A bill to be entitled
An act relating to the Immokalee Water and Sewer
District, Collier County; codifying, amending,
reenacting, and repealing special acts relating to the
district; repealing chs. 98-495, 2005-298, 2015-205,
and 2021-263, Laws of Florida; codifying, amending,
repealing, and reenacting special acts relating to the
district; providing purpose and construction;
providing severability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Pursuant to s. 189.019, Florida Statutes, this
act constitutes the codification of all special acts relating to
the Immokalee Water and Sewer District, an independent special
district in Collier County, Florida. It is the intent of the
Legislature in enacting this law to provide a single,
comprehensive special act charter for the district, including
all current legislative enactments and any additional authority
granted by this act.

Section 2. Chapters 98-495, 2005-298, 2015-205, and 2021-
263, Laws of Florida, are amended, codified, reenacted, and
repealed as herein provided.

Section 3. The charter of the Immokalee Water and Sewer
district, an independent special district in Collier County,
re-created and the charter for the district is reenacted and re-
created to read:

Section 1. Ratification; short title. — The Immokalee Water
and Sewer District, re-created by chapter 98-495, Laws of
Florida, as amended, is hereby ratified, confirmed, and
approved. The status of the district is an independent special
district and body politic of the state. This act shall be known
as the "Immokalee Water and Sewer District Act."

Section 2. Boundaries. — There is hereby created in Collier
County a special taxing district to be known as the Immokalee
Water and Sewer District, herein referred to as the "district."
The district will include all that portion of Immokalee in said
county more particularly described as follows:

Sections 1 through 36 of Township 46 South, Range 28
East; together with Sections 1 through 6 of Township
47 South, Range 28 East; together with Sections 1
through 36 of Township 46 South, Range 29 East;
together with Sections 1 through 12, Sections 15
through 21 and that part of Section 13 lying
Northeasterly of a diagonal line from the Northwest
Corner to the Southeast Corner of said Section 13,
Township 47 South, Range 29 East; together with
Sections 6, 7, 18, 19, 30 and 31 of Township 46 South,
Range 30 East; together with Sections 6, 7, 18, and
that part of Section 19 lying Northeasterly of a
diagonal line from the Northwest corner to the
Southeast corner of said Section 19, Township 47
South, Range 30 East. All the lands described being in
Collier County, Florida.

Section 3. Definitions.—As used in this act, and unless
the context otherwise indicates:

(1) "Board" means the Board of Commissioners of the
Immokalee Water and Sewer District.
(2) "Bonds" mean bonds or revenue certificates or other
financial obligations of the district which are part or all of
an issue of such obligations issued pursuant to this act.
(3) "Cost" shall have the same meaning as provided in s.
153.52(6), Florida Statutes.
(4) "County" means Collier County.
(5) "District" means the Immokalee Water and Sewer
District.
(6) "Sewage" means the water-carried wastes created in and
carried or to be carried away from residences, hotels, schools,
hospitals, industrial establishments, commercial establishments,
or any other private or public building, together with such
surface or groundwater or household and industrial wastes as may
be present.
(7) "Sewage disposal system" means any plant, system,
facility, or property used or useful or having the present capacity for future use in connection with the collection, treatment, purification, or disposal of sewage, including industrial wastes resulting from any processes of industry, manufacture, trade, or business or from the development of any natural resources, or any integral part thereof, including, but not limited to, treatment plants, pumping stations, intercepting sewers, trunk sewers, pressure lines, mains, and all necessary appurtenances and equipment, and all property, rights, easements, and franchises relating thereto and deemed necessary or convenient by the district for the operation thereof.

(8) "Sewer" or "sewers" means any mains, pipes, and laterals for the reception of sewage and carrying such sewage to an outfall or some part of a sewage disposal system, including pumping stations where deemed necessary by the district. The term "sewer" or "sewers" shall also include in its meaning the term "sewerage."

(9) "Sewer system" means both sewers and sewage disposal systems and all property, rights, easements, and franchises relating thereto.

(10) "System" means a water system or sewer system or any combination thereof.

(11) "Water systems" or "waterworks" means all plants, systems, facilities, or properties used or useful or having the present capacity for future use in connection with the supply,
transportation, or distribution of water, and any integral part thereof, including, but not limited to, water supply systems, water distribution systems, reservoirs, wells, intakes, mains, laterals, aqueducts, pumping stations, standpipes, filtration plants, purification plants, hydrants, meters, valves, and all necessary appurtenances and equipment, and all properties, rights, easements, and franchises relating thereto and deemed necessary or convenient by the district for the operation thereof.

Section 4. Purpose of the district.—The purpose of the district is to acquire, purchase, lease, construct, improve, extend, operate, maintain, and finance any water system or systems or parts thereof, or any sewer system or systems or parts thereof serving such unincorporated areas and other customers and users as the district may determine. The district may acquire a supply of water either within or without the county. The district may own and operate water and sewer systems in unincorporated territory and may also sell and transport water to other systems, whether publicly or privately owned, and other users and consumers, provided the district shall not acquire, construct, or own any water distribution system in any other area except as stated herein.

Section 5. Governing body.—
(1) The governing body of the district shall be the Board of Commissioners of the Immokalee Water and Sewer District,
consisting of seven members, each of whom shall be a registered voter, resident of the district, and citizen of the United States. Members of the board shall be appointed by the Governor for terms of 4 years and serve until the member's successor is appointed. Appointments to fill vacancies on the board shall be for the unexpired term only. Four members physically present at a meeting constitutes a quorum for the transaction of business and a majority vote of members either physically present or present via electronic means is required for board action. Each commissioner shall, before he or she enters upon his or her duties as commissioner, execute to the Governor a good and sufficient bond in the sum of $1,000 with a qualified corporate surety conditioned to faithfully perform the duties of such commissioner and to account for all funds to come into his or her hands as such commissioner. All premiums payable for such bonds shall be paid from the funds of the district.

(2) If at any time a commissioner misses 4 consecutive regularly scheduled monthly meetings, the board shall review the absences. The board may declare the position vacant by majority vote of the board. The board shall then inform the Governor of the vacancy and request the Governor to appoint a new commissioner to fill the vacancy for the unexpired term.

(3) Notwithstanding subsection (1), if the Governor, by virtue of Section 1, Article IV of the State Constitution; chapter 252, Florida Statutes; and any other applicable laws,
issues an executive order that declares a natural emergency or pandemic that includes Collier County, the district may conduct a meeting by means of communications media technology (CMT) or to provide public access to a meeting by the use of CMT, and the requirement for a physically present quorum shall be waived during the duration of the executive order.

Section 6. Organization.—The board shall organize by electing from its members a chair, a vice chair, a secretary, and a treasurer. The members of the board shall serve 4-year terms. Members of the board may each be paid a salary or honorarium to be determined by at least a majority plus one vote of the board. The salary or honorarium may not exceed $250 per month for each member. Special notice of any meeting at which the board will consider a salary change for a board member must be published at least once at least 14 days before the meeting is to be held in a newspaper of general circulation in the county in which the district is located. Board members may not be paid for any unexcused absences from a regularly scheduled board meeting. The board shall adopt policies by resolution defining excused and unexcused absences. Board members shall be reimbursed for travel and per diem pursuant to s. 112.061, Florida Statutes.

Section 7. Funds.—Funds of the district may not be used for any purpose other than for the administration of the affairs and business of the district and the construction, care,
maintenance, upkeep, operation, and repair of sewers and sewer
and water systems in the district, as the board may determine to
be in the best interests of the district and the inhabitants
thereof. All funds of the district disbursed over the sum of
$5,000, shall be made pursuant to signed warrants or checks or
by credit card, as long as the district does not incur any
interest fees due to such payments or the annual cumulative
credit card transaction fees do not exceed the annual credit
card rebate, or other electronic means approved by the chair or
vice chair and by the treasurer or the secretary of the board.

Section 8. Powers of board.—The Board of Commissioners of
the Immokalee Water and Sewer District is authorized and
empowered to:

(1) Make rules and regulations for its own government and
proceedings and to adopt an official seal for the district.

(2) Employ a director, engineers, attorneys, accountants,
financial or other experts, and such other agents and employees
as said district board may require or deem necessary to
effectuate the purposes of this act, or to contract for any such
services, provided that the board may authorize its director, to
hire, discipline, and terminate employees, and give salary
raises to employees, subject to review and approval by the
board. The director shall serve as the district's clerk.

(3) Construct, install, erect, and acquire, and to
operate, maintain, improve, extend, or enlarge and reconstruct a
water system or a sewer system or both within said district and
the environs thereof and to have the exclusive control and
jurisdiction thereof, and to issue its general obligation bonds,
revenue bonds, or assessment bonds, or any combination of the
foregoing, to pay all or part of the cost of such construction,
reconstruction, erection, acquisition, or installation of such
water system, sewer system, or both, provided that the total
amount of all general obligation indebtedness issued pursuant to
this law shall not exceed 15 percent of the assessed value of
the taxable property in the district at the time of the creation
of such district, to be ascertained by the assessed valuations
for county taxes in effect at the time of the creation of such
district.

(4) Regulate the use of sewers and the supply of water
within the district; prohibit the use and maintenance of
outhouses, privies, septic tanks, or other unsanitary structures
or appliances; and regulate the use of sewers and the wastewater
collection system within the district by instituting,
maintaining, and enforcing a grease management program for the
district's commercial and industrial customers.

(5) Fix and collect rates, fees, and other charges to
persons or property or both for the use of the facilities and
services provided by any water system or sewer system or both
and to fix and collect charges for making connections with any
such water system or sewer system and to provide for reasonable
penalties on any users or property for any such rates, fees, or charges that are delinquent. The district has the authority to write off any customer debt that is older than 2 years old and has been determined by the district to be uncollectable.

(6) Acquire in the name of the district, by purchase, gift, or the exercise of the right of eminent domain, such lands and rights and interest therein, including lands under water and riparian rights and to acquire such personal property as it may deem necessary in connection with the construction, reconstruction, improvement, extension, installation, erection, or operation and maintenance of any water system or sewer system or both, and any administrative facilities, and to hold and dispose of all real and personal property under its control; however, nothing contained herein shall authorize the power of eminent domain to be exercised beyond the limits of the district.

(7) Exercise exclusive jurisdiction, control, and supervision over any water system or sewer system or both, or any part thereof, owned, operated, and maintained by the district, and to make and enforce such rules and regulations for the maintenance and operation of any water system or sewer system or both as may be, in the judgment of the district board, necessary or desirable for the efficient operation of any such systems or improvements in accomplishing the purposes of this act.
(8) Restrain, enjoin, or otherwise prevent the violation of this act or of any resolution, rule, or regulation adopted pursuant to the powers granted by this act.

(9) Join with any other district or districts, municipalities, towns, counties, or other political subdivisions, public agencies, or authorities in the exercise of common powers.

(10) Contract with other district or districts, municipalities, towns, counties, or other public subdivisions, public agencies, or other private or public corporations or persons to provide or receive a water supply or for sewage disposal, collection, or treatment.

(11) Prescribe methods of pretreatment of industrial wastes not amenable to treatment with domestic sewage before accepting such wastes for treatment and to refuse to accept such industrial wastes when not sufficiently pretreated as may be prescribed, and by proper resolution to prescribe penalties for the refusal of any person or corporation to so pretreat such industrial wastes.

(12) Require and enforce the use of its facilities whenever and wherever they are accessible.

(13) Sell or otherwise dispose of the effluent, sludge, or other byproducts as a result of sewage treatment.

(14) Accomplish construction in accordance with ss. 255.103, 255.20, and 287.055, Florida Statutes. The district
must advertise for construction bids and let contracts for all
or any part or parts of the construction of any water system or
sewer system or both to the lowest responsible bidder or bidders
or rejecting any and all bids at its discretion. The requirement
to advertise and receive bids does not apply to the purchase of
supplies, material, and equipment, as well as expenditures for
construction work when:

(a) The amount does not exceed $10,000 total cost of each
transaction; or

(b) The director determines in writing that an immediate
danger to the public health, safety, or welfare or other
substantial loss to the district requires emergency action, the
district may proceed with the purchase and expenditure for
construction work necessitated by the immediate danger. The
director shall report such emergency expenditures to the board
at the next board meeting.

(15) Construct and operate connecting, intercepting, or
outlet sewers and sewer mains and pipes and water mains,
conduits, or pipelines in, along, or under any streets, alleys,
highways, or other public places or ways within the state or any
municipality or political subdivision necessary for the purposes
of the district.

(16) Subject to such provisions and restrictions as may be
provided in the resolution authorizing or securing any bonds or
other obligations issued under this act, enter into contracts
with the federal government or any agency or instrumentality thereof, or with any county, municipality, district, authority, or political subdivision, private corporation, partnership, association, or individual providing for or relating to the treatment, collection, and disposal of sewage, or the treatment, supply, and distribution of water and any other matters relevant thereto or otherwise necessary to effect the purposes of this act, and to receive and accept from any federal agency, grants or loans for or in aid of the planning, construction, reconstruction, or financing of any water system or sewer system or both and to receive and accept aid or contributions or loans, from any other source, of money, property, labor, or other things of value, to be held, used, and applied only for the purpose for which such grants, contributions, or loans may be made.

Section 9. Assessable improvements; levy and payment of special assessments.—The district may provide for the construction or reconstruction of assessable improvements as defined in s. 153.52(7), Florida Statutes, and for the levying of special assessments upon benefited property for the payment thereof, under the provisions of this section.

(1)(a) The initial proceeding under this section shall be the passage of a resolution by the district board, ordering the construction or reconstruction of such assessable improvements; indicating the location by terminal points and routes; and
giving a description of the improvements by its material, 

nature, character, and size or giving two or more descriptions 

with the directions that the material, nature, character, and 

size and subsequently determine in conformity with one of such 

descriptions. Sewer or water improvements need not be continuous 

and may be in more than one locality or street. The resolution 

ordering any such improvement may give any short and convenient 

designation to each improvement ordered thereby, and the 

property against which assessments are to be made for the cost 

of such improvement may be designated as an assessment district, 

followed by a letter or number or name to distinguish it from 

other assessment districts, after which it shall be sufficient 

to refer to such improvement and property by such designation in 

all proceedings and assessments, except in the notices required 

by this section. 

(b) A fund for the payment of bonds shall be created under 

this subsection, if assessment bonds are issued. 

(2)(a) As soon as possible after the passage of such 

resolution, the engineer for the district shall prepare in 

duplicate plans and specifications for each improvement ordered 

thereby and an estimate of the cost thereof. Such cost shall 

include, in addition to the items of cost as defined in this 

act, the cost of relaying streets and sidewalks necessarily torn 

up or damaged and the following items of incidental expenses: 

1. Printing and publishing notices and proceedings.
2. Costs of abstracts of title.

3. Any other expense necessary or proper in conducting the proceedings and work provided for in this section, including the estimated amount of discount, if any, upon the sale of assessment bonds or any other obligations issued hereunder for which such special assessments are to be pledged. If the resolution provides alternative descriptions of material, nature, character, and size, such estimate shall include an estimate of the cost of the improvement of each such description.

(b) The engineer shall also prepare in duplicate a tentative apportionment of the estimated total cost of the improvement as between the district and each lot or parcel of land subject to special assessment under the resolution, such apportionment to be made in accordance with the provisions of the resolution and in relation to apportionment of cost provided herein for the preliminary assessment roll. Such tentative apportionment of total estimated cost may not be held to limit or restrict the duties of the engineer in the preparation of such preliminary assessment roll. One of the duplicates of such plans, specifications, and estimates and such tentative apportionment shall be filed with the district clerk and the other duplicate shall be retained by the engineer in the engineer's files, all thereof to remain open to public inspection.
(3) The district clerk upon the filing with him or her of such plans, specifications, estimates, and tentative apportionment of cost shall publish once in a newspaper published in the county and circulating in the district, or posted as provided in s. 153.56, Florida Statutes, if there is no such newspaper, a notice stating that at a meeting of the district board on a certain day and hour, at least 15 days after such publication or posting, the district board will hear objections of all interested persons to the confirmation of such resolution, which notice shall state in brief and general terms, a description of the proposed assessable improvements with the location thereof, and shall also state that plans, specifications, estimates, and tentative apportionment of cost thereof are on file with the district clerk. The district clerk shall keep a record in which shall be inscribed, at the request of any person, firm, or corporation having or claiming to have any interest in any lot or parcel of land, the name and post office address of such person, firm, or corporation, together with a brief description or designation of such lot or parcel. The duty of the district clerk shall be to mail a copy of such notice to such person, firm, or corporation at such address, at least 10 days before the time for the hearing as stated in such notice. The failure of the district clerk to keep such record or to inscribe any name or address or to mail any such notice does not constitute a valid objection to holding the hearing as
provided in this section or to any other action taken under the
authority of this section.

(4) At the time named in such notice, or to which an
adjournment may be taken by the district board, the district
board shall receive any objections of interested persons and may
then or thereafter repeal or confirm such resolution with such
amendments, if any, as may be desired by the district board and
which do not cause any additional property to be specially
assessed.

(5) All objections to any such resolution on the grounds
that it contains items which cannot be properly assessed against
property, or that it is, for any default or defect in the
passage or character of the resolution or the plans or
specifications or estimate, void or voidable in whole or in
part, or that it exceeds the power of the district board, shall
be made in writing in person or by attorney and filed with the
district clerk at or before the time or adjourned time of such
hearing. Any objections against the making of any assessable
improvements not so made shall be considered as waived, and if
any objection is made and overruled or is not sustained, the
confirmation of the resolution shall be the final adjudication
of the issues presented unless proper steps are taken in a court
of competent jurisdiction to secure relief within 20 days.

(6) Whenever any resolution providing for the construction
or reconstruction of assessable improvements and for the levying
of special assessments upon benefited property for the payment thereof have been confirmed, as provided in this section, or at any time thereafter, the district board may issue assessment bonds payable out of such assessments when collected in accordance with s. 153.63, Florida Statutes.

(7) After the passage of the resolution authorizing the construction or reconstruction of assessable improvements has been confirmed as provided in subsection (4), the district may publish at least once in a newspaper published in the county and circulating in the district, or post in the manner provided in s. 153.56, Florida Statutes, if there is no such newspaper, a notice calling for sealed bids to be received by the district board on a date at least 15 days after the first publication for the construction of the work, unless in the initial resolution the district board has declared its intention to have the work done by district forces without contract. The notice shall refer in general terms to the extent and nature of the improvement or improvements and may identify the same by the short designation indicated in the initial resolution and by reference to the plans and specifications on file. If the initial resolution has given two or more alternative descriptions of the assessable improvements as to its material, nature, character, and size and, if the district board has not theretofore determined upon a definite description, the notice shall call for bids upon each of such descriptions. Bids may be requested for the work as a
whole or for any part thereof separately and bids may be asked for any one or more of such assessable improvements authorized by the same or different resolutions, but any bid covering work upon more than one improvement shall be in such form as to permit a separation of cost as to each improvement. The notice shall require bidders to file with their bids either a certified check drawn upon an incorporated bank or trust company in such amount or percentage of their respective bids as the district board deems advisable or a bid bond in like amount with corporate surety satisfactory to the district board to ensure the execution of a contract to carry out the work in accordance with such plans and specifications and ensure the filing, at the making of such contract, of a bond in the amount of the contract price with corporate surety satisfactory to the district conditioned for the performance of the work in accordance with such contract. The district board shall have the right to reject any or all bids and, if all bids are rejected, the district board may readvertise or may determine to do the work by the district forces without contract.

(8) Promptly after the completion of the work, the engineer for the district, who is hereby designated as the official of the district to make the preliminary assessment of benefits from assessable improvements, shall prepare a preliminary assessment roll and file the same with the district clerk, which roll shall contain the following:

Page 19 of 33
(a) A description of abutting lots and parcels of land or lands within the district which will benefit from such assessable improvements and the amount of such benefits to each such lot or parcel of land. Such lots and parcels shall include the property of the county and any school district or other political subdivision. There shall also be given the name of the owner of record of each lot or parcel where practicable, and in all cases there shall be given a statement of the number of feet of property so abutting, which number of feet shall be known as the frontage.

(b) The total cost of the improvement and the amount of incidental expense.

(9) The preliminary roll shall be advisory only and shall be subject to the action of the district board as hereinafter provided. Upon filing with the district clerk of the preliminary assessment roll, the district clerk shall publish at least once in a newspaper published in the county, and circulating in the district or, if there is no such newspaper, post in the manner provided in s. 153.56, Florida Statutes, a notice stating that at a meeting of the district board to be held on a certain day and hour, at least 15 days after the date of such publication or posting, which meeting may be a regular, adjourned, or special meeting, all interested persons may appear and file written objections to the confirmation of such roll. Such notice shall state the class of the assessable improvements and the location...
thereof by terminal points and route.

(10) At the time and place stated in such notice, the district board shall meet and receive the objections in writing of all interested persons as stated in such notice. The district board may adjourn the hearing from time to time. After the completion thereof, the district board shall either annul, sustain, or modify in whole or in part the preliminary assessment as indicated on such roll, either by confirming the preliminary assessment against any or all lots or parcels described therein or by canceling, increasing, or reducing the same, according to the special benefits which the district board decided each such lot or parcel has received or will receive on account of such improvement. If any property which may be chargeable under this section has been omitted from the preliminary roll or if the preliminary assessment was not made against it, the board may place on such roll an apportionment to such property. The district board may not confirm any assessment in excess of the special benefits to the property assessed, and the assessments so confirmed shall be in proportion to the special benefits. Immediately after such confirmation, such assessment roll shall be delivered to the district clerk. The assessment so made shall be final and conclusive as to each lot or parcel assessed unless proper steps are taken within 30 days in a court of competent jurisdiction to secure relief. If the assessment against any property is sustained or reduced or
abated by the court, the district clerk shall note that fact on
the assessment roll opposite the description of the affected
property. The amount of the special assessment against any lot
or parcel which may be reduced or abated by the court, unless
the assessment upon the entire district is reduced or abated, or
the amount by which such assessment is so reduced, may by
resolution of the district board be made chargeable against the
district at large, or, at the discretion of the district board,
a new assessment roll may be prepared and confirmed in the
manner hereinabove provided for the preparation and confirmation
of the original assessment roll.

(11)(a) Any assessment may be paid at the office of the
district clerk within 60 days after the confirmation thereof,
without interest. Thereafter, all assessments shall be payable
in equal installments, with interest at a rate not exceeding 8
percent per annum from the expiration of said 60 days in each of
the succeeding number of years which the district board shall
determine by resolution, not exceeding 20; however, the district
board may provide that any assessment may be paid at any time
before due, together with interest accrued thereon to the date
of payment, if such prior payment is permitted by the
proceedings authorizing any assessment bonds or other
obligations for the payment of which such special assessments
have been pledged.

(b) All such special assessments shall be collected by the
tax collector of the county in which the district is located at the same time as the ad valorem taxes of the district and general county taxes are collected by the tax collector of such county, and the district shall certify to the county tax collector in each year a list of all such special assessments and a description of and name of the owners of the properties against which such special assessments have been levied and the amounts due thereon in such year, and interest thereon, and any deficiencies for prior years.

(c) All assessments shall constitute a lien upon the property so assessed from the date of confirmation of the resolution ordering the improvement, of the same nature and to the same extent as the lien for general county taxes falling due in the same year or years in which such assessments or installments thereof fall due, and any assessment or installment not paid when due shall be collectible with such interest and with a reasonable attorney fee and costs, but without penalties, by the district by proceedings in a court of equity to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the state, provided that any such proceedings to foreclose shall embrace all installments of principal remaining unpaid with accrued interest thereon, which installments shall, by virtue of the institution of such proceedings, immediately become due and payable.

(d) Nevertheless, if, before any sale of the property
under decree of foreclosure in such proceedings, payment is made
of the installment or installments which are shown to be due
under the provisions of the resolution passed pursuant to
subsection (10) and by this subsection, and all costs including
interest and attorney fees, such payment shall have the effect
of restoring the remaining installments to their original
maturities as provided by the resolution passed pursuant to this
subsection and the proceedings shall be dismissed.

(e) It shall be the duty of the district to enforce the
prompt collection of assessments by the means herein provided,
and such duty may be enforced at the suit of any holder of bonds
issued under this act in a court of competent jurisdiction by
mandamus or other appropriate proceedings or action.

(f) No later than 30 days after the annual installments
are due and payable, it shall be the duty of the district board
to direct the attorney or attorneys whom the district board
shall then designate, to institute action within 2 months after
such direction to enforce the collection of all special
assessments for assessable improvements made under this section
and remaining due and unpaid at the time of such direction. Such
action shall be prosecuted in the manner and under the
conditions in and under which mortgages are foreclosed under
general law.

(g) It shall be lawful to join in one action the
collection of assessments against any or all property assessed
by virtue of the same assessment roll unless the court deems
such joinder prejudicial to the interest of any defendant. The
court shall allow a reasonable attorney fee for the attorney or
attorneys of the district, and the same shall be collectible as
a part of or in addition to the costs of the action.

(h) At the sale pursuant to decree in any such action, the
district may be a purchaser to the same extent as an individual
person or corporation, except that the part of the purchase
price represented by the assessments sued upon and the interest
thereon need not be paid in cash. Property so acquired by a
district may be sold or otherwise disposed of, the proceeds of
such disposition to be placed in the fund provided by paragraph
(1)(b) of this section; however, a sale or other disposition
thereof may not be made unless the notice calling for bids
therefor to be received at a stated time and place have been
published in a newspaper published in the county and circulating
in the district, or posted in the manner provided in s. 153.56,
Florida Statutes, if there is no such newspaper, at least 20
days before such disposition.

(12) All assessments and charges made under this section
for the payment of all or any part of the cost of any assessable
improvements for which assessment bonds have been issued under
this act, or which have been pledged as additional security for
any other bonds or obligations issued under this act, shall be
used only for the payment of principal of or interest on such
assessment bonds or other bonds or obligations.

(13) The county in which the district is located and each school district and other political subdivision wholly or partly within the district shall possess the same power and be subject to the same duties and liabilities in respect of assessment under this section affecting the real estate of such county, school district, or other political subdivision which private owners of real estate possess or are subject to hereunder, and such real estate of any such county, school district, and political subdivision shall be subject to liens for said assessments in all cases in which the same property would be subject to such liens had it at the time the lien attached been owned by a private owner.

Section 10. Water rates and service charges.—The board of commissioners may fix and revise from time to time rates and charges for water furnished by any waterworks facilities and sewer service charges for the services furnished by any sewerage facilities, and charge and collect the same. Any such rates and charges shall be so fixed and revised as to provide funds, with other funds available for such purpose, sufficient at all times to:

(1) Pay the cost of maintaining, repairing, and operating the waterworks and sewerage facilities of the district and to provide reserves therefore and for replacements and depreciation and necessary extensions and enlargements.
(2) Pay the principal of and the interest on all outstanding bonds for the payment of which such rates and charges are pledged as the same become due and provide reserves therefor. Said bonds shall bear interest at a rate pursuant to applicable general law, and be sold at public sale. However, in the event an offer of an issue of bonds at public sale does not produce a bid or in the event all bids received are rejected, the board is authorized to negotiate for the sale of such bonds under such rates and terms as are acceptable. However, such bonds may not be sold or delivered at a higher net interest cost rate than contained in any bids rejected at the public sale thereof, or at the rate contained in the notice of public sale if no bids were received at such public sale.

(3) Provide a margin of safety for making such payments and providing such reserves. Such rates and charges may not be subject to supervision or regulation by any commission, board, bureau, or agency of the state or any political subdivision of the state. Such rates and charges shall be just and equitable and the sewer service charges may be based or computed either upon the quantity of water used or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use on the premises connected with the sewerage facilities or upon the number of persons residing or working in or otherwise connected with such premises or upon the type or character of such premises or upon any other factor affecting
the use of the facilities furnished or upon any combination of the foregoing factors. In cases in which the character of the sewage from any manufacturing or industrial plant, building, or premises is such that it imposes an unreasonable burden upon any sewerage facility, an additional charge may be made therefor, or the board may, if it deems advisable, compel such manufacturing or industrial plant, building, or premises to treat such sewage in a manner specified by the board before discharging the sewage into any sewer lines owned or maintained by the district.

Section 11. Collection of rates and charges.—The board of commissioners may provide in the resolution authorizing rates, fees, and charges, the issuance of bonds under this act, or in any trust agreement securing such bonds that any sewer service shall be included in bills rendered for water used on the premises and that if any water rates or sewer service charges are not paid within 30 days after the rendition of any such bills, the district shall discontinue furnishing water to such premises and may disconnect the same from the waterworks facilities. Any such resolution or trust agreement may include any or all of the following, and may require the board to adopt such resolutions or to take such other lawful action as is necessary to effectuate such provisions, and the board is hereby authorized to adopt such resolutions and to take such other action:

(1) That the district may require the owner, tenant, or
occupant of each lot or parcel of land within the district who is obligated to pay water rates or sewer charges to the district to make a reasonable deposit with the district in advance to ensure the payment of such rates or charges and to be subject to application to the payment thereof, if and when delinquent.

(2) That if any water rates or sewer charges payable to the district are not paid within 30 days after the same become due and payable, the district may at the expiration of such 30-day period disconnect the premises from the waterworks or sewerage facilities; and the district may proceed to recover the amount of any such delinquent rates or charges, with interest, in an action as provided by law.

(3) That if any sewer service charges for the use of any sewerage facilities by or in connection with any premises not served by any waterworks facilities of the district are not paid within 30 days after the same become due and payable, the owner, tenant, or occupant of such premises shall cease to dispose of sewage or industrial wastes originating from or on such premises by discharge thereof directly or indirectly into the sewerage facilities of the district until such sewer service charges, with interest, are paid; that if such owner, tenant, or occupant does not cease such disposal at the expiration of the 30-day period, it shall be the duty of any public or private corporation, board, body, or person supplying water to or selling water for use on such premises to cease supplying water
to or selling water for use on such premises within 5 days after
the receipt of notice of such delinquency from the district; and
that if such corporation, board, body, or person does not, at
the expiration of the 5-day period, cease supplying water to or
selling water for use on such premises, then the district may,
unless it has theretofore contracted to the contrary, shut off
the supply of water to such premises. Section 153.67, Florida
Statutes, is applicable to any unpaid fees owed to the district.

Section 12. Connection with sewer system.—Upon the
construction of sewerage facilities under this act, the owner,
tenant, or occupant of each lot or parcel of land within the
district which abuts upon a street or other public way
containing a sanitary sewer as a part of such sewerage facility
or a sanitary sewer served or which may be served by such
sewerage facilities and upon which lot or parcel a building has
been constructed for residential, commercial, or industrial use,
shall, if so required by the district's regulations and rules or
a resolution of the board, connect with such building such
sanitary sewer, and shall cease to use any other method for the
disposal of sewage wastes or other polluting matter. All such
connections shall be made in accordance with rules and
regulations and may provide for a charge for making any such
connection in such reasonable amount as the board may fix and
establish. This act being necessary for the welfare of the
inhabitants of the county shall be liberally construed to effect

CODING: Words stricken are deletions; words underlined are additions.
the purpose thereof.

Section 13. Declaration of policy.—The undertakings enumerated in this act constitute a proper public purpose for the benefit and welfare of the inhabitants of the district and it is hereby found and declared that in the construction, acquisition, improvement, maintenance, operation, extension, and improvement of any or all of its systems, the district will be exercising a proper governmental function.

Section 14. Audits.—The accounts and records of the board shall be post audited annually, at the expense of the board, in accordance with ss. 218.39 and 218.391, Florida Statutes.

Section 15. Immunity.—
(1) The district and its officers, agents, and employees shall have the same immunity from tort liability as other agencies and subdivisions of the state. Chapter 768, Florida Statutes, applies to all claims asserted against the district.
(2) The district commissioners and all officers, agents, and employees of the district shall have the same immunity and exemption from personal liability as provided in chapter 768, Florida Statutes.
(3) In accordance with chapter 768, Florida Statutes, the district shall defend all claims against the district commissioners and officers, agents, and employees of the district which arise within the scope of employment or purposes of the district and shall pay all judgments against such
persons, except where such persons acted in bad faith or with
malicious purpose or in a manner exhibiting wanton and willful
disregard of human rights, safety, or property.

Section 16. Planning and public business.—Requirements for
financial disclosure, meeting notices, reporting, public records
maintenance, and planning shall be provided in chapters 189 and
286, Florida Statutes.

Section 17. Dissolution.—The district shall exist until
the Legislature approves a special act providing for its
dissolution, and such special act is contingent upon approval at
referendum by the electors of the district.

Section 18. Exemption.—Since the exercise of the powers
conferred by this act constitutes action by a political
subdivision performing essential public functions and since the
property of each district constitutes public property used for
public purposes, all assets and properties of the district,
including property acquired through the foreclosure of any tax
or assessment lien, are exempt from all taxes imposed by the
state or any political subdivision, agency, or instrumentality
of the state.

Section 4. Contracts.—All contracts, obligations, rules,
resolutions, or policies of any nature existing on effective
date of this charter shall remain in full force and effect, and
this act shall in no way affect the validity of such contracts,
obligations, rules, resolutions, or policies.
Section 5. This act does not affect the terms of office of the present district board nor does it affect the terms and conditions of employment of any employee of the district.

Section 6. Liberal construction.—This act shall be liberally construed in order to effectively carry out the purposes of this act in the interest of the public health, welfare, and safety of the citizens served by the district.

Section 7. Conflict.—In the event of a conflict of any provision of this act with the provisions of any other act, the provisions of this act shall control to the extent of such conflict.

Section 9. This act shall take effect upon becoming a law.
