98.065 Registration list maintenance programs.—
(2) A supervisor must incorporate one or more of the following procedures in the supervisor’s biennial registration list maintenance program under which:

(a) At least once each even-numbered year, to begin in the November of a year preceding a presidential election, change-of-address information supplied by the United States Postal Service through its licensees is used to identify registered voters whose addresses might have changed;

(b) At least once each odd-numbered year, change-of-address information is identified from returned nonforwardable return-if-undeliverable address confirmation requests mailed to all registered voters in the county; or

(c) At a supervisor’s discretion, change-of-address information is identified from returned nonforwardable return-if-undeliverable address confirmation requests mailed to all registered voters who have not voted in the last 2 years and who did not make a written request that their registration records be updated during that time; and

(d) At least once each odd-numbered year, an identifying
number solicitation is sent by nonforwardable return-if-
undeliverable mail to each voter who does not have a Florida
driver license number, a Florida identification card number, or
the last four digits of his or her social security number on
file with the supervisor.

(3)(a) Address confirmation requests sent pursuant to
paragraphs (2)(b) and (c) must be addressed to the voter’s
address of legal residence. If a request is returned as
undeliverable, any other notification sent to the voter pursuant
to subsection (5) or s. 98.0655 must be addressed to the voter’s
mailing address on file, if any, in addition to any residence
address on file.

(b) An identifying number solicitation sent pursuant to
paragraph (2)(d) must be addressed to the voter’s mailing
address.

(4) A registration list maintenance program must be
conducted by each supervisor, at a minimum, once in each odd-
numbered year and must be completed not later than 90 days
before prior to the date of any federal election. All list
maintenance actions associated with each voter must be entered,
tracked, and maintained in the statewide voter registration
system.

(5)(a) If the supervisor receives change-of-address
information pursuant to the activities conducted in subsection
(2), from jury notices signed by the voter and returned to the
courts, from the Department of Highway Safety and Motor
Vehicles, or from other sources which indicates that a
registered voter’s legal residence might have changed to another
location within the state, the supervisor must change the
registration records to reflect the new address and must send
the voter an address change notice as provided in s. 98.0655(2).

(b) If the supervisor of elections receives change-of-
address information pursuant to the activities conducted in
subsection (2), from jury notices signed by the voter and
returned to the courts, or from other sources which indicates
that a registered voter’s legal residence might have changed to
a location outside the state, the supervisor of elections shall
send an address confirmation final notice to the voter as
provided in s. 98.0655(3).

(c) If the supervisor of elections receives returned mail
addressed to a voter at his or her address of legal residence
indicating that the mail was undeliverable but without
indication of an address change, the supervisor must send an
address confirmation request to the voter’s mailing address on
file.

(d) The supervisor must designate as inactive all voters
who have been sent an address confirmation final notice and who
have not returned the postage prepaid, preaddressed return form
within 30 days or for which the final notice has been returned
as undeliverable. Names on the inactive list may not be used to
calculate the number of signatures needed on any petition. A
voter on the inactive list may be restored to the active list of
voters upon the voter updating his or her registration,
requesting a vote-by-mail ballot, or appearing to vote. However,
if the voter does not update his or her voter registration
information, request a vote-by-mail ballot, or vote by the
second general election after being placed on the inactive list,
the voter’s name shall be removed from the statewide voter
registration system and the voter shall be required to reregister to have his or her name restored to the statewide voter registration system.

However, for petition forms submitted less than 60 days before February 1 of an even-numbered year, the supervisor shall promptly verify the signatures within 30 days after receipt of the form and payment of the fee for signature verification. The supervisor shall promptly record, in the manner prescribed by the Secretary of State, the date each form is received by the supervisor, and the date the signature on the form is verified as valid. The supervisor may verify that the signature on a form is valid only if:

to read:

101.019 Ranked-choice voting prohibited.—
(1) A ranked-choice voting method that allows voters to
rank candidates for an office in order of preference and have
ballots cast be tabulated in multiple rounds following the
elimination of a candidate until a single candidate attains a
majority may not be used in determining the election or
nomination of any candidate to any local, state, or federal
elective office in this state.

(2) Any existing or future ordinance enacted or adopted by
a county, a municipality, or any other local governmental entity which is in conflict with this section is void.

Section 11. Paragraph (a) of subsection (4) and subsection (8) of section 101.5614, Florida Statutes, are amended to read:

101.5614 Canvass of returns.—
(4)(a) If any vote-by-mail ballot is physically damaged so that it cannot properly be counted by the voting system’s automatic tabulating equipment, a true duplicate copy shall be made of the damaged ballot in an open and accessible room in the presence of witnesses and substituted for the damaged ballot. Likewise, a duplicate ballot shall be made of a vote-by-mail ballot containing an overvoted race if there is a clear indication on the ballot that the voter has made a definite choice in the overvoted race or ballot measure. A duplicate shall include all valid votes as determined by the canvassing board based on rules adopted by the division pursuant to s. 102.166(4). A duplicate may be made of a ballot containing an undervoted race or ballot measure if there is a clear indication on the ballot that the voter has made a definite choice in the undervoted race or ballot measure. A duplicate may not include a vote if the voter’s intent in such race or on such measure is not clear. Upon request, a physically present candidate, a political party official, a political committee official, or an authorized designee thereof, must be allowed to observe the duplication of ballots upon signing an affidavit affirming his or her acknowledgment that disclosure of election results discerned from observing the ballot duplication process while the election is ongoing is a felony, as provided under subsection (8). The observer must be allowed to observe the
duplication of ballots in such a way that the observer is able to see the markings on each ballot and the duplication taking place. All duplicate ballots must be clearly labeled "duplicate," bear a serial number which shall be recorded on the defective ballot, and be counted in lieu of the defective ballot. The duplication of ballots must happen in the presence of at least one canvassing board member. After a ballot has been duplicated, the defective ballot shall be placed in an envelope provided for that purpose, and the duplicate ballot shall be tallied with the other ballots for that precinct. If any observer makes a reasonable objection to a duplicate of a ballot, the ballot must be presented to the canvassing board for a determination of the validity of the duplicate. The canvassing board must document the serial number of the ballot in the canvassing board’s minutes. The canvassing board must decide whether the duplication is valid. If the duplicate ballot is determined to be valid, the duplicate ballot must be counted. If the duplicate ballot is determined to be invalid, the duplicate ballot must be rejected and a proper duplicate ballot must be made and counted in lieu of the original.

(8) Any supervisor of elections, deputy supervisor of elections, canvassing board member, election board member, election employee, or other person authorized to observe, review, or inspect ballot materials or observe canvassing who releases any information about votes cast for or against any candidate or ballot measure or any the results of any election before prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(c) The mailing envelope, the certificate envelope, or the secrecy envelope may not bear any indication of the political affiliation of an absent elector.

(2) The voter’s certificate shall be arranged on the back of the mailing envelope so that the line for the signature of the absent elector is across the seal of the envelope; however, no statement shall appear on the envelope which indicates that a signature of the voter must cross the seal of the envelope. The absent elector shall execute the certificate on the envelope.

Section 15. Effective January 1, 2024, section 101.65, Florida Statutes, is amended to read:

101.65 Instructions to absent electors.—The supervisor shall enclose with each vote-by-mail ballot separate printed instructions in substantially the following form; however, where the instructions appear in capitalized text, the text of the printed instructions must be in bold font:

READ THESE INSTRUCTIONS CAREFULLY BEFORE MARKING BALLOT.

1. VERY IMPORTANT. In order to ensure that your vote-by-mail ballot will be counted, it should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than 7 p.m. on the day of the election. However, if you are an overseas voter casting a ballot in a presidential preference primary or general election, your vote-by-mail ballot must be postmarked or dated no later than the date of the
Florida Senate – 2022
Bill No. SB 524

582-02449-22

election and received by the supervisor of elections of the
county in which you are registered to vote no later than 10 days
after the date of the election. Note that the later you return
your ballot, the less time you will have to cure any signature
deficiencies, which is authorized until 5 p.m. on the 2nd day
after the election.

2. Mark your ballot in secret as instructed on the ballot.
You must mark your own ballot unless you are unable to do so
because of blindness, disability, or inability to read or write.

3. Mark only the number of candidates or issue choices for
a race as indicated on the ballot. If you are allowed to “Vote
for One” candidate and you vote for more than one candidate,
your vote in that race will not be counted.

4. Place your marked ballot in the enclosed secrecy
envelope.

5. Insert the secrecy envelope into the enclosed
certificate envelope. Seal the envelope and completely fill out
the Voter’s Certificate on the envelope mailing envelope which
is addressed to the supervisor.

6. Seal the mailing envelope and completely fill out the
Voter’s Certificate on the back of the mailing envelope.

7. VERY IMPORTANT. In order for your vote-by-mail ballot to
be counted, you must sign your name on the line above (Voter’s
Signature) on the certificate envelope. A vote-by-mail ballot
will be considered illegal and not be counted if the signature
on the voter’s certificate does not match the signature on
record. The signature on file at the time the supervisor of
elections in the county in which your precinct is located
receives your vote-by-mail ballot is the signature that will be
used to verify your signature on the voter’s certificate. If you need to update your signature for this election, send your signature update on a voter registration application to your supervisor of elections so that it is received before your vote-by-mail ballot is received.

7. VERY IMPORTANT. In order for your vote-by-mail ballot to be counted, you must also enter in the space provided on the Voter’s Certificate the last four digits of your Florida driver license number or the last four digits of your Florida identification card number, or, if you have neither a Florida driver license or a Florida identification card, the last four digits of your social security number. A vote-by-mail ballot will be considered illegal and not be counted if the number provided does not match a number in the supervisor’s records.

8. VERY IMPORTANT. If you are an overseas voter, you must include the date you signed the Voter’s Certificate on the line above (Date) or your ballot may not be counted.

9. Place the certificate envelope into the enclosed mailing envelope addressed to the supervisor and seal the mailing envelope.

10. Mail, deliver, or have delivered the completed mailing envelope. Be sure there is sufficient postage if mailed. THE COMPLETED MAILING ENVELOPE CAN BE DELIVERED TO THE OFFICE OF THE SUPERVISOR OF ELECTIONS OF THE COUNTY IN WHICH YOUR PRECINCT IS LOCATED OR DROPPED OFF AT AN AUTHORIZED SECURE DROP BOX, AVAILABLE AT EACH EARLY VOTING LOCATION.

11. FELONY NOTICE. It is a felony under Florida law to accept any gift, payment, or gratuity in exchange for your vote for a candidate. It is also a felony under Florida law to vote
in an election using a false identity or false address, or under any other circumstances making your ballot false or fraudulent.

Section 16. Effective January 1, 2024, subsection (1), paragraph (c) of subsection (2), and paragraph (a) of subsection (4) of section 101.68, Florida Statutes, are amended to read:

101.68 Canvassing of vote-by-mail ballot.—

(1) The supervisor of the county where the absent elector resides shall receive the voted ballot. Upon receipt, at which time the supervisor shall open the mailing envelope and then compare the signature and the provided partial driver license number, identification card number, or social security number of the elector on the voter’s certificate with the signature and the partial identification number of the elector in the registration books or the precinct register to determine whether the elector is duly registered in the county and must record on the elector’s registration record that the elector has voted. During the verification signature comparison process, the supervisor may not use any knowledge of the political affiliation of the voter whose signature and partial identification number are subject to verification. An elector who dies after casting a vote-by-mail ballot but on or before election day shall remain listed in the registration books until the results have been certified for the election in which the ballot was cast. The supervisor shall safely keep the ballot unopened in his or her office until the county canvassing board canvasses the vote. Except as provided in subsection (4), after a vote-by-mail ballot is received by the supervisor, the ballot is deemed to have been cast, and changes or additions may not be made to the voter’s certificate.
(2)

(c)(1) The canvassing board must, if the supervisor has not already done so, compare the signature of the elector on the voter’s certificate or on the vote-by-mail ballot cure affidavit as provided in subsection (4) with the signature of the elector in the registration books or the precinct register to see that the elector is duly registered in the county and to determine the legality of that vote-by-mail ballot. In addition, if the supervisor has not already done so, the canvassing board must also determine if the elector provided the last four digits of his or her Florida driver license number, the last four digits of his or her Florida identification card number, or the last four digits of his or her social security number in the appropriate space on the voter’s certificate and that the number provided matches the supervisor’s records.

2. A vote-by-mail ballot may only be counted if the criteria under both sub-subparagraphs a. and b. are met:

a.(I) The signature on the voter’s certificate or the cure affidavit matches the elector’s signature in the registration books or precinct register; however, in the case of a cure affidavit, the supporting identification listed in subsection (4) must also confirm the identity of the elector; or

(II) The cure affidavit contains a signature that does not match the elector’s signature in the registration books or precinct register, but the elector has submitted a current and valid Tier 1 identification pursuant to subsection (4) which confirms the identity of the elector.

b.(I) The elector provided the last four digits of his or her Florida driver license number, Florida identification card number, or social security number in the appropriate space on the voter’s certificate.
number, or social security number on the voter’s certificate which matches the supervisor’s records; however, in the case of a cure affidavit, the supporting identification listed in subsection (4) must also confirm the identity of the elector; or

(II) The cure affidavit does not contain the last four digits of a Florida driver license number, Florida identification card number, or social security number which matches a number in the supervisor’s records, but the elector has submitted a current and valid Tier 1 identification pursuant to subsection (4) which confirms the identity of the elector.

For purposes of this subparagraph, any canvassing board finding that an elector’s signatures do not match must be by majority vote and beyond a reasonable doubt.

3.2. The ballot of an elector who casts a vote-by-mail ballot shall be counted even if the elector dies on or before election day, as long as, before the death of the voter, the ballot was postmarked by the United States Postal Service, date-stamped with a verifiable tracking number by a common carrier, or already in the possession of the supervisor.

4.3. A vote-by-mail ballot is not considered illegal if the signature of the elector does not cross the seal of the certificate mailing envelope.

5.4. If any elector or candidate present believes that a vote-by-mail ballot is illegal due to a defect apparent on the voter’s certificate or the cure affidavit, he or she may, at any time before the ballot is removed from the certificate envelope, file with the canvassing board a protest against the canvass of that ballot, specifying the precinct, the voter’s certificate or
the cure affidavit, and the reason he or she believes the ballot
to be illegal. A challenge based upon a defect in the voter’s
certificate or cure affidavit may not be accepted after the
ballot has been removed from the certificate mailing envelope.

6. If the canvassing board determines that a ballot is
illegal, a member of the board must, without opening the
certificate envelope, mark across the face of the envelope:
“rejected as illegal.” The cure affidavit, if applicable, the
envelope, and the ballot therein shall be preserved in the
manner that official ballots are preserved.

(4)(a) As soon as practicable, the supervisor shall, on
behalf of the county canvassing board, attempt to notify an
elector who has returned a vote-by-mail ballot that does not
include the elector’s signature or contains a signature that
does not match the elector’s signature in the registration books
or precinct register, that does not include the last four digits
of the elector’s Florida driver license number, Florida
identification card number, or social security number, or on
which the number provided does not match the supervisor’s
records, by:

1. Notifying the elector of the signature deficiency by e-
mail and directing the elector to the cure affidavit and
instructions on the supervisor’s website;

2. Notifying the elector of the signature deficiency by
text message and directing the elector to the cure affidavit and
instructions on the supervisor’s website; or

3. Notifying the elector of the signature deficiency by
telephone and directing the elector to the cure affidavit and
instructions on the supervisor’s website.
In addition to the notification required under subparagraph 1., subparagraph 2., or subparagraph 3., the supervisor must notify the elector of the signature deficiency by first-class mail and direct the elector to the cure affidavit and instructions on the supervisor’s website. Beginning the day before the election, the supervisor is not required to provide notice of the signature deficiency by first-class mail, but shall continue to provide notice as required under subparagraph 1., subparagraph 2., or subparagraph 3.

Section 17. Effective January 1, 2024, subsections (2) and (4) of section 101.6921, Florida Statutes, are amended to read:

101.6921 Delivery of special vote-by-mail ballot to certain first-time voters.—

(2) The supervisor shall enclose with each vote-by-mail ballot three envelopes: a secrecy envelope, into which the absent elector will enclose his or her marked ballot; the certificate envelope containing the Voter’s Certificate, into which the absent elector shall place the secrecy envelope; and a mailing envelope, which shall be addressed to the supervisor and into which the absent elector will place the certificate containing the Voter’s Certificate and a copy of the required identification.

(4) The certificate shall be arranged on the back of the certificate envelope so that the line for the signature of the absent elector is across the seal of the envelope.

Section 18. Effective January 1, 2024, section 101.6923, Florida Statutes, is amended to read:

101.6923 Special vote-by-mail ballot instructions for
certain first-time voters.—

(1) The provisions of this section apply to voters who are subject to the provisions of s. 97.0535 and who have not provided the identification or information required by s. 97.0535 by the time the vote-by-mail ballot is mailed.

(2) A voter covered by this section shall be provided with printed instructions with his or her vote-by-mail ballot in substantially the following form:

READ THESE INSTRUCTIONS CAREFULLY BEFORE MARKING YOUR BALLOT. FAILURE TO FOLLOW THESE INSTRUCTIONS MAY CAUSE YOUR BALLOT NOT TO COUNT.

1. In order to ensure that your vote-by-mail ballot will be counted, it should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than 7 p.m. on the date of the election. However, if you are an overseas voter casting a ballot in a presidential preference primary or general election, your vote-by-mail ballot must be postmarked or dated no later than the date of the election and received by the supervisor of elections of the county in which you are registered to vote no later than 10 days after the date of the election.

2. Mark your ballot in secret as instructed on the ballot. You must mark your own ballot unless you are unable to do so because of blindness, disability, or inability to read or write.

3. Mark only the number of candidates or issue choices for a race as indicated on the ballot. If you are allowed to “Vote
for One” candidate and you vote for more than one, your vote in that race will not be counted.

4. Place your marked ballot in the enclosed secrecy envelope and seal the envelope.

5. Insert the secrecy envelope into the enclosed envelope bearing the Voter’s Certificate. Seal the certificate envelope and completely fill out the Voter’s Certificate on the back of the envelope.

The signature on file at the start of the canvass of the vote-by-mail ballots is the signature that will be used to verify your signature on the Voter’s Certificate. If you need to update your signature for this election, send your signature update on a voter registration application to your supervisor of elections so that it is received before your vote-by-mail ballot is received.

   f. You are currently residing outside the United States.

8. Place the certificate envelope bearing the Voter’s Certificate into the mailing envelope addressed to the supervisor. Insert a copy of your identification in the mailing envelope. DO NOT PUT YOUR IDENTIFICATION INSIDE THE SECRECY

Section 19. Effective January 1, 2024, subsection (3) of section 101.6925, Florida Statutes, is amended to read:

101.6925 Canvassing special vote-by-mail ballots.—

(3) If the identification is not enclosed in the mailing envelope and the voter has not indicated that he or she is exempt from the identification requirements, the supervisor shall check the voter registration records to determine if the voter’s identification was previously received or the voter had previously notified the supervisor that he or she was exempt. The certificate envelope with the Voter’s Certificate shall not be opened unless the identification has been received or the voter has indicated that he or she is exempt. Section 26. By January 1, 2023, the Department of State shall submit to the President of the Senate and the Speaker of the House of Representatives a report detailing a plan to obtain a Florida driver license number or Florida identification card number and the last four digits of a social security number from each registered voter who does not have any such number on file in the Florida Voter Registration System. The plan must include,
if needed, details on any funding that may be required for its implementation. The plan must provide for its completion by December 31, 2023.

Section 27. Except as otherwise expressly provided in this act, this act shall take effect upon becoming a law.
