House

The Committee on Health Policy (Cruz) recommended the following:

Senate Amendment

Delete line 205

and insert:

whichever is later. This section does not apply to causes of
action brought against health care providers that have been
cited by a state or federal agency for more than one infection
prevention and control deficiency during any of the 3 years
preceding the date of the State Surgeon General's declaration of
the state public health emergency relating to COVID-19.
