governor and to the chairs of the legislative appropriations committees the 151 152 projected costs of providing data center services for the 153 following fiscal year. 154 f. Providing a plan for consideration by the Legislative 155 Budget Commission if the cost of a service is increased for a 156 reason other than a customer entity's request made pursuant to sub-subparagraph d. Such a plan is required only if the service 157 158 cost increase results in a net increase to a customer entity for 159 that fiscal year. 160 g. Standardizing and consolidating procurement and 161 contracting practices. 162 4. In collaboration with the Department of Law Enforcement, 163 developing and implementing a process for detecting, reporting, 164 and responding to cybersecurity information technology security 165 incidents, breaches, and threats. 5. Adopting rules relating to the operation of the state 166 167 data center, including, but not limited to, budgeting and accounting procedures, cost-recovery methodologies, and 168 169 operating procedures. 170 Section 4. Paragraph (g) of subsection (1) of section 171 282.201, Florida Statutes, is amended to read: 172 282.201 State data center.-The state data center is

172 202.201 State data center.-ine state data center is 173 established within the department. The provision of data center 174 services must comply with applicable state and federal laws,

Page 6 of 22

CODING: Words stricken are deletions; words underlined are additions.

	21-01791B-21 20211900
175	regulations, and policies, including all applicable security,
176	privacy, and auditing requirements. The department shall appoint
177	a director of the state data center, preferably an individual
178	who has experience in leading data center facilities and has
179	expertise in cloud-computing management.
180	(1) STATE DATA CENTER DUTIES.—The state data center shall:
181	(g) In its procurement process, show preference for cloud-
182	computing solutions that minimize or do not require the
183	purchasing, financing, or leasing of state data center
184	infrastructure, and that meet the needs of customer agencies,
185	that reduce costs, and that meet or exceed the applicable state
186	and federal laws, regulations, and standards for cybersecurity
187	information technology security.
188	Section 5. Subsection (2) of section 282.206, Florida
189	Statutes, is amended to read:
190	282.206 Cloud-first policy in state agencies
191	(2) In its procurement process, each state agency shall
192	show a preference for cloud-computing solutions that either
193	minimize or do not require the use of state data center
194	infrastructure when cloud-computing solutions meet the needs of
195	the agency, reduce costs, and meet or exceed the applicable
196	state and federal laws, regulations, and standards for
197	cybersecurity information technology security.
198	Section 6. Section 282.318, Florida Statutes, is amended to
199	read:
200	282.318 Cybersecurity Security of data and information
201	technology
202	(1) This section may be cited as the <u>"Florida State</u>
203	Cybersecurity Act." "Information Technology Security Act."
	Page 7 of 22

204	(2) As used in this section, the term "state agency" has
205	the same meaning as provided in s. 282.0041, except that the
206	term includes the Department of Legal Affairs, the Department of
207	Agriculture and Consumer Services, and the Department of
208	Financial Services.
209	(3) The department, acting through the Florida Digital
210	Service, is the lead entity responsible for establishing
211	standards and processes for assessing state agency cybersecurity
212	risks and determining appropriate security measures. Such
213	standards and processes must be consistent with generally
214	accepted <u>technology</u> best practices, including the National
215	Institute for Standards and Technology Cybersecurity Framework,
216	for cybersecurity. This shall include information technology
217	security, to include cybersecurity, and adopting rules that
218	mitigate risk; safeguard the state's digital assets and agency
219	an agency's data, information, and information technology
220	resources to ensure availability, confidentiality, and
221	integrity; and support a centralized security governance and to
222	mitigate risks. The department, acting through the Florida
223	Digital Service, shall also:
224	(a) Designate an employee of the Florida Digital Service as
225	the state chief information security officer. The state chief
226	information security officer must have experience and expertise
227	in security and risk management for communications and
228	information technology resources. The employees under the
229	direction of the state chief information security officer shall
230	be assigned to selected exempt service. The state chief
231	information security officer is responsible for the development,
232	operation, and management of cybersecurity for state technology

Page 8 of 22

	21-01791B-21 20211900_
233	systems. The state chief information security officer must have
234	a direct communication channel to the Governor, or his or her
235	designee, related to risk assessments, threat monitoring,
236	detection, and response activities of suspected or confirmed
237	cyber incidents or threats.
238	(b) Develop, and annually update by February 1, a statewide
239	cybersecurity information technology security strategic plan
240	that includes security goals and objectives for cybersecurity,
241	including the identification and mitigation of risk, proactive
242	protections against threats, tactical risk detection, threat
243	reporting, and response and recovery protocols for a cyber
244	incident the strategic issues of information technology security
245	policy, risk management, training, incident management, and
246	disaster recovery planning.
247	(c) Develop and publish for use by state agencies \underline{a}
248	centralized cybersecurity governance an information technology
249	security framework that, at a minimum, includes guidelines and
250	processes for:
251	1. Establishing asset management procedures to ensure that
252	an agency's information technology resources are identified and
253	managed consistent with their relative importance to the
254	agency's business objectives.
255	2. Using a standard risk assessment methodology that
256	includes the identification of an agency's priorities,
257	constraints, risk tolerances, and assumptions necessary to
258	support operational risk decisions.
259	3. Completing comprehensive risk assessments and
260	cybersecurity information technology security audits, which may
261	be completed by a private sector vendor, and submitting
·	Page 9 of 22

21-01791B-21 20211900 262 completed assessments and audits to the department. 263 4. Identifying protection procedures to manage the protection of an agency's information, data, and information 264 265 technology resources. 266 5. Establishing procedures for accessing information and 267 data to ensure the confidentiality, integrity, and availability 268 of such information and data. 269 6. Detecting threats through proactive monitoring of 270 events, continuous security monitoring, and defined detection 271 processes. 272 7. Establishing agency cybersecurity computer security 273 incident response teams and describing their responsibilities 274 for responding to cybersecurity information technology security 275 incidents, including breaches of personal information containing confidential or exempt data. 276 277 8. Recovering information and data in response to a 278 cybersecurity an information technology security incident. The 279 recovery may include recommended improvements to the agency 280 processes, policies, or guidelines. 281 9. Establishing a cybersecurity an information technology 282 security incident reporting process that includes procedures and 283 tiered reporting timeframes for notifying the department and the 284 Department of Law Enforcement of cybersecurity information technology security incidents. The tiered reporting timeframes 285 286 shall be based upon the level of severity of the cybersecurity 287 information technology security incidents being reported. 288 10. Incorporating information obtained through detection

289 and response activities into the agency's <u>cybersecurity</u> 290 information technology security incident response plans.

Page 10 of 22

CODING: Words stricken are deletions; words underlined are additions.

	21-01791B-21 20211900
291	11. Developing agency strategic and operational
292	cybersecurity information technology security plans required
293	pursuant to this section.
294	12. Establishing the managerial, operational, and technical
295	safeguards for protecting state government data and information
296	technology resources that align with the state agency risk
297	management strategy and that protect the confidentiality,
298	integrity, and availability of information and data.
299	(d) Assist state agencies in complying with this section.
300	(e) In collaboration with the Cybercrime Office of the
301	Department of Law Enforcement, annually provide training for
302	state agency information security managers and computer security
303	incident response team members that contains training on
304	cybersecurity information technology security, including
305	cybersecurity, threats, trends, and best practices.
306	(f) Annually review the strategic and operational
307	cybersecurity information technology security plans of executive
308	branch agencies.
309	(g) Provide training to all state agency technology
310	professionals which develops, assesses, and documents
311	competencies by role and skill level. The training may be
312	provided in collaboration with the Cybercrime Office of the
313	Department of Law Enforcement, a private sector entity, or a
314	state university.
315	(h) Operate and maintain a Cybersecurity Operations Center
316	led by the state chief information security officer, which must
317	be primarily virtual and staffed with tactical detection and
318	incident response personnel. The Cybersecurity Operations Center
319	shall serve as a clearinghouse for threat information and will
·	

Page 11 of 22

	21-01791B-21 20211900
320	coordinate with the Department of Law Enforcement to support
321	state agencies and their response to any confirmed or suspected
322	cybersecurity incident.
323	(i) Lead an emergency support function at the State
324	Emergency Operations Center.
325	(j) In consultation with the Department of Law Enforcement,
326	have the authority to intervene in any confirmed or suspected
327	cybersecurity incident of a state agency.
328	(4) Each state agency head shall, at a minimum:
329	(a) Designate an information security manager to administer
330	the <u>cybersecurity</u> information technology security program of the
331	state agency. This designation must be provided annually in
332	writing to the department by January 1. A state agency's
333	cybersecurity information security manager, for purposes of
334	these information security duties, shall report directly to the
335	agency head. The agency information security manager shall, at a
336	minimum, provide an asset management report detailing the
337	agency's information technology resources to the state chief
338	information officer and chief information security officer
339	annually.
340	(b) In consultation with the department, through the
341	Florida Digital Service, and the Cybercrime Office of the
342	Department of Law Enforcement, establish an agency cybersecurity
343	computer security incident response team to respond to <u>a</u>
344	cybersecurity an information technology security incident. The
345	agency <u>cybersecurity</u> computer security incident response team
346	shall convene upon notification of <u>a cybersecurity</u> an
347	information technology security incident and must immediately
348	report all confirmed or suspected incidents to the state chief

Page 12 of 22

21-01791B-21 20211900 349 information security officer, or his or her designee, and comply 350 with all applicable guidelines and processes established 351 pursuant to paragraph (3)(c). 352 (c) Submit to the department annually by July 31, the state 353 agency's strategic and operational cybersecurity information 354 technology security plans developed pursuant to rules and 355 guidelines established by the department through the Florida 356 Digital Service. 357 1. The state agency strategic cybersecurity information 358 technology security plan must cover a 3-year period and, at a 359 minimum, define security goals, intermediate objectives, and 360 projected agency costs for the strategic issues of agency 361 information security policy, risk management, security training, 362 security incident response, and disaster recovery. The plan must be based on the statewide cybersecurity information technology 363 364 security strategic plan created by the department and include 365 performance metrics that can be objectively measured to reflect 366 the status of the state agency's progress in meeting security 367 goals and objectives identified in the agency's strategic 368 information security plan.

2. The state agency operational <u>cybersecurity</u> information technology security plan must include a progress report that objectively measures progress made towards the prior operational <u>cybersecurity</u> information technology security plan and a project plan that includes activities, timelines, and deliverables for security objectives that the state agency will implement during the current fiscal year.

376 (d) Conduct, and update every 3 years, a comprehensive risk
377 assessment annually, which may be completed by a private sector

Page 13 of 22

21-01791B-21 378 vendor, to determine the security threats to the data, 379 information, and information technology resources, including mobile devices and print environments, of the agency. The risk 380 381 assessment must comply with the risk assessment methodology 382 developed by the department and is confidential and exempt from 383 s. 119.07(1), except that such information shall be available to 384 the Auditor General, the Florida Digital Service within the 385 department, the Cybercrime Office of the Department of Law 386 Enforcement, and, for state agencies under the jurisdiction of 387 the Governor, the Chief Inspector General. If a private sector 388 vendor is used to complete this requirement, it must attest to 389 the validity of the risk assessment findings.

390 (e) Develop, and periodically update, written internal 391 policies and procedures, which include procedures for reporting 392 cybersecurity information technology security incidents and 393 breaches to the Cybercrime Office of the Department of Law 394 Enforcement and the Florida Digital Service within the 395 department. Such policies and procedures must be consistent with 396 the rules, guidelines, and processes established by the 397 department to ensure the security of the data, information, and 398 information technology resources of the agency. The internal 399 policies and procedures that, if disclosed, could facilitate the 400 unauthorized modification, disclosure, or destruction of data or 401 information technology resources are confidential information and exempt from s. 119.07(1), except that such information shall 402 403 be available to the Auditor General, the Cybercrime Office of 404 the Department of Law Enforcement, the Florida Digital Service 405 within the department, and, for state agencies under the jurisdiction of the Governor, the Chief Inspector General. 406

Page 14 of 22

CODING: Words stricken are deletions; words underlined are additions.

20211900

435

frequencies.

21-01791B-21 20211900 407 (f) Implement managerial, operational, and technical 408 safequards and risk assessment remediation plans recommended by 409 the department to address identified risks to the data, 410 information, and information technology resources of the agency. 411 The department, through the Florida Digital Service, shall track 412 implementation by state agencies upon development of such 413 remediation plans in coordination with agency inspectors 414 general. (g) Ensure that periodic internal audits and evaluations of 415 416 the agency's cybersecurity information technology security 417 program for the data, information, and information technology 418 resources of the agency are conducted. The results of such 419 audits and evaluations are confidential information and exempt 420 from s. 119.07(1), except that such information shall be available to the Auditor General, the Cybercrime Office of the 421 422 Department of Law Enforcement, the Florida Digital Service 423 within the department, and, for agencies under the jurisdiction 424 of the Governor, the Chief Inspector General. 425 (h) Ensure that the information technology security and 426 cybersecurity requirements in both the written specifications 427 for the solicitation, contracts, and service-level agreement of 428 information technology and information technology resources and 429 services meet or exceed the applicable state and federal laws, 430 regulations, and standards for information technology security and cybersecurity. Service-level agreements must identify 431 432 service provider and state agency responsibilities for privacy 433 and security, protection of government data, personnel 434 background screening, and security deliverables with associated

Page 15 of 22

CODING: Words stricken are deletions; words underlined are additions.

21-01791B-21

436 (i) Provide information technology security and 437 cybersecurity awareness training, as approved by the Florida Digital Service, to all state agency employees in the first 30 438 439 days after commencing employment concerning cybersecurity 440 information technology security risks and the responsibility of 441 employees to comply with policies, standards, guidelines, and 442 operating procedures adopted by the state agency to reduce those 443 risks. The training may be provided in collaboration with the Cybercrime Office of the Department of Law Enforcement, a 444 private sector entity, or a state university. 445 446 (j) Develop a process for detecting, reporting, and 447 responding to threats, breaches, or cybersecurity information 448 technology security incidents which is consistent with the 449 security rules, guidelines, and processes established by the 450 department. 451 1. All cybersecurity information technology security 452 incidents and breaches must be reported to the Florida Digital 453 Service within the department and the Cybercrime Office of the 454 Department of Law Enforcement and must comply with the 455 notification procedures and reporting timeframes established 456 pursuant to paragraph (3)(c). 457 2. For cybersecurity information technology security 458 breaches, state agencies shall provide notice in accordance with s. 501.171. 459 460 (5) Portions of records held by a state agency which 461 contain network schematics, hardware and software 462 configurations, or encryption, or which identify detection, 463 investigation, or response practices for suspected or confirmed cybersecurity information technology security incidents, 464

SB 1900

20211900

	21-01791B-21 20211900
465	including suspected or confirmed breaches, are confidential and
466	exempt from s. 119.07(1) and s. 24(a), Art. I of the State
467	Constitution, if the disclosure of such records would facilitate
468	unauthorized access to or the unauthorized modification,
469	disclosure, or destruction of:
470	(a) Data or information, whether physical or virtual; or
471	(b) Information technology resources, which includes:
472	1. Information relating to the security of the agency's
473	technologies, processes, and practices designed to protect
474	networks, computers, data processing software, and data from
475	attack, damage, or unauthorized access; or
476	2. Security information, whether physical or virtual, which
477	relates to the agency's existing or proposed information
478	technology systems.
479	(6) The portions of risk assessments, evaluations, external
480	audits, and other reports of a state agency's cybersecurity
481	information technology security program for the data,
482	information, and information technology resources of the state
483	agency which are held by a state agency are confidential and
484	exempt from s. 119.07(1) and s. 24(a), Art. I of the State
485	Constitution if the disclosure of such portions of records would
486	facilitate unauthorized access to or the unauthorized
487	modification, disclosure, or destruction of:
488	(a) Data or information, whether physical or virtual; or
489	(b) Information technology resources, which include:
490	1. Information relating to the security of the agency's
491	technologies, processes, and practices designed to protect
492	networks, computers, data processing software, and data from
493	attack, damage, or unauthorized access; or

21-01791B-21 20211900 2. Security information, whether physical or virtual, which 494 495 relates to the agency's existing or proposed information 496 technology systems. 497 498 For purposes of this subsection, "external audit" means an audit 499 that is conducted by an entity other than the state agency that 500 is the subject of the audit. 501 (7) Those portions of a public meeting as specified in s. 502 286.011 which would reveal records which are confidential and 503 exempt under subsection (5) or subsection (6) are exempt from s. 504 286.011 and s. 24(b), Art. I of the State Constitution. No 505 exempt portion of an exempt meeting may be off the record. All 506 exempt portions of such meeting shall be recorded and 507 transcribed. Such recordings and transcripts are confidential and exempt from disclosure under s. 119.07(1) and s. 24(a), Art. 508 509 I of the State Constitution unless a court of competent 510 jurisdiction, after an in camera review, determines that the 511 meeting was not restricted to the discussion of data and 512 information made confidential and exempt by this section. In the 513 event of such a judicial determination, only that portion of the 514 recording and transcript which reveals nonexempt data and 515 information may be disclosed to a third party. (8) The portions of records made confidential and exempt in 516 517 subsections (5), (6), and (7) shall be available to the Auditor General, the Cybercrime Office of the Department of Law 518

519 Enforcement, the Florida Digital Service within the department, 520 and, for agencies under the jurisdiction of the Governor, the 521 Chief Inspector General. Such portions of records may be made 522 available to a local government, another state agency, or a

523	federal agency for <u>cybersecurity</u> information technology security
524	purposes or in furtherance of the state agency's official
525	duties.
526	(9) The exemptions contained in subsections (5), (6), and
527	(7) apply to records held by a state agency before, on, or after
528	the effective date of this exemption.
529	(10) Subsections (5), (6), and (7) are subject to the Open
530	Government Sunset Review Act in accordance with s. 119.15 and
531	shall stand repealed on October 2, 2025, unless reviewed and
532	saved from repeal through reenactment by the Legislature.
533	(11) The department shall adopt rules relating to
534	cybersecurity information technology security and to administer
535	this section.
536	Section 7. Section 282.319, Florida Statutes, is created to
537	read:
538	282.319 Florida Cybersecurity Advisory Council
539	(1) The Florida Cybersecurity Advisory Council, an advisory
540	council as defined in s. 20.03(7), is created within the
541	department. Except as otherwise provided in this section, the
542	advisory council shall operate in a manner consistent with s.
543	20.052.
544	(2) The purpose of the council is to assist the state in
545	protecting the state's information technology resources from
546	cyber threats and incidents.
547	(3) The council shall assist the Florida Digital Service in
548	implementing best cybersecurity practices, taking into
549	consideration the final recommendations of the Florida
550	Cybersecurity Task Force.
551	(4) The council shall be comprised of the following
•	

Page 19 of 22

	21-01791B-21 20211900
552	members:
553	(a) The Lieutenant Governor or his or her designee.
554	(b) The state chief information officer.
555	(c) The state chief information security officer.
556	(d) The director of the Division of Emergency Management or
557	his or her designee.
558	(e) A representative of the computer crime center of the
559	Department of Law Enforcement, appointed by the executive
560	director of the department.
561	(f) A representative of the Florida Fusion Center of the
562	Department of Law Enforcement, appointed by the executive
563	director of the department.
564	(g) The Chief Inspector General.
565	(h) Six members of the private sector with experience in
566	cybersecurity mitigation or response, with two appointed by the
567	Governor, two appointed by the President of the Senate, and two
568	appointed by the Speaker of the House of Representatives.
569	(5) Members shall serve for a term of 4 years; however, for
570	the purpose of providing staggered terms, the initial
571	appointments made by the President of the Senate and the Speaker
572	of the House of Representatives shall be for a term of 2 years.
573	A vacancy shall be filled for the remainder of the unexpired
574	term in the same manner as the initial appointment. All members
575	of the council are eligible for reappointment.
576	(6) The Secretary of Management Services, or his or her
577	designee, shall serve as the ex officio, nonvoting executive
578	director of the council.
579	(7) Members of the council shall serve without compensation
580	but are entitled to receive reimbursement for per diem and

Page 20 of 22

	21-01791B-21 20211900
581	travel expenses pursuant to s. 112.061.
582	(8) The council shall meet at least quarterly to:
583	(a) Review existing state agency cybersecurity policies.
584	(b) Assess ongoing risks to state agency information
585	technology.
586	(c) Recommend a method to notify state agencies of new
587	risks.
588	(d) Recommend data breach simulation exercises.
589	(e) Assist the Florida Digital Service in developing
590	cybersecurity best practice recommendations for state agencies
591	which include recommendations regarding:
592	1. Continuous risk monitoring.
593	2. Password management.
594	3. Protecting data in legacy and new systems.
595	(f) Examine inconsistencies between state and federal law
596	regarding cybersecurity.
597	(9) Beginning June 30, 2022, and each June 30 thereafter,
598	the council shall submit a report to the Governor, the President
599	of the Senate, and the Speaker of the House of Representatives
600	outlining any recommendations considered necessary by the
601	council to address cybersecurity.
602	Section 8. Section 943.0415, Florida Statutes, is amended
603	to read:
604	943.0415 Cybercrime OfficeThere is created within the
605	Department of Law Enforcement the Cybercrime Office. The office
606	may:
607	(1) Investigate violations of state law pertaining to the
608	sexual exploitation of children which are facilitated by or
609	connected to the use of any device capable of storing electronic
·	Page 21 of 22

610	data.
611	(2) Monitor state information technology resources and
612	provide analysis on cybersecurity information technology
613	security incidents, threats, and breaches as defined in s.
614	282.0041.
615	(3) Investigate violations of state law pertaining to
616	cybersecurity information technology security incidents pursuant
617	to s. 282.0041 and assist in incident response and recovery.
618	(4) Provide security awareness training and information to
619	state agency employees concerning cybersecurity, online sexual
620	exploitation of children, and security risks, and the
621	responsibility of employees to comply with policies, standards,
622	guidelines, and operating procedures adopted by the department.
623	(5) Consult with the Florida Digital Service within the
624	Department of Management Services in the adoption of rules
625	relating to the cybersecurity information technology security
626	provisions in s. 282.318.
627	Section 9. This act shall take effect July 1, 2021.
