House

---

The Committee on Environment and Natural Resources (Stewart) recommended the following:

**Senate Amendment**

Delete lines 151 - 160

and insert:

public or private nuisance based on a farm operation that is alleged to cause harm outside of the farm unless the plaintiff proves by clear and convincing evidence that the claim arises out of conduct that did not comply with state and federal environmental laws, regulations, or best management practices.

(d) A nuisance action may not be filed against a farm

302848

11 operation unless the real property affected by the conditions  
12 alleged to be a nuisance is located within one mile of the
